Description of Site: *(Please describe the type of Agency setting and services offered)*

AV Child and Adolescent Program is dedicated to providing a broad range of quality mental health services to children, adolescents, and families in the community. Services are provided for individuals from birth to age 21.

Services are provided for each age group utilizing emerging and evidence-based practices. The program offers specialty services for eating disorders, complex trauma, family conflict, and maternal mental health. Service modalities include crisis intervention, medication evaluation, case management, individual therapy, group therapy, family therapy, and parenting classes. AVCAP can provide limited services through telehealth.
