92823	Unincorporated Diamond Bar	X				

\* Zip code boundaries are established by the U.S. Postal Service for the purpose of delivering mail and do not necessarily follow established municipal, community, and other district boundaries. Thus, zip codes may include parts of multiple communities and/or districts. While the table above may reflect that a zip code includes SD1, please note it is possible that only a very small portion of that zip code is within SD1.
