

Community Input Session

SPA 3 – San Gabriel Valley

A Design for Thinking Together

You'll have opportunities to:

- Share your initial reactions and budget priorities.
- Hear from others and discuss the choices within your SPA.
- Reflect on what you've heard.
- Share a closing perspective after having time to process together.

We've intentionally structured the conversation so everyone has multiple opportunities to contribute — and so your closing input can be informed by the conversation, not just your first reaction.

How We'll Use Our Breakout Time

What should we expect?

A LOCAL PICTURE

Review of local data, resources, and insights.

A REALISTIC SCENARIO

Review of a potential Measure A budget scenario.

CLARIFYING QUESTIONS

Answer clarifying questions in preparation for discussion.

SHARE INITIAL THOUGHTS

Share your initial preferences in reaction to proposed scenario.

REVIEW & DISCUSS

Explore priorities, concerns, and impacts.

SHARE CLOSING THOUGHTS

Share where you land after the discussion.

LA CoC PIT Count Insights

SPA 3 — San Gabriel Valley

- SPA 3 is the **second-largest SPA by population**, representing 17.5% of LA County, yet has the **lowest homelessness rate countywide**.
- SPA 3 consistently has a **higher share of unsheltered homelessness** compared to the LA CoC overall.
- In 2026, the makeup of homelessness in SPA 3 shifted: families fell 23% and youth fell 16%, while people reporting DV/IPV experience rose 29%.

PIT Count Results	LA CoC	SPA 3
Sheltered	33%	26%
Unsheltered	67%	74%
For every 10k residents, how many are homeless?	76	31
Trend (2024-2026)	-3.7%	+7%

- Despite a recent decline, families still make up a somewhat larger share of SPA 3's homeless population than the CoC overall.
- Reported substance use disorder prevalence is slightly above the CoC.

Insights from HUD's Housing Inventory Count

SPA 3 — San Gabriel Valley

- In addition to 233 beds in the Pasadena CoC, SPA 3 holds 1,151 IH beds, or 4.5% of the LA CoC supply.
- Of the 1,151 IH beds, 57% of LA CoC beds in SPA 3 and 48% of Pasadena CoC beds are designated for individual adults.
- Interim Family beds are 38% of the LA CoC beds in SPA 3 and 46% in the Pasadena CoC.
- This is one of three SPAs where a higher proportion of its interim housing beds are allocated to youth as compared to other SPAs (6%).
- Including Pasadena CoC, 12.6% of the permanent housing beds are in this SPA.

A Realistic Scenario

Explaining a "Budget Constraint"

Why does a \$75M constraint exist when the County isn't reducing its funding?

What's driving the budget constraint?

Some examples:

- Losing one-time funding from ARPA and ERF for programs.
- Absorbing permanent housing clients that are losing their other funding sources.
- Higher costs for subsidies, Cost of Living Adjustments, etc.
- Reductions in CalAIM rates and services with Managed Care Plans.

How much are we currently spending?

What we think it will cost to do the same services next year

How much we expect to have next year

Explaining the “Scenario”

HSH wants your input on how we are considering addressing this budget constraint.

Hearing from You

Hearing from You

HSH wants your input on how we are considering addressing this budget constraint.

HSH wants your input:

- **Acceptability:** Is this scenario generally on the right track or wrong track for your community?
- **Impact:** How would this scenario impact your community’s ability to meet Measure A goals?
- **Specific Improvements:** What concerns or adjustments should HSH consider before moving forward?
