Dear Supervisors:

FISCAL YEAR 2014-15 RECOMMENDED COUNTY BUDGET (3-VOTES)

The Fiscal Year (FY) 2014-15 County of Los Angeles Recommended Budget total of \$26.054 billion reflects a decrease of \$45 million in total requirements. General County funds, including the General Fund and Hospital Enterprise Funds (\$20.271 billion), reflect a net increase of \$262 million. Special District/Special Funds reflect a decrease of \$307 million.

TOTAL REQUIREMENTS – ALL FUNDS – 2014-15 (Dollars in Billions)

BUDGET ECONOMIC OUTLOOK

The current economic outlook for the nation and California shows positive growth for the remainder of 2014, gaining strength in 2015. Positive economic growth gained momentum towards the end of 2013 with strong gains in the stock market and continued improvement in housing, marked by increases in home prices. The labor market is also improving led by employment gains in the construction industry. As a result, the unemployment rate has continued a downward trend. In January, the unemployment rate fell to 9 percent compared to 11.8 percent for the same month last year.

<u>Month</u>	<u>Unemployment Rate</u>
January 2013	11.8%
November 2013	9.4%
December 2013	8.8%
January 2014	9.0%

The economic outlook, although positive, continues to face challenges and uncertainties. Low housing inventory and tighter lending standards remain a challenge to the housing recovery. In addition, tapering of the federal bond buying program has resulted in an increase in interest rates which can potentially hinder economic growth and place another burden on consumers. Nevertheless, the economic recovery of the last year is encouraging and we will continue to monitor economic indicators as we move forward throughout the budget process.

BUDGET OVERVIEW

Since Fiscal Year (FY) 2008-09, as a result of the past recession, the County has faced significant budget challenges that have strained locally generated revenues, which we use to finance the net County cost (NCC) portion of our budget. These challenges were managed without major service reductions, layoffs, or furloughs. This achievement was made possible through the leadership of the Board, County managers, and the hard work of all County employees. The Board's long-standing conservative budget practices, and our strong compliance to fiscal policies, enabled us to weather these trying economic times.

As we proceed to the first stage of our annual budget process, we find that the slow pace of the economic recovery, coupled with unavoidable cost increases and the need to fund critical programs, will challenge our budget. It is important to note that although the economy is showing signs of recovery, our principle concern is whether this recovery is sustainable. Accordingly, the focus of this year's budget is stabilization and prudent growth.

Following are the primary components of change recommended in the 2014-15 Budget:

2014-15 Net County Cost Budget Components

Unavoidable Cost Increases	\$217.3 million
Program Changes	<u>92.6 million</u>
Total Cost Increases	\$309.9 million
Total Revenue and Fund Balance Increases	\$309.9 million

Unavoidable Cost Increases

The primary drivers of unavoidable cost increases are for salaries and employee benefits. The County's retirement contribution rates will increase primarily due to the losses sustained by the Los Angeles County Employees Retirement Association (LACERA) in FY 2008-09, and the reduction in the assumed investment rate of return and changes in actuarial assumptions. Under California county retirement law, liabilities not funded through member contributions are the responsibility of the employer. LACERA's funding policy calls for asset gains and losses to be smoothed over a five-year period, and the unfunded portion of the liability to be amortized over thirty years. This marks the fifth and final year of smoothing of the losses suffered back in FY 2008-09. This is an important milestone since all of those losses have now been incorporated in the County budget and we anticipate our retirement costs will be more stable going forward. In addition, health insurance premiums for County employees also increased unavoidable costs.

For the first time since August 2008 for safety employees and January 2009 for the remaining employees, the County approved salary increases. During this five (5) year period of economic challenges, employee labor groups actively partnered with the County by agreeing to zero salary increases to help the County weather the crisis. The increases were approved in FY 2013-14 and now must be incorporated in the 2014-15 Recommended Budget.

Program Changes

Outlined below are some of the significant program changes that are financed with locally generated revenues.

- **Citizen's Commission on Jail Violence (CCJV)** – Provides the second year of funding (\$36.5 million ongoing) to implement the CCJV recommendations. This, coupled with ongoing funding provided in FY 2013-14, brings the total ongoing funding amount for the CCJV implementation to \$56.5 million.

- **Cadre of Administrative Reserve Personnel (CARP)** – Eliminates the CARPing program by providing \$18.0 million to the Sheriff's Department for the second year of a two-year funding plan.
- **In-Home Supportive Services (IHSS) Program** – Increases funding for the IHSS program by \$12.8 million based upon State law that requires counties to provide a 3.5 percent inflation increase to the counties maintenance of effort base amount.
- **Inpatient Bed Cost Increases** – Reflects a \$6.3 million increase for the Department of Mental Health as a result of a cost-of-living adjustments (COLA) for both State hospital beds (6 percent COLA) and Institutions for Mental Diseases (IMD) beds (4.7 percent COLA). The department contracts for these beds from private providers and the State, which provides critical care for individuals who require these services and helps to alleviate overcrowding of emergency rooms and hospital inpatient beds throughout the County.
- **Public Library Hours Restored** – Restores funding of \$3.6 million to allow the Public Library to restore library hours as they were in FY 2009-10, prior to the services curtailments.
- **Juvenile Day Reporting Center (JDRC)** – Transfers \$2.3 million in annual funding from the Provisional Financing Uses budget unit to the Probation Department as approved by the Board on March 4, 2014. JDRCs provide a community-based alternative to incarceration. This adjustment adds 17.0 budgeted positions to the Probation Department.
- **Animal Care and Control** – Transfers \$1.1 million funding from the Provisional Financing Uses budget unit to the Department of Animal Care and Control to provide additional resources for the Antelope Valley Communication Center (\$0.7 million) and to conduct criminal investigations (\$0.2 million), as well as funding for the replacement of the department's voice recorder system (\$0.2 million). This recommendation also adds 13.0 budgeted positions.

In addition, we are recommending important program changes that are financed with a variety of outside revenues sources, primarily with State and federal funding.

- **Child Welfare Services** – Reflects funding of \$15.4 million and adds 100.0 children social workers to reduce caseloads and improve child safety along with 26.0 clerical and support staff that will assist social workers in their role to protect children. This increase is fully offset with State revenues.

- **Promoting Safe and Stable Families/Partnership for Families (PFF)** – Provides \$5.0 million to continue this community-based child maltreatment prevention initiative. The initiative was designed to address the needs of families with children five years of age or younger and pregnant women who are at risk for child maltreatment in the County. The Department of Children and Family Services has identified ongoing funding from 2011 Realignment to continue this program.
- **CalWORKs Child Poverty and Family Supplemental Support** – Increases both appropriation and State revenues by \$71.7 million for the Department of Public Social Services (DPSS) to support a five (5) percent increase in the CalWORKs aid grant.
- **Expanded Subsidized Employment** – Reflects a \$37.3 million increase in both appropriation and revenue for DPSS as a result of additional dedicated subsidized employment funding for CalWORKs participants.
- **Family Stabilization Program** – Increases funding by \$6.9 million for DPSS for the Family Stabilization program and adds 35.0 budgeted positions. The CalWORKs Family Stabilization Program is a new component of the 24-Month Early Engagement Redesign for the CalWORKs Welfare-to-Work program, effective January 1, 2014. The Family Stabilization program will provide intensive case management and services to address the needs of families who have identified barriers that are destabilizing the family and would interfere with participation in Welfare-to-Work activities or services.

Revenue Increases

Just as the economy has improved, so have a majority of the County's revenues and we are once again forecasting increases in a variety of locally generated revenues along with increases in statewide sales tax revenues. For 2014-15, the Assessor is forecasting a preliminary assessed valuation increase of 4.06 percent. The assessed valuation increase would have been greater had it not been for a recent period of low inflation. Since the forecast is preliminary and the Assessor is scheduled to release updated forecasts in May 2014, with a final assessment roll forecast in July 2014, our office will continue to work with the Assessor's office to monitor and update our property tax projection accordingly. In addition to the changes in assessed valuation, we are recommending a \$40.0 million (ongoing) increase in property tax revenue residual from the dissolution of redevelopment agencies.

Again, we are seeing year-over-year growth in Proposition 172 Sales Tax and Realignment Sales Tax. Based upon this increase and a survey of local economic forecasts, we have assumed a 4.0 percent growth factor in our overall sales tax projection for the 2014-15 Recommended Budget. Like property taxes, we will continue to monitor these revenue sources and update our projections going forward, throughout the budget process.

The increases in property and sales taxes, however, are partially offset by a \$13.2 million reduction in recording fee revenues. The Registrar-Recorder/County Clerk is experiencing a significant drop in a variety of recording filings.

Health Services

The Affordable Care Act (ACA) was implemented on January 1, 2014 and the Department of Health Services (DHS) is continuing to develop its analysis of the impact of the ACA. With the support of the Board and the CEO's Health Care Reform Task Force, DHS and its many partners are working together to transform its system into an integrated care delivery model. An integrated care model will enable its system to provide the right care, at the right time, in the right location, by the right provider.

The Department has developed preliminary estimates to project the impact on its budget regarding what is likely to occur in FY 2014-15. However, because of the unpredictability of what will actually take place as the ACA implementation rolls forward, the Department cautions that significant revisions to the budget may become necessary as the estimates are refined to align with actual experience. Further, the estimates included in the budget are solely based on the impact to the Department and do not factor in any sharing with the State under Assembly Bill (AB) 85, Redirection of 1991 State Health Realignment. The Department continues to work with the State to develop data formats, procedures, and protocols that will be used to determine the amount.

The Department's 2014-15 Recommended Budget is fully funded with available resources. The Department's Hospital Enterprise Fund reserve was used in prior years to fund Departmental expenses; however, it is anticipated to be depleted in FY 2013-14. The Department is closely monitoring this issue and updates will be provided in future budget phases. The Recommended Budget provides funding for:

- A net increase of 737.0 new positions and \$17.0 million in related funding for the standardized nurse staffing plan for various patient care areas, primarily to meet State mandated AB 394 nurse staffing ratios and hospital-based clinic needs.

- An increase of 26.0 new positions and \$1.5 million in related funding, offset with the decrease of 26.0 vacant budgeted positions, for the first year of a two-year plan to deploy Senior Community Health Workers (SCHW) at DHS facilities to more efficiently serve the Department's sickest, and hardest to serve patients, and to support increased empanelment of patients in medical home teams.
- An increase of 20.0 new positions and \$2.5 million in related funding, offset with 20.0 vacant budgeted positions, to hire Registered Nurses that have completed a training program to become Advanced Practice Registered Nurse Practitioners.
- An increase of \$4.0 million to expand the Housing for Health program by increasing the number of recuperative beds in the South Los Angeles area, implementing the flexible housing subsidy pool, and increasing the number of housing units available to homeless DHS patients.
- A net increase of \$15.4 million for four months of funding for DHS' support of patient care for the new MLK Community Hospital that is anticipated to open in the Spring of 2015.

Looking Forward

Looking forward, the County faces uncertainty with several programs, including the roll out of the ACA, as noted earlier, and potential recommendations from the Blue Ribbon Commission on Child Protection. Funding for the Blue Ribbon Commission recommendations will be addressed in subsequent budget phases.

During the budget crisis, we utilized reserves and capital funds to help balance our budget. We continue our work to strengthen the County's Rainy Day Fund and address the County's significant deferred maintenance and capital improvement needs. The County also utilized ongoing departmental budget curtailments to help achieve a balanced budget during the budget crisis. On average, departments suffered a 15 percent reduction to the NCC portion of their budgets while at the same time absorbing certain employee benefit cost increases. Some departments also have structural deficits caused by several years of curtailments and cost absorptions. Although we have restored some critical curtailments, strong consideration should be given in later stages of the budget process to strategically restore some of the remaining curtailments and addressing structural deficits as locally generated revenues increase.

The County has taken steps to prefund Other Post-Employment Benefits (OPEB), by creating a trust fund with an initial deposit of \$448.8 million, updating our budget policy to earmark excess available fund balance to be deposited in the trust fund, and reaching agreement with our labor partners to reduce this benefit for future County employees. Although these are important steps in the right direction, serious consideration needs to be given to developing and implementing future actions to fund this benefit.

POTENTIAL STATE/FEDERAL BUDGET IMPACTS

State Budget

On January 9, 2014, the Governor released his 2014-15 Proposed State Budget, which includes \$106.8 billion in State General Fund expenditures. Unlike recent years, the proposed budget assumes \$4.0 billion in additional State revenues and contains no significant reductions to County-administered programs. Given the State's positive revenue outlook, some members of the Legislature have expressed an interest in restoring the reductions to education and health and human services programs made in recent years when the State faced significant budget shortfalls.

The proposed budget assumes \$6.7 billion in federal funding to provide Medi-Cal coverage for newly eligible persons. It also continues AB 85, which among other things, modifies the 1991 Realignment revenue allocation mechanism to calculate potential County savings resulting from the ACA and to redirect a portion of the potential savings from counties to the State. AB 85 contains Los Angeles County-specific language developed by the Department of Health Services and the Brown Administration to determine the Department's expenses and revenues and how to calculate the potential savings that will be shared with the State.

Since the State budget situation continues to unfold and remains fluid, we are deferring recommendations to align the County budget with actions by the Governor and the Legislature until later phases of the State Budget process when their situation becomes clearer. Similarly, we are deferring Public Safety Realignment (AB 109) budget adjustments, since AB 109 allocations to counties are expected to be addressed in the Governor's May Budget Revision.

Federal Budget

Difficulties at the Federal level have made it difficult to enact annual appropriations bills needed to fund federal programs and operations. The Federal government was shut down during the first 16 days of Federal Fiscal Year (FFY) 2014, which began on

October 1, 2013, because Congress neither had enacted any FFY 2014 appropriations bills nor a Continuing Resolution to temporarily fund Federal programs and operations. Full-year FFY 2014 appropriations were not enacted until January 17, 2014.

Due to these difficulties, it is highly unlikely that federal legislation will be enacted that will significantly reduce mandatory (entitlement) programs, such as Medicaid, Temporary Assistance for Needy Families, Title IV-E Foster Care and Adoption Assistance, Child Support Enforcement, and the Supplemental Nutrition Assistance Program, through which the County receives the vast majority of its overall Federal revenue from mandatory (entitlement) programs. The County's total federal revenue will increase in 2014-15 since Medicaid revenue, which, by far, is the largest source of federal revenue to the County, will grow significantly due to the ACA Medicaid expansions.

The County currently receives its Title IV-E Foster Care revenue through a waiver, which expires on June 30, 2014. Under this waiver, the County receives annual capped Federal allocations which grow 2 percent a year, and which provide the County with greater flexibility over the use of funds. At this time, the State of California is negotiating the waiver's extension with the Federal government. The main waiver extension issue is its financial terms and conditions – that is, how much Federal waiver funding would be provided in future years. This is especially important because, under current State law, counties are responsible for financing all non-Federal child welfare costs.

The funding outlook for Federal discretionary programs, which are funded through annual appropriations bills, is more promising than it was one year ago. This is because, in December 2013, Congress enacted the Bipartisan Budget Act which increased the overall discretionary spending cap to \$1.012 trillion in FFY 2014 and \$1.014 trillion in FFY 2015 from the post-sequester FFY 2013 level of \$986 billion.

CAPITAL PROJECTS/EXTRAORDINARY MAINTENANCE PROGRAMS

Capital Projects

The 2014-15 Recommended Capital Projects/Refurbishments Budget appropriates \$772.5 million for continued development, design, and construction of projects that address high-priority health, public safety, recreation and infrastructure needs.

The 2014-15 Recommended Budget also reflects a decrease of \$104.0 million from the 2013-14 Final Adopted Budget, due to the completion of 18 projects in 2013-14 and expenditures for ongoing projects. In addition, several bond-financed projects, which are not accounted for in the Capital Projects/Refurbishments Budget once bonds have

been issued, were also completed. Such projects include the Martin Luther King, Jr. Multi-Service Ambulatory Care Center, High Desert Multi-Service Ambulatory Care Center, Harbor-UCLA Surgery and Emergency Room Expansion, Bob Hope Patriotic Hall Renovation, and Coroner Project.

The 2014-15 Recommended Budget appropriates \$35.8 million for soil and groundwater investigation, monitoring, and remediation projects at County-owned sites in the cities of Downey, Carson, and throughout unincorporated Los Angeles County.

The County continues to address facility needs resulting from the enactment of AB 109, the State's Public Safety Realignment Act, which resulted in an influx of new inmates into County jails. The 2014-15 Recommended Budget appropriates \$147.5 million for facility improvements to various jail facilities, and an additional \$40.3 million is being recommended to construct a reconfigured juvenile detention facility at Camp Kilpatrick to accommodate a new evidence-based rehabilitation and educational model. The project is partially funded by a State grant.

In addition to these environmental and public protection projects, the County continues to refurbish and construct new libraries, parks and beach facilities to enrich the lives of County residents, as well as address its own governmental needs through the construction of new facilities, such as a new countywide data center.

Sustainable Design Program

In January 2007, the Board of Supervisors approved the establishment of the Sustainable Design Program as a component of the County's Energy and Environmental Policy. The purpose of the Program is to support the County's goal of a 20 percent reduction in its facilities' energy and resource consumption by the year 2015 through the integration of sustainable, "green building" technologies into the designs of the County's capital improvement and refurbishment projects. The 2014-15 Recommended Budget for Capital Projects/Refurbishments reflects the County's continued commitment to the idea of sustainability, with the incorporation of sustainable design technologies into 155, or 47 percent, of the County's 330 active building or refurbishment related projects.

Extraordinary Maintenance

The County continues to direct ongoing investment to meet performance requirements and expectations for its facilities. The 2014-15 Recommended Budget appropriates \$140.9 million for high-priority repairs, maintenance, and accessibility modification needs at County facilities, including juvenile halls, animal shelters, County beaches, parks, and for various roof repairs throughout the County.

BUDGET TIMETABLE

Below is the schedule for budget hearings and deliberations.

Board Action	Approval Date
Adopt Recommended Budget; Order Printing, Notice and Distribution; and Schedule Public Hearings	April 15, 2014
Commence Public Budget Hearings	May 14, 2014
Commence Final Budget Deliberations and Adopt Budget Upon Conclusion	June 23, 2014

Prior to deliberations on the FY 2014-15 Adopted Budget, we will file reports on:

- May revisions to the Governor's Budget and updates on other 2014-15 State and federal budget legislation and the impact on the County's Recommended Budget;
- Final revisions reflecting the latest estimates of requirements and available funds;
- Issues raised in public hearings or written testimony;
- Specific matters with potential fiscal impact; and
- Issues as instructed by the Board.

APPROVAL OF RECOMMENDED BUDGET

The matter before the Board is the adoption of the Recommended Budget.

- The documents must be available for consideration by the public at least 10 days prior to the commencement of public budget hearings.
- Adjustments to the budget, including revisions to reflect the Board's funding priorities and State and federal budget actions, can be made during budget deliberations, prior to adoption of the Budget.
- Pursuant to State law (the County Budget Act), the Board may make changes to the Recommended Budget with a simple majority (3 votes) until adoption of the Budget, if changes are based on the permanent record developed during public hearings (e.g., Recommended Budget, budget requests and all written and oral input by Supervisors, County staff and the public).

- Changes not based on the “permanent record” require 4/5 vote.

THEREFORE, IT IS RECOMMENDED THAT THE BOARD:

Order such revisions, additions, and changes to the Chief Executive Officer’s budget recommendations as deemed necessary, and approve the revised figures as the Recommended Budget for 2014-15; order the publication of the necessary notices; and set May 14, 2014, as the date that public budget hearings will begin.

Respectfully submitted,

County Mission

- **To enrich lives through effective and caring service**

County Values

Our **philosophy** of **teamwork** and **collaboration** is anchored in our shared values:

- **Accountability** – We accept responsibility for the decisions we make and the actions we take.
- **Can-Do Attitude** – We approach each challenge believing that, together, a solution can be achieved.
- **Compassion** – We treat those we serve and each other in a kind and caring manner.
- **Customer Orientation** – We place the highest priority on meeting our customers' needs with accessible, responsive quality services, and treating them with respect and dignity.
- **Integrity** – We act consistent with our values and the highest ethical standards.
- **Leadership** – We engage, motivate and inspire others to collaboratively achieve common goals through example, vision and commitment.
- **Professionalism** – We perform to a high standard of excellence. We take pride in our employees and invest in their job satisfaction and development.
- **Respect for Diversity** – We value the uniqueness of every individual and their perspective.
- **Responsiveness** – We take the action needed in a timely manner.

Strategic Plan Goals

- 1. Operational Effectiveness:** Maximize the effectiveness of the process, structure, and operations to support timely delivery of customer-oriented and efficient public service.
- 2. Fiscal Sustainability:** Strengthen and enhance the County's capacity to sustain essential County services through proactive and prudent fiscal policies and stewardship.
- 3. Integrated Services Delivery:** Maximize opportunities to measurably improve client and community outcomes and leverage resources through the continuous integration of health, community, and public safety services.

The 2014-15 recommended net operating budget totals \$26.1 billion, a decrease of \$0.045 million, or -0.2 percent less than the FY 2013-14 budget. The budget represents a balanced plan, devoting limited resources to the highest priority programs while maintaining basic services. These programs cover a wide range of functions, from road and flood maintenance, to ensuring the health and safety of County residents, to providing access to a variety of recreational and cultural opportunities. The proposals for FY 2014-15 are subject to public hearings, scheduled for May 2014, and adoption by the Board, anticipated in June. Changes are detailed by department and/or funds within the 2014-15 Recommended Budget.

The figures displayed on this page reflect the revenues and expenditures of the County as if it were one large department. This display does not include certain non-program expenditures and revenues that are included in the budget for accounting purposes. Inclusion of such amounts increases the budget and gives the impression that more County resources are actually available. These amounts, totaling \$1.9 billion, artificially inflate the budget by approximately 7 percent, resulting in an operating budget of \$27.9 billion, which is reflected in the Auditor-Controller budget schedules, pursuant to State Controller requirements.

TOTAL	\$ 20.009	\$ 20.271	\$ 0.262	1.31%

The 2014-15 recommended net operating budget for general County operations is \$20.3 billion, an increase of \$262 million, or 1.31 percent higher than the FY 2013-14 budget. General County funds provide for a multitude of services to individuals and communities within the County. These services include: 1) a law enforcement system; 2) justice-related services; 3) extensive regulatory services to ensure public and environmental protection; 4) various health, welfare, and social services; 5) diverse recreational and cultural programs; and 6) essential government services. Changes are detailed by department within the Budget Summaries section of this document.

The figures displayed on this page reflect the revenues and expenditures of general County operations as if they were one large department. This display does not include certain non-program expenditures and revenues that are included in the budget for accounting purposes. Inclusion of such amounts increases the budget and gives the impression that more County resources are actually available. These amounts, totaling \$1.1 billion, artificially inflate the budget by almost 6 percent, resulting in an operating budget of \$21.4 billion.

**BUDGETED POSITIONS
BY MAJOR FUNCTIONAL GROUP**
TOTAL BUDGETED POSITIONS: 105,023.0

The 2014-15 Recommended Budget provides funding for 105,023.0 budgeted full-time equivalent positions, which represents an increase of 1,345.0 from the 2013-14 level of 103,678.0. As depicted in the chart, approximately 60 percent of the budgeted positions in the County are in the law and justice, and the health functional groups.

The major changes in budgeted positions are attributable to the following:

- Child Support Services - decrease of 48.0 vacant positions primarily to fund unavoidable increases in salaries and employee benefits and charges from other County departments.
- Children and Family Services - increase of 189.0 to support efforts to reduce caseloads, increase child safety and improve timeliness and quality of service; and to support the Department's Information Technology (IT) applications and other administrative functions.
- Fire Department - increase of 17.0 to support administrative functions and address workload increases.
- Health Services/Hospital Enterprise - increase of 832.0 primarily to meet State mandated AB 394 nurse staffing ratios, as well as for the conversion of contract staff to permanent County employees at various hospitals and to reflect Managed Care Services (MCS) organizational changes.
- Mental Health - increase of 47.0 primarily to support Medicaid expansion under the Affordable Care Act, and to increase capacity at the countywide call center for mental health services.
- Probation - increase of 26.0 primarily for the opening of two Juvenile Day Reporting Centers and the enhancement of the Return-to-Work unit.
- Public Library - increase of 11.0 for the opening of the new Stevenson Ranch Library.
- Public Health - increase of 53.0 primarily to support the Communicable Diseases Prevention and Control (CDCP) division, Substance Abuse and Prevention Control (SAPC), and various administrative support services.
- Sheriff - increase of 152.0 primarily for phase I of a three-year implementation plan to address the Citizens' Commission on Jail Violence recommendations on jail reforms.
- Other - net increase of 66.0 in the remaining departments primarily to implement and support various programs within the County.

CHILDREN AND FAMILY SERVICES

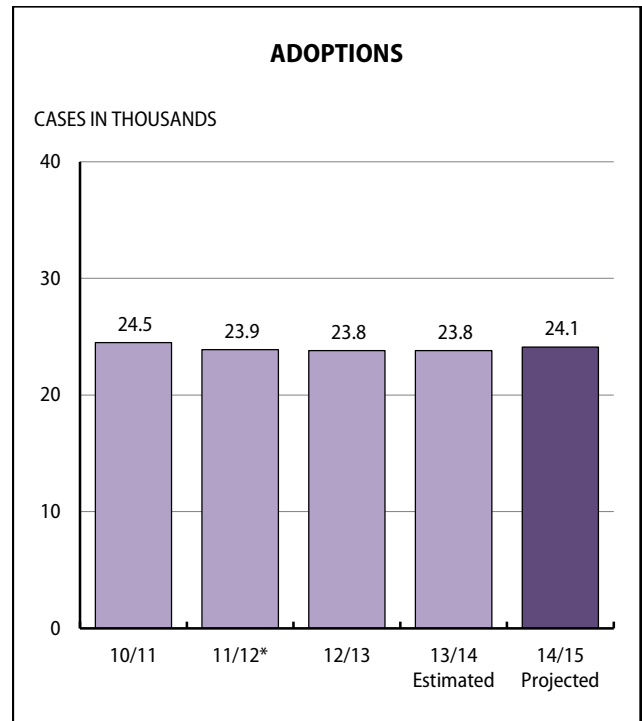

MAJOR CASELOADS

These caseloads reflect the major workload of the Department:
Child protective services caseloads reflect mandated emergency response, family maintenance and reunification, and permanent placement services.

The adoption caseloads represent the average number of families receiving adoption assistance payments.

*2011-12 caseloads have been revised from previous publications.

DETENTION POPULATION

SHERIFF INMATE POPULATION

The Sheriff's inmate population, which includes both pre-sentenced and sentenced inmates, is housed in six custody facilities: Men's Central Jail, Twin Towers Correctional Facility, Century Regional Detention Facility, and the Peter J. Pitchess Detention Center Facilities (South Facility, East Facility, and the North County Correctional Facility). The estimated average length of stay that inmates will spend in jail in 2013-14 is expected to increase to 57 days compared to an average of 53 days in 2012-13.

PROBATION JUVENILE HALLS/CAMPS POPULATION

The juvenile hall population is comprised of minors (generally under the age of 18 years), who are awaiting adjudication and disposition of legal matters as well as for various post-disposition matters, in three separate facilities: Central, Los Padrinos, and Barry J. Nidorf.

The camps provide treatment, care, custody, and training for the rehabilitation of delinquent minors placed in these 14 facilities as wards of the Juvenile Court for an average period of 22 weeks. The estimated 2013-14 and projected 2014-15 figures reflect three camps that are temporarily closed.

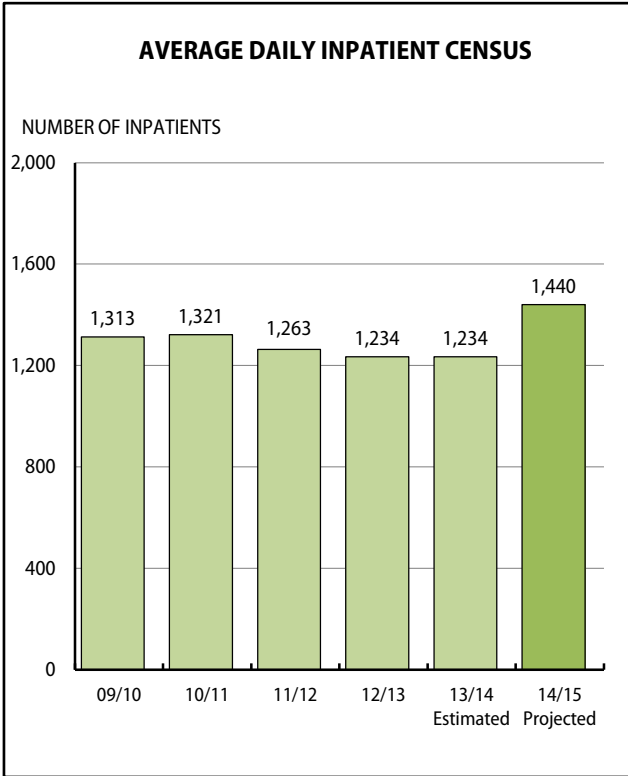

HEALTH SERVICES

INPATIENT CENSUS

The Department of Health Services' (DHS) inpatient census has remained relatively static over the past four years. Prior to 2009-10, DHS experienced an overall decline in census primarily due to the transition of LAC+USC Medical Center to a smaller replacement facility in November 2008, and the conversion of Martin Luther King, Jr.-Harbor Hospital (MLK) to the MLK Multi-Service Ambulatory Care Center, which included the purchase of inpatient beds operated by other hospitals within the community.

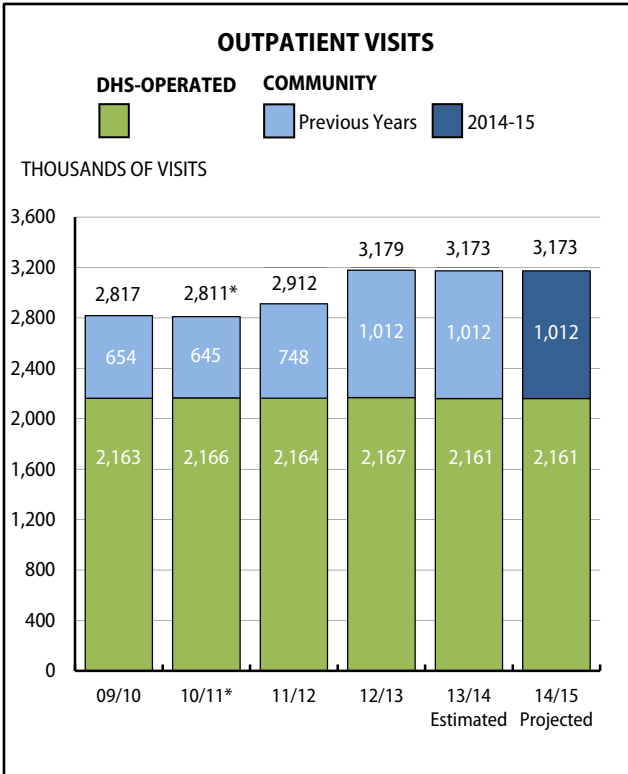

The inpatient census is estimated to remain at similar levels for 2013-14. DHS projects the 2014-15 census to be in line with the 2014-15 budget. With the implementation of the Affordable Care Act (ACA) on January 1, 2014, DHS is making operational changes to transform the Department into an integrated health system that can address the challenges posed by the ACA. DHS will continue to review their budgeted census as they evaluate the impact of the ACA on their inpatient census in future years.

OUTPATIENT VISITS

In past years, DHS made substantial progress on increasing outpatient visits while reducing costly hospital inpatient care. This was largely due to the purchase of additional outpatient visits from community-based private providers also known as Community Partners (CP). Outpatient visits remained at similar levels from 2009-10 through 2011-12. Visits increased in 2012-13 as a result of additional funding from the Board for the CP clinic capacity expansion program. DHS projects outpatient visits will remain at similar levels for 2013-14 and 2014-15. The Department continues to evaluate the impact of the ACA on outpatient visits.

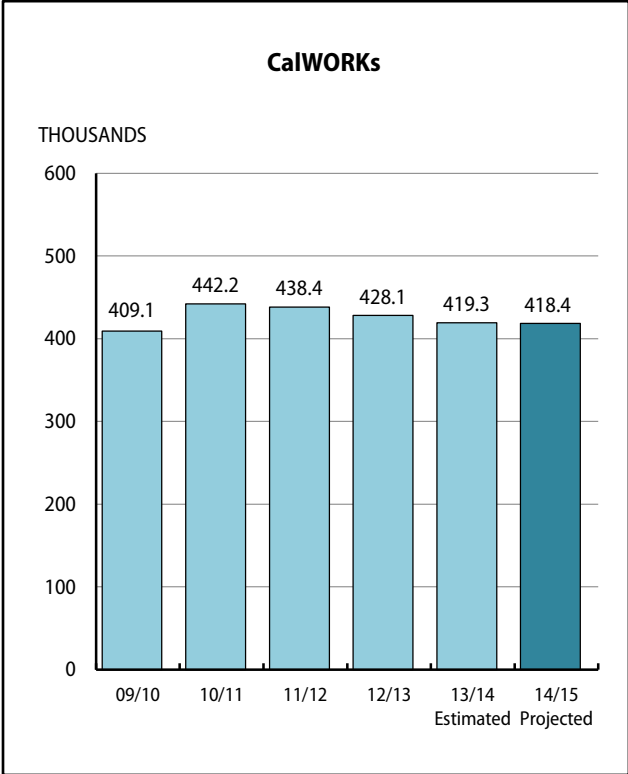

*2010-11 visits have been revised from previous publications.

PUBLIC ASSISTANCE

CALIFORNIA WORK OPPORTUNITIES AND RESPONSIBILITY TO KIDS (CalWORKs)

The Federal Temporary Assistance for Needy Families (TANF) block grant program is authorized under Title IV of the Social Security Act. It replaced the Aid to Families with Dependent Children (AFDC) entitlement program, among others. In California, TANF requirements are administered under Division 9, Part 3, Chapter 2 of the Welfare and Institutions Code, as the CalWORKs program. The CalWORKs program provides temporary financial support and supportive services to eligible adults with children to enable them to transition from welfare to work and to achieve economic self-sufficiency. This chart reflects the average number of persons aided each month by fiscal year.

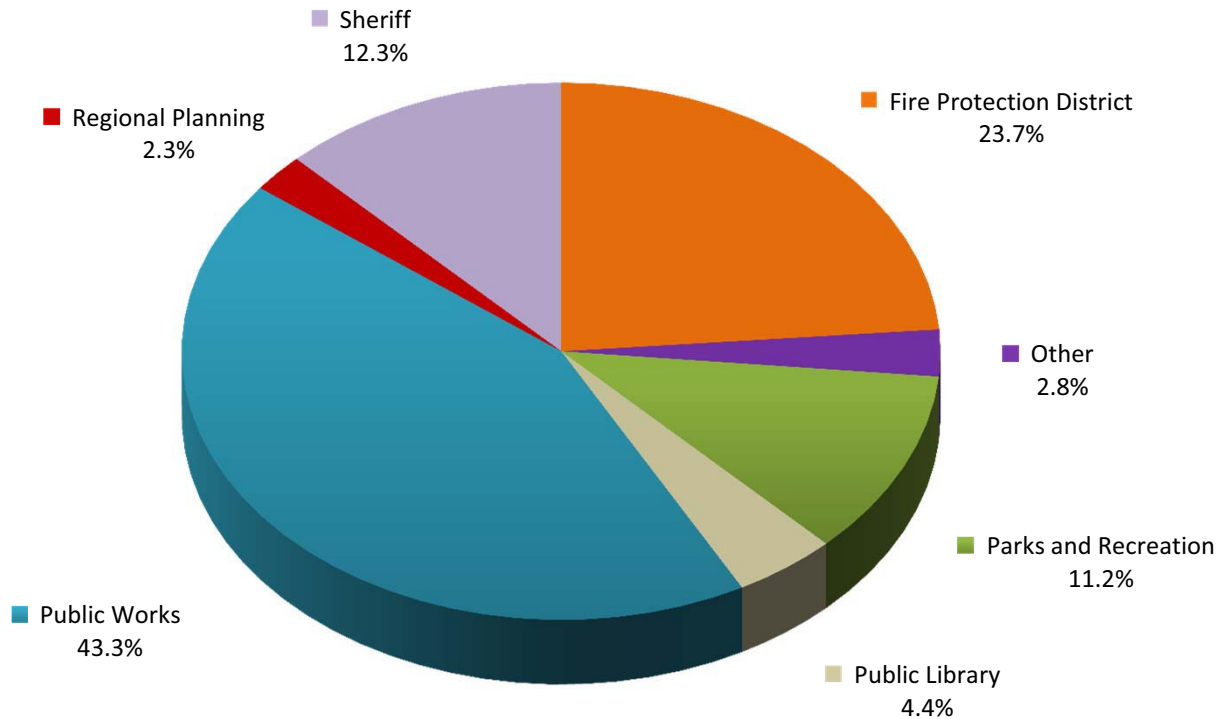

INDIGENT AID

Indigent Aid, a State-mandated program administered by counties, is defined by Section 17000 of the Welfare and Institutions Code. The Indigent Aid program provides financial assistance to indigents who are ineligible for other State and federal assistance programs. This program also provides emergency assistance to individuals and families in temporary need. This chart reflects the average number of persons aided each month by fiscal year.

Reader's Guide to Understanding the Budget

The Recommended County Budget contains the proposed financial and operating plan for the County for the fiscal year, which runs from July 1 to June 30. The following general outline is designed to assist the reader in understanding the information presented in each document. Additional information related to the County and its operations and services can be obtained via its Internet website at <http://lacounty.gov>.

THE GOVERNING BODY

A five-member elected Board of Supervisors that has legislative and executive authority governs the County, a political subdivision of the State of California.

FINANCIAL STRUCTURE AND OPERATIONS

To secure uniform accounting standards among California's 58 counties, the State Controller provides administrative directives and recommends practices and procedures relating to the form and content of the annual County Budget. In accordance with State direction, the County uses a modified accrual basis of accounting, and organizes and operates that system on a fund basis. Funds are separate legal or fiscal entities by which resources are allocated and controlled. The County Budget has seven major types of funds:

I. General Fund

The General Fund is the principal fund in the County Budget and is used to finance most governmental operations that are general in purpose and not included in another fund.

II. Enterprise Funds

Enterprise Funds are used to account for operations of governmental units where the users of the services include the general public, and the costs of providing the services are financed primarily by user charges, similar to a private business. Examples are the Hospital Enterprise Funds.

III. Special Revenue Funds

Special Revenue Funds are used to account for the proceeds of revenue sources that must be spent for specific purposes. Examples of Special Funds are the Child Abuse and Neglect Prevention Program Fund and the Sheriff Processing Fee Fund.

IV. Capital Project Special Funds

Capital Project Special Funds are used to account for financial resources used for the acquisition or construction of major capital facilities (other than those financed by proprietary and trust funds). Examples are the General Facility Capital Improvement Fund and the Marina Replacement Accumulated Capital Outlay Fund.

V. Special District Funds

Funded by specific taxes and assessments, Special District Funds are separate legal entities that provide public improvements and services to benefit targeted properties and residents. Examples are the Garbage Disposal Districts and the Sewer Maintenance Districts.

VI. Other Proprietary Funds

Other Proprietary Funds are used to account for financing goods and services provided by one department to another department, or by a department to another governmental unit, on a cost-reimbursement basis. An example of this type of fund is the Public Works Internal Service Fund.

VII. Agency Fund

Included in this category are the Community Development Commission and the Housing Authority, which are under the control of the Board, but are separate legal entities.

VOLUME ONE

TRANSMITTAL LETTER

The Transmittal Letter provides an overview of the Chief Executive Officer's Recommended County Budget. The letter includes a summary of the key countywide recommendations reflected in the budget and provides a discussion of funding recommendations for major County program areas. The Transmittal Letter also outlines the legal requirements and process for adopting both a Recommended and Final County Budget.

BUDGET SUMMARIES

The Budget Summaries section of the Recommended County Budget provides information about each budget. The following information is included in this section for each department:

- Budget Summary
- Mission Statement
- Budget Message
- Critical/Strategic Planning Initiatives
- Changes From Prior Year Budget
- Unmet Needs (*as applicable*)
- Budget Detail
- Program Summary
- Organization Chart

PROGRAM SUMMARY

The Program Summary, a section in the Budget Summaries, provides information such as the legal authority for the program, whether the program is mandated or discretionary, the description of the program and summary budget information reflecting the base budget.

VOLUME TWO

BUDGET DETAIL SCHEDULES

The Budget Detail Schedules section displays appropriation by budget unit by object (and in some cases, object class) and provides the Auditor-Controller with budgetary control over expenditures and future financial commitments during the fiscal year. This section is separated into six subsections: Capital Projects/Refurbishments, Special Revenue Funds, Capital Project Special Funds, Special District Funds, Other Proprietary Funds, and Agency Fund.

CAPITAL PROJECTS/REFURBISHMENTS

The Capital Projects/Refurbishments schedule, a section in the Budget Detail Schedules, provides information about the County's General Fund capital improvement and refurbishment projects. Funds for these projects are appropriated in the Capital Projects/Refurbishments budget as Land Acquisition, Buildings and Improvements, and Infrastructure.

BUDGET SUMMARY SCHEDULES

These schedules provide summary and detailed information on financing sources and uses.

AUDITOR-CONTROLLER SCHEDULES

These schedules provide summary and detailed countywide financing source and use information necessary to meet mandated State Controller requirements.

Mission Statement

To protect the environment, the agricultural industry, consumers and business operators through effective enforcement of federal and State laws and County ordinances in the areas of health, safety, and consumer concerns of County residents. The Department's highly diverse public services include: ensuring the safe and wholesome supply of food and water; protecting consumers and businesses from fraud; preventing the misuse of pesticides; managing and excluding pests; minimizing fire hazards from weeds and brush; and providing useful consumer and agricultural information.

2014-15 Budget Message

The 2014-15 Recommended Budget reflects an overall net County cost (NCC) increase of \$0.4 million primarily due to Board-approved increases in salaries and employee benefits, partially offset by the deletion of one-time funding for various projects. The Recommended Budget also includes a net decrease of 2.0 positions due to the deletion of 4.0 positions in the Environmental Toxicology Program and 1.0 position in Administration as a result of decreased services provided to Public Works and Public Health and a reduction in State

revenue, respectively; partially offset by the addition of 3.0 revenue-offset positions in the Integrated Pest Management Program.

Critical/Strategic Planning Initiatives

The Department continues to:

- Pursue additional revenue source opportunities, through proactive involvement in legislation development, coordination with upper management of the California Department of Food and Agriculture and Division of Measurement Standards, and establishment of partnerships with other agencies, to more effectively perform its mission.
- Implement long-term strategies to improve Service Excellence and Workforce Excellence through ongoing employee development and development of the Agricultural Commissioner/Weights and Measures (ACWM) Internet Website and other outreach efforts to enhance public awareness of the Department and its services.
- Maintain focus of recruitment efforts to attract qualified and skilled applicants to fill inspector positions to ensure environmental and public safety, provide mandated and increased protections to consumers and businesses, and provide protection to the environment, native plant life and the agricultural industry.

Departmental Program Summary

1. Pest Detection

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos
Total Program Costs (Exotic Pest Detection)	7,154,000	--	4,389,000	2,765,000	74.0
<i>Less Administration</i>	1,457,000	--	150,000	1,307,000	--
Net Program Costs	5,697,000	--	4,239,000	1,458,000	74.0

Authority: Mandated program - California Food and Agricultural Code (CFAC), Sections 401 and 5101.

Protect crops and home gardens from exotic insects known to be pests in other parts of the country or world through a detection trapping system.

2. Pesticide Training and Hazardous Materials Inventory Reporting

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos
Total Program Costs	134,000	--	102,000	32,000	1.0
<i>Less Administration</i>	21,000	--	--	21,000	--
Net Program Costs	113,000	--	102,000	11,000	1.0

Pesticide Training

Authority: Non-mandated, discretionary program.

Provide training for private industry, County, and other governmental agencies whose employees handle pesticides.

Hazardous Materials Management Plan and Inventory Statement Program

Authority: Mandated Program – California Health and Safety Code (CHSC) Division 20, Chapter 6.95 Article 1.

The Commissioner shall conduct inspections of agricultural handlers of hazardous materials. The Commissioner shall forward these inventories to the County Certified Unified Program Agency (LACoCUPA) for review and incorporation into LACoCUPA's Business Plan database.

3. Agricultural Services

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos
Total Program Costs	262,000	--	221,000	41,000	3.0
<i>Less Administration</i>	41,000	--	--	41,000	--
Net Program Costs	221,000	--	221,000	--	3.0

Authority: Non-mandated, discretionary program.

Enforce apiary laws and regulations. Provide direct services to the public to act as clearing house for other agencies providing service where we are unable to offer public outreach on apiary matters, and to make available a public education component. Conduct presentations for public, private, and governmental employees, fairs and seminars. Maintain Africanized Honey Bee (AHB) Hotline. Coordinate with the industry responses to AHB complaint calls.

4. Pesticide Use Regulation

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos
Total Program Costs	3,045,000	--	2,617,000	428,000	23.0
<i>Less Administration</i>	493,000	--	50,000	443,000	--
Net Program Costs	2,552,000	--	2,567,000	(15,000)	23.0

Authority: Mandated program – CFAC Sections 22872(B) (5), 11501, 2272, and 2279.

Provide direct services, regulatory oversight and local administration of pesticide use enforcement; and develop an annual statistical report of the County's agricultural production.

5. Nursery/Seed

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos
Total Program Costs	263,000	--	107,000	156,000	2.0
<i>Less Administration</i>	42,000	--	--	42,000	--
Net Program Costs	221,000	--	107,000	114,000	2.0

Authority: Mandated program – CFAC, Sections 52251 and 6961.

Provide healthy, pest-free plants to consumers for the beautification of their homes and environment through the detection and control of existing and introduced injurious pests and diseases.

The mission of the Nursery Program is to prevent the introduction and spread of agricultural pests through nursery stock and protect agriculture and consumers against economic losses resulting from the sale of inferior, defective, or pest infested nursery stock.

The Seed Program ensures accurate identification and viability of seeds available for purchase by consumers and industry. Poor quality seeds can cost farmers and home gardeners alike considerable amounts of time, money, and resources by way of reduced yields, poor crop quality, contamination by weeds, or other unwanted species. By enforcing California Seed Law requiring labeling, the Department is able to ensure that consumers receive the desired product.

6. Pest Exclusion

High Risk

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos
Total Program Costs (High Risk)	2,281,000	--	2,367,000	(86,000)	17.0
<i>Less Administration</i>	333,000	--	50,000	283,000	--
Net Program Costs	1,948,000	--	2,317,000	(369,000)	17.0

Authority: Mandated program – CFAC, Sections 5101 and 6301.

Protect agriculture and natural resources by enforcing both State and federal quarantines established against exotic pests and diseases. County agricultural inspectors seek out unauthorized agricultural shipments at the Los Angeles Airport (LAX) and high-risk facilities, such as postal carriers, express carriers, air and sea ports, and produce specialty markets. Shipments infested with quarantine pests and/or in violation with established quarantines are required to be treated under the supervision of county agricultural inspectors.

Low Risk

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos
Total Program Costs (Phytosanitary Certification)	1,749,000	--	1,142,000	607,000	14.0
<i>Less Administration</i>	<i>292,000</i>	<i>--</i>	<i>50,000</i>	<i>242,000</i>	<i>--</i>
Net Program Costs	1,457,000	--	1,092,000	365,000	14.0

Authority: Mandated program – CFAC, Sections 5202 and 5205.

Provide an efficient service for the nursery and produce industries by certifying that their highly perishable shipments comply with the entry requirements of other states and countries through the use of Phytosanitary certifications. The Low Risk Program promotes commerce, equipment, and supports the ability of industry to export agricultural products domestically and internationally.

Entomology/Plant Pathology Laboratories/Sudden Oak Death (SOD)

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos
Total Program Costs	387,000	--	313,000	74,000	3.0
<i>Less Administration</i>	<i>62,000</i>	<i>--</i>	<i>--</i>	<i>62,000</i>	<i>--</i>
Net Program Costs	325,000	--	313,000	12,000	3.0

Entomology/Plant Pathology Laboratories

Authority: Non-mandated, discretionary program.

Provide support and assistance to Department programs, i.e., Fruit Fly Detection, SOD, and Pest Exclusion, as well as other County departments and municipal governments.

Protect consumers by identifying known and potential agricultural pests entering the County through port facilities.

Produce educational materials, including pest images to augment presentations, to increase the efficiency of departmental pest exclusion staff and the public. Information is provided to the general public via the Department’s website.

SOD

Authority: Mandated program – Federal Domestic Quarantine 7 Code of Federal Regulations (CFR) 301.92.

The SOD program enforces federal and State quarantine against Phytophthora ramorum (P. ramorum). County agricultural inspectors inspect and sample nurseries in the County for plants infected by P. ramorum. Nurseries found to be free of P. ramorum are issued a compliance agreement that allows them to ship nursery stock out-of-state. Nurseries found to have plants that are infected by P. ramorum are further inspected to determine the extent of the disease within the nursery. All blocks of nursery stock found to have infected plants are required to be destroyed by burial in a landfill. Audits of each nursery with a SOD compliance agreement are conducted quarterly to ensure that the nurseries are following the requirements contained in the compliance agreement.

7. Glassy-Winged Sharpshooter

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos
Total Program Costs (GWSS)	1,638,000	--	1,248,000	390,000	18.0
<i>Less Administration</i>	<i>354,000</i>	<i>--</i>	<i>50,000</i>	<i>304,000</i>	<i>--</i>
Net Program Costs	1,284,000	--	1,198,000	86,000	18.0

Authority: Mandated program – CFAC, Sections 6045, 6046, and 6047.

Provide a mechanism by which wholesale nurseries, a major agricultural producer in the County, can ship intrastate; prevent the artificial spread of the insect pest that carries Pierce’s Disease of grapevines, a disease that threatens grape and wine production in Northern California.

8. Produce Standardization

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos
Total Program Costs	1,677,000	--	818,000	859,000	14.0
<i>Less Administration</i>	<i>271,000</i>	<i>--</i>	<i>50,000</i>	<i>221,000</i>	<i>--</i>
Net Program Costs	1,406,000	--	768,000	638,000	14.0

Authority: Mandated program – CFAC, Sections 42801 and 43061.

Ensure fair competition between produce dealers and that fruit, vegetables, and eggs meet minimum California standards for quality. The program provides verification and documentation to growers for produce that is not sold and is donated or destroyed.

9. Scales and Meters Accuracy – Device

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos
Total Program Costs	6,130,000	--	5,794,000	336,000	48.0
<i>Less Administration</i>	<i>971,000</i>	<i>--</i>	<i>--</i>	<i>971,000</i>	<i>--</i>
Net Program Costs	5,159,000	--	5,794,000	(635,000)	48.0

Authority: Mandated program – California Business and Professions Code (CBPC) Section 12103.5.

Department employees systematically test the accuracy of weighing and measuring devices used for commercial purposes. Inspectors use mass and volume standards, traceable to the National Institute of Standards and Technology (NIST), and specialized equipment to conduct these tests.

10. Scanner Inspection – Price Verification

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos
Total Program Costs	2,652,000	--	2,188,000	464,000	22.0
<i>Less Administration</i>	<i>434,000</i>	<i>--</i>	<i>--</i>	<i>434,000</i>	<i>--</i>
Net Program Costs	2,218,000	--	2,188,000	30,000	22.0

Authority: Mandated program - CBPC Section 12103.5.

Department employees conduct undercover test purchases at retail stores. The prices they are charged for items selected are then compared with the stores lowest posted or advertised prices. Any overcharge is a violation of the CBPC.

11. Business Practices and Investigations

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos
Total Program Costs	1,546,000	--	222,000	1,324,000	13.0
<i>Less Administration</i>	<i>248,000</i>	<i>--</i>	<i>--</i>	<i>248,000</i>	<i>--</i>
Net Program Costs	1,298,000	--	222,000	1,076,000	13.0

Authority: Mandated program – CBPC Section 12103.5

Weighmaster Audits: Employees conduct audits of weighmaster tickets at weighmaster locations.

Test Sales: Employees conduct undercover test sales of pre-weighed recyclable materials at recycling businesses. Any underpayment, beyond scale tolerances, is a violation of CBPC 12512.

12. Integrated Pest Management

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos
Total Program Costs	5,047,000	188,000	3,824,000	1,035,000	41.0
<i>Less Administration</i>	<i>827,000</i>	<i>--</i>	<i>50,000</i>	<i>777,000</i>	<i>--</i>
Net Program Costs	4,220,000	188,000	3,774,000	258,000	41.0

Authority: Mandated program – California Government Code, Section 25842; CFAC, Sections 5404, 6022, and 6024; and Los Angeles County Code, Section 2.40.040E.

Control or reduce the spread of disease vectors and the establishment of animal, weed, insect, and disease pests detrimental to agriculture, ornamental landscaping or the environment through biologically sound and efficient control methods.

13. Weed Abatement

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos
Total Program Costs	6,055,000	365,000	4,517,000	1,173,000	40.0
<i>Less Administration</i>	<i>786,000</i>	<i>--</i>	<i>--</i>	<i>786,000</i>	<i>--</i>
Net Program Costs	5,269,000	365,000	4,517,000	387,000	40.0

Authority: Mandated program – CHSC, Sections 14875-14922; California Government Code, Sections 39560-39588, and 51182; and California Public Resources Code, Section 4291.

Provide fire protection to homes, businesses, and the citizens of the County by monitoring and, if necessary, removing flammable vegetation and combustible debris from unimproved property.

14. Environmental Toxicology Laboratory

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos
Total Program Costs	2,656,000	46,000	1,059,000	1,551,000	19.0
<i>Less Administration</i>	<i>379,000</i>	<i>--</i>	<i>--</i>	<i>379,000</i>	<i>--</i>
Net Program Costs	2,277,000	46,000	1,059,000	1,172,000	19.0

Authority: Non-mandated, discretionary program.

Analyze water, produce, wipe, paint and other environmental samples for toxic contaminants including heavy metals, pesticides and bacteria as the base for health policy decisions. Samples are analyzed for County agencies and private firms.

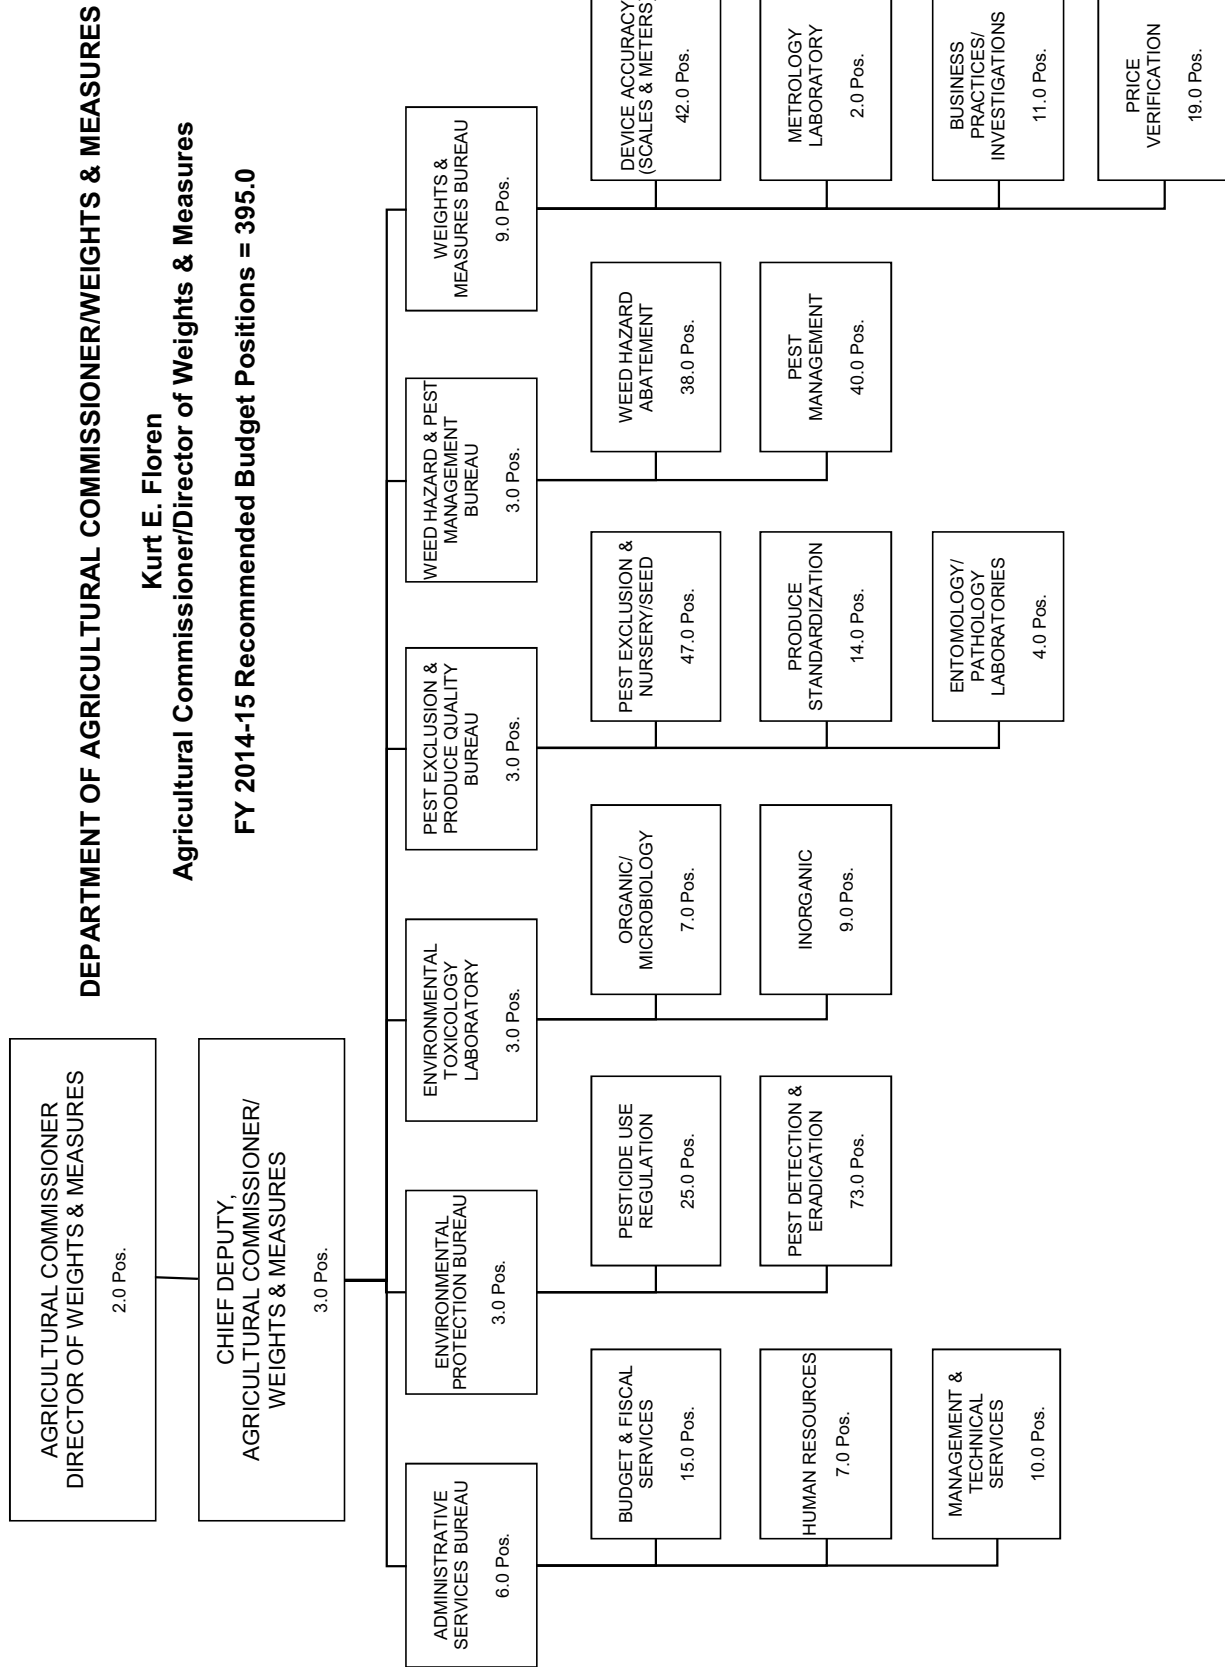

15. Administrative Services

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos
Total Program Costs	7,011,000	--	450,000	6,561,000	43.0
<i>Less Administration</i>	<i>--</i>	<i>--</i>	<i>--</i>	<i>--</i>	<i>--</i>
Net Program Costs	7,011,000	--	450,000	6,561,000	43.0

Authority: Non-mandated, discretionary program.

Provide administrative support to the Department in the areas of finance, budgeting, purchasing, human resources, payroll, facility management, and information technology. It includes the executive office.

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos
Net Program Costs	42,676,000	599,000	30,928,000	11,149,000	395.0

Mission Statement

To provide high quality and caring legal representation to indigent persons charged with a crime when a conflict of interest prevents the Public Defender from providing the required legal services, and to represent clients in appellate courts as required.

2014-15 Budget Message

The 2014-15 Recommended Budget reflects an increase in NCC of \$2.1 million primarily due to Board-approved increases in salaries and employee benefits partially offset by the deletion of one-time carryover funding.

Critical/Strategic Planning Initiatives

The Department continues to:

- Work with justice partners to implement the Public Safety AB109 Realignment Program;
- Implement and refine its programs and initiatives to correspond with the County's Strategic Plan;
- Collaborate with the Public Defender to develop a plan for the creation of a new Case Management System;
- Collaborate with the Internal Services Department (ISD) and the Chief Information Office to migrate the Department's active directory structure to the County's;
- Migrate the Department's Case Management System to a browser-based technology and assist the Public Defender in implementing this system for their office; and
- Collaborate with ISD to migrate the Department's application and data servers to the County's Virtual Server Cloud.

Mission Statement

The Department of Animal Care and Control, operating under State law and County ordinance, provides for public safety in the community through the removal and impoundment of domestic animals and livestock in the unincorporated areas of the County and contract cities. Central to the core mission of the Department is enforcement of applicable animal control laws, medical care and sheltering of impounded animals, recovery and redemption of lost animals with their owners, adoption and placement of available animals, investigation of animal cruelty and dangerous animal complaints, rabies vaccinations, and licensing of dogs and cats. The Department also provides for public education programs, spay and neuter surgeries and evacuation of animals during local and regional emergencies. The Department operates six animal shelters which have veterinary medical clinics as part of their operations. Department costs are partially offset by revenue from pet licenses, income from contract cities, and fees collected for various activities in the shelters.

2014-15 Budget Message

The 2014-15 Recommended Budget reflects an overall increase in NCC of \$1.0 million primarily due to Board-approved increases in salaries and employee benefits, funding for 10.0 positions for the Antelope Valley Communication Center, 3.0 positions for the Major Case Unit, one-time funding for the replacement of the Voice Recorder System, and aging vehicles. These increases are partially offset by the deletion of one-time funding for safety equipment, vehicles, and a video surveillance system.

Critical/Strategic Planning Initiatives

The Department of Animal Care and Control will continue to enhance revenue and develop more efficient processes for the delivery of its services. The primary efforts will be the implementation of the Antelope Valley Communication Center to streamline response to service calls from constituents in the Antelope Valley and offset the workload from the existing communication center, and augmentation of staff in the department's Major Case Unit. The Department is contemplating an enterprise solution for mobile connectivity to provide field staff and service vehicles access to data and updates through real time connectivity to the department's network and shelter management system.

This endeavor will significantly enhance the efficiency of the officers in the field by providing mobile access to licensing information, and report writing in the field. The deployment of video surveillance continues to be a high priority for the department, ensuring the safety of our employees, the public, and animals in our care; and provides a secure environment, improves workforce accountability, and discourages theft and other inappropriate conduct. The department has been finalizing its 2020 plan. This is a five year plan for fiscal years 2015-16 through 2019-20 that focuses on two key areas of need: facilities improvement and replacement; and staffing requirements. In the interim, the refurbishment of aged kennel buildings and other animal housing facilities continues to be a primary focus of the department's facility management strategy.

Authority: Mandated program - California Food and Agriculture Sections 30501, 31101, 31105, and 31602 and California Penal Code Section 597.

The program includes: (1) impound, housing, and provision of medical care to stray and abandoned animals; (2) return of licensed, micro-chipped, or tagged animals to owners of record; (3) adoption of available animals to the public, animal rescues, and adoption partners; and (4) emergency sheltering of animals displaced by wildfires or other disasters.

2. Revenue Services (Licensing and Canvassing)

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos
Total Program Costs	3,947,000	--	3,947,000	--	50.0
<i>Less Administration</i>	--	--	--	--	--
Net Program Costs	3,947,000	--	3,947,000	--	50.0

Authority: Mandated program - California Food and Agricultural Code Sections 30801-05, 30952, 31105-08, 31252, 31254, and 32252-53 and Los Angeles County Code Section 10.20.030.

The Licensing program is responsible for the maintenance of new license information and processing of annual renewal notices to animal owners in the unincorporated areas of the County and contract cities.

The Canvassing program performs neighborhood animal license enforcement at residences and other locations in the unincorporated areas of the County and contract cities. Department representatives collect past due licenses, verify rabies vaccination compliance, and perform annual inspections of businesses that care for, sell, or house animals.

3. Field Services (Includes Call Center)

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos
Total Program Costs	11,912,000	--	5,106,000	6,806,000	146.0
<i>Less Administration</i>	--	--	--	--	--
Net Program Costs	11,912,000	--	5,106,000	6,806,000	146.0

Authority: Mandated program - California Food and Agriculture Code Sections 30501, 31101, 31105, and 31602 and California Penal Code Section 597.

Responds to calls in the unincorporated areas of the County and contract cities for the capture and removal of dangerous and aggressive, stray, and unwanted dogs, cats, and other non-wildlife animals. Provides direct customer services including the removal of dead animals from the public and acceptance of relinquished animals. Assists other public service agencies in providing emergency services during natural or man-made disasters.

4. Medical Services (Shelter and Clinic)

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos
Total Program Costs	5,356,000	--	969,000	4,387,000	31.0
<i>Less Administration</i>	--	--	--	--	--
Net Program Costs	5,356,000	--	969,000	4,387,000	31.0

Authority: Mandated program - California Food and Agricultural Code Sections 30501, 30503, 31101, 31105, 31602, and 31751.3.
Provides general medical services to stray, relinquished, and abandoned animals brought in from the field by Animal Control officers and the public. Medical Services provides examinations, vaccinations, deworming, treatment, surgical repair, and surgical sterilization consistent with the Spay and Neuter Program, and services provided by private veterinarians.

5. Special Enforcement (Includes Spay and Neuter Program, Major Case, and Critical Case Processing Unit)

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos
Total Program Costs	2,075,000	--	--	2,075,000	25.0
<i>Less Administration</i>	--	--	--	--	--

FUND	FUNCTION	ACTIVITY
GENERAL FUND	RECREATION & CULTURAL SERVICES	CULTURAL SERVICES

Mission Statement

To foster excellence, diversity, vitality, understanding, and accessibility of the arts in the County. The Arts Commission provides leadership in cultural services for the County, including information and resources for the community, artists, educators, arts organizations, and municipalities.

2014-15 Budget Message

The 2014-15 Recommended Budget reflects a net increase of \$99,000 primarily due to restoring funding for the Organizational Grant, unavoidable cost increases, and Board-approved increases in salaries and employee benefits, partially offset by the deletion of one-time funding for the Organizational Grant program and Ford Theatre programs.

Critical/Strategic Planning Initiatives

- Continue a multi-year initiative to implement the Board-adopted *Arts for All* strategic plan to make the arts core in K-12 for 1.7 million students in the County by developing ongoing systems for data collection that will inform *Arts for All* planning processes, as well as provide evidence of changes in arts education offerings in the region over time.
- Institute a number of new systems to improve grants and professional development programs, including the development of new guidelines for the FY 2015-16 Organizational Grant Program.
- Continue implementation of the Master Plan for the current and future facilities of the John Anson Ford Theatres focusing on upgrades to the theatre itself, including amphitheatre stage reconstruction, new retaining walls and landscaping on the hillside, and tenant improvements consisting of additional dressing rooms, a new green room, and Americans with Disabilities Act improvements.
- Implement, through the Los Angeles County Open Spaces District grant funds, a new Civic Art Graffiti Abatement Project which will create innovative arts based projects.

Departmental Program Summary

1. Organizational Grants and Professional Development

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos
Total Program Costs	4,922,000	--	16,000	4,906,000	--
<i>Less Administration</i>	--	--	--	--	--
Net Program Costs	4,922,000	--	16,000	4,906,000	--

Authority: Non-mandated, discretionary program.

The program provides financial support, technical assistance, and professional development services to 370 non-profit arts organizations annually. Programs assist and strengthen non-profit organizations and municipal programs to provide arts services to enrich the lives of County residents. All applications undergo a rigorous peer panel review and scoring process to determine the quality of proposed projects and services, which are then approved by the Board. Grantees are provided additional opportunities, which include in-depth leadership training for executive, artistic, and managing directors; workshops on advancement and capacity building topics such as human resources, marketing, board development, and fundraising; grant application workshops; and scholarships for arts administrators to take courses at the Center for Non-profit Management and Long Beach Non-profit Partnership, and to attend local conferences.

2. Arts Internships

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos
Total Program Costs	695,000	--	45,000	650,000	--
<i>Less Administration</i>	--	--	--	--	--
Net Program Costs	695,000	--	45,000	650,000	--

Authority: Non-mandated, discretionary program.

The program provides approximately 125 paid 10-week summer internships for undergraduate college students at 105 performing and literary arts non-profits and municipal arts agencies. In addition, interns participate in an arts summit. This program develops future arts leaders to serve in staff positions, as board members, and volunteers in organizations that provide cultural services to County residents. The program works in partnership with the Getty Foundation, which supports internships in visual arts organizations.

3. Arts Education

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos
Total Program Costs	1,407,000	--	900,000	507,000	--
<i>Less Administration</i>	--	--	--	--	--
Net Program Costs	1,407,000	--	900,000	507,000	--

Authority: Non-mandated, discretionary program.

The Arts Commission provides leadership for the 2002 Board-adopted *Arts for All*, a countywide collaboration working to create vibrant classrooms, schools, communities, and economies through the inclusion of the arts as core curriculum for each of our 1.6 million public K-12 students. Key strategies include: 1) assisting school districts in planning and implementing arts education; 2) building capacity of both teachers and community artists to deliver high-quality arts instruction; 3) publishing online directories of arts education programs for students and educators; and 4) collecting, analyzing, and sharing data to track progress and inform strategy.

4. Community Programs - John Anson Ford Theatres

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos
Total Program Costs	1,196,000	--	48,000	1,148,000	--
<i>Less Administration</i>	--	--	--	--	--
Net Program Costs	1,196,000	--	48,000	1,148,000	--

Authority: Non-mandated, discretionary program.

Operates and programs the John Anson Ford Theatres and supports its flagship program, the Ford Amphitheatre Summer Partnership Program, which provides resources to County resident arts organizations and assists them to successfully present performances in its historic 1,200 seat amphitheatre. This appropriation does not reflect earned income, which is deposited in the Ford Theatre Special Development Fund, and contributed income, which is in the budget of the Ford Theatre Foundation, the non-profit fundraising arm of the Ford.

5. Community Programs – Holiday Celebration

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos
Total Program Costs	949,000	--	332,000	617,000	--
<i>Less Administration</i>	--	--	--	--	--
Net Program Costs	949,000	--	332,000	617,000	--

Authority: Non-mandated, discretionary program.

The County Holiday Celebration, which celebrated its 54th year in 2013, is a three-hour music and dance production held every December 24th at the Music Center's Dorothy Chandler Pavilion. The show is free to the public and honors the diverse cultures and holiday traditions that are celebrated in the many communities of the County. The Holiday Celebration is broadcast live on KCET and streamed on the Internet and is watched by an estimated one million local viewers. The program is also aired on the Armed Forces Network, bringing the show to United States service men and women living on military bases around the world.

6. Community Programs – Free Concerts in Public Sites

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos
Total Program Costs	30,000	--	--	30,000	--
<i>Less Administration</i>	--	--	--	--	--
Net Program Costs	30,000	--	--	30,000	--

Authority: Non-mandated, discretionary program.

Free Concerts in Public Sites includes concerts and participatory workshops that are free to the public. Events include concerts at non-profit, municipal, and County sites which apply for funding from the Board to support musician fees, and interactive music and dance workshops designed to engage communities in the performing arts by encouraging direct participation in diverse art forms.

7. Civic Art

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos

<i>Less Administration</i>	--	--	--	--	--
Net Program Costs	1,022,000	1,022,000	--	--	--

Authority: Non-mandated, discretionary program.

The program provides leadership in the development of high quality civic spaces by integrating the work of artists into the planning, design, and construction of County infrastructure and facilities. The program encourages innovative approaches to civic art and provides access to artistic experiences of the highest caliber to residents and visitors of the County. It also provides educational resources and ensures stewardship to foster broad public access to artwork owned by the County. The program has developed and maintains the records and inventory for County-owned civic artwork.

8. Administration

Mission Statement

To value people and property by creating an accurate and timely assessment roll while delivering exceptional and professional public service with integrity.

2014-15 Budget Message

The 2014-15 Recommended Budget reflects a net decrease in NCC of \$5.9 million primarily due to the deletion of one-time funding for various automation projects that were completed as part of the Legacy System Replacement Project Phase 1, and to backfill revenues resulting from the loss of the property tax administrative fee (PTAF). The Recommended Budget also includes funding for Board-approved increases in salaries and employee benefits, and unavoidable cost increases associated with the Data Warehouse and Document Imaging projects.

Critical/Strategic Planning Initiatives

The Assessor's Office will continue to:

- Introduce operational efficiencies to improve work activities and public services;
- Define and develop the Legacy System Replacement structure for the Assessor's tax system including all other stakeholder departments;
- Increase the use of social media and the Internet to disseminate critical service messages to the public about Assessor programs and operations;
- Implement the electronic data warehouse and document imaging program as a base step in any Legacy System Replacement effort;
- Recruit, train, and develop additional staff to increase operational effectiveness; and
- Pursue shorter duration projects that automate and improve the assessment process.

Net Program Costs	90,312,000	47,000	35,236,000	55,029,000	786.0

Authority: Mandated program - Article XIII of the State Constitution and the California Revenue and Taxation Code.

The primary function of this program is to appraise real estate properties that undergo a change of ownership or are subject to new construction or a change in market conditions, as well as to appraise business personal properties. This includes well over 2.3 million parcels throughout the County and over 300,000 business properties, which together have a revenue-producing assessment value of slightly over \$1.0 trillion. This program also provides public service throughout the Assessor's Office. The district offices also handle approximately 194,000 telephone calls a year and assist nearly 58,000 taxpayers in person.

2. Roll Services

Net Program Costs	47,361,000	24,000	18,554,000	28,783,000	414.0

Authority: Mandated program - Article XIII of the State Constitution and the California Revenue and Taxation Code.

This program is responsible for processing transfers and new construction permits; providing advice on legal and ownership matters to staff; creating and maintaining over 3,141 map books; processing property tax exemptions; serving as the nucleus of the Assessor's public information efforts; and handling over 159,000 telephone calls, of which 117,389 were public service issues and 42,132 were ownership issues. In addition, the Ownership Division received 59,314 inquiries related to ownership.

3. Information Technology

Authority: Mandated program - Article XIII of the State Constitution and the California Revenue and Taxation Code.

This program is responsible for the development, support and production of the Department's automated systems. It is composed of a highly technical group of analysts, programmers, and production operations specialists who manage systems in a multi-platform and multi-discipline environment. Key activities include developing the annual tax roll, facilitating solutions in response to tax law changes, and supporting customers and technical contract management through the Help Desk. This program also supports its multi-departmental property tax websites, which provided information on assessments, taxation, and appeals to over 4.2 million visitors in 2013.

Mission Statement

The Auditor-Controller provides the County with financial leadership and expert advice on a wide range of fiscal matters, and advocates for financial integrity and accountability in all County business practices. Responsibilities include statutory duties outlined in Sections 26880 and 26900 of the California Government Code; establishing County fiscal and internal control policies and procedures; operating eCAPS and eHR, the County's integrated accounting, disbursing, procurement, purchasing, time collection, and payroll systems; administering the countywide payroll; conducting audits and fraud investigations of departments, employees, and contractors; responding to requests by the Board for special reviews, investigations, and analyses; providing fiscal, payroll, and procurement services for 18 client departments in a shared services environment; monitoring social services contracts; performing mandated property tax functions, including extending property tax rolls, apportioning property tax allocations to taxing entities, including Successor Agencies and issuing property tax refunds due to property value reductions; disbursing warrants to vendors, judgment recipients, and claimants; and providing system development and support to a variety of countywide financial systems.

In addition, the Auditor-Controller provides the State and other agencies with mandated reports including the Comprehensive Annual Financial Report.

2014-15 Budget Message

The 2014-15 Recommended Budget reflects a decrease in NCC of \$0.2 million primarily due to the elimination of one-time carryover funding, partially offset by Board-approved increases in salaries and employee benefits. The Recommended Budget also includes a net increase of 7.0 revenue-offset positions to address departmental workload increases associated with Joint Powers Authorities (JPAs), Community Redevelopment Agency (CRA) Dissolution, and the Department of Children and Family Services (DCFS) group home and foster family agency audits.

Critical/Strategic Planning Initiatives

The Auditor-Controller advocates for fiscal responsibility and service excellence through various initiatives, including:

- Ensuring public trust in County government by implementing the Board-approved annual audit plan and conducting investigations of fraud and malfeasance;
- Working with the Chief Executive Office to fully fund compliance audits and enhancing service delivery by ensuring that such services can be provided in a manner consistent with government and accounting industry standards and best practices for audit independence;
- Ongoing enhancement of eCAPS and the Advantage eHR suite of applications to centralize and consolidate the County's financial management, reporting, human resources, and talent management functions;
- Improving the fiscal accountability of social services contractors by resolving issues related to federal recovery of questioned costs, ensuring auditor access to contractor records and continuing to enhance the Contractor's Manual to ensure compliance with contract terms and conditions;
- Promoting use of direct deposit to pay vendors, thereby reducing the County's reliance on check disbursements;
- Advocating for development of an integrated, enterprise Property Tax System to replace aging, obsolete and inefficient legacy applications that require high levels of staff and technical support; and
- Promoting County efficiency initiatives such as eForms, the Countywide Contracting Process Improvement Plan, and case management systems.

<i>Less Administration</i>	--	--	--	--	--
Net Program Costs	4,740,000	4,060,000	413,000	267,000	28.0

OCI

Authority: Mandated program - United States Federal Sentencing Guidelines Section 8B2.1(b)(5); California Penal Code Section 830.13; and County Code Section 2.10.

The OCI is responsible for conducting criminal and administrative investigations of misconduct and fraud by County employees, contractors, and vendors. The OCI responds immediately to all Board special requests for investigations, and investigates, and reports on allegations of fraud reported to the County Fraud Hotline or other referrals. In addition, OCI provides countywide consulting services, policy development, training, and fraud monitoring and prevention services.

Children's Group Home Ombudsman

Authority: Non-mandated, discretionary program.

The Children's Group Home Ombudsman serves as an advocate and problem solver for children placed in group homes who believe that their personal rights have been violated. The Ombudsman is independent from the agencies that place children in homes. Children are encouraged to contact the Ombudsman, who will conduct a thorough investigation of the issues that are raised, if needed, and provide assistance in resolving problems.

HIPAA Privacy

Authority: Mandated program – The federal HIPAA and Health Information Technology for Economic Clinical Health (HITECH) Act Privacy Rule (45 CFR Parts 160, 162 and 164) became effective April 14, 2003 and September 23, 2009, respectively.

The HIPAA Compliance Unit maintains oversight of and provides guidance to the County's HIPAA-covered and Memorandum of Understanding (MOU) departments. The principal activities of the HIPAA Compliance Unit are: liaison to the United States Department of Health and Human Services Office for Civil Rights; implement the HIPAA and HITECH privacy regulations to the covered and MOU departments; audit covered departments to ensure compliance; develop and update policies and procedures in order to maintain compliance with the regulations; investigate complaints and breaches; ensure departments train workforce members on HIPAA and HITECH regulations; coordinate efforts with the Chief Information Office on HIPAA/HITECH Security Rule matters; and provide periodic reports to the Board.

7. Shared Services

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos

Net Program Costs	16,796,000	11,734,000	2,794,000	2,268,000	99.0

Countywide IT Development and Maintenance

Authority: Mandated program support for separately reported, mandated programs (i.e., Accounting and Reporting, Property Tax, Countywide Payroll, and Disbursements Programs).

The program develops, installs, and maintains automated systems which support operations of the Department and provide business services for all other departments through countywide programs which include the following major automated systems: eCAPS; eHR; Secured Tax Roll System; and Countywide Timekeeping and Personnel/Payroll System; welfare/foster care systems; trust; disbursement; and property tax systems.

IT Network and PC Support Services (ITS)

Authority: Non-mandated, discretionary program.

While ITS is not specifically mandated, its many functions support the performance of both mandated and non-mandated programs. ITS develops, installs, and maintains the departmental network of servers and desktop computers; monitors network connectivity; implements and maintains various software applications relating to messaging and office productivity; implements backup and disaster recovery procedures to ensure business continuity; implements security features mandated by the Chief Information Security Officer; and supports the Administration Program.

9. Property Tax

Net Program Costs	12,526,000	227,000	10,947,000	1,352,000	84.0

Authority: Mandated program - State Controller OMB 87; California Government Code Sections 30051-30056 and 30067; California Revenue and Taxation Code Sections 75, 1647-49, 4655, 4658, 5102, and 5452-5454; and California Health and Safety Code Division 24.

The program determines property tax allocations; distributes and accounts for property taxes collected; and issues overpayment refunds to taxpayers. Throughout the year, additions and changes to the tax roll are processed which result in new or corrected tax bills or refunds. Taxes once collected are apportioned and distributed to nearly 2,300 local agencies (one percent general tax levy, debt service, and direct assessment accounts) including the County, cities, school districts, education revenue augmentation fund, special districts, and successor agencies.

Mission Statement

The Auditor-Controller – Integrated Applications budget includes the costs associated with the development and operation of enterprise applications managed by the Auditor-Controller. The current budget reflects funding for costs associated with the eCAPS/eHR Project and other enterprise applications. eCAPS is the County's integrated financial application that includes accounting, budget, disbursement, procurement, inventory, vendor self-service, contracts, grant lifecycle management, and cost accounting. eHR is the integration of countywide human resources applications for payroll, timekeeping, personnel

administration, position control, recruitment, mileage reimbursement, manager self-service, and other functions. In the future, other Auditor-Controller managed enterprise applications will be included in this budget.

2014-15 Budget Message

The 2014-15 Recommended Budget reflects a net decrease of \$14.6 million primarily due to the elimination of one-time funding for contract, development, and maintenance costs associated with the enterprise system.

2014-15 Budget Message

The Transportation Clearing Account is a central receiving point for charges for transportation costs incurred by departments. All charges are then distributed to the appropriate departments leaving this budget unit with no net appropriation. The 2014-15 Recommended Budget reflects a decrease in appropriation from the 2013-14 Final Adopted Budget primarily due to the completion of the Transit Access Pass (TAP) program conversion from the traditional paper based bus passes and anticipated expenditure trends.

Mission Statement

Caring for your coast in a sustainable manner by providing clean, safe, and accessible public urban beaches and Marina del Rey harbor while promoting quality of life, economic vitality, boating and other recreational opportunities.

2014-15 Budget Message

The 2014-15 Recommended Budget reflects a \$0.4 million net increase in NCC primarily attributable to increases in Board-approved salaries and employee benefits, offset with the deletion of one-time funding. The Recommended Budget includes the addition of 1.0 Account Clerk I, 1.0 Senior Clerk, 1.0 Contract Monitor, Recreational Services and 1.0 Planner positions, offset with projected increases in Beach and Marina revenues. The Department increased funding for security services, LAC-CAL equipment, Marina marketing and programing, offset with projected increases in Beach and Marina revenues. The Recommended Budget also reflects a budget realignment based on historical experience and anticipated requirements.

Critical/Strategic Planning Initiatives

Implementation of the County's and Department's Strategic Plans will accomplish the following outcomes: 1) visitors to the beaches and Marina del Rey will experience world renowned recreational opportunities and quality customer service through accessible, clean, attractive and safe facilities; and 2) Marina boaters, visitors and residents will enjoy experiencing the County's "Crown Jewel" through redeveloped leasehold properties and beautiful and well-maintained public amenities.

ACTIVITY
LEGISLATIVE AND ADMINISTRATIVE

Mission Statement

The Board of Supervisors (Board), as the governing body of the County, enacts ordinances, directs overall operation of County departments and districts, and oversees the delivery of services within the County.

The Executive Office of the Board (Executive Office) provides a full range of administrative support to the Board. The mission of the Executive Office is, by 2018, to be recognized as the County's leading department providing innovative and efficient government services through quality information and customer service.

2014-15 Budget Message

The 2014-15 Recommended Budget reflects the current levels necessary to provide efficient and responsive delivery of services to the Board and the public. The overall NCC increase of \$2.7 million is primarily due to Board-approved increases in salaries and employee benefits and restorations of funding for community programs, partially offset by deletions of carryover funding for the Information Systems Advisory Body (ISAB).

Critical/Strategic Planning Initiatives

The Executive Office is in the process of implementing its strategic plan, in alignment with the County's Strategic Plan, with multiple goals for FY 2014-15. Resources are needed to achieve those goals which continue to focus on the use of technology-driven services.

Net Program Costs	103,839,000	6,638,000	3,839,000	93,362,000	217.0

Authority: Mandated program with discretionary service levels – California Constitution, California Government Code 26227.

The program consists of five Board offices and the Clerk of the Board. The Board provides for the public welfare by establishing County and special district policies; supervises activities of County departments and special districts; adopts annual budgets; and sets salaries. The Executive Office prepares Board agendas, prepares minutes of the meetings, posts actions taken by the Board, maintains Board records, and provides the Board with administrative and information technology (IT) support.

2. Assessment Appeals Board

Net Program Costs	13,675,000	11,244,000	2,202,000	229,000	7.0

Authority: Non-mandated, discretionary program.

ISAB consists of two programs, the Integration Services program and the Videoconferencing program. The Integration Services program provides funding to support the criminal justice systems participating in ISAB, coordinates and ensures appropriate systems interface, and provides technical and administrative support and workload data analysis. The Videoconferencing program provides funding for the maintenance, operations, and expansion of additional videoconferencing and interviewer stations throughout the County.

4. Administrative Services

Mission Statement

The Capital Projects/Refurbishments Budget displays the Chief Executive Officer's funding recommendations for the acquisition, development, design, construction, and refurbishment of General Fund capital assets and infrastructure. These recommendations support projects that are currently funded and underway, as well as projects that are anticipated to commence in the coming fiscal year and for which viable and sufficient funding has been identified.

2014-15 Budget Message

The 2014-15 Recommended Capital Projects/Refurbishments Budget reflects the Boards' continuing commitment to allocate a significant amount of available one-time funding to expand, replace, or refurbish the County's capital assets and infrastructure. The Recommended Budget appropriates \$1.06 billion for 330 active projects that address high priority health, public safety, recreation, and infrastructure needs

Of the total 2014-15 Recommended Budget appropriation, \$772.5 million is allocated to General Fund projects that encompass a broad range of recreational, cultural, law enforcement, health, and general government functions funded by \$238.1 million in one-time revenue from grants and other sources, and \$534.4 million in local discretionary monies. The General Fund appropriation represents the 2014-15 budgetary requirements of 199 projects that are currently under development, design, or construction.

The total appropriation for the 2014-15 Recommended Budget represents a decrease of \$104.0 million from the 2013-14 Final Adopted Budget. The net decrease reflects the completion of 18 projects in 2013-14 and continuing progress on 199 other projects that are currently under development, design, or construction.

*Departments not mentioned have no budgeted Capital Projects

In addition to those projects appropriated in the General Fund, the capital program includes certain critical projects which are financed with special district revenue, commercial paper proceeds, and are appropriated in certain special funds, summarized in Volume Two. These projects address capital needs in the areas of infrastructure repair and development, health services, public safety, and general government, and include, but are not limited to, the Countywide Data Center Project, Rancho Los Amigos Seismic Retrofit and Inpatient Consolidation Project, Manhattan Beach Library Project, San Fernando Valley Family Support Center Project, East Antelope Valley Animal Care Center Project, Online Real-Time Centralized Health Information Database Projects, and various Fire District projects. There are 83 projects in development, design, or construction with a total project value of \$1.98 billion.

The 2014-15 Recommended Budget does not reflect projects that have been financed through the issuance of long-term bonds. Such projects include the Hall of Justice Rehabilitation Project valued at \$231.8 million. Bond financed funds are held and administered by independent bond trustees.

Mission Statement

Provide fiscal and management leadership to facilitate policy development and effective program implementation, on behalf of the Board, to achieve the County's mission.

2014-15 Budget Message

The 2014-15 Recommended Budget reflects a decrease in NCC of \$4.4 million primarily due to the deletion of \$7.6 million in carryover funds, partially offset by \$3.1 million in Board-approved increases in salaries and employee benefits. The Recommended Budget also reflects the addition, without NCC, of 4.0 positions to strengthen financial controls of the Workers' Compensation program and the addition of 1.0 position to address the increased workload in psychological evaluations; and minimal costs associated with the reclassification of two positions which provide countywide web development services.

Critical/Strategic Planning Initiatives

The revision to the County's Strategic Plan is scheduled to be approved by the Board in April 2014, which will include updated strategic initiatives under Goal 1 ("Operational Effectiveness") and Goal 3 ("Integrated Service Delivery"). Under the 2014-15 Strategic Plan, Goal 1 will incorporate "Fiscal Responsibility" and Goal 2 will be expanded to "Community and Responsiveness" with corresponding strategic initiatives, reflecting the County's renewed focus to serving its constituents in the most proactive and responsive manner. While some strategic initiatives may be multi-year efforts, each will include three to five action items to be completed during the calendar year. The structure of the County Strategic Plan is designed to:

- Be more responsive to the dynamic environment in which the County operates;
- Clearly identify and focus on the highest-impact strategic priorities, reflecting a limited set of significant issues and opportunities; and
- Recognize the uniqueness of individual department goals and ensure that these equally important priorities are addressed effectively and timely through departmental strategic planning and operations.

Net Program Costs	13,933,000	3,378,000	505,000	10,050,000	68.0

Authority: Mandated program with discretionary level of funding. California Government Code Sections 29040, 29042, 20944, 29060 to 29062, and 29065.5 and County Code Section 2.08.202 to 2.08.100 and Chapter 4.12.

This program provides for the overall resource management of the County's financial and operational functions in order to meet critical service requirements and enhance fiscal stability. The primary activities performed by this function include: coordination of the Board's budget policy implementation at the departmental and nondepartmental level; preparation of the County Budget, including changes in the Final Budget and ongoing adjustments based on monthly analysis of expenditures and revenue collections by departments, Special Districts, Special Revenue Funds, and other funds; and projection and management of the General Fund cash flow.

2. Facilities and Asset Management

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos

Net Program Costs	16,551,000	10,012,000	4,485,000	2,054,000	95.0

Authority: Asset Management: Mandated program with discretionary level of funding. California Government Code Sections 25350.51, 25350.060, and 31000.9 and County Code Sections 2.08.150 to 2.08.165.

This program provides for the overall management of the County's physical resources in order to meet critical service requirements. The primary activities performed by this function include planning, implementation, and management of real property related matters including: the Board capital projects program; commercial development of potentially surplus property, new property purchases, and sales; lease acquisitions and renewals necessary to carry out various departmental missions; and coordination of the County's efforts to maximize Federal Emergency Management Agency funding of disaster recovery efforts and Homeland Security Grants.

3. Compensation, Classification and Employee Relations

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos
Total Program Costs	8,462,000	4,460,000	1,301,000	2,701,000	47.0
<i>Less Administration</i>	--	--	--	--	--
Net Program Costs	8,462,000	4,460,000	1,301,000	2,701,000	47.0

Authority: Non-mandated, discretionary program.

The Compensation Policy function provides for the development of strategic planning and advance strategies in support of countywide economic issues and the development of timely pay and benefits program recommendations. These recommendations are generally the result of significant man hours involving classification studies and evaluations; salary surveys of other public and private entities; analysis of employee benefits programs; and researching workforce trends and employee turnover, as well as conducting vital actuarial studies touching on a variety of health and welfare issues.

The Classification and Compensation Administration function is the systematic establishment of appropriate job titles, job descriptions, and salaries for positions established under authority of the Board. General guidelines are established under the County Charter, Civil Service Rule 5 (Classification), long-standing County practice, and generally accepted principles of public sector classification.

Employee Relations manages the overall employer-employee relations' functions to ensure uniform administration of labor relations policies, procedures, and statutory compliance. The primary activities of the division include the development of recommendations to the Board on policies and on broad bargaining strategies; conducting negotiations and consultations with labor unions within the scope of authority granted by the Board, resulting in agreements that govern the wages, hours, and working conditions of represented employees. Employee Relations also administers Memorandas of Understanding and coordinates employee relations matters within the jurisdiction of the Employee Relations Commission. As such, Employee Relations serves as the County's advocate in arbitration hearings to determine whether or not contract violations occurred, in unfair hearings to determine whether there has been a violation of the Employee Relations Ordinance, and in hearings on issues such as bargaining unit determinations.

4. Unincorporated Area Services (UAS)

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos
Total Program Costs	2,010,000	256,000	14,000	1,740,000	6.0
<i>Less Administration</i>	--	--	--	--	--
Net Program Costs	2,010,000	256,000	14,000	1,740,000	6.0

Authority: Non-mandated, discretionary program.

This program provides coordination between Board deputies and the Community Services Cluster departments and support for: civic centers and one-stop centers; access services including community guides and websites; economic development and revitalization; emergency management planning; enhanced unincorporated community municipal services; and interdepartmental projects requiring facilitation and leadership by the UAS staff.

5. Health and Human Service Integration

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos
Total Program Costs	6,324,000	4,282,000	230,000	1,812,000	31.5
<i>Less Administration</i>	--	--	--	--	--
Net Program Costs	6,324,000	4,282,000	230,000	1,812,000	31.5

Authority: Non-mandated, discretionary program.

The program's main mission is to enhance and integrate services for children and families by supporting and coordinating collaborative policy development initiatives, assisting County departments to integrate service delivery systems, and providing children and families with needed information. Services include providing project management planning and oversight; coordinating and conducting program evaluations; and coordinating revenue maximization efforts.

6. Child Care

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos
Total Program Costs	18,049,000	--	18,061,000	(12,000)	14.5
<i>Less Administration</i>	--	--	--	--	--
Net Program Costs	18,049,000	--	18,061,000	(12,000)	14.5

Authority: Non-mandated, discretionary program.

The Office of Child Care provides collaborative policy development and implementation support on issues related to child care and development services in the County. Key initiatives include the implementation of the Investing in Early Educators Program (AB 212) and the administration of the Steps to Excellence Project.

7. Homeless Prevention Initiative (HPI) and Homeless and Housing Program Fund (HHPF)

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos
Total Program Costs	507,000	149,000	--	358,000	3.0
<i>Less Administration</i>	--	--	--	--	--
Net Program Costs	507,000	149,000	--	358,000	3.0

Authority: Non-mandated, discretionary program.

The HPI represents a \$100.0 million investment, unanimously approved by the Board to focus on reducing and/or preventing homelessness. This includes two categories of program: ongoing homeless assistance programs and one-time only programs which are included in the HHPF. The programs include: rental subsidies, eviction protection, and moving assistance; low-cost predevelopment loans for developers of special needs and affordable housing; capital and operating subsidies for developers of emergency, transitional, and permanent supportive housing; and housing assistance and supportive services for homeless persons discharged from County facilities.

8. Intergovernmental and External Affairs

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos
Total Program Costs	4,786,000	1,044,000	53,000	3,689,000	23.0
<i>Less Administration</i>	--	--	--	--	--
Net Program Costs	4,786,000	1,044,000	53,000	3,689,000	23.0

Authority: Non-mandated, discretionary program.

The purpose of the Intergovernmental and External Affairs program is to develop policy recommendations and represent the County's policies and interests at the local, State and federal levels. Major elements of this program are the development of federal and State Legislative Agendas, which are prepared in collaboration with County departments, advocates, and the Legislative Strategist. The Agendas are approved by the Board and contain policies to enhance and protect County resources and programs, provide administrative flexibility to maximize resources for services and protect against imposition of additional mandates without adequate reimbursement; and to pursue specific legislation to remediate, enhance, or increase flexibility of existing programs and projects in departments. Program staff analyze initiatives, legislation and amendments, budget proposals, and other measures affecting the County's programs and operations.

The County's policies and positions are represented in Washington, DC and Sacramento in coordination with affected departments and mutual interest organizations and entities such as the National Association of Counties, the California State Association of Counties, the Urban Counties Caucus, and other jurisdictions and entities. Other intergovernmental aspects include acting as liaison to the cities within the County; administering General Services Agreements with the cities to provide services through County departments; and representing the County's interests with external organizations, jurisdictions and entities.

9. Risk Management (RM)

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos
Total Program Costs	19,084,000	14,327,000	3,488,000	1,269,000	96.0
<i>Less Administration</i>	--	--	--	--	--
Net Program Costs	19,084,000	14,327,000	3,488,000	1,269,000	96.0

Authority: Creation of the RM program as approved by Board order on April 30, 2002. RM Operations: Non-mandated, discretionary program. Workers' Compensation: Mandated program with discretionary level of funding - California Labor Code 3700 and County Code Section 5.31.050, 5.31.060, 5.31.070, 6.20.070. Occupational Health and Disability Management: Non-mandated, discretionary program. Loss Control and Prevention: Non-mandated, discretionary program. RM Inspector General: Non-mandated, discretionary program.

The overall purpose of the RM programs is to use available RM tools to evaluate County risks; develop methodologies and programs to minimize those risks (and financial losses), and to advise the Board and County departments regarding ways to better control those risks. RM services are provided through a wide range of risk management programs, either directly by RM staff and/or through specialized contractors and consultants. RM programs and services include: Commercial Insurance; Loss Control and Prevention; Occupational Health; Liability Claim Management (including Small and Property Claims); Workers' Compensation (including Return-to-Work and Medical Management); Short-Term and Long-Term Disability; and RM Inspector General functions (including Corrective Action Plans).

These programs include the development and purchase of commercial insurance for a wide range of County insurance needs; claim administration and management of liability and workers' compensation claims; review of departmental contractual risk exposures; various loss control and prevention training to assist departments to reduce exposure and meet State and federal workplace safety requirements; administration of health programs to minimize effects of employee injuries and illnesses; provide psychological evaluations and counseling; monitor Corrective Action Plans; and assist employees and departments with return-to-work efforts.

10. Emergency Management

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos
Total Program Costs	3,493,000	3,093,000	23,000	377,000	21.0
<i>Less Administration</i>	--	--	--	--	--
Net Program Costs	3,493,000	3,093,000	23,000	377,000	21.0

Authority: Non-mandated, discretionary program.

The Emergency Management program creates, develops, coordinates, administers, and implements all-hazards emergency plans, procedures, and programs within County government including the unincorporated areas; and in support of the Operational Area. This program ensures that the County is prepared and ready to prevent, mitigate, respond to, and recover from major emergencies and disasters by effectively mobilizing public and private resources within the County, as well as accessing outside resources through mutual aid, State, and federal governments.

11. Countywide Support Services

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos
Total Program Costs	16,784,000	3,635,000	4,970,000	8,179,000	83.0

Net Program Costs	16,784,000	3,635,000	4,970,000	8,179,000	83.0

Authority: Office of Protocol: Non-mandated, discretionary program. Workplace Programs: Mandated with discretionary level of funding - County Code Chapter 4.30, and California Health and Safety Code Section 44223.

The CEO provides leadership, coordination, and support for a variety of countywide programs and efforts including the following:

Strategic Planning Coordination: Provides central leadership and support services for continued advancement, refinement, and implementation of the County Strategic Plan and related strategic initiatives, including the County's performance measurement and management framework, *Performance Counts!*.

Quality and Productivity: Provides advice, assistance, and support to the County's elected officials, managers, and employees to promote the quality, productivity, and effectiveness of County activities and public services. Supports implementation of programs such as the Productivity Investment Fund, Productivity and Quality Awards, and Commission conferences that enhance the quality and productivity of the delivery of County services.

Office of Protocol: Extends official hospitality on behalf of the Board to visiting foreign dignitaries primarily at the level of ambassador and above and maintains a liaison with the Consular Corps and internationally focused organizations to promote international goodwill and understanding, business, tourism, and cultural awareness.

Workplace Programs: Coordinates the countywide Employee Commute Reduction Program, which is a mandated Rideshare program (e.g., countywide trip reduction), and oversees countywide employee programs such as the annual charitable giving and March of Dimes campaigns, the County volunteer program and County logo merchandise.

Strategic Initiatives: Leads and coordinates several high profile countywide or multi-departmental initiatives including review of redevelopment activities of the County's cities and managing various task force efforts to address Board-identified issues.

Cable and Multimedia: Leads and coordinates projects across the County related to cable and multimedia, including launch of the County Channel, collection and review of franchise fee revenues, one-stop service for cable customer complaints and inquiries, and policy analysis and recommendations for innovative, pragmatic solutions such as two-way videoconferencing, wireless strategies, and management of the public rights-of-way. Also, provides photographic and graphic arts services to Board and County departments as well as maintaining the County's website.

Countywide Information Technology Services: Provides support for countywide systems involving CEO-lead programs, including the budget system and emergency management.

Mission Statement

The Chief Information Office (CIO) provides vision and strategic direction for the effective and secure use of information technology (IT) to improve the delivery of services and achieve operational improvements and County business goals. The CIO is responsible for enterprise IT planning, cross-departmental IT issues, countywide IT practices and policies, and providing recommendations to the Board regarding prudent allocation of IT resources.

2014-15 Budget Message

The 2014-15 Recommended Budget reflects an increase in NCC of \$0.8 million primarily due to Board-approved salaries and employee benefits increases as well as new and expanded programs.

Critical/Strategic Planning Initiatives

The Department continues to:

- Support the County's Strategic Plan by participating actively as both owner and supporter of many County strategies and objectives;
- Maintain a countywide strategic IT planning program including an IT governance structure, which ensures alignment of IT initiatives with County strategic goals, strategies, and objectives;
- Review Board-approved IT contracts and department business automation plans to ensure alignment with departmental and countywide goals; and
- Foster better management of County IT resources to improve service delivery and increase organizational effectiveness.

Authority: Part federal-mandated – Health Insurance Portability Accountability Act (HIPPA) and part non-mandated, discretionary program.

This program provides vision, direction, analysis, and recommendations to facilitate collaboration among County departments on common goals and initiatives; and implements IT best practices, optimizes County IT resources, and guides informed business decisions. Major services include development of a countywide IT strategic vision and associated policies; guidance and assistance to departments to ensure their technology plans are consistent with the countywide plan; recommendations to the Board regarding the viability and cost-effectiveness of requested departmental IT agreements; preparation of risk assessments on key IT projects; and review of departmental strategic and tactical plans to ensure consistency with County strategic plan goals and objectives. This program also provides leadership, policy development, and implementation on federal mandated HIPAA security regulations and countywide security issues, protects critical information assets, and mitigates the impact of computer security incidents.

Mission Statement

The mission of the Child Support Services Department (CSSD) is to enrich the community by providing child support services in an efficient, effective and professional manner, one family at a time.

2014-15 Budget Message

The 2014-15 Recommended Budget reflects \$173.3 million in gross appropriation and the net deletion of 48.0 vacant budget items. The increase of \$5.9 million in gross appropriation is primarily the result of increases in Board-approved salaries and employee benefits. This is the 12th consecutive year that CSSD receives a flat baseline administrative cost allocation from the California Department of Child Support Services (DCSS), assuming a flat funding allocation from the State for the Electronic Data Processing Maintenance and Operation budget. The budget also reflects the elimination of intrafund transfer from the Department of Children and Family Services (DCFS) associated with its discontinued utilization of the CSSD's Electronic Data Service Document Processing (EDP) contract; one-time carryover funding for the CLEAR database subscription service; and one-time trust fund balances and the

County's share of Welfare Recoupment Collections. As part of the continued effort to align expenditures with allocations, the Department developed the "CSSD 2017" initiative as part of its Strategic Goals and Planning.

Critical/Strategic Planning Initiatives

- The Department continues to engage senior, mid-level and line staff in its Child Support Statistical process to strategize and redesign business practices using current and real time statistical data to align resources and improve performance. The Department remains committed to measures that ensure effective and professional service delivery and support the County's Strategic Plan goals, and continues to align performance measures with the County's Strategic Plan and the federal and State performance measures for local child support agencies.
- The Department also continues to move forward with the "CSSD 2017" initiative taking every opportunity to leverage resources and build an organization that is structurally sound, efficient, financially healthy, and focused on its goals and mission.

Other Changes					
1. EDP Contract: Reflects the elimination of intrafund transfer from DCFs associated with the discontinued utilization of the EDP contract.	(17,000)	(17,000)	--	--	--
2. Salaries and Employee Benefits: Primarily reflects Board-approved increases in salaries and employee benefits.	5,412,000	--	5,284,000	128,000	--
3. Retirement: Reflects an increase primarily due to prior-year losses in Los Angeles County Employees Retirement Association's Investment portfolio and revised investment return assumptions.	4,205,000	--	4,154,000	51,000	--
4. Unavoidable Costs: Reflects an increase in workers' compensation costs due to anticipated benefit increases and escalating medical cost trends.	186,000	--	186,000	--	--
5. Operations: Reflects the addition of 3.0 Attorney III, 1.0 Head Child Support Officer, and 1.0 ASM II positions to address critical needs of the Department, fully offset by the deletion of 6.0 Attorney II and 1.0 Senior Information Systems Analyst positions.	(295,000)	--	(295,000)	--	(2.0)
6. CLEAR Database Subscription: Reflects the elimination of one-time carryover. CSSD will fund within existing resources going forward.	(453,000)	--	(299,000)	(154,000)	--
7. Operating Costs: Reflects a decrease in appropriation and revenue primarily due to decreased Trust Fund financing, miscellaneous services and supplies reductions, and the deletion of 46.0 vacant positions, partially offset by projected one-time carryover funding.	(3,053,000)	--	(3,328,000)	275,000	(46.0)

Mission Statement

The Department of Children and Family Services (DCFS) will practice a uniform service delivery model that measurably improves child safety, permanency, and access to effective and caring services.

2014-15 Budget Message

The 2014-15 Recommended Budget for Administration reflects an increase of \$43.1 million in gross appropriation, funded with increases of \$42.3 million in revenue, and \$0.8 million in NCC.

The growth in revenue consists primarily of: 1) an increase of \$3.1 million in federal revenue for the Title IV-E Waiver; and 2) an increase of \$39.2 million in anticipated 2011 State Realignment growth funds. The \$0.8 million net NCC increase is the result of: 1) \$0.3 million to support the Board-approved Katie A. Strategic Plan; 2) \$14.9 million to partially fund employee benefits subsidies; and 3) \$0.3 million for increased rent charges. These are partially offset by the deletion of \$14.7 million in one-time funding from Title IV-E Waiver Savings used for Board-approved Waiver strategies.

The Recommended Budget also reflects 189.0 additional positions consisting of: 1) 126.0 line-operation positions to reduce caseloads and provide necessary office support; 2) 27.0 line operations support positions; 3) 17.0 positions to support the department's Information Systems bureau; and 4) 19.0 positions for administrative support.

Critical/Strategic Planning Initiatives

DCFS continues its collaborative initiatives with the Chief Executive Office (CEO), other County departments, and community partners to support and strengthen the ability of families and communities to help children thrive, and to maintain child and youth safety. The Department has made significant improvement to reduce the number of children age 0-12 in group homes by 54.0 percent. As evidenced in its Waiver strategy indicators below, DCFS continues to make meaningful improvements in the following key performance indicators (from July 1, 2010 to June 30, 2013):

- Timely Response to Emergency Response (ER) Referrals (Immediate Response) increased from 97.2 percent to 98.3 percent;
- Timely Response to ER Referrals (5-day) increased from 94.2 percent to 96.2 percent; and
- Placement Stability (children in out-of-home care from eight days to 12 months) increased from 85.6 percent to 88.5 percent. The National Standard is 86.0 percent.

The Department has reported the following successful initiations and implementations:

- **Delinquency Prevention Project:** The Department re-launched this project to assist possible cross-over youth prior to being referred to the Probation Department. The Department continues to align practice model and resources in a manner that provides those children with the greatest needs. DCFS and Probation are engaged in collaboration with Georgetown University's Center for Juvenile Justice Reform. Implementation of the practice model is assisting jurisdictions across the County to identify practice areas (points) along the path of a dependent youth's involvement with the juvenile justice system that needs strengthening.
- **Student Information Tracking System (SITS):** As a result of AB 643, signed into law effective January 2014, DCFS is no longer required to obtain a court order or have specific parental consent to obtain educational information from a school. In anticipation of the new law, DCFS and the Los Angeles Unified School District (LAUSD) currently use an electronic data-sharing system which limits the information on students with individual court orders. AB 643 allows data to move more freely from the school to the social worker and provides access to over 10,000 records online. The Department is currently working to increase the number of schools and school districts on SITS.
- **Smartphones and tablets to Children Social Workers (CSWs):** As part of the new technology initiative to provide better access to the Internet, Child Welfare Services/Case Management System (CWS/CMS) and desktop files, CSWs are being provided iPhones and tablets. The Department expects to complete the roll out of an additional 1,200 new smartphones and 2,400 tablets to CSWs in 2014. The enhanced photo capabilities on these devices allow workers to record key evidence in substantiating alleged abuse and neglect. The photos can immediately be emailed to the office in "real time" for review by a supervisor or manager to assist in decision-making on possible detentions and to expedite case processing.

In addition, the following strategies and initiatives implemented in FY 2013-14 continue to support and generate the desired outcomes:

- **Strategic Plan 2012-16:** In September 2012, the Department completed the development, the first in over a decade, of a comprehensive Strategic Plan that guides operations over the next two years. The development of the plan included extensive input from staff throughout the Department, community partners, and other key stakeholders. The Plan entails the departmental Vision, Mission and Values and three overarching Goals (Emphasizing Child Centered Practices, Pursuing Workforce Excellence, and Strengthening Organizational Operation and Systems).

- **Data-Driven Decision Making Practice:** DCFS continues to refine and enhance the capability and functionality of the Data-Driven Decision Making practice and monthly stats meetings. Through the implementation of these processes, participants use data and the stories behind them to provide a format for discussion regarding strengths, challenges, strategies and best practices. The process includes reviewing data, engaging staff in conversations about the key performance indicators and focusing collective attention on critical elements of our work. In addition, a newly-installed data dashboard on the DCFS internal website allows all staff and managers to monitor current data regarding key performance indicators and statistics related to child safety and well-being.
- **California Fostering Connections to Success Act (formerly known as AB 12):** The Department has continued tracking

AB 12 and negotiated cost-neutrality with Sacramento. The “cost neutrality” cap, which is a provision to ensure counties are not disadvantaged financially for the implementation of Extended Foster Care (EFC), was slated for removal when AB 12 funding was incorporated into the 2011 State Realignment. This could have potentially shifted the additional financial burden to the County when insufficient funds are allocated by the State. Due to the successful advocacy effort by DCFS and CEO, the State agreed to retain the “cost neutrality” cap on the County costs for EFC.

- **New Policy Manual:** The Department has initiated the replacement of its existing 6,000 page policy manual with a web-based, user friendly manual. The web-based policy manual is anticipated to be completed by June 2014.

Mission Statement

The Children and Family Services-Assistance Budget funds programs to: 1) support children who are placed in out-of-home care because of abuse or neglect; 2) aid prospective adoptive parents in meeting the additional expenses of special needs children; 3) provide expenses necessary to recruit and place a child with a relative through the finalization of the legal guardianship; and 4) assist public and private agencies in providing child abuse and neglect prevention and intervention programs to meet the needs of high-risk children.

2014-15 Budget Message

The 2014-15 Recommended Budget for Assistance Payments reflects an overall \$5.8 million decrease in NCC primarily due to the deletion of: 1) \$4.8 million in one-time funding for Extended Foster Care; and 2) \$4.5 million in one-time funding for Promoting Safe and Stable Families (PSSF) programs. The NCC decrease is partially offset by a projected placement cost

increase of 1) \$0.3 million for the Emergency Assistance program; 2) \$0.4 million for the General Relief Ineligible (GRI) program; 3) \$0.4 million for the Adoptions Assistance Program (AAP); and 4) \$1.2 million for the Kin-GAP program; and a \$1.2 million for ongoing Waiver initiatives.

Critical/Strategic Planning Initiatives

The Department is currently implementing a number of strategies to ensure safety, stability and permanency for children under its care. The efficiencies as a result of the strategic changes are projected to reduce foster care costs. The three key areas that are projected to affect the assistance costs include: 1) ensuring that only those children and families who would be appropriately served by the child welfare system enter the system; 2) reducing the time children spend in out-of-home care; and 3) providing services to children and families to enable the children to remain in their home or achieve timely permanency.

Matches the unique needs of children and families with available services and resources in their community. Services are provided through Family Support and Alternative Response Program. The services are a proactive approach toward the prevention of family conflict that may lead to child abuse or neglect. The focus of these services is on strengthening and empowering families and communities to promote the growth of children, youth, adults, and family members.

Responsible for assessing and investigating allegations of child abuse and neglect; initiating legal action (when appropriate) to petition for court dependency status; and coordinating Departmental response to child abduction cases. The Child Protection Hotline receives calls of alleged abuse and neglect, and determines whether to refer the allegations for investigation. Emergency response staff conducts in-person investigations and provides family-centered, strength-based planning processes, such as Family Preservation Services. When a decision is made to seek court supervision for a child, Juvenile Court Services takes action to establish court dependency status and functions as the liaison between the Department and the Court.

Provide services to children and families at high or very high risk for abuse, neglect, abandonment, or exploitation. Services include Case Management and Support, Wraparound, Emancipation, Respite Care, Health, Mental Health, Substance Abuse Treatment, and Educational Development. These services are provided to children and families when a child remains in the home of a parent/guardian with child and family maintenance or when they have been placed in out-of-home care Family Reunification and Permanent Placement.

Provides a continuum of services to promote permanency for children. These services include Family Reunification, Legal Guardianship, and Adoption. Family Reunification is the preferred permanency plan since it preserves family connections. Family Reunification services include: Case Management and Support, Wraparound, Emancipation, Respite Care, Health, Mental Health, Substance Abuse Treatment, and Educational Development. When it is not possible to reunify families, a plan of adoption or legal guardianship (with relatives or non-relatives) is considered. If adoption is the permanent plan, the services provided include recruitment and placement of children in adoptive homes, placement supervision until adoption is finalized, and post-adoptive services to birth, adoptive parents, and adoptee. The Department also provides recommendations to the Superior Court on independent adoptions arranged by the birth parents and stepparent.

Department of Children and Family Services
Phillip L. Browning, Director
FY 2014-15 Recommended Budget Positions = 7,721.0

Mission Statement

Community and Senior Services and our partners deliver quality services to youth, adults, and seniors that promote independence, dignity, choice, and social well-being.

2014-15 Budget Message

The 2014-15 Recommended Budget reflects a net increase of \$1.5 million in gross appropriation due primarily to additional Realignment growth funding for Adult Protective Services; increases in salaries and employee benefits; and Utility User Tax (UUT) Cy Pres funding for the First District in Motion programs. These increases are partially offset by a reduction in the California Multi-Sector Workforce Partnership National Emergency Grant (NEG) funding and the elimination of various one-time funding for community and senior centers.

Critical/Strategic Planning Initiatives

- Promote sound, prudent, and transparent fiscal policies and processes that help ensure maintenance of critical programs and services.
- Enhance economic and social outcomes through integrated services and best practices.
- Implement human capital best practices to enhance the recruitment, development, retention, and well-being of qualified County employees.
- Maximize the effectiveness of processes, structures, and operations to support timely delivery of customer-oriented and efficient public services.

Mission Statement

Community and Senior Services and its partners deliver quality services to youth, adults, and seniors that promote independence, dignity, choice, and social well-being.

2014-15 Budget Message

The 2014-15 Recommended Budget reflects a net decrease of \$4.9 million in appropriation and a net decrease of \$10.2 million in revenue due primarily to the reduction of the California Multi-Sector Workforce Partnership NEG funding. There is a net increase of \$5.2 million NCC attributable to \$218,000 for the Congregate and Home-Delivered Meal Programs and \$5.0 million for the Summer Youth Employment Program.

Critical/Strategic Planning Initiatives

- Continue to collaborate with County departments and our network of non-profit and community agencies in providing quality services.
- Leverage and maximize funding to enhance and create subsidized employment opportunities for County residents and businesses.

Departmental Program Summary

1. Adult Protective Services (APS)

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos
Total Program Costs	27,189,000	25,431,000	--	1,758,000	232.0
<i>Less Administration</i>	--	--	--	--	--
Net Program Costs	27,189,000	25,431,000	--	1,758,000	232.0

Authority: Mandated program – Federal Social Security Act Title XX; California Welfare and Institutions Code (§ 15630-15637, 15640, 15750-15755, 15760, and 15762-15763); and, California Department of Social Services Regulations (§§ 33-100 through 33-805).

APS helps elders (age 65 or older) and dependent adults (physically or cognitively impaired 18-64 year olds) who are suspected victims of abuse or neglect (including self-neglect). APS social workers investigate reports of alleged abuse; assess an individual's abilities and limitations; provide referrals to community services; and provide general case management to help those who are unable to protect themselves.

2. Workforce Investment Act (WIA) – Adult, Dislocated Worker and Youth

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos
Total Program Costs	7,988,000	300,000	7,488,000	200,000	30.0
<i>Less Administration</i>	--	--	--	--	--
Net Program Costs	7,988,000	300,000	7,488,000	200,000	30.0

Authority: Mandated program – Federal Workforce Investment Act 1998, Public Law 105-220.

The WIA program goal is to increase the self-sufficiency of persons residing in the County. The program provides services that lead to successful transition into the workforce, continued training, or education.

3. Aging and Adult Services

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos
Total Program Costs	6,944,000	--	4,868,000	2,076,000	19.0
<i>Less Administration</i>	--	--	--	--	--
Net Program Costs	6,944,000	--	4,868,000	2,076,000	19.0

Authority: Non-mandated, discretionary program.

The Aging and Adult Services program ensures that home delivered meals are provided to the frailest and those least able to prepare meals for themselves. Also, nutritious meals are provided to seniors (aged 60+) and the spouses in a congregate meal social setting, and support services are provided to caregivers of older adults and to senior grandparents caring for grandchildren. The program also provides various care management services to frail, elderly, and younger adults with disabilities who are at risk of being placed in an institutional setting.

4. Community and Senior Centers

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos
Total Program Costs	7,535,000	--	604,000	6,931,000	56.0
<i>Less Administration</i>	--	--	--	--	--
Net Program Costs	7,535,000	--	604,000	6,931,000	56.0

Authority: Non-mandated, discretionary program.

Community and Senior Center staff oversee or coordinate programs and services for people of all ages through partnerships with community businesses, volunteers, and public and private agencies. These services reduce the isolation faced by our constituents, improves their health and well-being, and simplifies access to information such as income tax preparation, notary services, and other services.

5. Dispute Resolution Program

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos
Total Program Costs	281,000	--	217,000	64,000	2.0
<i>Less Administration</i>	--	--	--	--	--
Net Program Costs	281,000	--	217,000	64,000	2.0

Authority: Non mandated, discretionary program.

The Dispute Resolution program provides various dispute resolution services, such as mediations, telephone conciliations, group facilitators and arbitrations as an alternative to more formal court proceedings. Services are provided through contracts with non-profit organizations and government entities. Contract goals are based on the number of individuals, businesses, and organizations accessing the services and the cost per dispute resolved. Participation in the program is strictly voluntary.

6. Ombudsman

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos
Total Program Costs	710,000	--	--	710,000	6.0
<i>Less Administration</i>	--	--	--	--	--
Net Program Costs	710,000	--	--	710,000	6.0

Authority: Non mandated, discretionary program.

The goal of the Office of the Ombudsman program is to help the public with complaints involving the County Sheriff's Department and Office of Public Safety personnel by conducting thorough, objective reviews of complaints. The Ombudsman program also conducts Community Outreach to educate the public on the services that are available.

7. Human Relations Commission (HRC)

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos
Total Program Costs	1,897,000	--	187,000	1,710,000	19.0
<i>Less Administration</i>	--	--	--	--	--
Net Program Costs	1,897,000	--	187,000	1,710,000	19.0

Authority: Article XXIX of County Ordinance No. 4099, No. 7425, as amended by Ordinance No. 8118, No. 10, 532, and No. 10, 921, and the County Administrative Code.

HRC's goal is to develop programs that proactively address racism, homophobia, religious prejudice, linguistic bias, anti-immigrant sentiment, and other divisive attitudes that can lead to inter-cultural tensions, hate crimes and related violence. Teaming with law enforcement, schools, cities, community-based organizations, youth, academics, policy makers, businesses and other leaders, the HRC brings key players together to resolve immediate inter-cultural conflicts.

8. Administration

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos
Total Program Costs	14,796,000	6,877,000	2,938,000	4,981,000	157.0

Mission Statement

To promote a fair and vibrant marketplace, we serve consumers, businesses, and communities through education, advocacy, and complaint resolution.

2014-15 Budget Message

The 2014-15 Recommended Budget reflects an increase in NCC of \$0.3 million primarily due to Board-approved increases in employee salaries and benefits and one-time funding to purchase a new telephone system. The Recommended Budget also reflects the expansion of the Real Estate Fraud Notification Program that conducts real estate fraud investigations and provides information, counseling, and assistance to homeowners facing foreclosure.

Critical/Strategic Planning Initiatives

- Continue to expand the Homeowner Fraud Notification and County Dispute Resolution programs;
- Identify and secure additional office space to accommodate additional staff and provide improved public access; and
- Expand language capabilities to communicate with diverse communities in multiple languages.

Unmet Needs

The Department of Consumer Affairs' critical unmet needs include additional funding to address the Civic Center Office reconfiguration expansion which requires additional positions with more workstations. The Department is also looking into new configuration options that match their digital workflow.

Mission Statement

To be a trusted advisor providing advice, counsel, and guidance to the Board, County departments, and other public offices and agencies while maintaining high-quality, cost-effective legal representation.

2014-15 Budget Message

The 2014-15 Recommended Budget reflects a net increase in NCC of \$1.5 million primarily due to front funding of the Employment Advice Program and House Counsel Services Program as well as Board-approved increases in salaries and employee benefits. The net increase also includes the deletion of one-time funding for capital assets equipment.

Critical/Strategic Planning Initiatives

County Counsel will continue ongoing initiatives in support of the County's Strategic Plan including:

- Strengthening current practices, and enhancing client relations through communication and training. Redesigning the County Counsel website to improve ease of use and to enhance content available. Content will be updated to include information of interest to the public as well as information about the Summer Intern Program, and it will serve as a gateway to restricted client-only areas where access to non-public information and resources can be provided to client agencies with appropriate authorization.
- Reviewing and improving organization policies, processes and/or structures to enhance effectiveness. Implementing recommendations from the management audit performed by HBR Consultants and communicating with the Board regarding the manner and schedule of the implementation.
- Utilizing new and effective technologies to update office systems and programs and improve organizational effectiveness, such as the implementation of a web-based electronic case management and e-filing system for the Workers' Compensation Division and replacement of the current Risk Management Information System.

- Managing resources more effectively by promoting prudent fiscal policies and practices and exploring innovative methods that help ensure fiscal stability. Developing and implementing processes to further enhance the current Departmental Risk Management Program by ensuring that risk management functions are adequately staffed, and risk management practices are aligned with the rest of the County. Also, enhancing current ergonomic and wellness awareness programs to better manage risks associated with employee safety.
- Implementing a strategic framework to protect and secure the County's technology assets and information. The Departmental Security Officer and members of its legal staff participate in the Health Insurance Portability and Accountability Act/Health Information Technology for Economic and Clinical Health Act Privacy and Security Committee to ensure departmental compliance.

Mission Statement

The District Attorney of Los Angeles County, as a constitutional officer and the public prosecutor acting on behalf of the people, is vested with the independent power to conduct prosecutions for public offenses, to detect crime and to investigate criminal activity. The District Attorney advises the Grand Jury in its investigations. By law, the District Attorney sponsors and participates in programs to improve the administration of justice.

The District Attorney fulfills these responsibilities through the efforts of the employees of the Office of the District Attorney (Office). Each employee of the Office shall adopt the highest standards of ethical behavior and professionalism. Each employee, moreover, is integral to achieving the mission of the Office and shares the District Attorney's obligation to enhance the fundamental right of the people of the County to a safe and just society. At all times, the mission of the District Attorney's Office shall be carried out in a fair, evenhanded and compassionate manner.

2014-15 Budget Message

The 2014-15 Recommended Budget reflects a \$4.9 NCC increase primarily due to an increase of 3.0 positions for the new Marsy's Law Unit, funding for the Hall of Justice (HOJ) project, and Board-approved increases in salaries and employee benefits, partially offset by the deletion of one-time funding for high tech crimes, revenue adjustments, elimination of the Bad Check Enforcement Program, and a projected increase in Public Safety Sales Tax (Proposition 172 revenue). The Recommended Budget also reflects the addition of 2.0 positions for the Disability Health Insurance Fraud Program fully offset by grant funding.

Critical/Strategic Planning Initiatives

The Office's FY 2014-15 strategic planning efforts remain focused on the following areas:

- Expand the application of alternatives to incarceration in appropriate cases.
- Carry out the provisions of AB 109 including training and refining internal statistical reporting mechanisms.
- Increase efforts to address the proliferation of identity theft and cyber crimes.
- Advance a crime prevention campaign aimed at educating and protecting citizens from financial crimes, particularly those involving seniors.
- Increase involvement in the environmental crimes enforcement community.
- Continue to work on information and document exchanges with other criminal justice agencies.

Unmet Needs

The critical needs include \$10.2 million for the reopening of the HOJ. Beginning December 2014, it will house the District Attorney and over 700 employees. The cost includes furniture, fixtures, equipment, services and supplies associated with this move.

In addition, the District Attorney is requesting funding for 26.0 additional positions to carry out critical activities, such as: 1.0 dedicated investigator in the Major Crimes Division; 1.0 deputy district attorney IV and three paralegals to create a unit within the Department's Family Violence Division to more efficiently and accurately comply with its duty to audit Suspected Child Abuse Reports (SCARS) cross-reporting in the County, as recommended by the Board-approved Blue Ribbon Commission on Child Protection; 7.0 additional paralegals are necessary in order to effectively and efficiently perform core functions and duties in the Divisions of Consumer Protection, Healthcare Fraud, Major Narcotics; Community Prosecution, and Appellate; 7.0 hearing officers to handle identified criminal referrals in a non-courtroom and cost effective setting, consistent with departmental goals to expand alternative sentencing models; 5.0 victim service representative II's to better serve victims; 1.0 staff assistant II in Victim Witness Assistance Program to coordinate events supporting victims of crimes all year round; and 1.0 management analyst to support the significant increased workload in the Employee Relations Division associated with the County Policy on Equity, the newly organized DDA bargaining unit, and significant requirements to be monitored and managed associated with employee's leaves of absence.

These requested positions are essential to offset major curtailments of years past that have left the Department challenged in responding to the increased demands of the office including Third Strike Resentencing, Marsy's Law, and more.

Net Program Costs	152,739,000	--	44,739,000	108,000,000	943.0

Authority: Mandated program with discretionary service level – Government Code Section 26500 – 26502.

The Office represents the People of the State of California in all general felony prosecutions, as well as in all misdemeanor prosecutions where there is no city prosecutor. The program consists of 11 branch offices, 9 area offices, and all central trial courts.

2. Special Prosecution

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos
Total Program Costs	139,415,000	9,904,000	70,784,000	58,727,000	784.0

Net Program Costs	139,415,000	9,904,000	70,784,000	58,727,000	784.0

Authority: Mandated program with discretionary service level – Government Code Section 26500 – 26502.

The Office represents the People of the State of California in all felony special prosecutions, as well as in all misdemeanor prosecutions where there is no city prosecutor. The program utilizes vertical prosecution techniques to handle the most complex and victim-oriented prosecutions.

3. Community Prosecution

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos
Total Program Costs	7,486,000	190,000	4,273,000	3,023,000	25.0
<i>Less Administration</i>	--	--	--	--	--
Net Program Costs	7,486,000	190,000	4,273,000	3,023,000	25.0

Authority: Non-mandated, discretionary programs.

Community prosecution includes a number of programs, three of which are highlighted below. The Abolish Chronic Truancy (ACT) Program enforces compulsory education laws by focusing on parents' responsibility and accountability to get children to (and keep them in) school. The Juvenile Offender Intervention Network (JOIN) Program provides swift intervention (before court filing) through an accountability-based program for juveniles ages 10-17 who have committed a fileable, non-violent, first-time offense. The multi-agency Code Enforcement Unit, active since 2005, has made it possible for County inspectors to gain entry into previously inaccessible properties, thereby allowing inspectors to issue citations, and/or refer cases to the Office for investigation, remediation and/or prosecution.

4. Prosecution Support

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos
Total Program Costs	21,321,000	--	15,169,000	6,152,000	195.0
<i>Less Administration</i>	--	--	--	--	--
Net Program Costs	21,321,000	--	15,169,000	6,152,000	195.0

Authority: Prosecution support services are non-mandated, discretionary services except for Charter Executive positions. The Victim Witness Assistance Program (VWAP) is authorized by Penal Code Section 13835.

Prosecution support encompasses a number of programs including Trial Support, Parole Revocation, VWAP and Lifer Hearings. The two largest are highlighted below.

VWAP: The VWAP mission is to alleviate the trauma and devastating effects of crime on the lives of victims and their families. Victim and witness advocates guide victims through the court process; help victims receive restitution; provide crisis intervention and emergency assistance; offer referrals to counseling and community services and follow-up with victims and witnesses; provide additional assistance when members are located at numerous sites throughout the County; and assist crime victims and their families as closely as possible to their home.

Lifer Hearings: The Office represents the County in all parole hearings for inmates sentenced to life in prison.

5. Administration

Mission Statement

The Emergency Preparedness and Response (EPR) budget was created to support County and the operational area's emergency preparedness, with high priority given to planning, training, exercising and coordination of response and recovery operations.

2014-15 Budget Message

The EPR budget provides funding for the County Office of Emergency Management to prepare and implement plans and policies for the protection of life and property within the County in the event of an emergency or disaster; operate and maintain of County Emergency Operations Center (EOC), train personnel assigned to County government, special districts, and other jurisdictions throughout the County; plan support for Homeland Security; develop and provide emergency and disaster related educational materials for County residents; and conduct countywide disaster exercises.

Management of the County EOC includes the Operational Area Response and Recovery System, an internet-based information reporting and notification system used by jurisdictions and agencies in the County operational area to convey conditions and operational status as a result of an incident, emergency or disaster, and the Specific Needs Awareness Planning program, also an internet-based comprehensive planning and response tool developed to address the needs of residents that may have an insufficient ability to self-evacuate, or who may require specialized care and resources during a disaster.

The budget also incorporates funds for Homeland Security Grants that includes the State Homeland Security Grant Program; Urban Area Security Initiative; Law Enforcement Terrorism Prevention Program; Citizens Corps Program; Buffer Zone Protection Program; and the Emergency Management Performance Grant for County departments, unincorporated areas, special districts, and cities within the operational area.

The 2014-15 Recommended Budget reflects deletion of \$1.1 million in carryover funding.

Mission Statement

The Extraordinary Maintenance Budget reflects appropriations for major maintenance of County facilities and assets, including legally required building alterations, unanticipated emergency repairs, disaster related repairs that are not funded by the Federal Emergency Management Agency, and high-priority building maintenance activities that exceed the resources available to County departments.

2014-15 Budget Message

The County's infrastructure requires ongoing investment to meet continuous performance requirements. The 2013-14 budget appropriated funds for critical repairs at County health facilities, parks, water treatment plants at Probation facilities, and roof repairs throughout the County. The 2014-15 Recommended Budget appropriates \$140.9 million for these and other high-priority repairs, maintenance, and accessibility modification needs at County facilities, including libraries, parks, juvenile halls, senior centers, and animal shelters.

2014-15 Budget Message

The Federal and State Disaster Aid budget provides County departments with economic recovery assistance following major emergencies and disasters. It includes appropriation for emergency and post-emergency responses, in addition to the repair, restoration, or replacement of disaster-damaged County buildings and property, pending reimbursement from appropriate governmental agencies and insurance companies.

2014-15 Budget Message

The 2014-15 Recommended Budget includes financing sources and financing uses as follows:

Financing Sources

For budgetary planning purposes, the Chief Executive Office considers total financing sources the difference generated in FY 2013-14 from County revenues exceeding expenditures

(fund balance available), the use of prior-year obligated fund balance, and property taxes. Any decrease in fund balance available from the budgeted amount will require expenditure reductions or the identification of additional financing.

The recommended fund balance of \$1,202.2 million is comprised of \$148.5 million from General Fund operations; and \$1,053.7 million of unused FY 2013-14 funds carried over to FY 2014-15 for the following:

- \$592.4 million of Capital Projects funds for the completion of various projects and refurbishment needs;
- \$117.8 million of Extraordinary Maintenance funds for major repairs and maintenance of County facilities and assets;

- \$42.5 million of Project and Facility Development funds for consultant and specialized services related to projects that are under development, as well as improvements to County facilities;
- \$188.4 million of Provisional Financing Uses funds primarily for the Departments of Children and Family Services, Probation, Public Social Services, Sheriff, Mental Health, District Attorney for the Hall of Justice relocation, Beaches and Harbors for the electrical vault replacement, Public Defender for expansion of videoconferencing capabilities, Animal Care and Control for the communications center voice recorder system, Agricultural Commissioner/Weights and Measures for a database upgrade, Board of Supervisors, the eProperty Tax Project, Grand Park maintenance, Information Technology Shared Services, 2-1-1 Information Line and economic reserves;
- \$53.7 million of Board funds for various community programs;
- \$27.1 million of Homeless and Housing Program funds for Homeless Prevention Initiative projects;
- \$23.3 million of Children and Family Services funds for the Katie A. Settlement Agreement;
- \$4.6 million of Department of Public Social Services funds for General Relief enhancements and the Volunteer Income Tax Assistance (VITA) project;
- \$3.6 million of Nondepartmental Special Accounts funds to restore prior-year Public Library curtailments; and
- \$0.3 million of Child Support Services funds to support the deficit mitigation strategy using current year savings.

Obligated fund balance of \$52.6 million is decreased for the following:

- \$31.1 million used to offset one-time costs;
- \$14.0 million of Health Services Tobacco Settlement used for health-related costs;
- \$6.5 million used for continued support of the Los Angeles Regional Interoperability Communications System (LA-RICS) Joint Powers Authority administrative operations;
- \$0.5 million used for Public Library Homework Centers and the Chicano Digitization Project; and
- \$0.5 million used by the Department of Community and Senior Services for the First District in Motion Programs.

Property Tax revenues reflect a net increase of \$204.9 million from the FY 2013-14 Final Adopted Budget. The increase includes \$184.3 million due to a projected 4.06 percent increase in assessed valuation based on the Assessor's preliminary forecast; \$0.6 million in sales tax (Triple Flip) revenue as a result of anticipated increases in taxable sales in the County; and a net increase of \$20.0 million in ongoing property tax revenue residual related to the County's General Fund share of redistributed property tax revenue resulting from the Redevelopment Dissolution Act (ABx1 26) enacted in February 2012. Property tax revenues include in-lieu Vehicle License Fee revenue as part of the State's Local Government Agreement (2004 Budget Act).

The recommended Property Tax revenue changes are comprised of the following:

- \$187.7 million increase in the Regular Roll;
- \$16.6 million increase in the Supplemental Roll; and
- \$0.6 million increase related to the taxable sales in the County and the dollar for dollar swap of sales tax revenue with Educational Revenue Augmentation Fund (ERAF) property tax revenue (Triple Flip).

Financing Uses

Provision for obligated fund balance may be nonspendable, restricted, committed or assigned for specific needs including future legal or contractual obligations:

- Obligated fund balance Committed for Capital Projects and Extraordinary Maintenance will increase by \$47.2 million for various future capital projects and refurbishment needs.

FIRE DEPARTMENT	PUBLIC PROTECTION		FIRE PROTECTION			

Mission Statement

To protect lives, the environment, and property by providing prompt, skillful, and cost-effective fire protection and life safety services.

2014-15 Budget Message

The Fire Department, as a Special District, is funded independent of the County General Fund, and relies primarily on property taxes and a special tax approved by the voters in 1997 to provide essential fire protection and emergency medical services. Since 2008-09, the Department has been impacted by an overall decline in property taxes and has

implemented cost containment measures to mitigate the impact of this decline. However, with an improved financial outlook as a result of projected increases in property tax assessments, the Department is focusing efforts on preserving its infrastructure; ensuring efficiencies; minimizing risk; identifying new revenue streams; and maintaining an appropriate level of reserves. These efforts will provide the foundation to sustain the current level of emergency staffing and essential support services.

The 2014-15 Recommended Budget includes the addition of 17.0 support positions that will help generate additional grant revenue and/or support departmental initiatives aimed at improving efficiencies; funding for additional firefighter recruit

training classes and for Board-approved increases in salaries and employee benefits. The Recommended Budget also includes funding for the future replacement of helicopters and the Department's Computer Aided Dispatch system.

Critical/Strategic Planning Initiatives

The Department provides 24-hour, emergency services to over four million people living and working in 57 of the County's 88 cities, the unincorporated communities, and the City of La Habra in neighboring Orange County. The Department's vast 2,300 square mile jurisdiction also includes 158 lifeguard towers spanning 72 miles of coastline, to protect millions of annual beach visitors, and over one million housing units. The Fire Department is one of the largest emergency service organizations in the country, and enjoys a world-renowned reputation for its adeptness and innovation in managing large-scale wildfires, earthquakes, and other natural and man-made disasters in Southern California.

The Department's Strategic Plan includes twelve goals designed to support future efforts in providing fire-protection and life safety services. These goals are: Preventing Injury and Illness; Delivering Exemplary Emergency Services; Innovating New Delivery Systems; Fostering Workforce Excellence; Ensuring Financial Stability and Accountability; Developing the Leader in Each Employee; Strengthening our Infrastructure; Automating our Systems; Containing Risks; Mitigating Disasters; Preparing the People We Serve; and Communicating our Value.

The 2014-15 Recommended Budget includes funding for programs in support of the following departmental strategic planning efforts: 17.0 support positions which will improve efficiencies and/or help generate additional revenue; additional firefighter recruit classes; replacement of apparatus and heavy equipment; replacement of necessary personal protective equipment for firefighters; cardiac monitors for use in emergency medical services; an automated fuel dispensing system; migration to the Windows operating systems as mandated by the Chief Information Office; a data system to track employee injuries and claims; a new phone system for the Lifeguard Division; and increases in the Department's contract air program.

Unmet Needs

The 2014-15 Budget Request includes funding to sustain departmental operations. The Department utilizes a multi-year fiscal forecast for financial planning purposes. Recent budget forecasts indicate a slight increase in property taxes and therefore, the financial outlook has improved. The Department will continue to evaluate new revenue streams to help support ongoing operations.

Mission Statement

To protect lives, the environment, and property by providing prompt, skillful, and cost-effective fire protection and life safety services.

2014-15 Budget Message

The Fire Department - Lifeguard budget provides funding for lifeguard services at County-operated beaches that are the responsibility of the General Fund. The budget establishes an appropriation for a General Fund transfer to the Fire Department's budget, which includes a percentage of all costs and budgeted positions for ocean lifeguard services. The 2014-15 Recommended Budget reflects a net decrease of \$0.6 million in NCC primarily due to the deletion of \$2.1 million in one-time funding for two rescue boats, a new phone system, and Phase 1 of the Vehicle Replacement Program, partially offset by \$0.9 million for Board-approved increases in salaries and employee benefits, and \$0.6 million for the purchase of a new rescue boat headquarters.

Critical/Strategic Planning Initiatives

The Fire Department's Strategic Plan includes 12 goals designed to support the Department's envisioned future. These goals are: Preventing Injury and Illness; Delivering Exemplary Emergency Services; Innovating New Delivery Systems; Fostering Workforce Excellence; Ensuring Financial Stability and Accountability; Developing the Leader in Each Employee; Strengthening our Infrastructure; Automating our Systems; Containing Risks; Mitigating Disasters; Preparing the People We Serve; and Communicating our Value.

The 2014-15 Recommended Budget helps support the Department's Strategic Plan efforts as it relates to Lifeguard operations.

Mission Statement

The Los Angeles County Civil Grand Jury investigates and reports on the operations, accounts, and records of County departments, cities, and any special legislative district or other district in the County created pursuant to State law, for which the officers of the County are serving in their capacity as officers of the districts pursuant to Article 1, Section 23, among other sections, of the California Constitution.

The Criminal Grand Jury makes inquiries into public offenses committed or triable within the County and presents them to the Court by indictment. The Criminal Grand Jury also conducts investigations brought to them by the District Attorney's Office.

2014-15 Budget Message

The 2014-15 Recommended Budget reflects an increase in NCC of \$12,000 primarily due to an increase in Board-approved employee benefits.

Critical/Strategic Planning Initiatives

- The Grand Jury continues to:
- Increase recruitment of Civil Grand Jurors to better represent the varied population of the County;
- Safeguard valuable Grand Jury original records and develop long-term storage solutions; and
- Plan for a third Grand Jury to be used for Criminal Grand Jury matters when needed.

Mission Statement

The mission of Grand Park is to provide a central gathering place to come together to celebrate, and to protect and expand green and open spaces for public use.

public-private partnerships, the Recommended Budget provides County funds for building and grounds maintenance, custodial, security, and programming requirements necessary for the operation of Grand Park.

2014-15 Budget Message

The 2014-15 Recommended Budget reflects a decrease in NCC of \$0.7 million due to the deletion of one-time carryover funding. The Recommended Budget also includes a 1.5 percent cost-of-living adjustment for Park operations and ministerial increases in services and supplies fully offset with parking and event revenue. Consistent with established contractual obligations, and demonstrating a commitment to

Critical/Strategic Planning Initiatives

Consistent with the County's vision to improve the quality of life in the County, Grand Park exists to serve the people of Los Angeles by assuring open spaces for casual sitting, leisurely strolling, and civic gatherings. Grand Park serves the community by providing access to community groups, neighbors, schoolchildren, and sponsored performing events.

Mission Statement

The mission of the Department of Health Services (DHS) is to ensure access to high-quality, patient-centered, cost-effective health care for County residents through direct services at DHS facilities and through collaboration with community and university partners.

On behalf of the community, the Department provides vital inpatient acute care services in four hospitals, and outpatient services at two multi-service ambulatory care centers (MACC), six comprehensive health centers, 11 health centers, and over 100 Community Partners' (CP) clinics. The Department works in close collaboration with other County departments, such as Mental Health, Public Health, Probation, Children and Family Services and the Sheriff, to provide targeted, coordinated services to residents with specific needs in the community.

The Department also manages emergency medical services for the entire County, and trains over 1,000 physician residents annually.

The Department ensures that the medically indigent have appropriate access to health care in their communities. DHS serves as a provider, contractor, and coordinator of health care services that are effective, efficient, and comprehensive, and that lower the cultural, linguistic, financial, and disability-related barriers to access.

The Department is a partner with the private sector, other County departments, and affiliated educational institutions in training health professionals and delivering health care services to the community.

2014-15 Budget Message

The 2014-15 Recommended Budget is fully funded with available resources, and reflects the minimum amount of local resources required by law (\$329.5 million and Vehicle License Fees (VLF)-Realignment revenue of \$263.4 million), plus an additional \$70.1 million in County funding. The additional County funding components include \$6.0 million from the General Fund and \$64.1 million in Tobacco Settlement funds. The Recommended Budget also reflects \$25.1 million in County resources allocated to the Department of Public Social Services (DPSS) for the In-Home Supportive Services (IHSS) Provider Health Care Plan and \$11.7 million allocated to the Capital Projects/Refurbishments budget for health-related capital projects.

The Recommended Budget reflects a decrease in NCC of \$42.8 million. This consists primarily of a \$37.1 million reduction in the use of Tobacco Settlement funds; a decrease of \$9.6 million in one-time funding for the final year of the Clinic Capacity Expansion Program (CCEP); and a decrease of \$2.0 million in one-time Homeless Prevention Initiative funds from the Second District; partially offset by an increase of \$3.3 million for a one percent increase in the maintenance of effort (MOE) related to AB 85, Redirection of 1991 State Health Realignment; an increase of \$2.7 million for health care provided by Juvenile Court Health Services to the Probation Department, and other minor adjustments.

The Recommended Budget includes a net increase of 832.0 budgeted positions, primarily attributed to 737.0 additional positions for the nurse staffing plan primarily to comply with State regulations; 56.0 positions for the Board-approved Managed Care Services (MCS) reorganization; 35.0 positions for the conversion of contract staff to County staff in the areas of radiology, family planning, information technology (IT), pharmacy, and health interpreting services; and 4.0 positions for the Children's Welcome Center (CWC) at LAC+USC Medical Center.

The Recommended Budget also provides for increased operational costs associated primarily with Board-approved salaries and employee benefits increases, the first phase of the standardized nurse staffing plan primarily to comply with State regulations, funding for the Senior Community Health Worker Initiative, funding for newly trained Registered Nurses seeking

transition to become Nurse Practitioners, expansion funding for the Housing for Health program, as well as funding for DHS' support of patient care at the new Martin Luther King, Jr. (MLK) Community Hospital.

The Recommended Budget reflects \$214.7 million in Measure B Special Tax revenue, of which \$212.9 million is allocated for County hospital emergency and trauma care costs at LAC+USC Medical Center and Harbor-UCLA Medical Center (H-UCLA), and for County hospital emergency care costs at Olive View-UCLA Medical Center (OV-UCLA), and \$1.8 million is allocated for services related to trauma centers and emergency medical services in Health Services Administration-Emergency Medical Services.

The Department's Enterprise Fund reserve was used in prior years to fund departmental expenses; however, it is anticipated to be depleted in FY 2013-14 and the Department is not currently projecting a fund balance available at the close of the fiscal year. Therefore, there is no balance available at this time to fund the 2014-15 Recommended Budget.

Critical/Strategic Planning Initiatives

The Affordable Care Act (ACA) was implemented on January 1, 2014 and DHS is continuing to develop its analysis of the impact of the ACA. With the support of the Board and the CEO's Health Care Reform Task Force, DHS and its many partners are working together to transform its system into an integrated care delivery model that will enable its system to provide the right care, at the right time, in the right location, by the right kind of provider.

The Department has developed preliminary estimates to project the impact on its budget regarding what is likely to occur in FY 2014-15. However, because of the unpredictability of what will actually take place as the ACA implementation rolls forward, the Department cautions that significant revisions to the budget may become necessary as the estimates are refined to align with actual experience. Further, the estimates included in the budget are solely based on the impact to the Department and do not factor in any sharing with the State under AB 85. The Department continues to work with the State to develop data formats, procedures, and protocols that will be used to determine the amount.

Unmet Needs

The Department's chronic funding challenges have resulted in directing funding to cover the increased demand of patient care and delaying investments in areas such as training, medical equipment purchases and facility maintenance.

Juvenile Court Health Services (JCHS) is responsible for providing health care services to juveniles in the Los Angeles County Probation Department's detention and residential treatment facilities, either directly or through referral for specialty or emergency services. Accredited by the National Commission on Correctional Health Care, JCHS provides 24-hour medical services to approximately 38,000 youths annually. Comprehensive health services include pediatric medical care, nursing, dental, pharmacy, laboratory, radiology, and health education. All physicians are licensed and credentialed through LAC+USC Healthcare Network's Department of Pediatrics. These services are partially funded by the Probation Department.

The Managed Care Services Division (MCS), formerly known as the Office of Managed Care (OMC), functions as the medical services organization for DHS and coordinates the delivery of health care to improve the quality of care provided by DHS in a managed care environment. MCS' main function is to support patients, providers, health plan partners and staff in fulfilling DHS' managed care responsibilities. MCS' goals are to improve DHS outcomes and patient experience, while reducing the cost of providing care. MCS monitors compliance with managed care contractors, including health plans and medical groups, health care quality, standardizes processes across DHS clinical settings and assesses potential new lines of business given new opportunities under the Affordable Care Act.

The Online Real-Time Centralized Health Information Database (ORCHID) budget unit, also known as the Electronic Health Record Information System (EHRIS), was established in November 2012 to account for the staffing costs associated with the development of DHS' electronic health record system. The 2014-15 Recommended Budget has been expanded to include all costs related to the development, design, and construction activities of ORCHID and the related capital projects that will be paid for out of DHS' operating budget.

A separate special fund was established to account for the development of the system and related capital projects that are to be funded through the issuance of tax-exempt commercial paper.

The LAC+USC Healthcare Network consists of the LAC+USC Medical Center (LAC+USC), three comprehensive health centers, and one health center. Affiliated with the University of Southern California (USC) School of Medicine, LAC+USC provides inpatient hospital services, which include surgical, intensive care, emergency, trauma, orthopedic, obstetrics/gynecology, psychiatric, and pediatric services. LAC+USC also provides outpatient services and various specialty services, such as a burn center, a neonatal intensive care unit, and a hyperbaric chamber on Catalina Island.

The MetroCare Network consists of the Harbor-UCLA (H-UCLA) Medical Center, the Martin Luther King, Jr. Multi-Service Ambulatory Care Center (MLK MACC), the Hubert Humphrey Comprehensive Health Center and Long Beach Comprehensive Health Center, and four health centers. Affiliated with the UCLA School of Medicine, H-UCLA Medical Center provides a full spectrum of medical, surgical and psychiatric inpatient services and outpatient ambulatory care services including: cardiovascular surgery, intensive and acute respiratory care, family medicine, general internal medicine, gynecology, interventional radiology, neurology, neurosurgery, obstetrics, pediatrics, radiation therapy and renal transplants. The H-UCLA Medical Center provides emergency services and is designated as a Level I Trauma Center. Additionally, MLK MACC provides a patient-centered, community-oriented approach to outpatient services, and a full array of ambulatory services to address the most pressing clinical issues of the community such as diabetes, hypertension, cholesterol, heart disease, cancer and HIV/AIDS.

The DHS Enterprise Fund accounts for miscellaneous enterprise fund items not associated with any specific facility. As of the 2013-14 Final Adopted Budget, the remaining fund balance available was transferred to the four Hospital Enterprise Funds and was depleted. At this time, the fund balance available is estimated to remain depleted and will be updated, if necessary, in a later budget phase.

The Department of Laboratories and Pathology includes clinical pathology and anatomic pathology. Anatomic pathology consists of surgical, cytologic and autopsy pathology, hematopathology, and electron microscopy. Clinical pathology sections include blood bank/transfusion medicine, chemistry, hematology and coagulation, immunology, microbiology, and urinalysis. Activities are designated as pre-analytical, analytical, and post-analytical, which range from patient preparation and specimen collection, transport of specimen, specimen processing, testing/analysis, results reporting and, in some cases, test interpretations. Specimens include blood, tissues, and various human sources for culture. The blood bank/transfusion services may range from donor

collection/procurement, testing for transfusion compatibility, release for transfusion, to apheresis of patients. Blood products range from whole blood, red cells, and fresh-frozen plasma to apheresis units. Some testing is performed off-site in either another hospital laboratory or in a contract reference laboratory.

Authority: Non-mandated, discretionary program.

The MCS Division, formerly known as the Office of Managed Care (OMC), functions as the medical services organization (MSO) for DHS and coordinates the delivery of health care to improve the quality of care provided by DHS in a managed care environment. MCS' main function is to support patients, providers, health plan partners and staff in fulfilling DHS' managed care responsibilities. MCS' goals are to improve DHS outcomes and patient experience, while reducing the cost of providing care. MCS monitors compliance with managed care contractors, including health plans and medical groups, health care quality, standardizes processes across DHS clinical settings and assesses potential new lines of business given new opportunities under the ACA.

Mission Statement

The Martin Luther King, Jr. (MLK) Community Hospital-Financial Assistance budget unit was created by the Board on December 17, 2013 to monitor funding related to assisting Martin Luther King, Jr.-Los Angeles (MLK-LA) Healthcare Corporation with establishing the new MLK Community Hospital.

2014-15 Budget Message

The 2014-15 Recommended Budget does not reflect funding at this time for the new MLK Community Hospital. The FY 2014-15 Budget increase will be reflected in a future budget phase. The FY 2013-14 estimate reflects Board-approved, one-time funding to assist MLK-LA with pre-hospital opening activities.

Mission Statement

The Homeless and Housing Program (HHP) was initiated to address the County's contributions to preventing and reducing homelessness in the County. In 2006, the Board approved a \$100.0 million Homeless Prevention Initiative (HPI). The Chief Executive Office (CEO) has managed this initiative and worked with County departments, the Los Angeles Homeless Services Authority (LAHSA), the City of Los Angeles and various other cities as well as many non-profit partners to increase permanent housing opportunities aligned with needed supportive services for homeless individuals, families, and youth. The HHP focuses on the following: increasing the number of permanent housing units (new development and market rate rentals) that target homeless individuals and families for occupancy; increasing the number of rental subsidies that align with these housing opportunities; aligning existing health, mental health and substance abuse resources with permanent housing opportunities to ensure that residents receive needed services and remain housed; and, maximizing and leveraging other streams of funding.

2014-15 Budget Message

The 2014-15 Recommended Budget reflects a net NCC decrease of \$8.7 million in one-time funding due to the reduction in one-time carryover savings. The budget provides one-time and ongoing funding to homeless assistance programs including: Single Adult and Transitional Age Youth Housing models; Gateway Connections Program to create permanent supportive housing and supportive services for homeless in the Gateway Cities area; Specialty Courts such as the Prototype Court and Homeless Court Programs for defendants who are homeless and have co-occurring illnesses (mental health and substance abuse); and others that provide supportive services for homeless families, individuals, and veterans.

While the economic downturn had a significant impact on many in the County, it had a disproportionate impact on the most vulnerable among us – the homeless population. It is important that the County help the most vulnerable homeless individuals and families regain permanent housing.

Critical/Strategic Planning Initiatives

The HHP has overseen at least 63 programs funded in part by HPI. In FY 2012-13, these programs served approximately 10,800 individuals, families and/or youth. Some of the highlights include the following:

- Secured emergency, transitional, or permanent supportive housing for approximately 4,884 individuals, families or youth.
- Implemented the Family Solution Centers, which consist of six regional sites within the County that connect homeless families to rapid rehousing, permanent supportive housing, and services. This demonstration project is funded in part by HPI (\$1.0 million) and is administered by LAHSA.
- Worked with the Sheriff's Department, Corporation for Supportive Housing, and other community-based organizations to develop an improved Just In Reach Program with a greater focus on permanent, supportive housing to serve homeless ex-offenders exiting the jail and State prison systems.
- Implemented the Gateway Connections Program to increase permanent affordable housing with services, outreach and engagement of street homeless, and rapid re-housing in the Gateway Cities Region. This effort is funded by HPI (\$1.2 million per year for three years) from Supervisorial Districts 1 and 4 and is administered by the Gateway Cities Council of Governments and the CEO.
- Participated in the United Way's Home for Good Funders Collaborative which resulted in millions of dollars being leveraged and coordinated to permanently house and provide supportive services for approximately 1,000 chronically homeless individuals.
- Continued to implement a Homeless Encampment Protocol, a collaboration of the CEO, Sheriff's Department, and LAHSA that responds to homeless encampments throughout the County. This collaborative program has addressed over 35 homeless encampments throughout the County in FY 2012-13.

Mission Statement

Provide innovative and efficient human resource solutions to support public service by recruiting, developing, and retaining a highly qualified, diverse workforce.

2014-15 Budget Message

The 2014-15 Recommended Budget reflects an increase in NCC of \$1.8 million. The increase is primarily attributed to Board-approved increases in salaries and employee benefits, ongoing funding for the expansion of the Executive Leadership Development Program, front funding for the Impact Team, and the expansion of the Administrative Intern Program.

Critical/Strategic Planning Initiatives

The Department of Human Resources continues working on the countywide human resources (HR) transformation which includes:

- Continuing front funding of the Impact Team;
- Implementing and expanding the Executive Leadership Development Program;
- Continuing the expansion and use of broad-based testing, competency-based examinations;
- Implementing the Performance Management Tracking System (PMTS);
- Identifying a permanent solution to meet the increased space and equipment needs for countywide examinations and trainings; and
- Seeking permanent funding and positions to establish HR Shared Services as part of the countywide HR architectural model.

Mission Statement

The Internal Services Department (ISD) supports the County by providing excellent in-house, contracted, and advisory services in the areas of purchasing, contracts, facilities, information technology (IT), energy and environmental programs, and other essential support services.

2014-15 Budget Message

The 2014-15 Recommended Budget reflects a decrease in NCC of \$5.8 million primarily due to the deletion of one-time funding for email migration costs for seven departments, upgrade of the water pumping system and controls at the Hall of Administration (HOA), replacement of private branch exchange (PBX) systems with Voice-over Internet Protocol (VoIP) for the most critical locations, power and sustainability improvements at the Downey Data Center, server consolidation, building maintenance workload, architectural and engineering fees associated with the Disaster Recovery Data Center project, and a reduction for the Countywide Cost Allocation Adjustment. These decreases are partially offset by ongoing and one-time funding for building maintenance workload, ongoing funding for countywide contracting training efforts, and increases in salaries and employee benefits. Also reflected is a net increase in gross appropriation

of \$8.0 million and 13.0 positions primarily attributable to various reimbursable services provided to County departments and other agencies, such as custodial services, County Office of Sustainability services, computing services, IT shared services, and facilities operations services.

Critical/Strategic Planning Initiatives

The ISD Strategic Plan for 2014-15 identifies strategic goals to improve customer service, create savings through innovation, and provide environmental leadership. This year's plan includes the following new or continuing strategic objectives:

- Continue to expand countywide email service and the County's private cloud, which provides savings through economies of scale and additional functionality;
- Implement new fiber countywide to address greater demand for bandwidth due to the expanding use of video conferencing, centralization of systems, WiFi access, and the increased use of personal computing devices;
- Continue to re-band and replace the Countywide Integrated Radio System (CWIRS) with a new P-25 compliant system, and continue to support the Los Angeles Regional Interoperable Communication System with essential radio technical and contracting expertise;

- Implement the Southern California Regional Energy Network Program, including the Energy Upgrade California program (residential and multi-family incentives for implementing energy saving measures) and financing programs that provide low cost funds to implement energy saving measures;
- Continue to expand ISD’s customer service quality assurance program to ensure strong customer feedback mechanisms;
- Create a new ISD internet website as a tool for customers to access ISD services and provide an additional avenue for customer feedback; and
- Continue to support the Chief Executive Office (CEO) and the Department of Public Works in the construction project for a new countywide data center, and lead countywide efforts to develop and execute a consolidated data center strategy based on shared computing and mechanical infrastructure.

Major accomplishments from last year include: expanded private cloud hosting solution and implemented user self-service server deployment; provided choices in server hosting from “basic” through “fully managed,” and reduced the cost per server ranging from 21 percent to 71 percent; implemented service management software to track customer incident reports for IT services; developed a pilot Contracts Management System (CMS) intended for countywide use along with the Auditor-Controller and other lead departments; secured grant funding to offset the cost of implementing electric vehicle charging infrastructure at various County facilities; implemented energy efficiency projects (lighting retrofits/controls, heating ventilation air conditioning (HVAC), retro-commissioning) that resulted in \$1.0 million countywide annual cost avoidance in electric and natural gas costs; and implemented the Disabled Veteran Business Enterprise Preference program as directed by the Board.

Mission Statement

The Judgments and Damages/Insurance budget provides funding for payment of judgments and settlements of uninsured claims against the County, as well as attorney fees and other litigation costs. In addition, this budget reflects funding for service contracts and the purchase of insurance policies, when such policies are available at a reasonable cost or are required by law or agreement.

2014-15 Budget Message

The 2014-15 Recommended Budget reflects funding for anticipated judgments and/or settlements, attorney fees and litigation costs, service contracts, and various commercial insurance policies. The budget also includes a central appropriation to fund large, unanticipated losses and losses of a countywide nature.

Mission Statement

The Los Angeles County Capital Asset Leasing (LAC-CAL) Corporation was established as a non-profit corporation by the Board in 1983 to assist the County in the financing of its critical capital assets equipment needs. Equipment purchases are initially financed by LAC-CAL through the issuance of bond anticipation notes (BANs). Outstanding BANs are periodically redeemed through the issuance of intermediate-term tax-exempt bonds or certificates of participation, or through leases with third-party lessors. The term of each bond issue or lease reflects the useful life of the financed equipment. The Corporation's outstanding bonds or leases are redeemed through semi-annual payments from the County.

2014-15 Budget Message

The 2014-15 Recommended Budget provides for the collection of lease payments due on LAC-CAL equipment leases from County departments and the transfer of such payments to the LAC-CAL Corporation. Also reflected is the payment of insurance premiums for which expenditures will be distributed to affected departments.

Mission Statement

The mission of the Los Angeles Regional Interoperable Communications System (LA-RICS) budget unit is to provide funding and support for County's efforts as part of the LA-RICS Joint Powers Authority (JPA), an independently operated governmental entity. The mission of the JPA is to construct, operate and maintain a shared, secured voice and data communications system that supports first responders and mission-critical personnel within the greater Los Angeles area.

2014-15 Budget Message

In the prior fiscal year, the JPA issued separate and independent request for proposals (RFP) for the design and build of public safety-grade Land Mobile Radio (LMR) voice and Long-Term Evolution (LTE) data wireless networks. The JPA then selected, negotiated and awarded separate contracts to the prevailing vendor in both RFPs

Both the LMR and LTE networks are currently undergoing system design, with the JPA expediting all work associated with the LTE network in an effort to utilize federal grant funding resources that expire in August 2015. The LMR network features a more practical design schedule, due to flexibility of its funding sources. Each network is independent of the other and will be activated separately.

The JPA is also refining the details for the overall system's estimated one-time financing and on-going funding needs and is in the process of developing a comprehensive funding plan and formula to divide the system's costs equitably among its members. It is also exploring legislative options to extend the federal grants set to expire in 2015.

The 2014-15 Recommended Budget reflects continued funding for administrative operations of the JPA.

Mission Statement

The Department of Medical Examiner-Coroner is mandated by law to inquire into and determine the circumstances, manner, and cause of all violent, sudden, or unusual deaths occurring within the County, including all homicides, suicides, accidental deaths, and natural deaths where the decedent has not seen a physician within 20 days prior to death.

The Board, on recommendation of the Chief Executive Office, appointed the current Chief Medical Examiner-Coroner on August 12, 2013, and subsequently approved an ordinance on September 3, 2013 renaming the Department from "Department of Coroner" to "Department of Medical Examiner-Coroner" and consolidated the management structure under a single department head.

2014-15 Budget Message

The 2014-15 Recommended Budget reflects a NCC decrease of \$2.3 million primarily due to the deletion of one-time funding for a new electronic case file system (ECFS), the scanning of case files, forensic laboratories accreditation costs, and carryover funding from the prior fiscal year offset by Board-approved increases in salaries and employee benefits, a countywide cost allocation adjustment, funding for 5.0 critical new positions and one-time funding to continue the implementation of the ECFS.

The Medical Examiner-Coroner strives to provide compassionate, quality service to all of its customers, including the decedents' families; funeral directors; law enforcement; courts, the District Attorney, Public Defender and other justice agencies; foreign consulates; and the news media. The Department is proud to be a leader in death investigation and continues to be successful in maintaining the following accreditations: National Association of Medical Examiners, Institute of Medical Quality/California Medical Association, Accreditation Council for Graduate Medical Education, Peace Officers Standards and Training, and American Society of Crime Laboratory Directors/Laboratory Accreditation Board.

Critical/Strategic Planning Initiatives

In coordination with the Internal Services Department - Information Technology (IT) Support Services Division and departmental IT staff, as a multi-year goal, the Medical Examiner-Coroner will develop an appropriate archival system for radiography.

The Department will continue to work with the Chief Information Office and Internal Services Department to complete the next phases of the ECFS project, which will expand system functionality to include Specimen Tracking, Morgue Management, and Case Folder tracking thereby, increasing efficiency and reducing risk of loss or destruction of paper case files.

Unmet Needs

The following are included for consideration as budget needs and details become available:

The Department plans to evaluate its current staffing needs and organizational structure that has been in place for several years. The Chief Medical Examiner-Coroner, with executive and physician managers, operations and administrative managers will determine the Department's operational and direct and indirect support needs. These needs will be presented to CEO Budget and Classification and Compensation divisions to ensure that appropriate staffing models and levels are allocated in a manner that more optimally aligns positions with duties, range and scope, level of responsibility and autonomy, and meets requirements set by law or policy.

Broader expansion of the Antelope Valley Regional Office operation to occupy approximately 7,500 square feet of available space at High Desert Hospital. This expansion would provide much needed additional decedent storage, augment autopsy capabilities and would function as a remote Emergency Operations Center in the North County. Occupancy in this area is expected to significantly increase over the next decade. This proposed expansion would improve current operations, and would become critical in a natural or man-made disaster situation. The expansion would require additional funding to add 1.0 Coroner Investigator, 1.0 Forensic Pathologist, 1.0 Forensic Technician, 1.0 Forensic Attendant and 1.0 Senior Typist Clerk positions; as well as cover moving and build-out and associated services and supplies costs related to the additional positions.

Net Program Costs	3,595,000	--	189,000	3,406,000	20.0

Authority: Mandated program by State – Chapter 498/77 Coroner’s State Hospital Patient Death, Chapter 284 Statutes of 2000 Postmortem Examinations: Unidentified Bodies, Human Remains (California Government Code Sections 27460 – 27540, 68096.1, and 68097, and County Code Chapter 2.22, Sections 2.22.010 to 110).

The Forensic Laboratory provides essential forensic services to the Department. The toxicology laboratory analyzes post-mortem biological specimens for the presence of drugs and other poisons. These analyses are used by the deputy medical examiners to help determine the cause and mode of death and are also used by decedent families, law enforcement, insurance companies, and the courts. Department criminalists are on call 24/7 to respond to crime scenes for the purpose of physical evidence identification, collection, documentation and preservation. Laboratories also provide gunshot residue testing for the Department as well as for law enforcement agencies throughout California. Laboratory services also include tissue processing for microscopic evaluation by departmental medical examiners. The Forensic Laboratory is also responsible for maintaining all physical evidence on Coroner cases in a manner that ensures its analytical integrity and the chain-of-custody documented from the time of collection to final disposition. The evidence control is based on departmental policies and procedures as well as guidelines set forth by ASCLD/LAB (American Society of Crime Laboratory Directors) whose accreditation the Department holds.

2. Forensic Medicine

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos

<i>Less Administration</i>	--	--	--	--	--
Net Program Costs	9,384,000	--	151,000	9,233,000	27.0

Authority: Mandated program by State – Chapter 498-77 Coroner’s State Hospital Patient Death, Chapter 284 Statutes of 2000 Postmortem Examinations; Unidentified Bodies, Human Remains (Government Code Sections 27460 to 27540, 68096.1, 68097; County Code Chapter 2.22 Sections 2.22.010 to 110).

The Forensic Medicine program is responsible for the professional medical investigation and determination of the cause and mode of each death handled by the Department. Board-certified forensic pathologists evaluate sudden unexpected natural deaths, and unnatural deaths such as deaths from firearms, sharp and blunt force trauma, etc. In addition, physicians are frequently called to court to testify on the cause of death and their medical findings and interpretations, particularly in homicide cases.

3. Forensic Medicine - Photo and Support Division - Autopsy Support Services

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos

Mission Statement

“Partnering with clients, families and communities to create hope, wellness and recovery” is the vision adopted by the Department of Mental Health (DMH), its stakeholders, and community partners in the County’s public mental health system. DMH’s current strategic plan is designed to achieve this vision and guide the system’s mission “to enrich lives through partnerships designed to strengthen the community’s capacity to support recovery and resiliency for all clients and their families.” More specifically, DMH, through its directly operated and contracted agencies, aims to provide services and supports utilizing best practices that are client-centered, recovery-focused, well-integrated, clinically and culturally competent, and linguistically appropriate. These services are provided in the least restrictive manner possible and include a focus on prevention and early intervention. They are tailored to help individuals achieve their personal goals, increase their ability for independence, and develop skills to lead the most constructive and satisfying life possible.

2014-15 Budget Message

The 2014-15 Recommended Budget reflects the Department’s focus on the Affordable Care Act (ACA) implementation and its impact on the directly operated programs and contracted

agencies in several key areas. Under the roll-out of the Medicaid expansion in the County, health plans will utilize the Department’s access center as the countywide call center for urgent mental health referrals as well as consultation regarding specialty mental health services. To ensure a timely and thorough response to these calls, the Recommended Budget reflects 12.0 positions for the access center. In addition, due to the growing demand for mental health services for adults who are newly eligible for mental health benefits, the Recommended Budget includes 33.0 positions for the directly operated adult outpatient programs. This includes additional social workers who will assess and treat the new Medicaid expansion population and community workers who will aid in care coordination as part of the Department’s emphasis on integrating treatment with primary care entities.

The Recommended Budget also reflects the addition of 2.0 positions to support the Nurse Family Partnership program, a collaborative effort with the Department of Public Health, to conduct outreach and support for pregnant women with mental illness. In addition, to ensure the Department engages in quality assurance for claiming by the Office of the Public Guardian, 1.0 additional position is included in the Recommended Budget. This budget continues to develop the Office of Empowerment and Advocacy by adding 4.0 positions supporting efforts to ensure meaningful involvement of

individuals in recovery in the design of mental health programs. Additionally, the budget reflects the addition of 6.0 positions, fully funded by a grant received from the Veteran's Administration, for the delivery of services to homeless veterans with mental illness.

DMH is preparing for the termination of the specific dedicated mental health services funded through the California Work Opportunity and Responsibilities to Kids (CalWORKs) Homeless Services Program as that program transitions to new models of service delivery. This will result in a decrease of \$2.4 million and 10.0 positions, and curtailment of funding to contract agencies. In addition, there is a decrease of 1.0 grant-funded position for the Substance Abuse and Mental Health Services Administration Wellness Family Project to reflect the reduction in the annual grant allocation. The Department's budget also includes continued funding for the Psychiatric Emergency Services Decompression Plan, approved by the Board on June 25, 2012. Finally, the Recommended Budget reflects increased rates charged to DMH for inpatient beds at Institutions for Mental Disease (IMD) and State hospitals, due to unavoidable cost-of-living increases of 4.7 percent and 6 percent, respectively.

As in prior years, the Recommended Budget will allow the Department to continue collaborating with County departments, its stakeholders, and community partners to implement Mental Health Services Act (MHSA) programs, Board priorities, and other mandates that ensure the provision of highest quality and most cost-effective services to children, adolescents, adults, and older adults with serious mental illnesses or disorders. These include, but are not limited to, the following: 1) the ongoing delivery and assessment of services provided by MHSA funded programs to children, transition age youth, adults, and older adults to ensure they reflect the Department's commitment to a wellness and recovery-oriented system of care; 2) the continued collaboration with the Department of Children and Family Services (DCFS) on the implementation of the Katie A. Strategic Plan; 3) active participation in the restructuring of the General Relief (GR) program in association with the Department of Public Social Services (DPSS); 4) the implementation of the Collaborative Care Integration program with the Department of Health Services (DHS) to deliver Prevention and Early Intervention (PEI) mental health services at DHS facilities; 5) services to chronically homeless individuals with serious mental illness and co-occurring substance abuse disorders;

and 6) the execution of the County action plan to address the needs of youth in probation halls and camps in conjunction with the Probation Department, as well as the Public Safety Realignment (AB109) program focused on the delivery of assessment and treatment services to inmates and parolees with mental health and/or co-occurring mental health and substance use disorders.

Critical/Strategic Planning Initiatives

The Department continues to identify and implement strategic approaches to ensure the provision of high quality and cost-effective care to individuals with serious mental illness disorders. In FY 2014-15 these will include:

- Continued implementation of the ACA, including the Medicaid expansion.
- Development of Health Neighborhoods as a strategy for effective coordination of mental health, health, and substance abuse services – as well as a mechanism for empowering communities to address health disparities.
- Delivery of integrated mental health-primary care services through a variety of structural arrangements (e.g., co-location of directly operated DMH staff in DHS facilities, alignment of contract adult and child providers with primary care providers) as well as use of technology such as eConsult and telepsychiatry.
- Continued implementation of the Psychiatric Emergency Service decompression plan in collaboration with DHS.
- Full implementation of the DMH Integrated Behavioral Health Information System including the electronic health record.
- Continued implementation of Public Safety Realignment mental health/co-occurring disorders services.
- Expansion of services to families of veterans returning from Iraq and Afghanistan that will reduce the stress commonly encountered during family reunification.
- Collaboration with other County departments such as DCFS (Katie A. Strategic Plan), Probation (Juvenile Justice), and DPSS (GR).
- Inclusion of stakeholders and community partners in efforts to transform the entire mental health system.
- Continuation of focus on outcomes and increasing services for underserved ethnic populations.

Unmet Needs

The Department's unmet needs include: 1) funding for additional Jail Mental Health staff in order to enhance services delivered to incarcerated individuals with mental illness within the existing Los Angeles Sheriff's Department facilities, planned to be addressed in a future budget phase; 2) augmentation of funding for the Probate section of office of the Public Guardian including funding that would support the move of this program to space that can better accommodate the work of the program and funding needed for unavoidable cost increases to maintain probate services; 3) funding to address services for uninsured consumers, including homeless, dually diagnosed and the underserved ethnic populations; 4) positions for the Department's ACCESS Call Center to enhance the provision of timely services, crisis intervention, linkage/referrals, and language translation assistance, and to avoid dropped calls; and 5) program and central administrative infrastructure, including information technology (IT), to support the growth in mental health services' programs and revenue sources.

Mission Statement

The Department values the dedication and sacrifice of the military, veterans, and their families by promoting awareness of their contributions through programs that advance veterans' services and benefits. The Department also advocates on behalf of veterans for legislation and changes in laws that enrich their quality of life.

2014-15 Budget Message

The 2014-15 Recommended Budget reflects an \$88,000 NCC increase primarily due to funding for 2.0 positions for the Veterans Welfare Referral and Claims Benefits program, storage space and Board-approved increases in salaries and employee benefits, partially offset by the deletion of one-time carryover funding to offset costs associated with the reopening of the newly renovated Bob Hope Patriotic Hall.

Critical/Strategic Planning Initiatives

The Department continues to focus on increasing veterans' service levels by collaborating with County departments, developing and training staff, and partnering with military and veterans' service organizations. The Department will optimize operational effectiveness and integrate service delivery by:

- Strengthening and enhancing its capacity to sustain essential veterans' service through effective training, agency collaboration and leadership by:
 - Ensuring that all veteran service representatives are state accredited through the California State Department of Veterans Affairs (DVA), Training Responsibility Involvement Preparation of Claims (TRIP) through the DVA, and nationally accredited through the National Association of County Veteran Service Officers.
 - Establishing partnerships with County departments and veteran organizations and agencies such as: 1) partnering with the Department of Public Social Services to identify veterans receiving General Relief and pursue compensation claims with the DVA; 2) coordinating with the Department of Mental Health to provide mental health services to veterans and families; 3) continuing efforts with the Sheriff's Department to provide services to veteran inmates in County jails; 4) working with the Departments of Human Resources and Beaches and Harbors to explore job opportunities for veterans; 5) initiating a veteran's resource center at Patriotic Hall with the Public Library; 6) building a one-stop veterans shop at Patriotic Hall in partnership with veterans organizations and agencies; and 7) developing and implementing a communications plan connecting veterans to services and benefits.

- Maximizing opportunities to measurably improve veteran's outcomes and leverage resources by:
 - Delivering veteran services through innovative methods and continuous integration by establishing Memorandums of Understanding with County departments and veteran organizations.
 - Increasing outreach and promotional efforts to enhance the number of veterans receiving services using outcome measures.
 - Providing learning opportunities in partnership with academic institutions and County agencies.
 - Recognizing department/staff through applications for County, State and National awards programs.

Unmet Needs

The Department is requesting the following positions: 1.0 Application Developer, 2.0 Veterans Claims Assistant I, 1.0 Administrative Assistant I, and 1.0 Career Development Intern.

With more than 2.0 million veterans living in California, a quarter of these veterans live in Los Angeles. Thus, it is also home to one of the largest populations of homeless veterans in the nation. Predictably, with the increasing number of returning Afghanistan veterans and their families to the Los Angeles area, the growing number and complexity of veterans' claims, and the stand-up of a service center at Bob Hope Patriotic Hall, there is a need to increase the Department's staffing levels. Today's limited funding will not support the continuing increase in the needs of the veterans population. This will be the Department's biggest challenge in the coming years.

Authority: Non-mandated, discretionary program.

This program provides assistance with veterans' benefit claims, Medi-Cal benefits, veteran burials, housing grants and education assistance program. Veterans' benefit claims help veterans receive VA benefits. Medi-Cal benefits provide medical care to senior veterans and their dependents who are confined to nursing homes. The Department assists veterans who qualify for pensions, compensation, aid, and attendant care. The college fee tuition waiver is administered to dependents of disabled veterans. The Department also administers the Veteran System Navigator Program that assists veterans transitioning from military to civilian life (combat to community). This includes veterans requiring help with employment, education, substance abuse, homelessness, and mental health services.

Mission Statement

The Los Angeles County Museum of Art's (LACMA) mission is to serve the public through the collection, conservation, exhibition, and interpretation of significant works of art from a broad range of cultures and historical periods; and to translate these collections into meaningful educational, aesthetic, intellectual, and cultural experiences for the widest array of audiences.

2014-15 Budget Message

The 2014-15 Recommended Budget reflects a net decrease of \$0.1 million primarily due to the deletion of one-time carryover funding partially offset by an increase in the CPI-based COLA adjustment pursuant to the 1994 operating agreement amended on May 20, 2008. The Recommended Budget also includes funding for Board-approved increases in salaries and health insurance subsidies fully offset with a decrease in services and supplies funding consistent with the Board-approved operating agreement.

The Recommended Budget continues support for a full exhibition schedule, including special presentations of works by Pierre Huyghe, John Altoon, Larry Sultan, Marsden Hartley, and Archibald Motley. The permanent collection will be highlighted with installations of pre-Columbian, Korean, and Japanese works. Several LACMA-organized exhibitions

continue to travel, raising the museum's image and prestige in the field, including German Expressionism and France (Canada), India's Universe (China), and Calder and Abstraction (England).

Art Programs with the Community continues its multi-year partnership with schools, libraries, and other organizations throughout Los Angeles Unified School District Local Districts West and South. This year LACMA is also continuing the Art and Film Educational Initiative, designed to expose audiences to the intersection between art and technology. This program series includes hand-drawn animation workshops for Los Angeles Unified School District middle school students, classroom teacher professional development, curriculum, and an after school filmmaking program. In addition, the LACMA Art+Film Lab will complete the final two sites of a nine-city tour (Redlands, San Bernardino, Altadena, Monterey Park, Hacienda Heights, Montebello, Compton, Inglewood, and Torrance). This initiative consists of an artist-designed mobile classroom that houses hands-on art and filmmaking workshops, film screenings, and an opportunity for community members to record their own video portrait. Each five-week residency culminates in a special free day at LACMA where community members receive complimentary admission and a chance to view a commissioned video artwork featuring residents from each site.

Critical/Strategic Planning Initiatives

The Museum of Art will continue implementation of its long-range strategic objectives:

- Improve the quality and presentation of the collections;
- Attract and engage a broader audience through expanded international recognition of LACMA as a quality art institution

and continued commitment to educational programs and overall scholarship;

- Improve the museum campus; and
- Develop a stable and sustainable financial and organization plan.

Mission Statement

The mission of the Natural History Museum (Museum) is to inspire wonder, discovery, and responsibility for our natural and cultural worlds.

2014-15 Budget Message

The 2014-15 Recommended Budget is based on the 1994 operating agreement amended on September 26, 2006, and further amended on June 24, 2013 and October 8, 2013, between the County and the Museum of Natural History Foundation (Foundation), which established each entity's operational and financial responsibilities. This public-private partnership enables the Museum to maintain educational and research programs and basic operations at the Museum of Natural History located in Exposition Park, the George C. Page

Museum at the La Brea Tar Pits, and the William S. Hart Museum in Newhall. The Recommended Budget reflects an NCC increase of \$0.8 million primarily attributed to an increase in the Consumer Price Index-based cost-of-living adjustment and an increase in base funding to support physical and programmatic expansion, partially offset by the deletion of one-time carryover funding.

Critical/Strategic Planning Initiatives

The Museum continues to implement its strategic plan, which is consistent with the County's Strategic Plan. Through the strategic planning process, the Museum will identify and prioritize programs for funding in FY 2014-15 that further its mission.

Unmet Needs

In recognition of the economic crisis that has impacted the County, the only critical need included in the FY 2014-15 Capital Budget request is related to the Museum's auditorium. This project requires significant investment that cannot be covered from the operating budget.

Mission Statement

The Music Center (Center), a private non-profit corporation, in partnership with the County, provides world class music, opera, theatre, dance, arts education programs, participatory arts, and community special events to the Southern California community and visitors. Each year, the Center welcomes more than 1.3 million visitors to tour its venues and attend performances by its four internationally-renowned performing arts companies. The Center provides leadership in arts learning in schools and the community by engaging people in the arts and advancing the quality and scope of arts education. Its educational programs serve over 300 schools, totaling over 600,000 students.

The County supports the Center through a budget that provides for the building and grounds maintenance; custodial, security, and usher services; utilities; insurance; long-term lease; and miscellaneous administrative support services at the Center.

2014-15 Budget Message

The 2014-15 Recommended Budget reflects an increase in NCC of \$0.9 million primarily due to a cost-of-living adjustment, unavoidable contract cost increases, management of various County funded contracts, and an anticipated increase in capital lease costs. Consistent with established contractual obligations, and demonstrating a commitment to maintaining public-private partnerships, the Recommended Budget continues to provide County funds to maintain and operate the facility.

Critical/Strategic Planning Initiatives

Consistent with the County's vision to improve the quality of life in the County, the Center exists to serve the people of Los Angeles by assuring the presentation of the very best of the performing arts in its theaters and concert hall. The Center serves the community by providing access to the performing arts to families and children on the Center's campus and by providing educational services in the region's schools.

2014-15 Budget Message

Nondepartmental revenues are derived largely from revenue-generating activities not related to any specific County department.

The 2014-15 Recommended Budget primarily reflects:

- An increase of \$9.0 million in deed transfer tax revenue based on actual trend and a steady growth in the County's housing values;
- An increase of \$1.3 million in sales and use tax revenue based on ongoing trend;
- A decrease of \$0.3 million in Other Governmental Agencies associated with the dissolution of the Huntington Municipal Water District in FY 2013-14;
- A decrease of \$2.0 million for hospital interest earnings;
- An increase in revenues from franchises (\$1.1 million) and rents, concessions, and royalties (\$0.9 million); and
- A realignment of revenues for overhead charges assessed to the Hospitals and Special Fund/Special Districts (\$2.0 million) for the use of general County services.

Mission Statement

The Nondepartmental Special Accounts budget provides for special General Fund expenditures and revenues, which are not directly related to any single County department and, if included in any department's budget, would distort the true operating costs of that budget. The appropriation reflects charges for services of countywide benefit and for special contracts that are not related to any single department's main mission. Also, included are interest expense and earnings associated with the Treasury Management Program.

2014-15 Budget Message

The 2014-15 Recommended Budget reflects:

- A Board-approved increase in salaries and employee benefits that will be allocated to departments in the subsequent budget phase(s).
- A decrease in other financing uses due to the deletion of one-time funding for various Public Library projects and the elimination of a one-time transfer from the General Fund to the Productivity Investment Fund. The decreases are partially offset by increases in funding for the Pico Rivera Library, Public Library Homework Centers, Chicano Digitization library projects, and the Civic Center Parking Fund.

Mission Statement

Through a vision of improving the quality of life in the County, the Department strives to provide the residents and visitors alike with quality recreational opportunities that promote a healthy lifestyle and strengthen the community through diverse physical, educational, and cultural programming, and enhances the community environment by acquiring, developing, and maintaining County parks, gardens, golf courses, trails and open space areas.

Critical/Strategic Planning Initiatives

The Department remains committed to maintaining the County's Strategic Plan. Continued and enhanced efforts found in efficiencies, exploring new possibilities to augment revenue, and discovering creative methods to sustain with minimum funding will all be necessary for the Department's operations as well as to support the three Strategic Goals: Operational Effectiveness (Goal 1), Fiscal Sustainability (Goal 2), and Integrated Services Delivery (Goal 3).

2014-15 Budget Message

The 2014-15 Recommended Budget reflects \$4.9 million decrease in NCC primarily attributable to the deletion of one-time funding, partially offset by Board-approved increases in salaries and employee benefits, electricity rate increases, and First Supervisorial District changes. The Recommended Budget also reflects realignments based on historical experience and anticipated needs.

Unmet Needs

The Department's 2014-15 critical needs consist of partial reinstatement of programs (recreation and capital assets) and funding curtailed as a result of the economic downturn; augmentation of the Department's Employee Relations unit, training, aquatics and strategic planning; replacement of aging, non-diesel vehicles, and information technology equipment upgrades and enhancements.

Funding and augmentations for the aforementioned needs allow the Department to continue its operations without disruptions and in some cases, may allow the Department to operate its facilities at a preferred service level. Partial reinstatement of programs include full accessibility to lake swim beaches and nature centers; various recreational positions associated with these programs; and capital assets for facility construction and ground maintenance. Additional personnel is needed for Employee Relations to allow for effective, efficient handling of numerous caseloads (which has since increased from the implementation of the County Policy of Equity); and for aquatics to effectively manage pools and increase safety. Other efficiencies would be achieved through enhancements in supervisor training and strategic planning. Also, approximately 25% of the Department's fleet of 600 vehicles has reached the County replacement standard of 7 years or older and/or 100,000 or more miles, and funding to replace these vehicles will greatly reduce the frequency of repair and costs. Lastly, replacement of outdated computer monitors and applications are needed along with additional personnel, equipment and services for intranet development, computer maintenance and upgrades, and for overall efficiency.

Mission Statement

To promote and enhance public safety, ensure victims' rights, and facilitate a positive change in adult and juvenile probationers.

The Probation Department recommends and enforces court-ordered sanctions for probationers, including the detention of juvenile offenders and the return to court of non-compliant adult offenders; provides supervision and monitoring of probationers; and prevents and reduces criminal activity by developing and implementing strategies from early intervention through suppression. In an expanded role under Public Safety Realignment (Assembly Bill 109 or AB109), the Probation Department will also provide services to post-release supervised persons (PSPs). The Department proactively seeks resources and collaborations to maximize opportunities to positively impact the behavior of probationers by providing them with educational and vocational services, as well as access to health and mental health services that will build upon the strengths and capabilities of probationers, their families, and their communities.

Departmental services are administered and financed through five separate budget units. The Probation – Support Services budget funds administrative, information technology, quality assurance, training, and management services. The Juvenile Institutions Services budget which consolidates the former Detention and Residential Treatment budget units and funds the three juvenile halls (Central, Los Padrinos, and Barry J. Nidorf), intake and detention control, community detention services, transportation, Dorothy Kirby Center, and 13 probation camps. The Field Services budget funds juvenile and adult investigation and supervision services. The Special Services budget funds juvenile special services and juvenile placement services. The Care of Court Wards budget provides funding for the placement of juvenile court wards in residential facilities, foster homes, and the California Department of Corrections and Rehabilitations housing as parole placements as mandated by law.

2014-15 Budget Message

The 2014-15 Recommended Budget reflects an NCC increase of \$9.9 million, primarily due to \$13.1 million for Board-approved increases in salaries and health insurance subsidies; \$2.8 million transferred from the Provisional Financing Uses (PFU) budget unit for five positions for the enhancement of the Return-to-Work (RTW) unit and 17.0 positions and services and supplies for the opening of two Juvenile Day Reporting Centers (JDRCs); partially offset by the deletion of \$5.9 million in one-time funding for the Employment Support Services contract with the Sheriff's Department (\$600,000), Education Reform carryover (\$2.5 million), Title IV-E Reinvestment program (\$800,000), building refurbishments (\$1.0 million), and vehicle replacements (\$1.0 million). The budget also reflects a reduction of \$0.1 million in other adjustments.

Critical/Strategic Planning Initiatives

The Probation Department has developed a strategic plan transforming from a custodial and supervision model to an evidence-based practices treatment and rehabilitation model. The goals include implementing evidence-based practices; developing and expanding collaborative efforts and community capacity; and maintaining a commitment to organizational development. The top priorities of the Department are:

- Continue efforts to implement Department of Justice (DOJ) recommendations;
- Continue the roll out of AB109 Realignment;
- Continue efforts to change the culture of the Department;
- Continue to work with the Chief Executive Office (CEO) to identify funding for previously deferred maintenance projects; and
- Continue to work with the CEO to identify funding for high-mileage transportation vehicles.

Net Program Costs	209,468,000	--	37,233,000	172,235,000	1,714.0

Authority: Mandated program - California Welfare and Institutions (W&I) Code Section 850.

The juvenile halls provide temporary housing for youth who have been arrested for criminal or delinquent activity. The juvenile halls staff assess the youth as to the risk they pose to the community, the need to remove them from the community, and their service needs. Those youth who pose a significant threat to the community are then detained pending the court process. While in juvenile hall, minors are provided physical health, mental health, and educational assessments, and treatment as required. Minors are also required to attend school daily, be involved in life skills training, and engage in recreation and social activities.

The Community Detention Program (CDP) provides intense supervision for both adjudicated and pre-adjudicated minors. Under CDP guidelines, participants must comply with specific court ordered terms as a condition of their community release, pursuant to Section 628.1 of the W&I Code. Participants are both electronically monitored and supervised by an assigned Deputy Probation Officer (DPO), who holds the minor accountable to a pre-approved schedule of sanctioned activities.

2. Residential Treatment

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos
Total Program Costs	151,579,000	3,477,000	40,086,000	108,016,000	1,222.0

Net Program Costs	151,579,000	3,477,000	40,086,000	108,016,000	1,222.0

Authority: Non-mandated, discretionary program.

Aids in reducing, through the camp program, the incidence and impact of crime in the community by providing a residential experience that introduces effective life skills to each ward. The camps provide a valuable, intermediate sanction alternative to probation in the community or incarceration in the California Department of Corrections and Rehabilitation (CDCR). The program provides intensive intervention in a residential setting over an average stay of six months for youth committed by the Juvenile Court. Each minor receives mental health, physical health, educational, and family assessments that allow for treatment to be tailored to meet individual needs. The camps provide structured work experience, vocational training, education, specialized tutoring, athletic participation, and various kinds of social enrichment. The goal of the program is to reunify the minor and family, to reintegrate the minor into the community, and to assist the minor in achieving a productive, crime-free life.

3. Juvenile Services

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos

Net Program Costs	127,153,000	140,000	109,624,000	17,389,000	987.0

Authority: Mandated program with discretionary service level – California W&I Code Sections 206, 280, 602, 628.1 and 652 - 654.

The Camp Community Transition Program (CCTP) targets probationers transitioning from one of the Department’s camps to the community. Many of these youths are gang-involved, drug and alcohol users, low academic performers and have multiple risk factors across multiple behavior domains. CCTP uses goal-directed and multimodal intervention approaches that are family-focused. Behavior interventions are organized and designed to promote behavioral change in the probationer's home environment, emphasizing the systemic strengths of the family, peer group, school and neighborhood in order to facilitate the desired behavioral change.

The School-Based Probation Supervision program is designed to provide more effective supervision of probationers, increase the chances of school success for these youths, and promote campus and community safety. Participants include probationers and at-risk youth in 85 school service areas that are accepted into the program by School-Based DPOs. These DPOs are assigned and placed on school campuses with a focus on monitoring school attendance, behavior, and academic performance. Programs target high schools and select feeder middle schools with a focused early intervention approach.

4. Juvenile Suitable Placement

Net Program Costs	30,179,000	1,383,000	26,893,000	1,903,000	226.0

Authority: Mandated program with discretionary service level – California W&I Code Section 16516.

Provides, through suitable placement, a dispositional option for the Juvenile Court for minors whose delinquent behavior may be explained by a contributory family environment and/or emotional/psychiatric problems. Most suitable placement minors are removed from their homes and placed in a safe environment (group home, psychiatric hospital, Dorothy Kirby Center, etc.) pending resolution of the minor’s issues. DPOs work with the minor and the family to identify needed services and prepare case plans to assist them with accessing the services. Through monitoring the minor’s progress, the DPO is able to determine what long-term living arrangement would be in the best interest of the minor and develop/implement a permanency plan to return the minor to a safe and stable environment, such as reunification with family, emancipation, placement in a relative/non-relative home, or long-term foster care.

Mission Statement

The Project and Facility Development Budget was established to reflect and account for appropriation necessary to fund specialized County services and consultant activities related to projects that are under development, as well as improvements to County facilities being implemented by other governmental agencies or jurisdictions pursuant to funding agreements approved by the Board.

agencies or jurisdictions; \$0.3 million in capital assets - equipment to fund the acquisition of trailers to mitigate operational impacts to recreation and public-oriented programs that are displaced during construction; and \$6.2 million in other financing uses which represents transfers of unspent funds from capital projects to be reallocated to departments operating budgets for the purchase of furniture and equipment, and to the Civic Art Special Fund per Board policy to fund public art projects.

2014-15 Budget Message

The 2014-15 Recommended Budget appropriates \$22.7 million in services and supplies to fund consultant studies that quantify departmental space needs, develop master plans, provide technical, structural, and environmental impact assessments, and assist in the development of facility programs and capital planning efforts.

The Recommended Budget also incorporates \$26.8 million in other charges to fund County contributions for improvements to County and other public facilities implemented by other

Critical/Strategic Planning Initiatives

The budget provides a funding mechanism for departmental and countywide capital development and planning activities. The activities funded from this budget contribute to the multi-year planning efforts of departments, and the County as a whole, by ensuring that capital programs appropriately reflect operational and programmatic requirements and departmental strategic plans.

Reflects a \$17.4 million net increase for anticipated costs associated with implementing the Citizens' Commission on Jail Violence recommendations.

Various

Reflects a net decrease of \$53.2 million for Board-approved salary increases (\$38.1 million), the elimination of one-time funding transferred to various budget units in FY 2013-14 (\$31.8 million), and various other programs (\$0.3 million). These decreases are partially offset by an increase in carryover savings from the prior year (\$17.0 million).

Mission Statement

The Public Defender provides constitutionally mandated legal representation to indigent criminal defendants and juveniles in the Superior Court of Los Angeles County as well as in State and federal Appellate Courts. The Department strives to ensure equal treatment within the justice system by safeguarding liberty interests and upholding the rights of individuals.

2014-15 Budget Message

The 2014-15 Recommended Budget reflects an NCC increase of \$8.1 million primarily due to Board-approved increases in salaries and employee benefits; travel costs for Proposition 36 resentencing cases, and the deletion of one-time carryover funding for facility repairs and the purchase of computers.

Critical/Strategic Planning Initiatives

- Enhance ongoing Risk Management efforts; ensure uniform training standards for supervisors and managers; develop and/or providing supervision, management and leadership training through various means such as developing and implementing new Deputy in Charge training, new and/or refresher Head Deputy training, and non-attorney supervisor manager training; identify/develop a knowledge-based curriculum for supervisors and managers that is consistent with and will facilitate the Department's vision for workforce development; and identify, evaluate and select methods of developing and strengthening leadership skills among attorney supervisors and managers through such things as seminars, workshops, materials, exercises and programs.

- Further explore new and innovative methods to facilitate the efficient internal dissemination and timely delivery of information. The Office will also forge meaningful community outreach efforts that promote civic pride and educate the public about the role and mission of the Public Defender's Office. This will be accomplished by developing stronger ties with other County agencies, such as the CEO's Office of Public Affairs, and with the communications deputies of supervisorial districts as well as with outside agencies; developing a plan to educate the public about the Public Defender's mission and services, via the Department's public website and through other means; developing informational materials to promote public knowledge of the Public Defender's mission and its services and our Centennial anniversary celebration, as well as constitutional rights under both the California and United States constitutions; and encouraging the volunteer outreach by staff in various venues such as Volunteers in Parole and the Constitutional Rights Foundation, to educate youth and families about the justice system and their legal rights and obligations.
- Enhance disaster preparedness and employee safety and augment existing risk management efforts through various measures, including developing an orientation plan for disaster preparedness for Public Defender staff; developing a plan to offer comprehensive disaster preparedness training to select employees office-wide; researching and identifying materials for office-wide distribution in order to educate staff on disasters, their impact, and the hazards posed by buildings and non-structural items; identifying and evaluating materials

for posting on the Public Defender Portal which staff members can access to educate themselves on disaster preparedness and contact information in the event of a disaster; identifying those staff members who have received comprehensive disaster preparedness training and devise a plan to use their knowledge for the improvement of the Department; and identifying, training, developing and implementing a training plan addressing employee safety in the field, specifically including driving skills and responsibilities.

- The Public Defender has anticipated and prepared for a major change in the Three Strikes Law, which took effect November 2012, and is currently handling 366 Proposition 36 Three Strikes post-conviction matters in which the client has not yet been resentenced and released. The Department has absorbed this workload; however, additional expenses will be incurred for employee travel to State prisons on these matters. Lastly, the State has made findings which largely eliminate Sexually Violent Predator (SVP) funding. Department SVP operations cost about \$7.0 million. The Department has continued to maintain its budget within its limitations in spite of numerous challenges.
- Public Defender plans to upgrade the Electronic Document Management System (PD-EDMS) to integrate/interface with the Case Management System (CMS). The Department is also proceeding with a Public Defender Statistical System (PDSS) which utilizes data from the legacy Defense Management System (DMS) at a low cost.

Mission Statement

The mission of the Department of Public Health (DPH) is to protect health, prevent disease and injury, and promote health and well-being for everyone in the County.

2014-15 Budget Message

The 2014-15 Recommended Budget reflects a net increase in appropriation and revenue, and the elimination of one-time carryover funding from prior year as well as funding for Board approved salaries and employee benefits, resulting in a reduction in NCC.

The Recommended Budget also reflects an increase of 53.0 positions, fully offset by decreases in services and supplies and additional revenue, associated with the following programs: 1) Substance Abuse Prevention and Control (SAPC) Drug/Medi-Cal program for clinical oversight of contract services; 2) Communicable Disease Prevention and Control to address expanded scopes of work under the Affordable Care

Act (ACA); 3) Environmental Health for the new County Toxic Threat Strike Team and to support the billing functions of the electronic inspection system; 4) Chronic Disease and Injury Prevention to fulfill the grant functions of the local health department Nutrition Program; and 5) Centralized support to streamline administrative processes.

Critical/Strategic Planning Initiatives

Public Health's Strategic Plan was developed through an extensive process involving stakeholders, data and trend analysis, and policy assessments, and includes goals and objectives that contemplate the existing and emerging public health landscape. The Recommended Budget supports efforts to preserve an organizational infrastructure focused on maximizing organizational effectiveness and meeting service excellence goals. A strong organizational infrastructure enables all public health programs to better serve clients, address the public health needs of all County residents, and meet program goals more effectively.

Changes From 2013-14 Budget

FUND	FUNCTION	ACTIVITY
GENERAL FUND	HEALTH AND SANITATION	HEALTH

The mission of Public Health Programs is to improve the health of all County residents. This means protecting residents from health threats such as food-borne illnesses, natural and man-made disasters, toxic exposures, and preventable illness and injury. Public Health Programs also works to prevent chronic diseases such as heart disease, cancer, and diabetes, and their risk factors, including poor nutrition, inadequate physical activity, and tobacco use.

The mission of the Antelope Valley Rehabilitation Centers (AVRC) is to strive to be a leader in providing specialized integrated substance use disorder treatment by creating a safe, nurturing, trusting environment that promotes wellness and facilitates the client's self discovery of life goals. The AVRCs provide residential and outpatient services to adult men and women, which include assessment, treatment, and recovery support. These services are cost-effective, of the highest quality, evidence-based, and include trauma-informed care (TI-C). The TI-C model is designed to address the consequences of trauma in the individual and facilitate substance abuse healing.

Authority: Non-mandated, discretionary program.

SAPC is responsible for coordinating the overall response to alcohol and drug related problems in the County, including alcohol and drug data collection, coordinated care and treatment services, and prevention and youth services. In contract with more than 150 community-based agencies, SAPC services target the needs of specific populations such as adolescents, women, and individuals referred by primary care providers, the criminal justice and child and family welfare systems. SAPC monitors, audits and provides evidence-based training to these programs to ensure compliance with federal, State, County, and local requirements.

As the grantee and administrator of funding from the Substance Abuse and Mental Health Services Administration (SAMHSA), the California Department of Health Care Services (DHCS), and other County departments, SAPC manages the full spectrum of alcohol and drug prevention, intervention, treatment and recovery services for County residents.

5. Children's Medical Services (CMS)

Net Program Costs	105,035,000	300,000	85,256,000	19,479,000	812.0

Authority: California Children's Services (CCS): Mandated program – California Welfare and Institutions Code and the California Code of Regulations, Title 22, Section 51013. Enabling statute – California Health and Safety Code, Section 123800 et seq.

Child Health and Disability Prevention Program (CHDP): Enabling statute – California Health and Safety Code, Sections_124025, 124060, 124070, and 124075.

Health Care Program for Children in Foster Care (HCPCFC): Legal authority: California Welfare and Institutions Code, Section 16501.3 (a) through (e).

CMS administers three programs within the Department: CCS, CHDP, and HCPCFC.

CCS provides defined medically necessary benefits to persons less than 21 years of age with physically disabling conditions who meet medical, financial, and residential eligibility requirements of the program. CCS provides administrative case management in the coordination of care and benefits for families and children with special health care needs. CCS also provides physical and occupational therapy through its Medical Therapy Program for which there is no financial eligibility requirement.

CHDP provides children with Medi-Cal (birth to age 21) or children without Medi-Cal in low- to moderate-income families (birth to age 19) with free immunizations and health check-ups. Families may choose from among CHDP approved private doctors, clinics, or other health care providers. Services include regular and complete health check-ups, certain screening tests, and immunizations, as well as referrals for diagnosis and treatment. To ensure that children receive high quality services, CHDP staff conducts monthly provider orientations and make periodic site visits to monitor provider's compliance with program requirements.

CHDP also administers the HCPCFC. This program provides public health nurse expertise in meeting the medical, dental, mental, and developmental needs of children and youth in foster care. Program nurses are located in offices of the Department of Children and Family Services and the Probation Department.

6. Division of HIV and STD Program (DHSP)

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos

Net Program Costs	89,589,000	3,760,000	68,078,000	17,751,000	228.0

Authority: Non-mandated, discretionary program.

DHSP is responsible for coordinating the overall response to HIV and STD infections in the County, including disease surveillance, field investigation, prevention and treatment programming, and monitoring and evaluation of the quality of services related to HIV and STDs in the County.

DHSP is the designated official administrative agency for the County to prevent and control the spread of HIV and STD infections utilizing epidemiologic and surveillance systems, coordinated care and treatment services, and public, private, and community partnerships and by developing and implementing evidence-based programs and policies that promote health equity and maximize health outcomes in the County. As the grantee and administrator of funding from Health Resources and Services Administration (HRSA), Centers for Disease Control and Prevention (CDC), and Substance Abuse and Mental Health Services Administration (SAMHSA), DHSP is uniquely positioned to manage the full spectrum of HIV prevention, care, and treatment services in the County. In addition to surveillance, field investigation, direct programming, and research and evaluation, DHSP utilizes over 223 contracts with a network of nearly 67 community-based organizations. DHSP also has Memorandum of Understandings with approximately 12 County entities in an effort to maximize access to HIV services.

**Note: The HIV Epidemiology Program and the STD Program report to DHSP but are budgeted in Public Health Programs.*

Mission Statement

To provide its diverse communities with easy access to information and knowledge they need to nurture their cultural exploration and lifelong learning.

2014-15 Budget Message

The 2014-15 Recommended Budget reflects a reduction of \$24.8 million primarily attributed to the deletion of one-time funding from the Utility User Tax allocations and Capital and various Board-funded refurbishment projects. This reduction is partially offset by an addition of \$3.6 million to the General Fund Contribution for the restoration of library service hours and a 4.06 percent anticipated property tax growth based on the Assessor's forecast. The Department's budget also includes an additional 11.0 positions for the new Stevenson Ranch Library.

Critical/Strategic Planning Initiatives

The Public Library's new strategic plan establishes a roadmap for sustaining the Department's leadership as a 21st century library. Their new purpose statement, along with eight key initiatives, sets the framework for developing innovative service models that will meet the increasing needs of its diverse communities.

The Department will continue to construct new libraries and refurbish aging library buildings. These buildings will be designed with sustainable features that incorporate self-service models; spaces that encourage creativity; larger meeting rooms for civic engagement and community events; and is equipped with robust and emerging technologies that support digital initiatives.

Mission Statement

To Enrich Lives Through Effective and Caring Service.

2014-15 Budget Message

The 2014-15 Recommended Budget for the Department of Public Social Services (DPSS) Administration reflects a \$90.0 million increase in gross appropriation and \$3.2 million increase in NCC. The NCC increase is primarily due to Board-approved salary increases and the County share of increases in employee benefits.

The Recommended Budget reflects the addition of 210.0 positions, fully offset by the reduction of 210.0 positions, resulting in no net change in the number of budgeted positions, as each new position request was offset with the deletion of a vacant budgeted position. The new positions are primarily for Family Stabilization program, information technology efficiencies, and administrative support.

Although there was an increased demand for the full range of DPSS services during the recent economic downturn, cash assistance caseloads are projected to flatten or decline due to the improving economy, though caseloads for non-cash programs such as Medi-Cal are projected to continue increasing.

Critical/Strategic Planning Initiatives

The Department remains committed to measures that ensure effective and professional service delivery and support the County's goals of Operational Effectiveness, Fiscal Sustainability, and Integrated Services Delivery.

In addition, DPSS Total Accountability Total Success (DPSSTATS) performance review process continues to evaluate measures that impact work performance and management accountability. The Department's 2014-15 Strategic Plan, "Beyond the Leading Edge", will include 41 objectives with a focus on Technological Innovation and Workforce Development.

The DPSS Customer Service Centers (CSC) now support all of the Department's district offices and continue to be an effective service delivery mechanism for enhancing access and improving the timeliness of case actions. The current service population of CSC has reached over 1.2 million cases, and the CSC receives a monthly average of 385,000 calls, which are either resolved by the automated Interactive Voice Response system or answered by an eligibility worker.

To enhance service outreach, DPSS continues to utilize the Mobile Health and Nutrition Office, a 34-foot self-contained mobile unit equipped with wireless technology to fully support the use of laptops and Electronic Benefit Transfer (EBT)

equipment. The unit functions as a one-stop CalFresh/Medi-Cal office to allow walk-in applicants to conveniently apply for CalFresh (formerly Food Stamps) and/or Medi-Cal without having to go to district offices. The mobile office will also serve as an emergency response unit during any natural disasters.

From May 2012 to May 2013, the CalFresh-only caseload increased by 17.6 percent, or 310,150 households, due in part to the implementation of the CalFresh Awareness Month Campaign.

As part of the 2013 CalWORKs Youth Employment Program, in collaboration with the Department of Community and Senior Services (CSS), 1,532 CalWORKs youth, ages 14-21, were placed in subsidized employment during the months of July through October 2013. The agreement between DPSS and CSS for this program is effective through 2017.

The work participation rate (WPR) remains a Department priority. In 2012-13, significant changes to the Welfare-to-Work program were implemented. These changes created the Welfare-to-Work 24-month time clock which provides CalWORKs participants greater flexibility in activities and lower weekly requirements. After 24 months in Welfare-to-Work have been utilized, CalWORKs participants will be expected to meet federal work participation requirements. DPSS is preparing to implement the State's new Work Incentive Nutritional Supplement (WINS) program which is intended to substantially increase the WPR.

DPSS assesses current and future staffing needs based on organizational goals and budget realities, and continues to offer opportunities to develop and enhance the skills of the workforce.

The DPSS Succession Plan is designed to provide opportunities for training and guidance to create a qualified pool of highly educated, well-trained, and success-oriented successors. The Mentorship Program will be expanding into the second phase for managerial positions. The DPSS Academy has been working with departmental representatives to enhance the program and develop a comprehensive training curriculum for mentors and mentees. In addition, the Department supports the County Management Fellows Program with plans to hire eleven management fellows in 2014-15.

Since 2005, DPSS has maintained its relationship with the California State University, Northridge (CSUN), offering a Master's of Public Administration (MPA) Program, allowing employees an opportunity to advance their education, and in 2010, the Masters in Social Work (MSW) program was implemented. The Department's Volunteer Career Resource Coordinator (CRC) Program was developed and implemented in each office, to serve 1,000 participating employees, while the CRC website provides ongoing resources to all employees.

DPSS continues its transition to technology-based solutions as outlined in the Department's Strategic Goal of Technological Leadership, to maximize the use of leading edge technology and improve outcomes and program excellence. The Electronic Document Management System (EDMS) has expanded to all 32 district offices, two sub-offices, and five centralized Electronic Scan Centers throughout the County. To date, EDMS offices have imaged 1.7 million cases comprised of 21.8 million documents.

The CSC provides participants with live access to knowledgeable eligibility workers, Monday through Friday for 10 hours daily, as well as 24/7 access to the automated Interactive Voice Response (IVR) System for case-specific and general information. Over 250,000 calls per month are directed to CSC Eligibility Workers that would have otherwise been served by the district office eligibility staff.

Video Tele-Conferencing (VTC) technology was fully implemented in the Department and enables multi-point audio and video transmissions of meeting activities involving several DPSS locations. VTC cuts travel costs and fosters innovative collaboration by having stakeholders sit at one 'virtual table' and conduct important meetings. It also enables training using a single location and facilitator at the DPSS Training Academy to project sessions that can be attended live by personnel at numerous other locations.

In April 2013, DPSS successfully developed and implemented the Lobby Management and Display System, a web-based, real-time queuing and monitoring tool that provides

minute-by-minute activity details. The system assists district staff in managing lobby traffic flow to enhance customer service.

The DPSS Risk Management Plan established 16 objectives, of which 11 have been successfully completed. The primary goal was to reduce the number of new workers' compensation claims during the fiscal year, and a 3.35 percent reduction in the number of new claims filed was achieved, compared to the base year of 2011-12.

In addition, DPSS provided budget training to line managers. This effort ensured line managers understand the vital role they play in maximizing revenue and in better managing their staffing resources.

DPSS' programs provide a vast array of services to families, children, single adults, and the elderly, and are designed to alleviate financial hardship and promote family health, personal responsibility, and economic self-sufficiency. Over 2.4 million participants are served monthly. DPSS also serves as the County's Operational Area Coordinator for care and shelter, and the Operational Area Liaison with the grocery industry and not-for-profit human services organizations. In this capacity, DPSS is the lead for coordinating shelter support in the event of a disaster or emergency.

DPSS has partnered with the Department of Children and Family Services (DCFS) to provide integrated services for mutual families and resources for other needy DCFS families and caretaker relatives. As a result, 25,000 families have benefited from this service coordination.

Unmet Needs

Funding for programs the Department administers depends largely on State and federal subvention. The 2014-15 Recommended Budget assumes sufficient funding to support the current operational level. Due to the volatile nature of the State budget process, the Recommended Budget does not factor in the Governor's January budget proposal. The final State funding allocations will not be known until after the State's 2014-15 Budget is signed; therefore, DPSS will continue to provide leadership in advocacy efforts focused on adequate funding levels to effectively administer its programs.

The Department's unmet needs for 2014-15 are primarily focused on additional staffing needed to meet the demand. Over the past several years, funding did not increase at the same rate as caseloads and program demands. Currently, case workers for the approved caseload in the core programs are staffed below the full need level, though the level of understaffing varies significantly by program. To fulfill the unmet needs for caseworkers, it would require a significant number of workers in all programs to bring the staffing level to its full need.

2014-15 Budget Message

The Public Social Services Assistance Budget provides mandated and discretionary public assistance and social services programs financed with federal, State, and County funds. These programs include: California Work Opportunities and Responsibility to Kids (CalWORKs); Indigent Aid General Relief (GR); In-Home Supportive Services (IHSS); Refugee Resettlement Program/Refugee Cash Assistance (RRP/RCA); Cash Assistance Program for Immigrants (CAPI); Refugee Employment Program (REP); Community Services Block Grant (CSBG); General Relief Anti-Homelessness (GRAH); and Work Incentive Nutritional Supplement (WINS).

The 2014-15 Recommended Budget reflects an increase in appropriation of \$75.8 million offset by a \$91.4 million net increase in revenue primarily due to CalWORKs grants and realignment sales tax revenue. There is a net decrease of \$16.1 million in NCC.

This NCC decrease consists of the following:

- GR - \$5.3 million increase due to the elimination of the Shared Housing Deduction.
- GRAH - \$6.3 million net decrease due primarily to the elimination of one-time funding.
- IHSS - \$14.8 million net decrease due to additional realignment sales tax revenue of \$25.5 million and the elimination of \$2.1 million in NCC for the \$0.79 one-time wage increase. These NCC decreases are partially offset by a \$12.2 million (3.5 percent) increase to the MOE and a \$0.6 million State adjustment to the MOE.
- CalWORKs - \$0.3 million decrease due to a 1.1 percent decrease in the aided caseload and a \$0.86 decrease in the average monthly cost per case from the FY 2013-14 budgeted level, prior to the five percent grant increase due to AB 85.

Net Program Costs	996,557,000	1,421,000	913,369,000	81,767,000	7,641.0

Authority: Mandated program – CalFresh: Federal Food Stamp Act of 1977 as amended through Public Law 108-269, July 2, 2004; California Welfare and Institutions Code Sections 18900-18923 and 190000; United States Government Code Title XIX, Social Security Act; and California Code of Regulations Title 22.

Medi-Cal: Title XIX of the SSA authorizes Medicaid as a joint Federal/State entitlement program to pay for medical assistance to both 'categorically' and 'medically' eligible groups with limited resources. Welfare and Institutions codes 14100 et seq. and 10800 authorize the County to administer this public assistance program.

General Relief: Welfare and Institutions Code Section 17000-17030.1. Every county and every city shall relieve and support all incompetent, poor, indigent persons, and those incapacitated by age, disease, or accident, lawfully resident therein, when such persons are not supported and relieved by their relatives or friends, by their means, or by state hospitals or other state or private institutions.

Cash Assistance Program for Immigrants (CAPI) authorized under Welfare and Institutions Code Sections 18937-18944; Refugee Cash Assistance (RCA) authorized under the Welfare and Institutions Code, Sections 13275 through 13282; and Refugee Employment Program (REP) authorized under the Welfare and Institutions Code, Sections 13275-13282.

Programs included are CalFresh (formerly known as Food Stamp), Medi-Cal, General Relief, Refugee Cash Assistance, Food Stamp Employment and Training, and Cash Assistance Program for Immigrants. These programs provide benefits for low-income households to obtain food and health care services, as well as financial assistance for indigent adults, refugees, and blind or disabled legal immigrants. The CSBG program assists low-income individuals and families to transition from crisis situations to stable living situations. This is achieved through the provision of services by community-based organizations (CBO) or referrals to other programs. Services include before or after school programs, employment training/support, education, temporary shelter, food, health care, domestic violence intervention, youth, family development, and legal assistance.

Mission Statement

The Department of Public Works (Public Works) is committed to accomplishing its mission of providing public infrastructure and municipal services to protect and enrich the daily lives of over ten million people in the County. Services include planning, engineering, design, construction, project management, operation, and/or maintenance of roads, highways, bridges, flood control facilities, water conservation programs, sanitary sewers, water distribution systems, airports, facility capital projects, and regulatory programs such as hazardous and solid waste, land development, and other activities for the County and contract cities. Specific to County communities, the mission is to provide an improved quality of life through the promotion of safe building construction and orderly land development, and maintenance of clean and secure properties. Specific to County Improvement Studies, the mission is to provide assistance via a statutory process that allows private property owners in County unincorporated areas to construct capital infrastructure to County standards and transfer these improvements to the County for operation and maintenance. In addition, the Department provides graffiti abatement, crossing guard services, landslide mitigation, and unincorporated area services in the form of Community Enhancement Teams (CET) in order to enhance the quality of life to the residents in the community.

2014-15 Budget Message

The majority of services provided through the Public Works - General Fund are required by federal, State, and local mandates and are funded by fees for services. Crossing guard, landslide mitigation, graffiti abatement, pre-County improvement district studies, property rehabilitation and nuisance abatement, and unincorporated area services programs continue to rely on funding from the County.

The 2014-15 Recommended Budget reflects a \$17.2 million net NCC decrease primarily attributable to the elimination of one-time funding for road and waterworks projects (\$12.9 million); the Unincorporated Area Stormwater Urban Runoff Quality Program (\$3.4 million); Carmenita Road Median Enhancement Project-Phase II (\$1.3 million); Oxford Basin Vegetation Project (\$1.0 million); Sunshine Shuttle-Unincorporated South Whittier Area (\$1.0 million); Avocado Heights Multipurpose Trail Project (\$0.8 million); Hauled Water Initial Study Plan (\$0.5 million); Parks Water Management Study (\$0.2 million); Property Rehabilitation (\$0.1 million); Claremont Sewers (\$0.1 million); and other Board-funded programs/projects (\$0.2 million). The decrease is partially offset by a \$0.3 million increase in negotiated COLA, fringe benefits, and retirement costs; \$0.3 million for Crossing Guard services; \$0.2 million for Pre-County Improvements; and \$3.6 million for the Unincorporated Area Stormwater Urban Runoff Quality Program.

Critical/Strategic Planning Initiatives

- To maximize public safety, ongoing training is provided to the employees to enhance employee and technical growth. Specialized training is provided in mandated subjects such as the California Building Code and provides for a higher standard of compliance.
- The Public Works - General Fund budget relies on NCC to fund various activities in the Department. Public Works projects the available NCC from the previous year to determine the funding level required for the activities in the coming year and will adjust each activity accordingly so that NCC does not exceed from the adjusted allowance approved by the Board.
- The Department's Strategic Plan provides for a structured approach to strategic planning and budgeting for individual programs and services. The four main components of the Public Works' Integrated Planning Process include program, financial and staffing plans, and the budget request. Program plans strategically establish management objectives for outcomes/results, situation analyses, comprehensive needs assessments, results-based work plans, and funding requests. Financial plans project revenue sources and financing uses for each operating fund and set preliminary budget allocations for individual programs. Based on these funding allocations, staffing plans are then developed as part of divisional operational plans. The budget request is then prepared based upon the program, financial, and staffing plans.

FUND	FUNCTION	ACTIVITY
PUBLIC WORKS - FLOOD CONTROL DISTRICT	PUBLIC PROTECTION	FLOOD CTRL & SOIL & WATER CONSERVATION

Mission Statement

Public Works is committed to accomplishing its mission of enhancing the communities through responsive and effective public works services. Specific to the Flood Control District (District), the mission is to provide flood protection services that incorporate an integrated water resource management approach in providing flood protection; increase local water availability through conservation efforts; and provide passive recreational opportunities.

2014-15 Budget Message

The 2014-15 Recommended Budget reflects a \$19.8 million decrease primarily attributable to delays in the award of contracts for maintenance and repair of channel improvements, runoff regulation facilities, and construction of channel improvements and aesthetic enhancements due to

unexpected soil conditions, eminent domain legal issues, unforeseeable environmental assessment issues, and permitting delays from other agencies. The major projects which have been delayed include: Rory M. Shaw Wetlands Park (a.k.a Strathern Wetlands Park), Sun Valley Watershed Upper Storm Drain System (Phase 1), Pacoima Spreading Grounds Enhancements, Clark Street Pump Station and Pipeline, and Cogswell Dam Inlet/Outlet Work Rehabilitation.

The primary sources of revenue of the District are property taxes and benefit assessments. The objectives of the District are outlined within the Flood Control Act, which mandates the District to carry out flood protection and water conservation programs. These objectives include keeping the existing flood protection system in a safe and effective condition to respond to emergencies, perform maintenance and repair, and conserve water.

Critical/Strategic Planning Initiatives

The Department's Strategic Plan provides for a structured approach to strategic planning and budgeting for individual public works programs and services. The four main components of the Public Works' Integrated Planning Process include program, financial, and staffing plans, and the budget request. Program plans strategically establish management objectives for outcomes/results, situation analyses, comprehensive needs assessments, results-based work plans,

and funding requests. Financial plans project revenue sources and financing requirements for each operating fund and set preliminary budget allocations for individual programs. Based on these funding allocations, staffing plans are then developed as part of divisional operational plans. The budget request is then prepared based upon the program, financial, and staffing plans.

Mission Statement

Public Works is committed to accomplishing its mission of enhancing the communities through responsive and effective public works services. Specific to the Unincorporated County Roads Program, the mission is to provide roadways within the unincorporated County areas that are safe, smooth, aesthetically pleasing, and well managed relative to operational capacity. The Road Fund is also utilized to provide public works services to cities and agencies, which are entirely reimbursed by the respective agency, with the mission to provide quality and efficient public works services through effective interagency collaborations. The Road Fund provides for the construction and maintenance of streets, roads, bridges, and tunnels and the installation, operation, and maintenance of traffic signals.

2014-15 Budget Message

The 2014-15 Recommended Budget reflects a \$134.0 million decrease primarily due to a reduction in the number of roadway pavement rehabilitation and preservation

construction projects as the Proposition 1B program draws to a close; deletion of one-time funding for unincorporated area road projects and road construction and maintenance activities, including the construction of roads, highways, and bridges/tunnels; decrease in the use of obligated fund balance; and a decrease in fund balance available. These decreases are partially offset by an increase in Federal revenue for the Bridge Replacement Program.

The Governor's FY 2014-15 Budget Proposal includes a reduction in gas tax for new and old Highway User Tax Account (HUTA) revenues due to lower gasoline consumption and likely downward adjustment of the new HUTA rate from \$0.395 per gallon to \$0.364 per gallon in March 2014. The reduction is offset by approximately \$10 million in early transportation loan repayments. Upon the State approval of its FY 2014-15 Budget and legislative bills, Public Works may need to adjust the FY 2014-15 Recommended Budget for County Gas Tax revenues during the Final Changes phase.

Critical/Strategic Planning Initiatives

- The Recommended Budget was assembled with an emphasis on optimizing the use of new gas tax (formerly Proposition 42) funds for maintenance and preservation of the existing roadway system. This strategy meets the County Strategic Plan goals of Operational Effectiveness and Community and Municipal Services by maximizing the use of available limited revenues while providing residents in unincorporated County areas with safe roads that provide the necessary mobility options for work, education, and recreation.
- The Department's Strategic Plan provides for a structured approach to strategic planning and budgeting for individual public works programs and services. The four main components of the Public Works' Integrated Planning Process include program, financial, and staffing plans, and the budget request. Program plans strategically establish management objectives for outcomes/results, situation analyses, comprehensive needs assessments, results-based work plans, and funding requests. Financial plans project revenue sources and financing requirements for each operating fund and set preliminary budget allocations for individual programs. Based on these funding allocations, staffing plans are then developed as part of divisional operational plans. The budget request is then prepared based upon the program, financial, and staffing plans.

Mission Statement

Public Works is committed to accomplishing its mission of enhancing our communities through responsive and effective public works services. Public Works services include planning, engineering, design, construction, project management, operation, and/or maintenance of roads, highways, bridges, flood control facilities, water conservation programs, sanitary sewers, water distribution systems, airports, facility capital projects, and regulatory programs, such as hazardous and solid waste, land development, and other activities for the County and contract cities.

2014-15 Budget Message

The Internal Service Fund is designed to simplify billings for services provided between the multiple funds that finance Public Works operations. This fund allows for salaries and

employee benefits, materials and supplies, and equipment charges for Public Works to be paid through the fund and the appropriate amounts recovered from each special fund.

The 2014-15 Recommended Budget reflects a \$6.2 million increase primarily due to increases in County retirement costs due to prior-year losses in Los Angeles County Employees Retirement Association's investment portfolio and revised investment return assumptions; Board-approved increases in salaries and health insurance subsidies; retiree health insurance premiums; administrative support services to align the budget to anticipated overhead costs; the addition of two permanent positions for the Management Fellows Program; and various position changes to meet the operational needs of the Department. These increases are partially offset by decreases in services and supplies; capital project management services for County capital projects; capital asset-equipment purchases; and contingencies.

Critical/Strategic Planning Initiatives

- The Recommended Budget presents Public Works with a challenge in projecting future budgetary requirements for services that will be rendered to other Public Works funds, for the construction management of capital projects, and for services to other County departments. The Capital Building Projects Program relies heavily on the Board's approval of funding for County capital projects. A work plan is prepared for the coming budget year to detail the capital project work that will be funded. Rates and fees are analyzed each year and adjusted to ensure that the Internal Service Fund recovers all costs for services performed.
- The Department's Strategic Plan provides for a structured approach to strategic planning and budgeting for individual public works programs and services. The four main components of the Public Works' Integrated Planning Process include program, financial and staffing plans, and the budget request. Program plans strategically establish management objectives for outcomes/results, situation analyses, comprehensive needs assessments, results-based work plans, and funding requests. Financial plans project revenue sources and financing requirements for each operating fund and set preliminary budget allocations for individual programs. Based on these funding allocations, staffing plans are then developed as part of divisional operational plans. The budget request is then prepared based upon the program, financial, and staffing plans.

Flood Control

Authority: Mandated program - California Water Code, Uncodified Acts, Act 4463.

The countywide Flood Control District (FCD) system is maintained, operated, and augmented by capital construction to achieve the intended result.

Stormwater and Urban Runoff Quality

Authority: Mandated program - Federal Clean Water Act and California Water Code, Uncodified Acts, Act 4463.

Compliance with the stormwater quality permit issued under the Clean Water Act by, among other things, sweeping streets, installing water quality improvement devices, implementing good housekeeping procedures at departmental field facilities, and conducting public outreach.

Integrated Water Resource Planning

Authority: Mandated program - California Water Code, Uncodified Acts, Act 4463.

Through collaborative stakeholder processes, develop watershed multi-use studies, watershed management plans, river master plans, and project concepts that provide multiple benefits that include, but not limited to, flood protection, water conservation, aesthetic enhancement, preservation of natural resources, and water quality enhancement.

Water Conservation

Authority: Mandated program - California Water Code, Uncodified Acts, Act 4463.

Construct, operate, and maintain water conservation facilities within the FCD.

Net Program Costs	483,461,000	--	483,461,000	--	3,685.0

Authority: Non-mandated, discretionary program.

The Internal Service Fund is designed to simplify billings for services provided between the multiple funds and programs that finance Public Works operations. This fund allows for salaries and employee benefits, materials and supplies, and equipment charges for Public Works to be paid through the fund and the appropriate amounts recovered from each Public Works special fund and program. In addition, this fund allows for services rendered by Public Works to other County departments.

11. Pre-County Improvements

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos
Total Program Costs	310,000	--	5,000	305,000	--

Net Program Costs	310,000	--	5,000	305,000	--

Authority: Non-mandated, discretionary program.

The Pre-County Improvement Program provides the engineering and administration required for needed public improvements requested by property owners in specified unincorporated County areas, potentially creating County Improvement Assessment Districts. These assessment districts are established to enable property owners to have public improvements constructed that will directly benefit their properties.

12. Director - Approved Special Projects

Mission Statement

To improve the quality of life through excellence in physical and environmental planning that preserves individual rights, improves environmental quality, and services community needs with outstanding customer service.

2014-15 Budget Message

The 2014-15 Recommended Budget provides for the maintenance of core mission activities including public counseling services at the downtown headquarters office and eight field offices, case processing, community planning and outreach, and zoning enforcement. Environmental impact review and the activities of the Environmental Review Board and the Significant Ecological Area Technical Advisory Committee will continue as well as specifically funded programs, including public hearings and workshops on the countywide General Plan update and Zoning Ordinance Update Program.

The 2014-15 Recommended Budget reflects a \$2.6 million net decrease primarily attributable to the deletion of one-time funding for consultant services for various planning initiatives, partially offset by increases in salaries and employee benefits

and critical services and supplies. It also includes the addition of 1.0 Senior Regional Planning Assistant to assist with the Comprehensive Ordinance Revisions Plan.

Critical/Strategic Planning Initiatives

The Department continues to implement its Strategic Plan while supporting the County's Strategic Plan, including the following initiatives:

- Provide responsive and proactive code enforcement of discretionary permits, zoning and subdivision regulations in unincorporated areas, and participate in the countywide Nuisance Abatement Team (NAT) and Neighborhood Enhancement Team (NET);
- Enhance public service through improved permitting processes and databases, web-based case filing pilot projects, new electronic transactions, Geographic Information Systems (GIS) based land use and zoning information, and smart phone enforcement operation;
- Enhance communication with landowners, neighbors, constituents, and other governmental agencies by carefully allocating resources to incorporate local area network enhancements and other web-based technologies;

- Build stronger and healthier communities through its development of land use, circulation, open space, noise, safety and housing elements of the General Plan Update; and
- Secure Regional Planning Commission and Board approval of community plans and zoning standards for unincorporated areas.

Land Use Application Processing is a local program related to the implementation of zoning regulations adopted by the County pursuant to State and federal enabling legislation. Zoning regulations are the mechanism by which the County's General Plan is carried forth. Zoning regulations are embodied in Title 22 of the County Code. Zoning of land and development standards constitute the County's use of its police power to ensure the proper distribution of land uses for the protection of public health, safety, and welfare. Because of their unique characteristics, certain land uses require discretionary permitting which is accomplished through the filing of various types of zoning and planning applications. These discretionary actions include changes of zoning and to the General Plan in addition to implementation of subdivision regulations adopted by the County pursuant to State and federal enabling legislation. Subdivision regulations are embodied in Title 21 of the County Code, and regulate the creation of lots or units for sale, lease or financing purposes.

Authority: Mandated program with discretionary service level - California Government Code Sections 65088, 65089, 65103, 65302, 65350 - 65357, 65400, 65402, 65581, 65588, 65589, 65654 - 65857, and 65860; California Health and Safety Code Section 44244; California Public Resources Code Chapter 7.8, 30500, 30511, 30513, 30519.5, and 4000; California Public Utilities Code 21670.2; and California Revenue and Taxation Code 2227.

The Advance Planning Program is a State-mandated program to prepare and implement a General Plan for the County. This is accomplished by preparing a long-range countywide General Plan for the entire unincorporated area of the County and by preparing more detailed area, coastal, and community plans for certain unincorporated areas. In order to implement these plans, the Zoning Ordinance (Title 22 of the County Code) must be amended, and Community Standards Districts and zoning studies need to be prepared. Periodic reports are prepared for the Board to advise them on a variety of land use planning issues. Citizens' participation is an important part of the Advance Planning Program and is accomplished through a variety of community outreach events including public workshops, town council meetings, and public hearings.

3. Zoning Enforcement

Net Program Costs	6,116,000	7,000	725,000	5,384,000	47.0

Authority: Mandated program with discretionary service level – California Government Code Sections 5227, 18300, 54988, 65103 (b)(d), 65402; 65800, 65850 and California Public Resources Code Division 20 (California Coast Act).

The Zoning Enforcement Program is a State-mandated program with discretionary service levels. This program is aimed at correcting zoning code violations in County unincorporated communities and to eliminate blight and improve the quality of life. Code enforcement is accomplished by conducting complaint based code inspections and enforcing land development, zoning and subdivision regulations in the unincorporated County areas in accordance with County and State regulations and statues. Zoning enforcement staff respond to zoning complaints and address code violations on many different fronts including conducting CUP condition checks, referring unresolved code violations to the District Attorney and County Counsel, using noncompliance fees and administrative fines to encourage compliance, participating on multi-agency Nuisance Abatement Teams (NATs) and working jointly with the Neighborhood Enhancement Team (NET) that is a comprehensive zoning code enforcement pilot program (e.g., Florence – Firestone). The NET is a seamless service delivery composed of representatives from various County departments: Regional Planning, Sheriff, Board of Supervisors, Department of Public Health-Environmental Management, and Department of Public Works - Building and Safety. This proactive program is an intense systematic evaluation, lot-by-lot, for code violations. The violations are significant issues raised by citizens to their respective Board offices. Prior to evaluating an area, advance notice is given to the neighborhood occupants through community outreach events.

4. Administration Services

Authority: Non-mandated, discretionary program.

The Administration Services program supports all departmental programs by providing policy guidance resulting in effective risk management and fiscal controls. This program focuses on the management of human resources, information technology, fiscal services, and administrative services. These areas include, but are not limited to, the departmental budgeting process, emergency management, strategic planning, contracting and related monitoring, personnel management, and administrative control mechanisms consistent with the County Fiscal Manual. In addition, computer systems and GIS databases are developed and maintained in support of departmental planning operations and public access.

Mission Statement

To register voters; conduct federal, State, local, and special elections; verify initiative and referendum petitions; record real estate documents; maintain birth, death, and marriage records; issue marriage licenses; and file business documents. All these activities are conducted under the provisions of the federal and State Constitutions, State Codes, and County Ordinances.

2014-15 Budget Message

The 2014-15 Recommended Budget includes resources necessary to conduct the November 2014 Gubernatorial General Election and perform Recorder/County Clerk operations. The budget also includes funding to move forward with new programs that promote efficiency, while taking into consideration tentative real estate market recovery trends and continuing high costs of conducting elections.

The Department continues to find ways to reduce operating costs through efficiency efforts and has carried forward substantial curtailments incurred since FY 2008-09. While recorder fee revenues were beginning to show improvement in FY 2012-13, current-year trends show a substantial decline due to a slow-down in re-financing and real estate market activity in general. In addition, the Department continues to absorb the high cost of unscheduled special elections.

Critical/Strategic Planning Initiatives

The Department's Critical/Strategic Plan will continue to implement automated and enhanced processes to improve public service and employee workforce in the elections, voter registration, Recorder, and County Clerk services through:

- Continued implementation of a Countywide Archives and Records Management Program that will assess and develop a process for indexing and maintaining County records and items of historical value;
- Continued development of the multi-year Voting Systems Assessment Project (VSAP) to modernize the County's voting system;
- Continued development, maintenance, and support of the multi-county eRecording system (SECURE);
- Implementation of the election contest and ballot management system including election results reporting capabilities, and a paperless, automated, campaign finance disclosure system;
- Development of a secure request for election services online system that will streamline and improve the communication of election service requests and associated documentation from customer jurisdictions;

- Continued implementation of the Social Security Number Truncation Program (AB 1168) to protect personal information contained in recorded documents;
- Continued activities related to Recorder/County Clerk process efficiencies, including upfront scanning and detailed mail tracking and an online ceremony appointments feature that will allow customers to pay and schedule appointments online;
- Continued promotion of voter benefits of electronic sample ballots through website enhancements and smart phone applications and development of a Mobile/Online Program to increase voter access to election information;
- Continued partnership efforts with California State University, Northridge to provide a Master's Degree in Public Administration for all County employees, and opportunities for Registrar-Recorder/County Clerk (RR/CC) staff to complete their Associate of Arts Degree and Bachelor's Degree through local community colleges and public/private universities;
- Continued skill building workshops/certificate programs to provide RR/CC staff new tools to increase efficiency and effectiveness; and
- Expansion of efficiency initiative strategies to further streamline processes, improve operations, reduce costs, maximize program efficiencies, improve public service delivery, and expand green energy conservation programs.

Mission Statement

This budget provides centralized financing of real property lease payments, annual obligations for long-term debt financing of capital construction, and other costs necessary to facilitate real property management. With the exception of the Emergency Operations Center, the Walt Disney Concert Hall garage, the Hall of Justice, the Coroner buildings, the South Health Center, Bob Hope Patriotic Hall, the Internal Services Department (ISD) Data Center, the High Desert Solar Project, the Rancho South Campus and centrally financed common area maintenance charges from the Administrative Office of the Courts, and various incidental cost related to real property, all federally allowable lease and debt service costs are financed from respective departmental operational budgets of the benefitting departments.

2014-15 Budget Message

The 2014-15 Recommended Budget reflects a \$10.9 million increase in NCC due primarily to increases for debt service for centralize financed projects, various new leases, and operational costs offset by the deletion of one-time funding for the new Long Beach Courthouse tenant improvements and Calabasas Landfill Post Closure Fees.

Mission Statement

State law charges the Sheriff with the responsibility of being the chief law enforcement officer of the County. The Sheriff enforces State laws and County ordinances in the unincorporated area, which covers 77 percent of the total square miles within the County, and is responsible for maintaining law and order in all cities within the County. The Sheriff provides general law enforcement and traffic services, through contract, to 42 cities, the Los Angeles Superior Court, the Southern California Regional Rail Authority (Metrolink), the Los Angeles County Metropolitan Transportation Authority (MTA), and the Community College Districts. In addition, the Sheriff provides placement, secure housing, and care for a daily average population of approximately 19,000 pre-sentenced and sentenced County jail inmates at seven custody facilities.

2014-15 Budget Message

The 2014-15 Recommended Budget reflects a NCC increase of \$108.1 million primarily due to: \$57.7 million in Board-approved increases in salaries and employee benefits; \$28.6 million for retirement; \$18.0 million to fully eliminate the Cadre of Administrative Reserve Personnel (CARP) program; \$31.3 million and 128.0 positions to implement phase I of the Citizens' Commission on Jail Violence (CCJV) recommendations; \$0.8 million in overtime funding for the Summer Violence Crime Enforcement Program (SVCEP); and \$89,000 and 1.0 position for the Contract Law Enforcement Bureau's (CLEB) Unincorporated Area (UA) Unit.

The above increases are partially offset by the elimination of \$5.6 million in one-time funding comprised of: \$0.8 million for the purchase of medical equipment for the Specialty Care Clinic program; \$0.2 million in carryover Utility User Tax (UUT) funding for equipment purchases to patrol the East Los Angeles Civic Center area; \$1.6 million for the purchase and installation of Mobile Data Computers (MDC) in the Department's vehicles; \$0.6 million for two shooting simulators; \$2.1 million for information technology (IT) equipment; \$0.1 million for a Mobile Command Post at the Santa Clarita Valley Station; and \$0.2 million in carryover UUT Cy Pres funding for the Whittier Party Patrol program. Also

reflected is a \$22.8 million reduction in NCC due to an anticipated increase in Public Safety Sales Tax (Prop. 172) receipts.

The Recommended Budget also includes a net increase of 23.0 positions due to the following ministerial changes: 3.0 positions to develop an Employee Support Services Program to assist the Probation Department, fully offset by an increase in intrafund transfers; 15.0 positions for contract law enforcement services as requested by contract agencies; and 5.0 positions for the Strategic Acquisitions Unit, fully offset by a reduction in Capital Assets. Also provides authorization for 105.0 positions to implement phase II of the CCJV recommendations.

The County Services Budget Unit represents the transfer of the Office of Public Safety into the Sheriff's Department, as approved by the Board of Supervisors on December 15, 2009. Comprised of both professional and sworn staff, the County Services Budget Unit's responsibilities include the following: oversight and monitoring weapons screening at numerous client facilities where metal screening devices are located; specialized law enforcement services at County-owned or operated hospitals, healthcare centers and properties; and policing services at all County parks and recreational facilities.

2. Court Services

Authority: Mandated program with discretionary service level – Sections 26600-26777 of California Government Code.

The Court Services Budget Unit funds the Courts Services Division, which provides security services to the Superior Court, serves civil process papers throughout the County, and participates in the recovery of DNA from qualified inmates. The Division's mission seeks to ensure a safe and secure environment for the public accessing the courts, employees, other personnel performing duties within the courts, and inmates appearing in court while in the custody of the Sheriff. In addition to court security services, the Division is responsible for the service and enforcement of several hundred thousand civil and criminal process items annually. This includes the seizure and sale of personal and real property, evictions, and the service of Temporary Restraining Orders (TROs) related to domestic violence.

Mission Statement

Telephone Utilities is a centralized appropriation administered by the Internal Services Department (ISD) to fund telephone utilities carrier costs and equipment; Enterprise Network, Internet and Administration (ENIA) and other County departments' networks; and telephone utilities administration.

Critical/Strategic Planning Initiatives

- ISD will continue to enhance the performance of the County's telecommunications systems and simultaneously minimize costs.

2014-15 Budget Message

The 2014-15 Recommended Budget reflects: 1) \$5,000 net increase in telephone utilities; 2) \$1.8 million net increase for ENIA costs; 3) \$50,000 net increase for Criminal Justice Information Systems (CJIS) projects; and 4) \$0.9 million net increase for Voice-over Internet Protocol (VoIP) equipment lease costs.

Mission Statement

The mission of the Treasurer and Tax Collector is to bill, collect, invest, borrow, safeguard, and disburse monies and properties. The Department does this on behalf of the County, other government agencies and entities, and private individuals as specified by law. The Department also provides enforcement, consulting, estate administration, and public information services.

2014-15 Budget Message

The 2014-15 Recommended Budget reflects a net decrease in NCC of \$0.7 million primarily due to the deletion of one-time funding for the Banking and Remittance Processing System upgrade, the deletion of 5.0 budgeted positions that supported the Public Health License program which is being transferred to the Department of Public Health (DPH), and the transfer of the eCommerce project to the Chief Information Office (CIO). The Recommended Budget also includes Board-approved increases in salaries and employee benefits, anticipated increases in retirement and retiree health insurance costs, funding to address workload, and one-time funding for replacement of the Property Tax Telephone System.

Critical/Strategic Planning Initiatives

The following are examples of the Department's continuing efforts to create efficiencies, work collaboratively with other departments, and maximize revenue:

- Implement a refunding project, with the support of the CEO, for bonds issued by the former redevelopment agencies that is anticipated to earn the County up to \$100.0 million of additional property tax revenue over the next 10-20 years. Since its inception in early 2013, the project has generated approximately \$33.0 million of revenue that will be received by local taxing entities (including the County, local cities, and school districts) over the life of the bonds. The County's share of this \$33.0 million is expected to be between \$8.0 and \$10.0 million.
- Continue with the Defaulted Property Tax Reduction Program, which requires County vendors to be current on property taxes before entering into a contract with the County. Since its inception in October 2009, this program has recovered approximately \$4.5 million in delinquent property taxes for the County.

- Expand the functionalities of the online payment system so that taxpayers with bills that exceed \$50,000 can make payments online with ease and without the pre-registration process that was previously required.

Mission Statement

The Lockyer-Isenberg Trial Court Funding Act of 1997, AB 233, Chapter 850, Statutes of 1997 requires counties to make an annual Maintenance of Effort (MOE) payment to the State for support of trial courts and to continue to fund certain court-related expenditures such as indigent defense, collections enhancement, and local judicial benefits. The Trial Court Facilities, Act Senate Bill 1732, Chapter 1082, Statutes of 2002 authorized the transfer of responsibility for court facilities from the counties to the State and requires that counties make County Facilities Payment (CFP). Revenue from court fines and fees is used to partially finance the MOE obligation to the State and other court-related expenditures.

2014-15 Budget Message

The 2014-15 Recommended Budget reflects funding for the County's \$290.6 million MOE payment to the State, which is comprised of \$245.9 million base MOE, \$37.6 million CFP, and \$7.1 million representing 50 percent of any excess above the AB 233 fines and forfeitures MOE. In addition, the budget includes \$105.2 million for court-related expenditures that are the County's responsibility. The Recommended Budget also reflects Board-approved increases in employee benefits.

Changes From 2013-14 Budget

2013-14 Final Adopted Budget	395,502,000	0	141,962,000	253,540,000	50.0
Other Changes					
1. Employee Benefits: Primarily reflects Board-approved increases in health insurance subsidies.	50,000	--	--	50,000	--
2. Retirement: Reflects an increase in retirement primarily due to prior-year losses in Los Angeles County Employees Retirement Association's investment portfolio and revised investment return assumptions.	219,000	--	--	219,000	--

	Gross Appropriation (\$)	Intrafund Transfer (\$)	Revenue (\$)	Net County Cost (\$)	Budg Pos
3. Unavoidable Costs: Reflects changes in long-term disability costs due to anticipated benefit increases and escalating medical cost trends. Also reflects a projected increase in retiree health insurance premiums. These costs are fully offset by an anticipated reduction in workers' compensation and other employee benefit costs.	--	--	--	--	--

Mission Statement

Utilities is a centralized appropriation administered by the Internal Services Department to fund utility costs, including electricity, natural gas, water, industrial waste collection, energy management leadership programs and related regulatory and legal activities, and day-to-day operations of the County cogeneration and power plants.

an increase in funding for electricity, natural gas, water, other utilities, power plant operations, and the Enterprise Energy Management Information System (EEMIS) program, more than offset by decreases in funding for Energy Efficiency and Conservation Block Grants (EECBG), and California Public Utility Commission (CPUC) programs.

2013-14 Budget Message

The 2014-15 Recommended Budget reflects an increase in NCC of \$15,000 primarily attributable to increases in utility costs for NCC-funded facilities. The Recommended Budget also reflects

Critical/Strategic Planning Initiatives

- Continues to complete energy retrofit projects and centrally administer utilities costs throughout the County.

2014-15 Budget Message

On November 4, 2008, unincorporated County voters approved the passage of the Utility User Tax - Measure U. The revenues are generated from user taxes on gas, electricity, and communication. These revenues are fully offset with appropriations in the Departments of Board of Supervisors, District Attorney, Health Services, Parks and Recreation, Public Library, Public Works, and Sheriff for various programs within the unincorporated areas.

Mission Statement

Vehicle License Fees – Realignment revenues are derived from the County’s share of statewide motor vehicle license fees. These revenues are fully offset with appropriation in the Departments of Health Services and Public Social Services for various health and social services programs.

2014-15 Budget Message

The 2014-15 Recommended Budget reflects no change from the 2013-14 Adopted Budget based on current trends and economic conditions.

Glossary

ACTIVITY: A major work effort performed to meet a program objective.

ACTUAL FISCAL YEAR: Amounts represent actual expenditures and financing sources for two fiscal years prior to the Recommended Budget fiscal year.

AGENCY FUND: Includes the Community Development Commission and the Housing Authority, which are under the authority of the Board, but are separate legal entities.

APPROPRIATION: A legal authorization to make expenditures and incur obligations for specific purposes.

APPROPRIATIONS FOR CONTINGENCIES: A budgetary provision representing a portion of the financing uses set aside to meet unforeseen expenditure requirements.

ASSIGNED FUND BALANCE: That portion of the fund balance approved by the Board to reflect a government's intended use of resources that are neither restricted nor committed fund balance.

AUDITOR-CONTROLLER SCHEDULES: Provide summary and detailed countywide financing source and use information necessary to meet mandated State Controller requirements.

BOND ANTICIPATION NOTES: An interim financing instrument issued in anticipation of permanent long-term financing. BANs are issued by Joint Powers Authorities and Non-profit Corporations as authorized by the California Government and Corporations Codes, respectively. Abbreviation: BANs

BUDGET FISCAL YEAR: Provides the current year's budgeted amounts as a yardstick for measuring the recommendations for next year's Recommended Budget. Reflects the Board-adopted budget, but does not incorporate any budget adjustments or changes that may occur during the year.

BUDGET MESSAGE: A general discussion of the Recommended Budget as presented in writing to the legislative body. The budget message contains an explanation of the principal budget items and their financial status at the time of the message.

BUDGET SUMMARY SCHEDULES: Provide summary and detailed information on financing sources/uses and budgeted positions.

BUDGET UNIT: The classification of expenditures and revenues into appropriately identified accounting or cost centers deemed necessary or desirable for control of financial operations. Unless provided by law, such units may be devised at the discretion of the Board.

BUDGETED POSITIONS: A unit of measure used to standardize positions with different bases (e.g., hours, months). All items are converted to full-time equivalent positions, which are represented as budgeted positions in departmental operations. A full-time equivalent represents one item working full time for one year; this facilitates analytical comparisons.

CANCEL OBLIGATED FUND BALANCES: An accounting transaction to release obligated fund balances to finance appropriations. Abbreviation: CANCEL OBLIGATED FD BAL

CAPITAL ASSETS-BUILDINGS AND IMPROVEMENTS: Expenditures for the acquisition of buildings and improvements. Abbreviation: CAPITAL ASSETS - B & I

CAPITAL ASSETS-EQUIPMENT: Expenditures for the acquisition of physical property of a permanent nature, other than land, buildings, and improvements.

CAPITAL ASSETS-INFRASTRUCTURE: Public domain capital assets such as roads, bridges, curbs and gutters, streets and sidewalks, drainage systems, lighting systems, and similar assets that are immovable and of value only to a government unit.

CAPITAL ASSETS-LAND: Expenditures for the acquisition of land.

CAPITAL PROJECT: Capital improvements to buildings that result in an increase of square footage, construction of new facilities, or the acquisition of land. Abbreviation: CAP PROJ

CAPITAL PROJECTS/REFURBISHMENTS SCHEDULES: A section in the Budget Summaries Detail (Volume 2) that provides a summary of the County's Capital Program and detailed information on each capital improvement and refurbishment project. Funds for these projects are appropriated in the Capital Projects/Refurbishments budget as capital assets-land and capital assets-buildings and improvements.

CAPITAL PROJECT SPECIAL FUNDS: Capital Project Special Funds are used to account for financial resources used for the acquisition or construction of major capital facilities (other than those financed by proprietary and trust funds). Examples are the General Facility Capital Improvement Fund and the Marina Replacement Accumulated Capital Outlay Fund.

CHANGE FROM BUDGET: The resulting variance when the Recommended Budget is compared to the current budget.

CLUSTER: The alignment of County departments reflecting the County's Strategic Plan programmatic goals that are based upon a department's service mission, as well as interdepartmental collaborations that are required to achieve service integration goals. There are four programmatic clusters: Children and Families' Well-Being, Health and Mental Health Services, Community and Municipal Services, and Public Safety. The fifth cluster, Operations, is structured to align County functions that impact the overall organizational effectiveness of the County.

COLLABORATIVE PROGRAM CHANGES (COLLABORATIVE PROGRAMS): Reflects changes to the budget that are a result of County departments working together or with stakeholders to improve County programs or services.

COMMITTED FUND BALANCE: That portion of the fund balance to be used for specific purposes as determined by the Board through County ordinance or resolution. Committed fund balance may be changed or lifted only by the Board taking the same formal action that imposed the constraint originally. The underlying action by the Board needs to occur no later than the close of the fiscal year.

CRITICAL ISSUES CHANGES (CRITICAL ISSUES): Reflects changes to the budget that are significant in nature and are mandated by the State or federal governments.

CURTAILMENT CHANGES (CURTAILMENTS): Reflects reductions to the budget that are generally necessary to address projected funding reductions at either federal, State or local level.

DEBT SERVICE FUND: A fund used to account for the accumulation of resources to make payments of principal and interest on general obligation bonds and other long-term debt.

DEPARTMENTAL PROGRAM SUMMARY: Provides information such as the legal authority for the program, whether the program is mandated or discretionary, the description of the program and summary budget information reflecting the base budget.

DESIGNATIONS: Portions of fund balance set aside to indicate tentative plans for future spending. Designations are now classified as committed fund balance.

EFFICIENCY CHANGES (EFFICIENCIES): Reflects changes to the budget that are the result of performing or functioning in a more proficient manner.

ENCUMBRANCES: Resources committed for future expenditures as a result of unperformed (executory) contracts such as purchase orders and specific contracts for goods or services.

ENTERPRISE FUNDS: A fund used to account for those operations that are financed and run like commercial entities, where the intent is to recover the cost of providing ongoing services, primarily by user charges.

ESTIMATED FISCAL YEAR: Reflects estimated expenditures and financing sources for the entire current fiscal year.

ESTIMATED TAX DELINQUENCIES: The amount of estimated property taxes that will remain uncollected at the end of the fiscal year.

EXPENDITURE: The spending or disbursement of financial resources.

EXPENDITURE DISTRIBUTION: Transactions that constitute reimbursement for expenditures or expenses initially made from a fund or organization that are charged to another fund or organization. Abbreviation: EXPENDITURE DIST

EXPENDITURE OBJECT: A chart of accounts elements that classifies expenditures into groups.

FINANCING SOURCES: Reflects the total resources (e.g., revenue, taxes, and fund balance available) utilized to finance expenditure needs.

FINANCING USES: Total needs requiring financing for the fiscal year.

FISCAL YEAR: A yearly accounting period, beginning on July 1 and lasting through June 30 of the next year, to which the annual operating budget applies. Fiscal years are designated by the calendar year in which they begin and end. Abbreviation: FY

FUNCTION: A group of related activities aimed at accomplishing a major service or regulatory program.

FUND: A separate fiscal and accounting entity with a self-balancing set of accounts recording financing sources, financing uses, assets, and liabilities.

FUND BALANCE: The amount remaining at year end representing the difference between current assets and current liabilities.

FUND BALANCE AVAILABLE: That portion of the fund balance not obligated and therefore available for financing the budgetary requirements.

GENERAL COUNTY: Term referencing all General Fund operations, general obligation bond, and other long-term debt service requirements and Hospital Enterprise Fund operations.

GENERAL FUND: The fund used to account for all countywide operations except those required to be accounted for in another fund.

GENERAL PURPOSE (DISCRETIONARY) REVENUE: Monies that are not legally earmarked by the State or federal government for a specified program or use. Included in this category are sales and use taxes, business license and utility user taxes, and property taxes.

GENERAL RESERVES: A fund equity restriction to provide for legally declared emergency expenditures. Authorization from the Board is required to expend these monies. General Reserve is now classified as assigned fund balance.

GOAL: A long-term organizational target or direction. It states what the organization wants to accomplish or become over the next several years. Goals provide the direction for an organization and define the nature, scope, and relative priorities of all projects and activities. Everything the organization does should help it move toward attainment of one or more goals.

INTERNAL SERVICE FUND: A fund used to account for the financing of goods or services provided by one department or agency to other departments or agencies, or to other governments, on a cost-reimbursement basis.

INTRAFUND TRANSFER: An accounting mechanism used to reflect expenditure transfers between operations within the same fund, thereby identifying the true location of actual cost. For example, the cost of some data processing services is budgeted in the Internal Services Department. To the extent those services are rendered to other General Fund departments, the related costs are also transferred to the appropriate departmental budget units to more accurately reflect total operating expenditures. Abbreviation: IFT

JOINT POWERS AUTHORITY: A separate legal entity, authorized by the California Government Code that is empowered to act on behalf of a governmental entity to acquire capital assets, utilizing long-term financing. Abbreviation: JPA

MISSION STATEMENT: A statement of organizational purpose.

MODIFIED ACCRUAL BASIS OF ACCOUNTING: The County's basis of accounting. Revenues are recognized when they become both measurable and available to finance expenditures. Expenditures are generally recognized when incurred, except for self-insurance, litigation, and employee benefits, which are accounted for on a cash basis.

NET COUNTY COST: The amount of the operation financed by general purpose revenues, such as property taxes. Abbreviation: NCC

NEW/EXPANDED PROGRAMS: Reflects changes to the budget for new programs or the expansion of existing programs.

NONOPERATING EXPENSES: Expenses that are not directly related to the fund's primary activities.

NONOPERATING REVENUES: Revenues that are not directly related to the fund's primary activities.

NON-PROFIT CORPORATION: A separate legal entity authorized by the California Corporations Code, that is empowered to act on behalf of a governmental entity to acquire or construct capital assets, utilizing long-term financing. Abbreviation: NPC

NONSPENDABLE FUND BALANCE: That portion of the fund balance that cannot be spent because it is either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, such as inventories and long-term notes receivable.

OBJECTIVE: A measurable target that must be met on the way to implementing a strategy and attaining a goal.

OBLIGATED FUND BALANCE: Amounts that are unavailable for financing budgetary requirements in the budget year. This would include nonspendable, restricted, committed, and assigned fund balances.

OPERATING BUDGET: Reflects plans for expenditures and the means of financing them. The operating budget is the primary means that most financing of acquisitions, spending, and service delivery activities of the County is controlled.

OTHER CHANGES: Reflects changes such as: across-the-board salaries and employee benefits changes; accounting adjustments; ministerial appropriation, intrafund transfer, and revenue changes; and other changes that do not directly affect programs and service levels.

OTHER CHARGES: An object of expense that reflects costs not directly associated with the daily expenses of running an operation. Includes payments for California Work Opportunities and Responsibility to Kids (CalWORKs), In-Home Supportive Services (IHSS), General Relief, Foster Care, interest and principal charges, capital lease payments, payments to other governmental agencies, and judgments and/or settlements.

OTHER FINANCING USES: Operating transfers out from one governmental fund to another.

OTHER PROPRIETARY FUNDS: Funds to account for those governmental activities that are similar to those in the private sector (includes Enterprise Funds, other than Hospital Enterprise and Internal Service Funds).

PROGRAM: A combination of resources, personnel, materials and facilities that are combined to provide a service for an identifiable group or target population to achieve a specified result.

PROGRAM PRIORITIZATION: The process of evaluating and ranking programs based upon program objectives, required resources, and effectiveness. The intent is to identify low-priority programs for possible reduction or elimination if funding is not available, and use the resulting savings to maintain or enhance high-priority programs.

PROGRAM REALIGNMENT: Transfer of program funding between the State and the counties to more accurately reflect responsibilities. Realigned programs include Mental Health, Indigent Health, Foster Care, Child Welfare Services, CalWORKs, IHSS, certain juvenile justice programs, and other miscellaneous programs. Revenues from increased vehicle license fees and sales taxes finance the increased County program responsibilities.

QUALITY: The degree that customers are satisfied with a program and/or compliance with accepted standards.

RECOMMENDED BUDGET: Upon approval by the Board, the recommendations of the Chief Executive Officer become the official Board proposals for appropriation and revenue for the next fiscal year. The Board normally approves the Recommended Budget in April. It may be amended following public budget hearings and Board deliberations anticipated in May and June, respectively.

REFURBISHMENT: A renovation of existing space that costs in excess of \$100,000. Refurbishments are characterized by an overall enhancement in space decor, functional design, configuration, etc., for the purpose of improving aesthetic image, operational efficiency, or staff productivity.

REGULAR (EQUALIZED) ASSESSMENT ROLL: The listing of the assessed values of all properties within the County as of January 1 of each year. The regular roll contains values for both secured (real) and unsecured (personal) properties.

REQUESTED FISCAL YEAR: Respective operation's official request for appropriation and financing sources to implement its stated objectives for the next fiscal year.

RESERVES: Portions of fund balance set aside due to legal or contractual restrictions and not available for appropriation. Reserves are now classified as nonspendable, restricted, or assigned fund balance.

RESTRICTED FUND BALANCE: That portion of the fund balance based on constraints placed on their use that are either (a) externally imposed by creditors, grants, contributors, or laws and regulations of other governments or (b) imposed by law through constitutional provisions of enabling legislation. Restrictions may be effectively changed or lifted only by changing the condition of the constraint.

REVENUE: Source of income to an operation other than debt issue proceeds or the transfer from another fund.

SALARIES AND EMPLOYEE BENEFITS: An object of expense reflecting the County's costs for employee compensation. Includes salaries and wages, insurance (health, dental, life, and unemployment), workers' compensation, retirement, bonuses, overtime, flexible benefit plans, and deferred compensation plans.

SERVICES AND SUPPLIES: An object of expense reflecting the purchase of goods and services within the year.

SPECIAL ASSESSMENTS: Fees that are charged to property owners in certain geographical areas for public improvements. A fee is levied only to those property owners that receive a direct benefit.

SPECIAL DISTRICT FUNDS: Funded by specific taxes and assessments that provide public improvements and services to benefit targeted properties and residents. Examples are the Garbage Disposal Districts and Sewer Maintenance Districts.

SPECIAL DISTRICTS: An independent unit of local government established to perform a single specified service. The Special Districts listed in this document are governed by the Board.

SPECIAL REVENUE FUNDS: Funds used to account for the proceeds of specific revenue sources that are restricted in the way they may be spent.

STRATEGIC PLAN: The framework that outlines how the County will move in the direction defined by the County's Mission and Vision. The Plan describes the desired goals, strategies to accomplish the goals, and measurable objectives to accomplish each strategy.

STRATEGY: The means that the County intends to accomplish a goal as it moves to achieve outcomes or results. A strategy captures a defined intent across policies, programs, projects, actions, decisions and resource allocations to achieve an outcome. A coherent collection of actions that have a reasonable expectation of improving outcomes.

SUBVENTION: A grant (usually from the State or federal government).

SUPPLEMENTAL ROLL: Property taxes generated pursuant to Senate Bill 813 (Chapter 498, Statutes of 1983), whereby changes to property taxes are made effective the date the property ownership title is transferred.

TRANSFERS IN: The transfers in of funding from one governmental fund to another. This increase in current financial resources is reported separately from revenue to avoid distorting revenue trends.

TRANSFERS OUT: All interfund transfers legally authorized from a fund receiving subsidy to the fund through which the resources are to be expended.

UNMET NEEDS: Department's critical unmet requirements not currently addressed in the budget.
