Improved Productivity

FHD (1920 x 1080) IPS Display | Various Ports | Dual Controller

LG's BA-series FHD monitors feature an expansive IPS display that delivers 178-degree vertical and horizontal viewing angles with lifelike resolution. It provides Power Delivery, optimized port connectivity, and seamless Daisy Chain functionality via its available USB Type-C™ and other USB ports, allowing users to link an additional monitor to increase screen space and prevent unwanted disruption while minimizing cable clutter and boosting productivity. The LG dual controller feature lets you connect computers to your monitor and control both devices with just 1 keyboard and mouse.

Optimized User Comfort

Ergonomic Stand | Built-in Speakers |
Built-in Power | Reader Mode & Flicker Safe Mode

The LG BA-series lineup has models with various features that make the monitors easier to use. Users can freely adjust its display position as they desire, which is especially beneficial for service industry employees who need to continuously lower their screens to maintain eye contact with customers. It also features a built-in battery, allowing for a cleaner, clutter-free setup, together with built-in speakers (2W x 2Ch) and webcam optimized for convenient video conferencing without the need for additional devices. Its Flicker-Safe Mode and Reader Mode technologies protect users' eyes from fatigue with near-zero flicker reduction and reduce harmful blue light emissions, respectively.

Better Solution for All

EPEAT® | ENERGY STAR® | Color Weakness Mode

LG BA-series FHD Monitor meet various levels of EPEAT® performance requirements, which take into account overall environmental impact when it comes to the product production process, energy efficiency, supply chain greenhouse gas emissions, and corporate responsibility. It also received ENERGY STAR® Certifications, which evaluates high levels of energy efficiency, and features Color Weakness Mode, which helps color vision deficiency users decipher red and green graphs or data spreads more effectively.

Specifications

LG Monitor

Model		24BA850-B
Display	Diagonal	23.8"
	Resolution	1920 x 1080
	Panel Type	IPS
