RE: Cultural/Archaeological Resources Records Search for the Ford Theaters Project,
City of Los Angeles, California

Dear Ms. Eyestone-Jones,

As per your request received on January 14, 2104, an expedited records search was conducted for the above referenced project. The search includes a review of all recorded archaeological sites within a ½-mile radius of the project site as well as a review of cultural resource reports on file. In addition, the California Points of Historical Interest (SPHI), the California Historical Landmarks (SHL), the California Register of Historical Resources (CAL REG), the National Register of Historic Places (NRHP), the California State Historic Resources Inventory (HRI), and the City of Los Angeles Historic-Cultural Monuments (LAHCM) listings were reviewed for the above referenced project site. The following is a discussion of the findings.

Due to the sensitive nature of cultural resources, archaeological site locations are not released.

Hollywood, CA USGS 7.5' Quadrangle

RCHAEOLOGICAL RESOURCES:

No archaeological sites have been identified on our maps within a ½-mile radius of the project site. No sites are located within the project site. This does not preclude the potential for archaeological sites to be identified during project activities. No isolates have been identified within a ½-mile radius of the project site. No isolates are located within the project site.

HISTORIC BUILT-ENVIRONMENT RESOURCES:

Ten above-ground historic resources (19-166802, 19-167374, 19-167483, 19-169328, 19-171018, 19-173461, 19-175297, 19-187701, 19-188479, 19-190333*) have been identified on our maps within a ½-mile radius of the project site. One above ground historic resources are located within the project site.

(* = Located within the project site)

ADDITIONAL CULTURAL RESOURCE LISTINGS:

The **California Historic Resources Inventory (HRI)** lists twenty-one properties that have been evaluated for historical significance within a ½-mile radius of the project site (**see enclosed list**). These are additional resources that are listed in the Historic Properties Data file and are located either within the project site or within the search radius.

The **California Point of Historical Interest (SPHI)** of the Office of Historic Preservation, Department of Parks and Recreation, lists no properties within a ½-mile radius of the project site.

The **California Historical Landmarks (SHL)** of the Office of Historic Preservation, Department of Parks and Recreation, lists no properties within a ½-mile radius of the project site.

The **California Register of Historical Resources (CAL REG)** lists seventeen properties within a ½-mile radius of the project site (**+see enclosed list**). **The subject property is listed on this register.** These are properties determined to have a National Register of Historic Places Status of 1 or 2, a California Historical Landmark numbering 770 and higher, or a Point of Historical Interest listed after 1/1/1998.

The **National Register of Historic Places (NRHP)** lists three properties within a ½-mile radius of the project site (***see enclosed list**). **The subject property is eligible for inclusion on the register, but is not on the register.**

The **City of Los Angeles Historic-Cultural Monuments (LAHCM)** lists one property within the project site (**see below**).

No. 617 Hollywood Pilgrimage Memorial Monument
2580 Cahuenga Blvd

HISTORIC MAP REVIEW

Santa Monica, CA (1902 & 1921) 15' USGS - indicated that in 1902, there was little to no visible development in the project site; however, there were three roads and one building within the vicinity of the project area. Two intermittent streams ran through the vicinity of the project area. The project site was located to the south of the Cahuenga Pass within the Santa Monica Mountains. Historic place names nearby included Hollywood. In 1921, there appeared to be one building within the project site. There was a significant increase in development with several more roads and buildings present within the project area. A railroad ran to the west of the project site. Only one

intermittent stream remained to the east of the project site. All other previously mentioned features remained.

PREVIOUS CULTURAL RESOURCES INVESTIGATIONS:

Twenty-nine studies (LA1101 , LA1578, LA2099, LA3496, LA3855, LA4314*, LA4384, LA4909, LA5329, LA5332, LA6471, LA7063, LA7367, LA7562, LA7565, LA7566, LA8015, LA8020, LA8115, LA8762, LA10149, LA10507, LA10620, LA11520, LA11555, LA11769*, LA11783, LA11975, LA11992) have been conducted within a ½-mile radius of the project site. Of these, two are located within the project site. There are sixteen additional investigations located on the Hollywood, CA 7.5' USGS Quadrangle that are potentially within a ½-mile radius of the project site. The reports are not mapped due to insufficient locational information.

(* = Located within the project site)

RECOMMENDATIONS

According to our records, the majority of the project site has not been previously studied for the presence of archaeological resources. Therefore, it is recommended that a Phase I archaeological survey be conducted prior to the approval of the proposed project plans. Furthermore, the subject property is listed on the California Register of Historical Resources; is eligible for inclusion on the National Register of Historic Resources; and contains a City of Los Angeles Historic-Cultural Monument. Recordation forms on file at this office suggest the property is NR eligible under criterion "A" and "C". Therefore, it is also recommended that additional study be conducted by a qualified architectural historian to assess the effects of the project activities on the historical status of the property prior to the approval of the project plans. Finally, the Native American Heritage Commission should be consulted to identify if any additional traditional cultural properties or other sacred sites are known to be in the area.

The professional consultant you retain may request the records search map, archaeological site records, and bibliography from the Information Center referencing the SCCIC number listed above for a fee (per the fee schedule). For your convenience, you may find a professional consultant* at www.chrisinfo.org. Any resulting reports by the qualified consultant should be submitted to the South Central Coastal Information Center as soon as possible.

*The SCCIC does not endorse any particular consultant and makes no claims about the qualifications of any person listed. Each consultant on this list self-reports that they meet current professional standards.

If you have any questions regarding the results presented herein, please contact the office at 657.278.5395 Monday through Thursday 9:00 am to 3:30 pm.

Should you require any additional information for the above referenced project, reference the SCCIC number listed above when making inquiries. Requests made after initial invoicing will result in the preparation of a separate invoice.

Sincerely,
SCCIC

Lindsey Noyes
Lead Staff Researcher

Enclosures:

- (X) HRI – 5 pages
- (X) National Register Status Codes – 1 page
- (X) Invoice #13626.0300

California Historical Resource Status Codes

1 Properties listed in the National Register (NR) or the California Register (CR)

- 1D Contributor to a district or multiple resource property listed in NR by the Keeper. Listed in the CR.
- 1S Individual property listed in NR by the Keeper. Listed in the CR.

- 1CD Listed in the CR as a contributor to a district or multiple resource property by the SHRC
- 1CS Listed in the CR as individual property by the SHRC.
- 1CL Automatically listed in the California Register – Includes State Historical Landmarks 770 and above and Points of Historical Interest nominated after December 1997 and recommended for listing by the SHRC.

2 Properties determined eligible for listing in the National Register (NR) or the California Register (CR)

- 2B Determined eligible for NR as an individual property and as a contributor to an eligible district in a federal regulatory process. Listed in the CR.
- 2D Contributor to a district determined eligible for NR by the Keeper. Listed in the CR.
- 2D2 Contributor to a district determined eligible for NR by consensus through Section 106 process. Listed in the CR.
- 2D3 Contributor to a district determined eligible for NR by Part I Tax Certification. Listed in the CR.
- 2D4 Contributor to a district determined eligible for NR pursuant to Section 106 without review by SHPO. Listed in the CR.
- 2S Individual property determined eligible for NR by the Keeper. Listed in the CR.
- 2S2 Individual property determined eligible for NR by a consensus through Section 106 process. Listed in the CR.
- 2S3 Individual property determined eligible for NR by Part I Tax Certification. Listed in the CR.
- 2S4 Individual property determined eligible for NR pursuant to Section 106 without review by SHPO. Listed in the CR.

- 2CB Determined eligible for CR as an individual property and as a contributor to an eligible district by the SHRC.
- 2CD Contributor to a district determined eligible for listing in the CR by the SHRC.
- 2CS Individual property determined eligible for listing in the CR by the SHRC.

3 Appears eligible for National Register (NR) or California Register (CR) through Survey Evaluation

- 3B Appears eligible for NR both individually and as a contributor to a NR eligible district through survey evaluation.
- 3D Appears eligible for NR as a contributor to a NR eligible district through survey evaluation.
- 3S Appears eligible for NR as an individual property through survey evaluation.

- 3CB Appears eligible for CR both individually and as a contributor to a CR eligible district through a survey evaluation.
- 3CD Appears eligible for CR as a contributor to a CR eligible district through a survey evaluation.
- 3CS Appears eligible for CR as an individual property through survey evaluation.

4 Appears eligible for National Register (NR) or California Register (CR) through other evaluation

- 4CM Master List - State Owned Properties – PRC §5024.

5 Properties Recognized as Historically Significant by Local Government

- 5D1 Contributor to a district that is listed or designated locally.
- 5D2 Contributor to a district that is eligible for local listing or designation.
- 5D3 Appears to be a contributor to a district that appears eligible for local listing or designation through survey evaluation.

- 5S1 Individual property that is listed or designated locally.
- 5S2 Individual property that is eligible for local listing or designation.
- 5S3 Appears to be individually eligible for local listing or designation through survey evaluation.

- 5B Locally significant both individually (listed, eligible, or appears eligible) and as a contributor to a district that is locally listed, designated, determined eligible or appears eligible through survey evaluation.

6 Not Eligible for Listing or Designation as specified

- 6C Determined ineligible for or removed from California Register by SHRC.
- 6J Landmarks or Points of Interest found ineligible for designation by SHRC.
- 6L Determined ineligible for local listing or designation through local government review process; may warrant special consideration in local planning.
- 6T Determined ineligible for NR through Part I Tax Certification process.
- 6U Determined ineligible for NR pursuant to Section 106 without review by SHPO.
- 6W Removed from NR by the Keeper.
- 6X Determined ineligible for the NR by SHRC or Keeper.
- 6Y Determined ineligible for NR by consensus through Section 106 process – Not evaluated for CR or Local Listing.
- 6Z Found ineligible for NR, CR or Local designation through survey evaluation.

7 Not Evaluated for National Register (NR) or California Register (CR) or Needs Reevaluation

- 7J Received by OHP for evaluation or action but not yet evaluated.
- 7K Resubmitted to OHP for action but not reevaluated.
- 7L State Historical Landmarks 1-769 and Points of Historical Interest designated prior to January 1998 – Needs to be reevaluated using current standards.
- 7M Submitted to OHP but not evaluated - referred to NPS.
- 7N Needs to be reevaluated (Formerly NR Status Code 4)
- 7N1 Needs to be reevaluated (Formerly NR SC4) – may become eligible for NR w/restoration or when meets other specific conditions.
- 7R Identified in Reconnaissance Level Survey: Not evaluated.
- 7W Submitted to OHP for action – withdrawn.

re: Paleontological resources for the proposed Ford Theatres Project, in the City of Los Angeles, Los Angeles County, project area

Dear Stephanie:

I have conducted a thorough check of our paleontology collection records for the locality and specimen data for the proposed Ford Theatres Project, in the City of Los Angeles, Los Angeles County, project area as outlined on the portion of the Hollywood topographic quadrangle map that you sent to me on 10 January 2014. We do not have any vertebrate fossil localities that lie directly within the proposed project boundaries, but we do have localities nearby from the same sedimentary deposits that occur in the proposed project area.

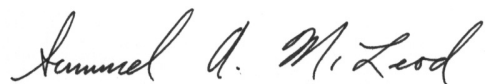

Much of the proposed project area has exposures of intrusive or volcanic basaltic igneous rocks that will not contain any fossils. Intercalated with the igneous rocks are exposures of the marine middle Miocene Topanga Formation [also referred to in this area as the Middle Topanga Formation]. Our closest vertebrate fossil locality in the Topanga Formation is LACM 1084, northwest of the proposed project area west of the Hollywood Freeway (Highway 101) between Bonnie Hill Drive and Ione Place. Locality LACM 1084 documents the occurrence of *Paleoparadoxia*, a member of an extinct group of peculiar marine mammals called the Desmostylia that had heavy bodies, relatively short and stout legs, and unique cylindrically cusped cheek teeth. Desmostylians are uncommon in southern California. The *Paleoparadoxia* specimen collected from locality LACM 1084 has been published in the scientific literature by E. D. Mitchell (1963). Brachyodont desmostylians from Miocene of San

Clemente Island, California. Bulletin of the Southern California Academy of Sciences, 62(4):192-201.) and R. H. Reinhart (1959. A Review of the Sirenia and Desmostylia. University of California Publications in Geological Sciences, 36(1):1-146.). Further northwest of the proposed project area we have another Topanga Formation vertebrate fossil locality, LACM 6969, that was collected during construction of the Metrorail Universal City subway station at the intersection of Lankershim Boulevard and the Hollywood Freeway (Highway 101). Locality LACM 6969 produced a fossil fish fauna containing specimens of grunion, Atherinidae, herrings, *Etringus*, *Ganolytes*, and *Sardinella*, codlets, Bregmacerotidae, bigeyes, Priacanthidae, croakers, Sciaenidae, mackerels, Scombridae, and boarfishes, Caproidae.

Excavations in the igneous rocks exposed in much of the proposed project area will not uncover any recognizable fossils. Excavations in the Topanga Formation deposits exposed intercalated with the igneous rocks, however, may well encounter significant vertebrate fossils. Any substantial excavations in the sedimentary deposits in the proposed project area, therefore, should be closely monitored to quickly and professionally collect any specimens without impeding development. Many of the specimens collected nearby from the Topanga Formation are small and would be missed in typical paleontological excavation monitoring. It is recommended that sediment samples be collected and processed to determine their small fossil potential. Any fossils recovered during mitigation should be deposited in an accredited and permanent scientific institution for the benefit of current and future generations.

This records search covers only the vertebrate paleontology records of the Natural History Museum of Los Angeles County. It is not intended to be a thorough paleontological survey of the proposed project area covering other institutional records, a literature survey, or any potential on-site survey.

Sincerely,

A handwritten signature in cursive script that reads "Samuel A. McLeod".
