# Prop 1 Bond BHCIP Round 1: Launch Ready

Stakeholder Webinar August 21, 2024

**Gary Tsai, M.D.** – Director, DPH Substance Abuse Prevention and Control Bureau

Jaclyn Baucum – Deputy Director, DMH Health Access and Integration Unit Katherine Smith-White, M.D. - Interim Medical Director, DMH Health Access and Integration

Lauren Nakano – Program Manager, DMH Health Access and Integration Unit

#### Webinar Agenda

#### **Welcome & Opening Remarks**

#### **BHCIP Basics**

BHCIP Bond Round 1: Launch Ready Overview

#### **Needs Across the Network**

- Current Capacity
- What's Coming Online
- What's Needed in LA County

#### **County Contracting Considerations**

County Letter of Support requirements

#### **Questions**

#### Prop 1 Bond BHCIP

5 BHCIP rounds have been awarded since the launch in 2021 totaling \$1.6B.

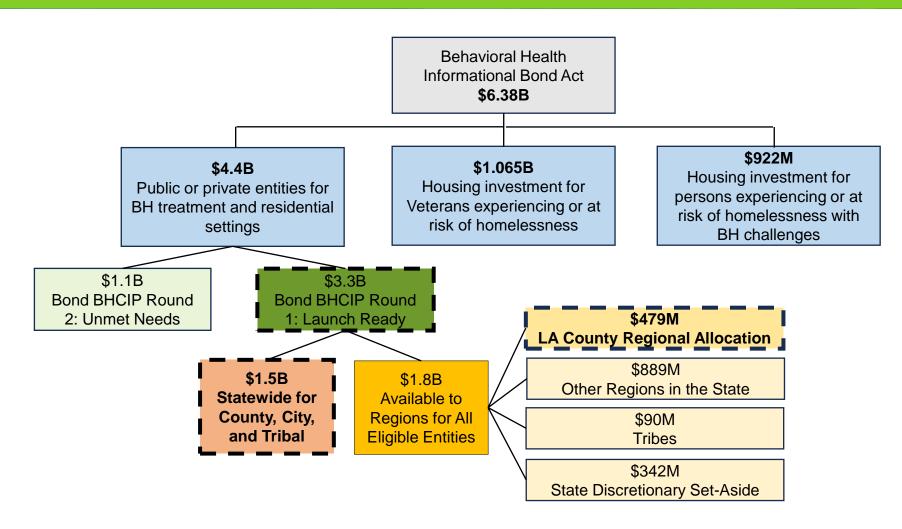

In March 2024, California voters passed Proposition 1, that includes the Behavioral Health Services Act (Senate Bill 326) and the Behavioral Health Infrastructure Bond Act (BHIBA) of 2024 (Assembly Bill 531), authorizing DHCS to make additional BHCIP grant funding available to eligible entities.

The BHIBA is a \$6.38 billion general obligation bond to develop a wide range of behavioral health treatment, residential care settings, and supportive housing to help provide appropriate care facilities for Californians experiencing mental health conditions and substance use disorders.

#### Prop 1 Bond BHCIP Basics

#### The Grant Timeline – Round 1: Launch Ready (2024)

- ⊲ RFA released July 17<sup>th</sup>
- Applications will be due Dec 13<sup>th</sup> and awarded in May 2025.
- Grant funds must be fully expended within five years of receipt of conditional award notice (~2030)
- Grantees must commit to executing BHCIP contracts within 90 days of receipt of conditional award notice.

# Round 1 Launch Ready Eligible Facility Types

Donal	DUCID: Davis	44	I Daniel	LO EIL	dela Fa	addience 7	
Bona	BHCIP: Round	ı ı anc	ı Kounc		gible Fa	icility i	ypes

Acute Psychiatric Hospital

Adolescent Residential SUD Treatment Facility

Adult Residential SUD Treatment Facility

Behavioral Health Urgent Care (BHUC)/Mental Health Urgent Care (MHUC)

Chemical Dependency Recovery Hospital

Children's Crisis Residential Program (CCRP)

Community Mental Health Clinic (outpatient)

Community Residential Treatment System (CRTS)/Social Rehabilitation Program (SRP)

Community Treatment Facility (CTF)

Community Wellness/Prevention Center (Tribal entities only)

Crisis Stabilization Unit (CSU)

General Acute Care Hospital (GACH) for behavioral health services only

Hospital-based Outpatient Treatment (outpatient detoxification/withdrawal management)

Mental Health Rehabilitation Center (MHRC)

Narcotic Treatment Program (NTP)

NTP Medication Unit

Office-based Opioid Treatment

**Outpatient Treatment for SUD** 

Partial Hospitalization Program

Peer Respite

Perinatal Residential SUD Facilities

Psychiatric Health Facility (PHF)

Psychiatric Residential Treatment Facility (PRTF)

Short-term Residential Therapeutic Program (STRTP)

Skilled Nursing Facility with Special Treatment Program (SNF/STP)

Sobering Center (funded under the Drug Medi-Cal Organized Delivery System [DMC-ODS] and/or

Community Supports)

Social Rehabilitation Facilities (SRFs)

#### Question:

What level of care do you think is the highest need within LA County and where?

#### DMH Capacity Considerations

Capacity Assessment: Estimating the bed needs for each level of care is a complex process that includes analysis of the following factors.

- Current and past utilization trends
- Wait lists and/or anticipated service demand for each level of care (both volume and the average length of time spent on the waiting list)
- Average length of stay (ALOS)
- Rehospitalization rates
- Availability of resources and supports throughout the continuum
- The effectiveness of lower levels of care at providing alternative support that reduces utilization of higher levels of care such as acute inpatient hospitalization

#### DMH Forecasting Tools estimate DMH service volumes:

- Using DMH's <u>utilization data</u> to show how the service system is actually functioning. These projections of future service use include consideration of waitlists and unique client counts. These data are organized by levels of care, service types, age and co-occurring status.
- Using <u>prevalence data</u> to reflect the proportion of the County population with mental health burden for which DMH has service responsibility. It does not factor-in some issues like geographic distance, financial, language and morbidity factors.

#### **DMH Current Capacity**

### DMH Gaps & Overages

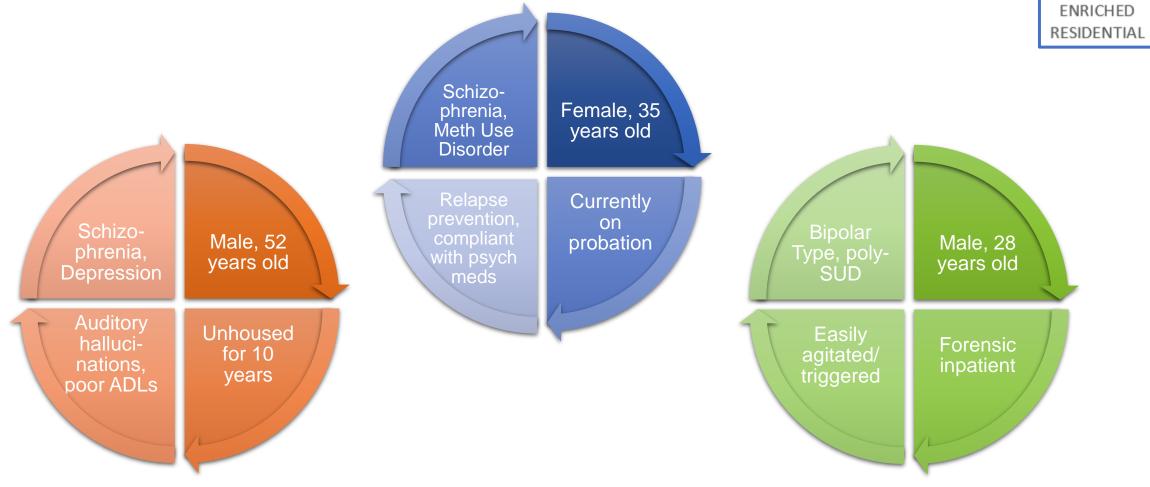

#### **DMH Client Scenarios - Subacute**

#### **DMH Client Scenarios - ERS**

#### DPH-SAPC Capacity Considerations

- DPH-SAPC is interested in ensuring that Bond BHCIP investments are made across the entire behavioral health system, inclusive of the specialty SUD treatment system.
- Using population-level estimates of SUD, contracted capacity, historical utilization of contracted capacity, and utilization considerations (lengths of stay, SPA-level considerations, etc.), DPH-SAPC has projected capacity needs for residential and non-residential levels of care to inform Bond BHCIP investment considerations for community-based SUD agencies.

#### **DPH-SAPC Current Capacity**

		Treatn	Housing Beds				
	Crisis Receiving & Stabilization	Acute Inpatient/ Subacute		esidential/ Residential	Interim Housing		
	Up to 24 hours (licensed; except sobering center)	Hospital level care (licensed)	Residential with o treatment service		Shelter w/ supp. services (unlicensed)		
	Sobering Centers Inpatient Withdrawal Mgmt (ASAM 3.7-WM, 4-WM)		Residential Withdrawal Mgmt (ASAM 3.2-WM)	Residential Treatment (ASAM 3.1, 3.3, 3.5)	Recovery Bridge Housing	Recovery Housing *New*

# Residential SUD – Max Capacity, Clients Served, & Projected Needs

(assuming 15% vacancy rates of available days/year and 80% access to contracted bed capacity)

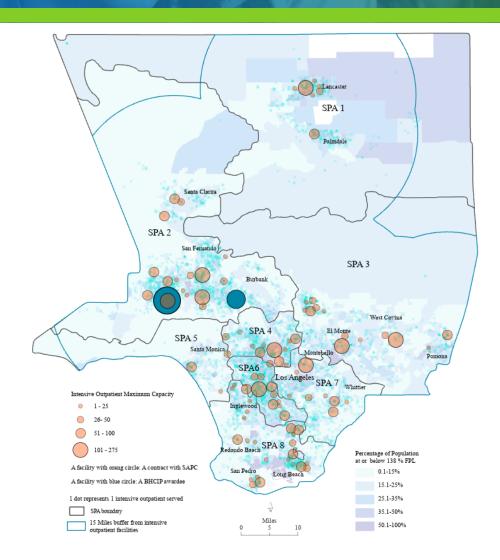

#### **Projected Residential SUD Needs**

- SPA 2: 184 beds
- SPA 4: 29 beds
- SPA 6: 30 beds
- SPA 7: 46 beds
- SPA 8: 87 beds
  - Particular needs:
    - Residential Withdrawal Management
    - Residential settings with Incidental Medical Services (IMS) approvals that offer MAT directly
    - Residential SUD settings with cooccurring capabilities

#### Intensive Outpatient (IOP) SUD – Max Capacity, Clients Served, & Projected Needs

(assuming 15% vacancy rate of available days/year)

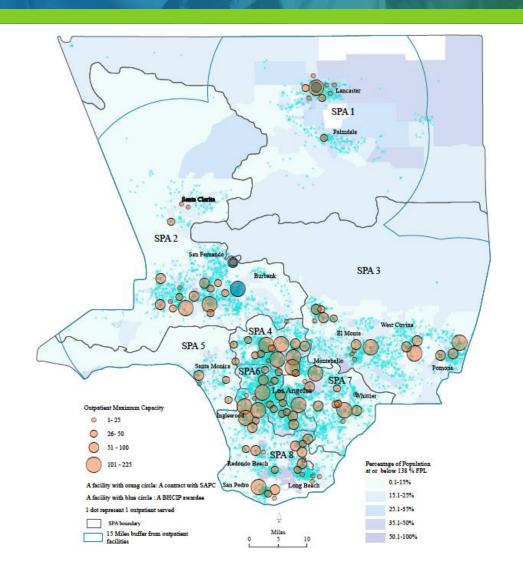

#### **Projected IOP Needs**

- SPA 5: 26 slots
  - Overall, LA County IOP capacity is projected to be sufficient, but additional slots in SPA 5 are recommended given utilization patterns
  - Particular needs:
    - IOP settings with co-occurring capabilities and that offer MAT directly

# Outpatient (OP) SUD – Max Capacity, Clients Served, & Projected Needs

(assuming 15% vacancy rate of available days/year)

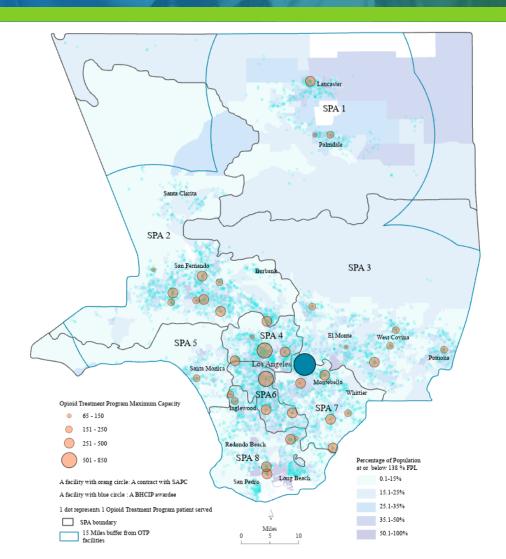

#### **Projected OP Needs**

- SPA 6: 40 slots
  - Overall, LA County OP capacity is projected to be sufficient, but additional slots in SPA 6 are recommended given utilization patterns
  - Particular needs:
    - OP Withdrawal Management
    - OP settings with co-occurring capabilities and that offer MAT directly

## Opioid Treatment Program (OTP) – Max Capacity, Clients Served, & Projected Needs

(assuming 15% vacancy rates of available days/year and 4 clients served per slot/day)

#### **Projected OTP Needs**

- Overall, LA County OTP capacity is projected to be sufficient.
  - However, OTPs that meaningfully offer buprenorphine are a value-add.

#### Recovery-Oriented Housing – Projected Needs

Behavioral Health Bridge Housing and opioid settlement funds are supporting the expansion of Recovery Bridge Housing (RBH) and Recovery Housing beds.

- RBH 200 beds added in FY23-24, with another 200 anticipated to be added in FY 24-25
- Recovery Housing 150 beds to be added by FY 24-25

#### **Projected RBH Needs**

- <u>SPA 1</u>: 18 beds
- SPA 2: 30 beds
- SPA 4: 74 beds
- <u>SPA 5</u>: 16 beds
- <u>SPA 6</u>: 62 beds

#### **Recovery Housing Needs**

• TBD (new option)

#### County Contracting Considerations

DHCS requires that grantees commit to serving Medi-Cal beneficiaries.

DHCS/AHP BHCIP Round 1 Awards (May 2025)

- Execute Program Funding Agreement within 90 days
- Commence and complete construction within 5 years

State Licensing

 Once built, BHCIP awarded projects must get licensed by the State.
 A license is required in order to apply for a County contract. County Contract

> All providers should consider the requirements of County contracts when designing their BHCIP projects.

BHCIP Project Comes Online

> Successfully serving LA County Medi-Cal clients is predicated on completing the licensing and County contract steps.

DHCS is clarifying the Letter of Support requirements
