

RMD Bulletin

Knowledge is power...

It is Revenue Management Division’s (RMD) goal to enhance the quality and outcome of billing and claiming services and operational performance for all Los Angeles County Short-Doyle mental health providers. RMD Bulletins have been created to provide useful tips and information regarding the reporting of services and to share billing information, and best practice guidelines. Below is a list of all RMD Bulletins that were issued to contract providers in 2011. This list will help providers ensure that they have received all Bulletins published last year.
