Appendix III

## ADOPTED

June 06, 2023

The Honorable Board of Supervisors County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, California 90012
Dear Supervisors:

## ADOPT THE 2023 ANNUAL PLAN OF REVENUES AND EXPENDITURES, REALLOCATE AND TRANSFER PRIOR YEAR EXCESS FUNDS

(ALL DISTRICTS) (3-VOTES)

## SUBJECT

Approval of the recommended actions will adopt the 2023 Annual Plan of Revenues and Expenditures of the Los Angeles County Regional Park and Open Space District.

## IT IS RECOMMENDED THAT THE BOARD:

1. Find that the proposed actions are not subject to the California Environmental Quality Act for the reasons cited.
2. Adopt the 2023 Plan of Revenues and Expenditures, which identifies no new available excess funds for allocation in Fiscal Year (FY) 2023-24. And,
3. Reallocate prior year Excess Funds in the amount of $\$ 11,611,211$ (as shown in Attachment II).

## PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

Section 21(j) of the Safe Neighborhood Parks Act of 1996 (1996 Proposition) requires that, following completion of an annual audit by an independent financial consultant of the Los Angeles County Regional Park and Open Space District (RPOSD or the District), an Annual Plan of Revenues and Expenditures (Annual Plan) be prepared and adopted by the Board of Directors (Board) prior to the end of the fiscal year. The 1996 Proposition identifies two purposes for the Annual Plan. First, the Annual Plan must demonstrate that RPOSD is managing its revenues and issuing debt in a manner

The Honorable Board of Supervisors
6/6/2023
Page 2
that ensures sufficient funds will be available to finance the $\$ 859,000,000$ of capital outlay project expenditures identified in the Safe Neighborhood Parks Propositions of 1992 and 1996 (1992 and 1996 Propositions), by the end of FY 2008-09. Second, the Annual Plan must identify to the Board any available excess revenues and designate the amount of such excess. Pursuant to an approach prescribed by the 1996 Proposition, these excess funds may be allocated for additional projects, maintenance and servicing of those projects, and reimbursement of administrative funds.

## AVAILABLE EXCESS FUNDS AND REALLOCATION OF FUNDS

The 1996 Proposition requires approval of the recommended actions to adopt RPOSD's 2023 Plan. An external financial advisor has determined that no new excess funds are available for allocation in FY 2023-24, which is reflected in the Annual Plan. The 1992 and 1996 Propositions have reached their sunset; as such, no revenue is collected from the assessments, which are no longer levied, and very little new revenues were received from delinquency collections and penalties.

RPOSD recommends that the Board consider and approve the reallocation of prior year Excess Funds, amounting to $\$ 11,611,211$, as shown in Attachment II. Reallocation of those funds pursuant to Section 24 (b) of the 1996 Proposition will enable RPOSD to ensure that uncommitted Available Excess Funds from prior years are available for expenditure by Board action in the coming year. For clarity of terms, excess revenue is defined as the excess of all revenues (excluding bond proceeds) over amounts expended for capital outlay, debt service, maintenance and servicing, and administration. Available excess revenue is defined as the portion of excess revenue from the prior year that may be made available for the next fiscal year without impairing the ability to finance all capital outlay projects and without impairing the RPOSD's ability to issue or repay bonds; these are Excess Funds.

## 2023 PLAN OF REVENUES AND EXPENDITURES

The attached Annual Plan (Attachment I) is a forecast of the financial activities of RPOSD through FY 2028-29. The Plan demonstrates that sufficient funds will be available to finance the capital outlay project expenditures identified in the 1992 and 1996 Propositions.

The Annual Plan reflects actual revenues and expenditures for FY 1993-94 through FY 2021-22, estimated revenues and expenditures for FY 2022-23, and projections for FY 2023-24 through FY 2028-29. The projections for future years are based on the following assumptions:

- Anticipated stoppage of collection of assessment revenues, except for delinquencies;
- Projected future interest rates and their effects on RPOSD investment earnings; and
- Anticipated capital outlay project expenditures.

## ALLOCATION OF EXCESS FUNDS

Based on current projections of both revenues and expenditures, the independent financial consultant has determined no new Excess Funds for additional capital outlay projects in FY 2023-24. Attachment II shows the reallocation of unspent funds by Supervisorial District.

Funds determined to be excess in the 1999 through 2022 Plans of Revenues and Expenditures (Table 2 of Attachment I) are required to be allocated or reallocated in each fiscal year until they are encumbered under project agreements. Table 2 also displays allocations of Maintenance and Servicing (M\&S) for Excess-funded projects and Administration Fund.

The Honorable Board of Supervisors
6/6/2023
Page 3
Of the total $\$ 392,614,160$ that has been determined to be excess in prior years, beginning with the first declaration in 1999, $\$ 381,002,949$ was allocated to projects through January 31, 2023. Excess funds of $\$ 11,611,211$ for all prior years are still available for allocation in the current fiscal year and are also recommended for allocation. Both amounts are shown as described in Attachment II.

## Implementation of Strategic Plan Goals

The recommendations further the Board-approved County Strategic Plan Goals to Make Investments that Transform Lives (Goal 1), Foster Vibrant and Resilient Communities (Goal 2), and Realize Tomorrow's Government Today (Goal 3), by approving an Annual Plan of Revenues and Expenditures, and by allocating funds available for additional capital outlay projects.

## FISCAL IMPACT/FINANCING

RPOSD's Annual Plan, as recommended, has no impact on the County General Fund. All expenditures of RPOSD will be offset by its revenues through benefit assessments and special taxes.

Since the collection of benefit assessments has stopped due to the sunset of both Propositions, except for small amounts of delinquencies and penalties, continuous operation of RPOSD is imperative and assured by first utilizing revenues from the Parks Fund to reimburse administrative costs before allocation to Excess Funds and other uses. RPOSD's current accumulation of administrative funds is limited. Applying the Parks Fund revenues received to first cover the current year administrative costs, instead of declaring excess funds for capital projects, will enable RPOSD to utilize accumulated funds more appropriately. This practice will enable RPOSD to more efficiently utilize the Administration Fund, which will be managed for a longer period to meet its mandate to maintain all funded projects in perpetuity.

With the sunset of the 1992 and 1996 Propositions, it is not practical to declare small amounts of Excess Funds for new capital projects nor maintenance and servicing of projects; instead, it is more reasonable to augment the Administration Fund for reasons described above. Due to limited revenues received after the sunset of both Propositions, declaration of small amounts of Excess Funds for capital projects and M\&S of Excess Funds projects will result in small amounts that, when allocated to the different agencies entitled to them, may result in amounts less than $\$ 100$. These small amounts of allocations may not be enough to fund a small project and will likely cause significant problems with tracking in the Grant Management System.

## FACTS AND PROVISIONS/LEGAL REQUIREMENTS

## PLAN OF REVENUES AND EXPENDITURES

Section 21 (i) and (j) of the 1996 Proposition require RPOSD to contract with an independent auditing firm to complete an annual audit of the RPOSD finances as of the end of each fiscal year. The report of the audit is required to be issued by the following January 1 and becomes the basis of the Annual Plan to be prepared by RPOSD in consultation with an independent financial consultant.

RPOSD is required to prepare the Annual Plan to cover the entire period of the RPOSD benefit assessment, which was first levied in FY 1993-94 and was extended by the 1996 Proposition through FY 2018-19. An additional five years, in which delinquent assessment revenues and grant administration expenditures are anticipated, has also been included. Another five years, for a total of ten years, has been provided to include contingencies of delinquent taxpayers requesting plan of

The Honorable Board of Supervisors
6/6/2023
Page 4
payments and allowing normal completion of capital projects, which typically take four to ten years to complete.

The Annual Plan includes actual revenues and expenditures for past years and forecasts of revenues and expenditures for future years. The Annual Plan is required to demonstrate that sufficient funds will be available to finance all capital outlay projects specified in both the 1992 and 1996 Propositions and meet its debt obligations.

With the unspent funds at the end of FY 2022-23, the continuance of RPOSD administration of programs, projects, and funds beyond sunset is assured to be in compliance with the purposes of the 1992 and 1996 Propositions.

## DETERMINATION OF EXCESS FUNDS

Section 24(a) of the 1996 Proposition states: To the extent permitted by applicable law and not inconsistent with the other provisions of this resolution, in each fiscal year, as determined by the independent audit conducted pursuant to subsection (i) of Section 21, a portion of the excess of (1) assessment revenues collected pursuant to this resolution and the 1992 Order plus investment earnings thereon, and any other revenues of the District (excluding bond proceeds or any other evidences of indebtedness, but including collections of delinquent assessments and interest and penalties thereon), all cumulative to the date of the independent audit, over (2) amounts expended for capital outlay (excluding capital outlay funded with bond proceeds or other borrowed funds), and amounts expended or allocated for maintenance and servicing, administrative costs and debt service, all cumulative to the date of the independent audit (such excess being hereinafter referred to as the "Excess"), shall be allocated by the Board for grants in furtherance of the purposes of this resolution and the 1992 Order. The independent Financial Consultant referred to in subsection (j) of Section 21 shall annually determine what portion of the Excess from the prior year may be made available in the next fiscal year pursuant to this Section 24 without impairing the ability of the District to finance all capital outlay projects specified in Section 3 of this resolution and in Section 8 of the 1992 Order by the end of FY 2008-09 and without impairing the District's ability to issue or repay bonds, notes or other evidences of indebtedness (such amount being hereinafter referred to as the "Available Excess"). The independent financial consultant shall make a recommendation as to the Available Excess to the District for its use in preparing the Annual Plan of Revenues and Expenditures referred to in subsection (j) of Section 21. In each year, 80\% of the Available Excess as identified in the Plan of Revenue and Expenditures approved by the Board shall be allocated by the Board pursuant to this section and in accordance with the following schedule (to the extent permitted by applicable law and not inconsistent with the other provisions of this resolution): 80\% shall be allocated for capital projects and $20 \%$ shall be allocated for maintenance and servicing of those capital projects.

## AVAILABLE EXCESS FUNDS FOR CAPITAL PROJECTS

In addition to the above section which requires $80 \%$ of Available Excess to be used for capital projects and $20 \%$ of Available Excess for M\&S, Section 24(b) of the 1996 Proposition requires that over the life of the Propositions, a total of $10 \%$ of the $80 \%$ for capital projects be used for competitive grants; and, the remainder to be equally distributed between the category of highest priority regional open space and recreation projects and the category of regional park and recreation facilities (as determined by RPOSD).

Section 24(b) further requires that in any fiscal year, Excess Funds awarded but not encumbered into a grant agreement in that fiscal year shall be available for allocation by the Board in the following

The Honorable Board of Supervisors
6/6/2023
Page 5
year.
For the 2023 Plan, there are no Available Excess Funds for capital projects for FY 2023-24.

## MAINTENANCE \& SERVICING (M\&S) FUND FOR PROJECTS FUNDED WITH EXCESS FUNDS

Section 24(a) provides that $20 \%$ of Excess Funds be allocated to M\&S of projects funded by these Excess Funds. Beginning the 21st year of the 1992 Proposition, after the restriction to allocate a minimum of $80 \%$ to capital outlay expires, the Annual Plan calculates and provides M\&S at $20 \%$ of Excess Funds. This M\&S is shown as calculated beginning FY 2013-14. For the 2023 Plan, there is no amount declared for the M\&S for Excess Funded Projects for FY 2023-24.

## ENVIRONMENTAL DOCUMENTATION

The proposed administrative actions are not subject to the California Environmental Quality Act (CEQA) in that the actions do not meet the definition of a project according to Sections 15378 (b)(2) of the State CEQA Guidelines. This is because the actions are continuing administrative activities of government grants.

## CONTRACTING PROCESS

As required by the 1996 Proposition, RPOSD prepared the attached Annual Plan with the assistance of an independent financial consultant, the Public Resources Advisory Group (PRAG).

The County of Los Angeles, Treasurer and Tax Collector, Office of Public Finance obtained Board approval to enter into a Master Agreement for financial advisory services with three firms selected through a Request for Proposals process. One of these firms, PRAG, had previously advised RPOSD regarding its bonding capacity for additional capital improvement projects and was retained for consultation on the 2000 through 2022 Plans. Based on experience, PRAG was retained again under the Treasurer and Tax Collector's Master Agreement for consultation on the 2023 Plan.

## IMPACT ON CURRENT SERVICES (OR PROJECTS)

The attached Annual Plan has no impact on current services, nor does it authorize specific expenditures. It is merely a forecast of annual RPOSD financial activities through the anticipated life of the benefit assessment revenue.

## CONCLUSION

The Board's approval of the attached 2023 Plan of Revenues and Expenditures prior to the end of the current fiscal year will meet the requirements of the 1996 Proposition.

For any questions on this Board letter, please contact Karla Perez at kperez@rposd.lacounty.gov or (310) 481-4003.

## PART 1

# Report on the Revenue and 

Expenditure Forecast

## I. The Safe Neighborhood Parks Acts The 1992 Proposition A and The 1996 Proposition A

## A. THE 1992 PROPOSITION A

The Los Angeles County Regional Park and Open Space District (District) was formed and annual assessments are levied pursuant to the California Public Resources Code and the Landscaping and Lighting Act of 1972. On November 3, 1992, the District was established when voters approved the Safe Neighborhood Parks Proposition of 1992 ("1992 Proposition"). The District was established for the preservation of beaches, parks and wetlands; the construction, renovation and improvement of new and existing recreational facilities; and the restoration of rivers, streams and trails in the County. The District's boundaries are coterminous with those of the County, encompassing 4,083 square miles and containing more than 2.3 million parcels. The District is governed by the County of Los Angeles Board of Supervisors, with the District's day-to-day operations administered by the County Department of Parks and Recreation. The 1992 Proposition "capped" the assessment at $\$ 9.39$ per benefit point per year. The 1992 Proposition A assessment was first levied and collected by the District in Fiscal Year (FY) 1993-94. The 1992 Proposition allowed for assessment collections over a 22-year period with the final assessment scheduled for FY 2014-15.

## B. THE 1996 PROPOSITION A

On November 5, 1996, voters approved an additional assessment with the passage of the Safe Neighborhood Parks Proposition of 1996 (the "1996 Proposition"). The additional assessment supplemented the existing assessment to fund comparable improvements to those adopted in the 1992 Proposition. However, the 1996 Proposition amended the 1992 assessment "to the extent and with the effect that the portion of any vacant parcel of land, and the vacant portion of any partially improved parcel of land, in excess of two and one-half acres (2.5) shall not be assessed." To clarify any inconsistencies between the two Propositions, the 1996 Proposition further added that:
"It is the intent of this resolution that the method of assessment with respect to both the 1992 Assessment and the Additional Assessment be identical in all respects. Any such discrepancies, differences or variations in the method of assessment shall be resolved in favor of the Engineer's Report with respect to the Additional Assessment."

Finally, the 1996 Proposition "capped" the additional assessment at $\$ 5.07$ per benefit point per year. The 1996 Proposition assessment was first levied and collected by the District in FY 1997-98. The 1996 Proposition A allowed for assessment collections over a 22-year period with the final assessment scheduled for FY 2018-19.

## C. THE ASSESSMENT/PLEDGED REVENUES

The District's budget and accounting systems have been structured in accordance with the revenue flow and accounting requirements provided by the Propositions. The District's primary revenue source is the assessments that are levied annually on each of the approximately 2.3 million parcels within the District (except for uninhabited agricultural lands, cemeteries, utilities and other exempt parcels). Assessment revenues and interest earnings are generally distributed in the following manner: a minimum of $80 \%$ (but not more than $85 \%$ ) of the assessments will be used for the payment of debt service on bonds, notes and other obligations issued by the District and for the direct, capitalized costs incurred on approved Projects; $15 \%$ of the assessments will be used for the maintenance and servicing of completed Projects; and approximately $5 \%$ of the assessments will be used to pay for the District's ongoing administrative expenses.

Section 23 (a) of both Propositions state that in each of the first twenty (20) years after the first assessment were levied and collected, a minimum of eighty percent ( $80 \%$ ) of all proceeds of the assessment levied and collected shall be used for capital outlay purposes.

Section 21 (b) of the 1996 Proposition provides: Consistent with subsection (a) of Section 23, proceeds of the Additional Assessment shall be used for payment of actual administrative costs associated with carrying out the purposes of the District, by the District and recipient Public Agencies.

Section 21 (a) of the 1992 Proposition provides for payment of actual administrative costs but due to restrictions under Section 23 (a) where a minimum of $80 \%$ of revenues collected has to be spent on capital outlay projects during the first 20 years of the Proposition, and $15 \%$ has to go to maintenance projects, only $5 \%$ can be allocated to administrative costs.

FY 2012-13 was the $20^{\text {th }}$ year of the 1992 Proposition. The 2013 Plan recommended to the Board of Supervisors changes in the distribution of revenues for the 1992 Proposition, and the 2014 Plan started implementing the changes in the distribution of assessment revenues after the $20^{\text {th }}$ year. The 2023 Plan continues to implement the changes. Accordingly, administrative expenses, which has exceeded $5 \%$ of the revenues and is projected to do the same in the future, has been reimbursed for actual costs beginning FY 2013-14 from the 1992 Proposition and beginning in FY 2017-18 from both Propositions. With the restriction for capital projects having been lifted, the distribution of revenues will be as follows:
(1) Reimbursement of actual administrative costs;
(2) Up to $20 \%$ to maintenance and servicing fund; and
(3) The balance, if any, to capital projects including payment of debt service.

## D. RATE AND METHOD OF ASSESSMENT/BENEFIT POINTS

The rate and method of apportionment for use in levying annual assessments for various categories of property area, as set forth in the Engineer's Report for County of Los Angeles Landscaping and Lighting District No. 92-1, was adopted by the Board of Supervisors on March 17, 1992, and modified on June 18, 1996, to include the additional assessment. Pursuant to the Engineer's Report, the level of each assessment is based on the size and use of each parcel and the resulting benefit each parcel would receive from the proposed Projects. The estimation of such benefit was quantified in benefit points. Pursuant to the Proposition, the annual rate of each assessment was limited to $\$ 9.39$ per benefit point for the 1992 Proposition and $\$ 5.07$ per benefit point for the 1996 Proposition. The annual assessment for any parcel was levied at the amount to equal the annual rate determined by the Board of Supervisors multiplied by the number of benefit points applicable to each parcel. In each year, the assessments were levied at the maximum allowable annual rates.

The overall level of the District's assessments had increased as parcels were subdivided, and vacant property was developed. Properties owned by public agencies, such as cities, the County, the state or the federal government, were not assessed except when such property had not been devoted to public use. Rights-of-way owned by utilities, railroad operating rights-of-way, uninhabited agricultural lands, cemeteries and certain other properties were also exempt from the assessments. Some individuals who qualified for the California Property Tax Postponement Program, which generally provides for the postponement of certain payments by individuals 62 years of age or older of property taxes attributable to residential dwellings, also qualified for postponement of payment of assessments levied by the District. Allegations of errors of assessment, including circumstances that had not precisely fit the intent of the Propositions, were reported to a committee appointed by the County Board of Supervisors. This committee was responsible for and made recommended corrections or adjustments that were consistent with the concept, intent and parameters of the Propositions and the District's program of levying and collecting the assessments. Except for any proposed corrections and adjustments of the committee that were appealed to and adjusted by the County Board of Supervisors, the proposed corrections and adjustments were incorporated into the assessment roll.

## II. Benefit Points Inventory

The calculation of assessment revenues involved a review and inventory of parcels, use codes, and determination of benefit points within the District. The first step in this process was to determine the current inventory of benefit points.

The benefit point inventory provided by the Auditor-Controller is summarized by assessor use codes in Appendix A. For purposes of the revenue forecast, the assessor use codes for regular parcels are grouped into six major categories: developed residential, developed non-residential, undeveloped residential, undeveloped non-residential, recreational, and institutional land uses.

The information provided by the Auditor-Controller for the tax roll in FY 2018-19 showed that the cumulative benefit points total $5,622,317$ from the $2,361,322$ parcels existing in the tax rolls of Los Angeles County. The cumulative benefit points produced a revenue total of $\$ 28,505,149$ for FY 2018-19.

As mentioned in the previous section on Rates and Methods of Assessment, properties owned by public agencies, such as cities, the County, the state or the federal government, were not assessed except when such property is not devoted to public use. Rights-of-way owned by utilities, railroad operating rights-of-way, uninhabited agricultural lands, cemeteries, common areas, sliver parcels, and certain other properties were also exempt from the assessments. The District did not submit for enrollment assessments that are less than $\$ 0.01$. Additionally, the District did not submit for enrollment assessments for parcels for which the acreage information needed to calculate benefit points could not be determined by the Department of Public Works Flood Control Database. Parcels with missing information were initially identified by the Auditor-Controller in a Benefit Points Exception Report; most of these exceptions fall into two categories: 1) invalid or missing use codes and 2) missing land acreage. Notwithstanding, District staff had developed and implemented a system to procure the missing information for the exceptions, thereby allowing for benefit-point calculations and enrollment submission for the majority of the exceptions (many of the parcels for which information is not procured are no longer in existence). These aggressive efforts of District staff had considerably reduced the cumulative number of exceptions.

## III. Projection of Revenues and Related Assumptions

## A. ASSESSMENT REVENUE ASSUMPTIONS

Based on information provided by the Los Angeles County Auditor-Controller, the District adjusted the assessment assumptions to account for appeals, parcel enrollment losses, delinquencies, and County collection/administrative fees. These assumptions are summarized below:

1. Appeals Rate. The Propositions allow for adjustments to assessments based on inaccurate acreage, inaccurate assessor use codes, conservancy properties, etc. Based on actual appeals data for FY 2017-18, the appeals rate was equal to $0.192 \%$ of the gross assessment levy. Assessment appeals were shown as adjustments to the tax roll. Where adjustments could be included in the normal system-generated tax billing, they were included in an "override" file that would be run in the following tax year.
2. Parcel Enrollment Losses. The report adjusted the assessment assumptions to account for losses which occurred between the Auditor-Controller's submittal of direct assessments to the County and the reconciliation of parcels which were actually enrolled on the secured tax roll. Based on the existing Auditor-Controller program calculation of benefit points and the actual amounts enrolled for FY 2018-2019, the revenue loss after adjustment was $\$ 2.45$ or $0.000009 \%$.
3. Delinquency Assumptions. For purposes of this report, the delinquency rate based on the FY 2017-18 tax ledgers of 1.935\% was used. In the revenue projections, the report has included the standard $10 \%$ redemption penalty fee as well as an average annual delinquency interest rate of $18 \%$. The report has used the County's existing assumptions regarding delinquency recovery rates of $91 \%$ over 5 years based on a "sliding scale" of $45 \%$ recovery for Year 1, $22 \%$ for Year 2, $11 \%$ for Year 3, $9 \%$ for Year 4, and $4 \%$ for Year 5. The actual County delinquency interest rate is $1.5 \%$ per month (or $18 \%$ annualized). However, the $9 \%$ delinquency interest rate assumption is premised on straight-line collections through the FY. Thus, delinquency interest rates are assumed to be $9 \%$ for collections of past due assessments of the first year, $18 \%$ for the second year, $27 \%$ for the third year, $36 \%$ for the fourth year, and $45 \%$ for the fifth year. Note that the report has not made any adjustments in revenue projections for the Property Tax Postponement Program, the 5 -Year Payment Plan, or for any revenues generated by County foreclosure actions. The result of these conservative assumptions was to assure that the report's cash flow projection was non-speculative in nature.
4. Auditor-Controller Collection and Administrative Fees. The Auditor-Controller charges the District for services from the Systems Division and another from the Tax Division to put the District assessments in the tax rolls. Additional accounting and auditing charges are also billed by the Auditor-Controller for various services
rendered to the District. To date, all these services were borne entirely by the District administration fund and does not affect collection of revenues.

## B. INTEREST REVENUE ASSUMPTIONS

District funds earn interest at the rates paid in the County of Los Angeles Treasurer's Pooled Investments. Revenue from interest on District funds is projected for future years by applying lower interest rates to projected fund balances. When the District was using bond proceeds to fund projects, the assessment funds were accumulating and earning more interest. The District effectively expended all remaining bond proceeds in FY 2004-05. As a result, projects have been solely funded by assessment revenues since FY 2005-06. As the District pays down the balance of the projects funded by the propositions, the assessment revenue project fund is decreased, hence interest earnings from the reduced principal are also reduced.

## IV. Project Costs and Phasing Assumptions

The update to the expenditure program consisted of three separate steps. The first step was to update the program with actual expenditures for prior years. The second step consisted of updating the expenditure program with estimated actual expenditures for the current fiscal year. Finally, the third step involved projecting the remaining expenditures for the life of the program.

The forecast for remaining project expenditures were further adjusted to take into account current encumbrances of $\$ 9,091,161$ for such expenditures as of January 31, 2023, and commitments to grants totaling $\$ 6,818,020$ as of January 31,2023 . The current encumbrance reflects funds set aside to cover the committed grants for outside agencies which have not yet been spent. For the purposes of the projection, the amount of future encumbrances is assumed to remain constant as long as the remaining expenditures are higher than that amount and to decline to match remaining expenditures thereafter. The effective result is equivalent to an assumption that project expenditures are accelerated slightly, and the approach minimizes the possibility of underfunding the unpaid grant balances in any year. Table 1 below shows historical actual expenditures through FY 2021-22, estimated actual for FY 2022-23. The table shows that bond proceeds were phased out in FY 2004-05. It also shows that some grants are projected to be spent through FY 2022-23 but may extend further into the future.

Table 1
Actual and Projected Expenditures from 1993-94 to 2022-23 (in \$1000)

| Description | Actual |  |  |  |  |  |  |  |  |

## V. ExCESS FUnDS

As the capital funding requirements have been satisfied, allocations for grants in furtherance of the purposes of the Propositions can be made from "excess" revenues. ${ }^{1}$ Under the 1996 Proposition, the County's independent financial consultant annually determines what portion of the excess revenues from the prior year can be made available for other projects in the next fiscal year without impairing the District's ability to finance all of its planned capital outlay projects or its ability to issue or repay bonds, notes or indebtedness. According to the 1996 Proposition, $80 \%$ of the "available excess" shall be made available to the Board of Supervisors for its use on other projects.

The 1996 Proposition, in Section 21 (j), requires that the District consult with an independent financial consultant in preparation of each year's Plan of Revenues and Expenditures. For the 1997 baseline Plan of Revenues and Expenditures, a consulting team, Taussig Associates, was retained by means of a Board-authorized solicitation of proposals, and the same team was employed for the preparation of the 1998 and 1999 Plans. The District, subsequently through a contract with the County of Los Angeles Treasurer and Tax Collector, engaged the services of the Public Resources Advisory Group. This group served as an independent financial consultant for the years 2000 through 2022. This year, the District's consulting services were also provided by the same group.

The 1996 Proposition, in Section 24 (a), also requires the independent financial consultant to determine what amount of excess funds, if any, from the prior year's audited financial statements are available for allocation. The resulting excess funds may be made available in the next fiscal year without impairing the District's ability to service its debt and without impairing the District's ability to finance all $\$ 859,000,000$ in capital outlay projects. The resulting excess funds called "Available Excess," as determined each year by the independent financial consultant, are then available for use by the District to fund eligible capital outlay projects.

With the lifting of restrictions imposed by Section 23 (a) on capital projects beginning the $21^{\text {st }}$ year of the 1992 Proposition (FY 2013-14) and 1996 Proposition (FY 2017-18), Section 24 (a) can be implemented fully to provide $20 \%$ of $80 \%$ of Excess Fund determined by the consultant for maintenance and servicing (M\&S) of projects funded by Excess Funds. The 2023 Plan reflects the changes in projection of revenues allocated to Excess Funds. In the calculation of maintenance and servicing fund for Excess Funds-funded projects, revenues accumulated and part of reserves in prior year declaration of excess funds were excluded. Only new revenues collected after the $20^{\text {th }}$ year is subject to calculation of M\&S for Excess Funds-funded projects. The Plan reserves 20\% from 20\% of Available Excess, previously utilized as a safety measure to provide fiscal responsibility during uncertain times, for the administrative fund to help defray shortfall in District revenues after sunset of both Propositions.

[^0]Table 2 below depicts past allocations and projected allocations of the "available excess" for grants, assuming that District expenditures in future years are as projected. If expenditures of the District lag behind projections, as they have consistently done in the past, then additional allocations of excess funds will be recommended next fiscal year. Interest earnings for excess funds revert to the assessment grant fund and form part of the base in the determination of available excess for the following year.

It should be noted that with the expiration of Proposition 1996 in FY 2018-19, the sources of available revenues with which to declare available excess is coming to an end. As a result of adjustments discussed above to assist the District, and ultimately the County, to recover administrative costs of continuing to diligently monitor and to manage unexpended funds and projects in perpetuity, the declaration of future available excess funds will depend on changes in administrative expenses and the actual delinquencies and interest and penalties thereon to be collected. Should these costs rise and/or collection of delinquencies and related revenues materialize differently than projected, it is quite possible that there may be no available excess funds to be declared in future years.

## Attachment IV

PROP A - Proposed Allocations as of January 31, 2023

${ }^{1}$ Include assessment collected, delinquencies, interest and penalties and investment earnings in assessment fund.
${ }^{2}$ Total Assessment-Related Revenue (100\%) less M\&S Allocation (15\%) less Admin Allocation (5\%). After twenty years of Prop A, the Admin Allocation will follow the actual cost of Admin fund if it is more than $5 \%$ of the Total Assessment-Related Revenue. Likewise, M\&S allocation will be increased to $20 \%$. As a result, revenue to fund the capital projects and debt service can go below $80 \%$.
${ }^{3}$ Project and Debt Service Allocation (80\%) less amounts expended for debt service and capital outlay excluding capital outlay funded with bond proceeds or other borrowed funds.
${ }^{4}$ Provision of fund to ensure the District's ability to fully finance all capital outlay projects funded by Prop A 1992 and 1996 by the end of fiscal year 2008-09 and ability to issue or fully repay bonds, notes or other evidences of indebtedness, in future years.
${ }^{5}$ Portion of the Excess determined by the Independent Financial Consultant as available in the next fiscal year without impairing the District's ability to fully finance all capital outlay projects funded by Prop A 1992 and 1996 by the end of fiscal year 2008-09 and ability to issue or fully repay bonds, notes or other evidences of indebtedness, in future years. Maximum $80 \%$ of this may be allocated.
${ }^{6} 64 \%$ ( $80 \%$ of the $80 \%$ ) of Available Excess shall be allocated for capital projects.
${ }^{7} 16 \%$ ( $20 \%$ of the $80 \%$ ) of Available Excess shall be allocated for maintenance and servicing of those capital projects funded by the Available Excess. This M\&S allocation will be implemented after the twenty years of Prop A 1992.
${ }^{8}$ The Plan reserves the entire $20 \%$ unallocated Available Excess for the District's Administrative Fund.

[^0]:    1"Excess" is defined in Section 24(a) of the 1996 Proposition as the excess of (1) assessment revenues collected pursuant to this resolution and the 1992 Order plus investment earnings thereon, and any other revenues of the District (excluding bond proceeds or any other evidences of indebtedness, but including collections of delinquent assessments and interest and penalties thereon), all cumulative to the date of the independent audit, over (2) amounts expended for capital outlay (excluding capital outlay funded with bond proceeds or other borrowed funds), and amounts expended, or allocated for maintenance and servicing, administrative costs and debt-service, all cumulative to the date of the independent audit.
