Description of Site: *(Please describe the type of Agency setting and services offered)*

IHOP is a partnership between DMH, HSH, DPH which provides field-based multidisciplinary teams serving people experiencing homelessness currently residing in Interim Housing sites throughout the county. Services are provided by addressing basic needs, conducting clinical assessments, building dynamic therapeutic relationships with individuals experiencing severe psychosis, and providing linkage to appropriate services as well as facilitating involuntary psychiatric interventions and conservatorship hearings to address more extreme forms of self-neglect.

Interns/Trainees will operate out of a primary service area office and travel in county vehicles within their assigned geographic area to provide field-based services with other IHOP Team members.

See our brochure for additional information about the

What are the most frequent diagnostic categories of your client population?

The IHOP Team provides intensive interventions to individuals suffering with various forms of psychosis (Schizophrenia, Schizoaffective, and Bipolar with Psychotic Features). Many IHOP Team clients also experience Substance Use Disorders with co-occurring health issues. Depression, anxiety, traumatic stress-related disorders are not uncommon but not the focal point diagnostically.

What specific (perhaps unique) training opportunities do students have at your agency?

Interns/Trainees will be provided with weekly supervision and will be offered countywide DMH trainings and trainings through UCLA PMHP throughout the course of the year.

What evidence based practices or theoretical orientations will students be exposed to at this site?

The IHOP Team utilizes harm-reduction and a trauma informed care lens when working with the homeless population. Students will learn from field-based exposure and daily interactions with multi-disciplinary teams that have a wide range of experiences and clinical expertise. Frequent client interactions will provide opportunities to utilize different modalities and theoretical orientations in a field-based setting with some of the most vulnerable individuals on the streets of Los Angeles.

Do students have the opportunity to work in a multidisciplinary team environment that includes those with lived experience?

Yes – Each IHOP team is comprised of licensed/unlicensed clinicians/social workers, a nurse, psychiatrist, substance abuse counselor, community health workers, and staff with lived experience.

List locations where students will be providing services **other than agency**?

Services will be provided in the field at interim housing shelter sites throughout Los Angeles County.

Does your agency allow students to videotape and/or audiotape clients for the purpose of presenting cases in their academic classes? Yes No
