PLACE:

Web Broadcast – MS TEAMS

Registrants are required to join through a provided MS TEAMS link or access the web version of MS TEAMS. Participants must have reliable internet access and audio/visual capability to participate in this training.

In support of the statewide implementation of Continuum of Care Reform, Los Angeles County Department of Mental Health has adopted the Integrated Core Practice Model (ICPM). The ICPM provides practical guidance and direction to support county child welfare, juvenile probation and behavioral health agencies in delivery of timely, effective, and collaborative services to children, youth, families and communities. This foundational training provides an overview of the values, principles, core components, and standards of practice expected from those serving children, youth and families. Participants are engaged in training activities that reinforce the value of listening, honoring the child and family's voice and choice, identifying and working with a child and family team and identifying strengths and underlying needs. Most importantly, best practice elements are integrated in the family's cultural experience, trauma history, and long-term view.

TARGET AUDIENCE: DMH staff and contracted mental health providers rendering services to children and youth.

OBJECTIVES:

As a result of attending this training, participants should be able to:

1. Describe the Katie A. Settlement Agreement and the Vision of Continuum of Care Reform (CCR).
2. Describe how ICC and IHBS services are delivered within the context of the CFT process.
3. List at least 3 core values, principles and practice behaviors of the Integrated Core Practice Model (ICPM).

CONDUCTED BY: Traci Higa, LMFT
