I. Welcome/Introductions	Committee members were welcomed and introduced themselves.		Karen Gunn
II. Review Minutes from February 9th Meeting	A draft of the minutes from the February 9 th meeting were distributed and discussed prior to their acceptance.	The following three corrections in the minutes are to be made as agreed by the committee: <ol style="list-style-type: none"> 1. Page 1, on the list of those present, corrected "Deborah Hill" to "Deborah Tull" 2. Page 1, Section III, replaced "Answer was "No". The regional..." with "Answer is "Don't Know." Will look into it." 3. Page 3, Section V, Action Plan #14, replaced "Should this action plan be modified? With the current..." with "Should this action plan be modified? No consensus reached, further discussion will be needed." Minutes approved after revisions are made.	Juan Mata
III. Review Agenda and Meeting Materials	The following documents were distributed: Agenda, Draft Minutes from February 9 th Meeting, WET Design Principles, Draft Proposed Budget Allocation Worksheet, Draft Blank Budget Allocation Worksheet, Draft Expenditure Projections for WET Action Plans and blank index cards (for specific questions that time constraints do not allow to be asked).		Karen Gunn
IV. Review Action Plans	Dennis and Angelita presented a brief overview of all action plans that encompass the WET Plan. Budget discussion was followed after each action plan item.		Dennis Murata Angelita Diaz-Akahori

TASK / ISSUE	DISCUSSION	FOLLOW UP / STATUS	CONTACT
V. Budget Discussion	<p>After a brief description of each action plan, the group decided to recommend proposed budget with noted revisions:</p> <p>Action Plan:</p> <p># 5 – Group stated this amount is “way under-funded”</p> <p># 6 – More discussion is needed since interpreters can not bill for their services.</p> <p># 7 – Need to be clear that this service can be family to family. Allocated amount too small.</p> <p># 9 – Need additional discussion. LA public mental health system can not absorb all proposed trained peers. Concerns were raised that this plan does not improve the chances of a Parent Advocate getting hired with the County. Mariko raised the question on an index card: “What about consumers who want to work but not as an advocate but prefer administrative duties?”</p> <p># 11 – Stella inquired whether this allocation also included the NAMI folks.</p> <p># 12 – Discussion was held as to who the “benefactors” of this plan would be? The clients prior or during employment? Bruce commented that it was a positive sign to allocate this amount of money to assist clients. Carmen expressed her concerns that this plan needs to be looked at more closely to avoid the Mental Health Careers Advisors from becoming a “union” for clients.</p> <p># 13 – Richard expressed that the change currently taking place in the educational system such as larger classrooms and less funding makes this plan a challenge to implement. Bruce agreed that the allocated funds were too little.</p>	<p>Annual amount was increased from \$52,000 to \$100,000</p> <p>Annual amount was increased from \$70,000 to \$100,000</p> <p>Annual amount was increased from \$100,000 to \$225,000, and extended until FY 12-13. Stella to resend cost figures for the Family to Family program.</p> <p>Amount unchanged and further discussion needed.</p> <p>Further discussion will be held.</p> <p>Further discussion will be held.</p>	<p>Dennis Murata Angelita Diaz-Akahori</p>

TASK / ISSUE	DISCUSSION	FOLLOW UP / STATUS	CONTACT
	<p># 14 – Mariko submitted a written statement (index card): “There has to be consideration for marketing foreign schools and markets for bilingual clinicians.”</p> <p># 16 – Committee agreed the allocated funds were too much. Allocation will be reduced by roughly \$1 million.</p> <p># 17 – Karl asked if the word “Kern County” can be removed from this plan.</p> <p># 18 – Amounts will remain and reviewed later.</p> <p># 19 – Question: If a tuition reimbursement recipient, employed by the contractor, leaves work early to attend school, how will the recipient’s time be compensated for?</p> <p># 20 – Members mentioned that the number of proposed slots will not cover the contractors’ needs.</p> <p># 21 – The group stated that stipends need to be opened up to other classifications. Currently the stipend programs assist MFTs and MSWs. Additional stipends are needed for Psychiatric Nurse Practitioners, and Psychologists. Other funding streams should be considered. Ethnic and language factors must be considered.</p> <p># 22 – Recipients of this action plan need to be prioritized to ensure maximum benefits. “Double dipping” will not be allowed, if the applicant is or has already received assistance from other loan repayment State programs. Additional funding streams should be considered to fund this plan.</p> <p>The Committee approved the proposed recommended allocations for FY 2009-2010 thru FY 2012-2013, which will draw down the available L.A. County WET funding. However, additional discussion is needed to address implementation, maximize outcomes and ensure cultural competence be a part of all action plans.</p>	<p>Further discussion will be held.</p> <p>Annual amount was decreased from \$1,664,000,000 to \$542,065.</p> <p>Further review will be done on plan specifics. Annual allocation increased from \$812,650 to \$1,058,445.</p> <p>Increased funding from \$987,883 to \$1,481,824.</p> <p>The annual amounts, \$2,518,000, will remain unchanged, and be “redistributed” to include other classifications.</p> <p>Annual amount was increased from \$1,117,000 to \$1,228,700.</p>

Design Principles

1. Provide training to workforce providing Mental Health services.
2. Provide training to participants in public Mental Health system (consumers, family members, et al).
3. Provide training consistent with MHSA fundamental concepts.
4. Develop expertise in delivering services, training and working in diverse communities.
5. Develop positive outcomes and lasting impact from previous trainings.
6. Create individual professional development plans to ensure that training **transform** work habits and effectiveness rather than merely **inform** participants.
7. Develop awareness of constraints to learning experienced by certain groups and address there needs in program development
8. Contribute to community capacity building via training and development.
9. Provide extended access to learning tools and programs (CBT¹, IBT¹, DVDs, etc.)
10. Develop reasonable cost/benefit and cost/participant structure.
