Summary Corrective Action Plan

The intent of this form is to assist departments in writing a corrective action plan summary for attachment to the settlement documents developed for the Board of Supervisors and/or the County of Los Angeles Claims Board. The summary should be a specific overview of the claims/lawsuits' identified root causes and corrective actions (status, time frame, and responsible party). This summary does not replace the Corrective Action Plan form. If there is a question related to confidentiality, please consult County Counsel.

Date of incident/event:	February 5, 2013; at approximately 7:10 p.m.
Briefly provide a description of the incident/event:	<p><u>Seifert, Elsa v. County of Los Angeles</u> Summary Corrective Action Plan 2016-005</p> <p>On February 5, 2013, at approximately 7:10 P.M., the plaintiff alleges she was walking in a westerly direction on a cement walkway adjacent to and north of Altadena Sheriff's Station when she tripped and fell over a concrete wheel stop¹ that was in the walkway. As a result of the fall, the plaintiff claims she sustained severe injuries to her right arm and rib.</p> <p>The parking stall and wheel stop were designed and installed for compliance with the American Disabilities Act (ADA).</p> <p>Although the wheel stop was installed "to code," it clearly posed a risk and hazard to pedestrians. Previous attempts to reduce the risk and hazard of the wheel stop were to paint it a bright color and to place reflective tape on it.</p>

¹ The wheel stop, also commonly known as a parking block, is an industry standard cement block used to restrict vehicles from parking beyond the designated parking space.

1. Briefly describe the root cause(s) of the claim/lawsuit:

A **department** root cause of this incident was that the department did not take sufficient precautionary measures to reduce the risk of a pedestrian tripping hazard posed by a cement wheel stop that was in the direct path of a walkway.

Another **department** root cause of this incident was that the cement wheel stop was in line with a pedestrian walkway in an area that was poorly lit during hours of darkness, posing an additional risk and hazard to pedestrians on the path.

A **non-department** root cause of this incident was due to its design allowing for a cement wheel stop in the direct path of a pedestrian walkway. The parking spot was designed by the Department of Public Works.

Another **non-department** root cause of this incident was that the parking space and the cement wheel stop were installed with little or no forethought to its impact on pedestrian traffic on the adjoining through walkway. The parking space and wheel stop were installed by a Job Order Contractor (JOC) coordinated by Internal Services Department (ISD). The design and installation met the building code requirements and was approved by the required jurisdictional agency(s).

2. Briefly describe recommended corrective actions:
(Include each corrective action, due date, responsible party, and any disciplinary actions if appropriate)

A bright yellow colored railing was installed near the wheel stop to direct any pedestrian traffic around the wheel stop.

Additional lights were also installed on the roof line at and near the wheel stop to improve lighting and visibility in the area of the wheel stop during the hours of darkness.

CASE NAME	Giovanni Miranda v. David Earl Whiteside, Jr., et al.
CASE NUMBER	BC512421
COURT	Los Angeles Superior Court
DATE FILED	June 19, 2013
COUNTY DEPARTMENT	Sheriff's Department
PROPOSED SETTLEMENT AMOUNT	\$ 250,000.00
ATTORNEY FOR PLAINTIFF	Mindy S. Bish, Esq.
COUNTY COUNSEL ATTORNEY	Brian T. Chu Principal Deputy County Counsel
NATURE OF CASE	<p>On August 11, 2012, a Sheriff's Department patrol vehicle, en route to an emergency call, collided with a DASH line supervisor vehicle within the signalized intersection of Spring Street and 7th Street, in the City of Los Angeles. The on-duty Sheriff's Deputy was responding with red light and siren and entered the intersection. At the same time, plaintiff, Giovanni Miranda, while in the course and scope of his employment, also entered the intersection. The collision resulted in personal injuries to Mr. Miranda.</p> <p>Due to the inherent risks and uncertainties involved in a trial, and the potential liability and potential exposure to an adverse verdict, the County proceeded with settlement negotiations and eventually developed this recommended settlement.</p>

Summary Corrective Action Plan

The intent of this form is to assist departments in writing a corrective action plan summary for attachment to the settlement documents developed for the Board of Supervisors and/or the County of Los Angeles Claims Board. The summary should be a specific overview of the claims/lawsuits' identified root causes and corrective actions (status, time frame, and responsible party). This summary does not replace the Corrective Action Plan form. If there is a question related to confidentiality, please consult County Counsel.

Date of incident/event:	
Briefly provide a description of the incident/event:	<p><u>Giovanni Miranda v. County of Los Angeles</u> Summary Corrective Action Plan 2016-008-02</p> <p>On Wednesday, August 11, 2012, at approximately 8:05 a.m., an on-duty Los Angeles County deputy sheriff assigned to Transit Policing Division was driving as a single-man unit in a standard black and white patrol vehicle, when he responded to a call for service of a woman on a bus threatening to shoot the bus operator and passengers. Without receiving Code-3 authorization, the deputy sheriff activated his vehicle's emergency lights and siren as he responded to the call.</p> <p>While driving 30 miles-per-hour southbound on Spring Street, at 7th Street, the deputy sheriff entered the intersection against a red traffic signal and failed to yield to cross traffic or clear traffic lanes before proceeding. The plaintiff was driving westbound through the intersection at 30 miles-per-hour on a green light. While driving through the intersection, the front passenger side of the deputy sheriff's vehicle collided with the rear passenger side of the plaintiff's vehicle.</p> <p>The plaintiff complained of pain to his ribs and was transported to the hospital for evaluation and treatment. The deputy sheriff complained of neck pain and dizziness and was transported to the hospital for evaluation and treatment.</p>

1 Briefly describe the root cause(s) of the claim/lawsuit:

The **primary** root cause of this incident is the Los Angeles County deputy sheriff violating California Vehicle Code section 21453(a), *Failure to Stop for a Red Tri-Light Signal*.

The **secondary** root cause in this incident is the Los Angeles County deputy sheriff violating California Vehicle Code section 21807, *Driver of Emergency Vehicle Drive with Due Regard*.

An **associated** root cause in this incident is the Los Angeles County deputy sheriff violating Los Angeles County Sheriff's Department's Manual of Policy and Procedures section 5-09/200.20, *Initiation of Code-3 Responses*.

2. Briefly describe recommended corrective actions:
(Include each corrective action, due date, responsible party, and any disciplinary actions if appropriate)

The Los Angeles County Sheriff's Department had applicable policies and procedures, protocols, and training curriculum in effect at the time of the incident.

This incident was thoroughly investigated by representatives from the Department's Internal Affairs Bureau. Executive review of the investigation was conducted and appropriate administrative action has been taken.

As a result of this incident, Transit Policing Division conducted an audit, review and assessment of all traffic collisions within its four Bureaus during 2014 and 2015. The audit included a review of driver's training records for employees involved in preventable traffic collisions. The results of the audit revealed a 25% increase in preventable traffic collisions between 2014 and 2015. The primary causal factors were unsafe backing, inattention, and unsafe speed.

As a result of this review, it was determined that a need exists for ongoing driver's training programs at the Bureau level. Based on the increase in preventable traffic collisions in 2015, Transit Policing Division has enrolled four training deputies in train-the-trainer courses for "Sheriff Traffic Accident Reduction" (STAR) driver's training. Once trained, these instructors will provide in-house, recurrent STAR driver's training courses to field personnel. The goal is to improve upon field personnel's basic driving skills and reduce the occurrence of future traffic collisions.

Summary Corrective Action Plan

The intent of this form is to assist departments in writing a corrective action plan summary for attachment to the settlement documents developed for the Board of Supervisors and/or the County of Los Angeles Claims Board. The summary should be a specific overview of the claims/lawsuits' identified root causes and corrective actions (status, time frame, and responsible party). This summary does not replace the Corrective Action Plan form. If there is a question related to confidentiality, please consult County Counsel.

Date of incident/event:	October 31, 2014 – lawsuit filed
Briefly provide a description of the incident/event:	The Claimant, owner of the adjacent property to the County alleges County has constructed within the boundaries of their property. Claimant also alleges continuing nuisance caused by significant quantities of dust and sand blowing from the County property onto his.

1. Briefly describe the root cause(s) of the claim/lawsuit:

1. County encroached on private property: driveway and entrance, landscaping, signage and fencing located on private property.
2. Much of the surface of County's property is undisturbed soil and sand causing dust to be blown onto Claimant's property with additional dust generated during the use of the two horse exercise arenas found on County property.
3. Current water system is insufficient to provide adequate water to the irrigation systems that provide dust control in the arenas.

2. Briefly describe recommended corrective actions:
(Include each corrective action, due date, responsible party, and any disciplinary actions if appropriate)

The Department took action to ensure that they do not encroach on other property and take reasonable dust control methods at our equestrian facilities that are in close proximity to homes or businesses. Furthermore, we developed the following corrective action plan to help guard against any reoccurrence of these types of issues in the future:

- Survey property boundaries before purchasing "new" property or before making improvements on existing County property;
- Ensure that dust control measures, including irrigation systems and mulch, are installed and monitored by staff on a regular basis;
- Install fencing with windscreens and/or landscaping barriers, when needed, to help control dust and debris on adjacent property.

3. Are the corrective actions addressing department-wide system issues?

- ☐ Yes – The corrective actions address department-wide system issues.
☒ No – The corrective actions are only applicable to the affected parties.
