

Verbal Consent to Participate in the CalAIM Community Supports Program

The Los Angeles County Department of Health Services (DHS) has access to a funding source called CalAIM Community Supports, which enables your Medi-Cal coverage to pay for some or all the housing navigation and/or tenancy support services you are already receiving through DHS. DHS will not charge you for CalAIM participation. You will not be paid to participate in CalAIM.

We invite you to participate in CalAIM, which is voluntary. You have the right to refuse services or opt out any time. Enrollment in CalAIM will NOT impact your eligibility for the housing/services you currently receive or might receive in the future.

Your Medi-Cal managed care plan may reach out to you directly to confirm your agreement to use your Med-Cal to cover the support you are receiving through DHS.

To reiterate, DHS will not charge you for CalAIM participation. You will not be paid to participate in CalAIM.
