1. All Directly-Operated Providers must utilize clinical forms approved by the QA Division. The Integrated Behavioral Health Information System (IBHIS) has incorporated all clinical forms and has been updated to reflect the changes noted on this Bulletin.
2. All Contract Providers must utilize clinical forms in a manner defined by the designation of the clinical form within the Clinical Forms Inventory.
 - A. Required Data Element: Must maintain all required data elements of the form and have a method for producing a paper form or electronic report with all the required data elements (“Required” form type has been eliminated. All “Required” forms are now “Required Data Element” forms.)
 - B. Required Concept (Formerly “Optional”): Must have a method of capturing the specific category of information indicated by the title and data elements of the form
 - C. Ownership: Must have a method for complying with all laws/regulations encompassed by the form
 DMH Policy 104.08: Clinical Records Maintenance, Organization, and Content (Note: Policy 104.08 is being revised to reflect the above information)

The Clinical Forms Bulletin is utilized to announce changes to clinical forms and data elements that are needed to capture clinical documentation within the Los Angeles County Department of Mental Health (LACDMH). The Bulletin will identify any new, updated or obsolete clinical forms. The term “clinical forms” is used to describe either a paper clinical document within a paper Clinical Record OR a set of data elements within an electronic Clinical Record. All “clinical forms” must be available upon chart review/audit.

NOTE: This Bulletin does not address requirements for electronic billing and/or reporting. Contractors should refer to the 837 Companion Guide or WebServices Guide for a complete listing of electronic data transfer requirements.
