

Interim Housing Outreach Program (IHOP)

About Us

IHOP connects vulnerable people in interim housing to community health services by identifying mental health, substance use, and ADL (activities of daily living) needs with the end goal of having people in permanent housing. It is a collaborative effort between the Department of Mental Health, the Department of Homeless Services and Housing, the Department of Public Health, LA Care, Health Net, and other plan partners.

Our Services

Mental health screenings, medication, therapy, and peer support

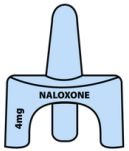

Life management skills, coping strategies, and case management

Screenings for substance use treatments and substance-related presentations

Help from occupational therapists and link clients to rehabilitative health services

Provide overdose prevention kits

Quick access to walkers and other equipment

Do you have clients residing in interim housing who struggle with mental health, substance use, or activities of daily living needs? We can help.
