Measure A Competitive Grant | 2022 Cycle Awardees

Recreation Access Program

Grantee	Awarded Programmatic Project	Project Description	Grant Amount
Active San Gabriel Valley	E-as-y Access: Connecting People, Parks, and Places in the SGV	The E-as-y Access: Connecting People, Parks and Places program reduces barriers to accessing parks along the Emerald Necklace and beyond by providing residents of high-need study areas with no-cost access to good quality electric commuter bicycles and family cargo electric bicycles.	\$591,549
City of Los Angeles - Zoo	Increasing Zoo Access for LAUSD Students	The program increases equitable access to nature by providing transportation and programming for Los Angeles Unified School District (LAUSD) second and third-grade students in LAUSD's Local District Central (LDC) to experience the zoo, as well as teacher training to support student learning. The program's goal is to increase access to nature, via the zoo, for students in the LDC area, where 70% of all elementary schools reside in Very High Park Need areas.	\$978,790
City of Montebello	Montebello Rec N' Go Program	The new and free Rec N' Go program will increase underserved populations' access to cultural heritage areas, museums, historic landmarks, and other recreation areas in the Greater Los Angeles region and provide educational courses.	\$611,703
City of Paramount	Paramount Pathfinders	The new monthly-based education and excursion program will provide multi-generational residents the opportunity to gain knowledge about natural lands and large open spaces in Los Angeles County and learn basic outdoor life skills.	\$534,292

LA County Department of Beaches & Harbors	WATER and Bus Transportation Program	Expansion of the Russel Walker Water Awareness, Training, Education, and Recreation Youth Program (WATER). WATER connects youth throughout Los Angeles County to our public beaches with a focus on ocean safety education. This program is taught by the Department’s WATER Lifeguards, who hold dual item status with the Fire Department as Ocean Lifeguards.	\$888,892
LA County Department of Parks & Recreation	ESTEAM Summer Camp Program	The County of Los Angeles Department of Parks and Recreation, in partnership with the Natural History Museum of Los Angeles County, Los Angeles County Beaches and Harbors, and Los Angeles County Department of Public Works, will offer five two-week sessions of Environment, Science, Technology, Engineering, Art, and Math (ESTEAM) summer camps for youth ages 6 to 12 at eight parks throughout Los Angeles County.	\$897,354
Los Angeles Neighborhood Land Trust	Recreation Access and Equity Program	The new Recreation Equity and Access Program will host and support seasonal programming in the visual and performing arts, culture, literature, science, health and wellness, as well as just-for-fun events such as movie nights and holiday celebrations. The program will be at seven park sites in park-poor and low-income communities of color throughout LA County.	\$749,027
Nature for All	All Aboard for Nature!	The new program will diversify and expand access to nature in historically underserved communities. We plan to enjoy the mental and physical health benefits provided by visiting our public lands and open green spaces with at least 350 youth, adults, and seniors to visit County facilities, parks, and public lands during 10 trips each year.	\$430,931
TreePeople	Natural Connections	An outdoor access program for low-income youth and community members in the Southeast Los Angeles County region, with a focus on the cities of South Gate, Cudahy, Lynwood, and Huntington Park. This program will host at least 220 trips to natural outdoor spaces. These trips will recruit youth through partnerships with local public agencies, schools and school districts, and community-based organizations.	\$1,147,092
