

Los Angeles County Department of Mental Health Interim Housing Program Provider Site Information

GENERAL INFORMATION

The Department of Mental Health (DMH) Interim Housing Program (IHP) provides safe and clean shelter, 24-hour general oversight, three meals a day, clean linens, clothing, hygiene products and case management services. The below is intended to assist mental health providers, in partnership with their client, determine the site(s) to which the client would like to be referred.

All of the sites have house rules that include a curfew. Sites that are noted below as state licensed residential drug treatment centers are required to maintain a sober environment. For all other sites, clients that use alcohol/drugs off-site and return under the influence are able to remain in the IHP site as long as they follow house rules and maintain appropriate behaviors. By Federal law, interim housing providers are required to accept service animals. Acceptance of an emotional support animal requires a signed letter from a mental health provider that documents that the individual has a mental health condition for which the animal will provide support. Only one (1) emotional support animal can be accommodated and proof of vaccinations and a dog license may be required. Information about the types of emotional support animals that are accepted is included below. Pets cannot be accommodated. Information about the staff language(s) spoken at a site can be requested by emailing IHP@dmh.lacounty.gov. Sites that have asterisks (**) following their name are unable to accept Registered Sex Offenders because of their proximity to a school/park, by City agreement or because families are served at the site.

The DHS/DMH/LAHSa Referral Form for Interim Housing Programs can be found at <https://dmh.lacounty.gov/our-services/housing/interim/>
