

EMPLOYEE COMPUTER PURCHASE PROGRAM (ECPP)

Employee Significant Discounts on Selected Computers Available to County Employees!!!

The County and leading computer manufacturers have teamed up to offer County employees and their families' discounts on selected new desktop personal computers (PCs), laptops/tablets and monitors.

These discounts were negotiated with manufacturers through a consolidated County purchase program involving multiple departments. The program desktop computing products consists of ten (10) standard desktop PC configurations, eighteen (18) laptop/tablet configurations, and twelve (12) monitor configurations. All of which are used by County departments and being made available to County employees and their families through this program. No County financing or payroll deductions will be available under the program. Employees will be solely responsible for the purchase and financing of any products through this program.

ECPP Inquiries: Should you have questions related to buying from the ECPP program vendors or employee purchasing-related questions, please contact:
