Summary Corrective Action Plan

The intent of this form is to assist departments in writing a corrective action plan summary for attachment to the settlement documents developed for the Board of Supervisors and/or the County of Los Angeles Claims Board. The summary should be a specific overview of the claims/lawsuits' identified root causes and corrective actions (status, time frame, and responsible party). This summary does not replace the Corrective Action Plan form. If there is a question related to confidentiality, please consult County Counsel.

Date of incident/event:	August 29, 2014
Briefly provide a description of the incident/event:	<p>Minor Eric U. was over-detained in Los Padrinos Juvenile Hall after being arrested by LASD deputies on August 29, 2014 for battery and violating terms of probation.</p> <p>Minor Eric U. was scheduled for a court hearing regarding his arrest on September 2, 2014 at which time the Pomona District Attorney rejected the case, a detaining order was not filed and a WIC 777 petition was requested on the minute order.</p> <p>In the absence of a detaining order, on September 2, 2014 IDC should have released minor Eric U. from custody and given notice to the juvenile hall and the case carrying Deputy Probation Officer (DPO) regarding the release.</p> <p>During his detention, minor Eric U. attempts to reach his Deputy Probation Officer (DPO) of record and his Social Worker with the Department of Children and Family Services (DCFS). The minor also attempts to contact his Placement staff at McKinley indicating that he has been overdetained. The DPO of record attempts to reach the minor at juvenile hall, however contact is not made. The DPO also attempts to reach the DCFS Social Worker as well as the court officer regarding the overdetainment.</p> <p>An arraignment and appearance hearing was scheduled by the court on September 30, 2014 at which time minor Eric U. was ordered released to a DCFS social worker.</p>

1. Briefly describe the root cause(s) of the claim/lawsuit:

Root Cause A:

Intake and Detention Services (IDC) staff did not properly clarify and communicate the Minute Order instructions regarding minor Eric U.'s post-court status and did not release the minor as a result of a non-detainment status of the minor.

Root Cause B:

The DPO of record did not follow-up with the court officer, IDC staff and Los Padrinos Juvenile Hall staff regarding the status of minor Eric U. on a timely manner and appropriate and timely documentation regarding status checks and communications regarding the minor were not properly annotated in Probation Case Management System (PCMS).

2. Briefly describe recommended corrective actions:
(Include each corrective action, due date, responsible party, and any disciplinary actions if appropriate)

Root Cause A:

IDC operations and desk will have a Lead Supervising Deputy Probation Officer (SDPOs) and appropriate back-up staff who will be responsible to document and communicate notices to all IDC SDPOs and DPOs regarding District Attorney case rejections. The same notice will be sent to the case carrying DPO and SDPO. The Lead IDC SDPO will ensure that all minors are released on the same day of their court date because of a case rejection and non-detention. If the minor cannot be released to a parent/guardian or social worker due to lack of availability, the minor will be housed in a temporary placement area in the Juvenile Hall until the parent/guardian or social worker is able to pick-up the minor. A log and tracking system will be maintained by the IDC Lead Desk, which will include all communications, orders and updates from the DA's office for future court dates or WIC 777 filings. Pending transactions will also be maintained in the log and IDC will update the log twice daily.

The IDC Lead SDPO will also communicate in writing with the DPO of record any subsequent court reports and filings ordered by the court or requested by the DA's office. This communication will also take place with the juvenile hall movement control staff.

Training and remedial training on these steps has been conducted. The IDC desk manual and policy manual are being updated to reflect all transactional requirements, which will also be utilized for training purposes on an annual basis. All new incoming IDC staff will be trained and oriented on the process. All staff (new or existing in IDC) will be expected to sign an acknowledgment that confirming receipt of training and policies related to the operations of IDC.

Movement Control and the Office of the Day (OD) at the respective Juvenile Halls will also be given notice of the status of a minor and any pending released or WIC 777 filings. The OD and Movement Control will maintain a log as well to ensure that all and any communications regarding the release or detention of a minor is properly annotated and in accordance to the orders of the Court, which is communicated by IDC's Lead Desk. This policy, procedure and process is being updated in the Detention Services Bureau desk manual and policy manual.

All staff directly involved in the E. Usher matter have received a worker/supervisor conference and have been provided remedial training.

Root Cause B:

The DPO of record will ensure that all and any communications received from the IDC desk is recorded in PCMS and the necessary and timely contacts and follow-up regarding minute order instructions are completed in full. Any unclear or non-descriptive order received by IDC will need to be discussed with the SDPO of the case carrying DPO. Clarification will be sought in writing from the IDC Lead Desk SDPO regarding any orders to release or detain and the need to complete a WIC 777 filing.

All and any contact made regarding a minor, with a minor or any other stakeholder regarding the minor will be properly recorded in PCMS. All attempted contact will also be recorded and logged in PCMS. If the minor has a dual-supervision social worker, updates regarding the minor will be provided in writing (email). Contact attempts and non-contact will also be documented in PCMS.

These operational and transactional steps and processes will be provided via training to all new case carrying DPOs. Remedial training will be conducted for all staff on a yearly basis. All policy and procedural updates will be noted in the respective operational desk manual and policy manual and will be communicated with all affected staff with signature of acknowledgements being kept on record.

A worker/supervisor conference took place with minor Eric U.'s DPO of record to address the lack of
