MEDI-CAL CERTIFICATION DOCUMENTS SUBMISSION GUIDELINE

The Medi-Cal Certification & Credentialing Team are maintaining electronic Medi-Cal Certification Provider Files for all MHPs and require a standardized way of submitting and saving these files to our system.

Certification Liaisons will be conducting desk reviews of policy and procedures (P&Ps) remotely, requesting for a current and valid fire clearance (see [Bulletin 19-02 Fire Clearance Requirement](#) for additional information), and coordinating an onsite physical plant inspection.

Please utilize the standardized naming convention for your Certification documents:

- Provider Number - Provider Name - Category # (which coincides with the Categories on pg 3 of the checklist) – Current Year
 - Please do not include the name of the policy, just the Category #
- For example:
 - **1234 Provider Name CAT 1A (Current Year)**

In order to help make this process efficient, please **create separate files for each Category/Sub-Category**, as reviewing one large PDF with all files can be challenging.

- Please also include only the policies/documents requested from pg3 of the checklist
 - Please do not add a title page to each Category/Sub-Category

To help you prepare and organize the requested documents to be emailed to Certification Liaisons, you can utilize the Medi-Cal Certification/Re-Certification Document Submission Checklist on the following page (*highly recommended but not required*).

Some recommended methods to submit the requested documents by email to your Certification Liaison:

- As attached files (most recommended method)
 - Please ensure to attach as many files as possible in one email to help minimize the number of emails being sent/received
- Zip Folder*

* Please note that we have encountered some challenges in opening/saving files when they are sent as a Zip Folder, and we may have to ask for files to be resent as attached files.
