Special Funds

Special Funds

Services and programs provided by Special Funds are entirely financed by independent revenue sources which include State and federal subventions, property taxes, fines and forfeitures, fees, and other operating revenue.

Agricultural Commissioner - Vehicle A.C.O. Fund 2.14

This fund finances the replacement cost of vehicles utilized by the Department in the State-financed Pest Detection Program. The Department invoices the State for the depreciation of its existing vehicle fleet and the revenues are deposited into the fund. The 2011-12 Recommended Budget reflects this revenue to finance replacement vehicles.

Air Quality Improvement Fund 2.15

The Air Quality Improvement Fund was established by Assembly Bill 2766, Chapter 1705, Statutes of 1990, for vehicle emissions reduction programs. The 2011-12 Recommended Budget reflects the continuation of the air pollution reduction programs.

Asset Development Implementation Fund 2.16

This fund provides for loans or grants to finance high priority capital projects that provide long-term benefits, cost savings, or opportunities to mitigate potential costs or liabilities. The 2011-12 Recommended Budget reflects a decrease in carryover fund balance due to anticipated payment of high priority capital project expenditures.

Cable TV Franchise Fund 2.17

This fund finances cable-related activities and other programs, including the telecasting of the Board of Supervisors' meetings. The fund is financed by revenues generated from a 2.5 percent fee on the gross receipts of cable operators in the unincorporated areas of the County. The 2011-12 Recommended Budget reflects continued funding for various cable-related projects.

Child Abuse and Neglect Prevention Program Fund 2.18

This fund finances programs for child abuse and neglect prevention services through contracts with private, non profit organizations and public institutions of higher education with recognized expertise in fields related to child welfare. The program is financed through special fees collected for birth certificates. The 2011-12 Recommended Budget reflects an overall decrease in total financing uses to a projected decrease in revenue and fund balance.

Civic Art Special Fund 2.19

In December 2004, the Board of Supervisors adopted the Civic Art Policy which required that one percent of design and construction costs on new County capital projects and certain refurbishments be allocated to provide or finance civic art. The 2011-12 Recommended Budget reflects continued funding for implementation of identified civic art projects from anticipated fund balance carryover and the one percent transfer of net County cost or revenue from identified capital projects.

Civic Center Employee Parking Fund 2.20

This fund provides for the administration of the Board-approved Civic Center Employee Parking Program (CCEPP), which includes parking fees and a monetary incentive to encourage alternate means of transportation to and from work. The CCEPP meets all South Coast Air Quality Management District Rule 2202 requirements, and conforms to the Board's traffic mitigation policy approved on January 5, 1988. The 2011-12 Recommended Budget reflects the continuation of the traffic mitigation program.

Courthouse Construction Fund 2.21

This fund is authorized by Government Code Section 76219, restricted to construction of specified courts within the County of Los Angeles, and is financed by parking violation fines and forfeitures, and penalty assessments on non-parking offenses. Senate Bill 256 became effective January 1, 2004, and requires the County to obtain the approval of the Administrative Director of the Courts prior to any future expenditure or encumbrance of funds from the Courthouse Construction Fund. The Fund Balance of the Courthouse Construction Fund, together with any interest earned, is required to support ongoing debt service in future years. The 2011-12 Recommended Budget reflects a reduction in carryover fund balance due to payments of capital lease and debt service expenditures.

Criminal Justice Facilities Temporary Construction Fund 2.22

This fund is authorized by Government Code Section 76101 for the construction, expansion, improvements, operation, or maintenance of County criminal justice and court facilities and is financed by parking violation fines and forfeitures, and penalty assessments on non-parking offenses. The 2011-12 Recommended Budget reflects a decrease in carryover fund balance due to the payment of justice related expenditures.

Del Valle A.C.O. Fund 2.23

This fund was established by Board order in 1987 to finance development of the Del Valle Firefighting Training Facility. The fund receives revenue generated by student-user fees and State training revenue. The 2011-12 Recommended Budget reflects anticipated fund balance and projected revenue to continue facility projects.

Dependency Court Facilities Program Fund 2.24

This fund provides for the debt services requirement of the Edmund D. Edelman Children's Court and is financed by a contribution from the Criminal Justice Facilities Temporary Construction Fund. The 2011-12 Recommended Budget reflects a reduction in anticipated revenue and carryover fund balance.

Dispute Resolution Fund 2.25

The Dispute Resolution Program provides for the operation of dispute resolution mediation centers which offer face-to-face mediation, telephone conciliations, and arbitrations as an alternative to the court system. The 2011-12 Recommended Budget reflects a reduction in available fund balance.

Sheriff - Automation Fund 2.91

Section 26731 of the California Government Code provides for the establishment of a special fund for fees collected for serving, executing, and processing required court notices, writs, orders, and other services performed by Sheriff's personnel. All proceeds from the fees are for the exclusive use of the Sheriff's Court Services Division to supplement the costs of automated systems and administering the funds. The 2011-12 Recommended Budget reflects a decrease in available fund balance.

Sheriff - Countywide Warrant System Fund 2.92

Section 40508.5 of the California Vehicle Code authorizes an assessment of $15.00 upon every person who violates their written promise to appear or for failure to pay a fine lawfully imposed by the court. These funds are to be used exclusively for the development and operation of the Automated Countywide Warrant System. The 2011-12 Recommended Budget reflects ongoing system maintenance requirements.

Sheriff - Inmate Welfare Fund 2.93

Pursuant to Section 4025 of the California penal Code, this fund provides for the benefit, education, and welfare of inmates confined within County jails. Any funds that are not needed for the welfare of the inmates may be expended for the maintenance of County jail facilities, but may not be used to pay required county expenses of confining inmates. The Inmate Welfare Fund receives revenue from several sources, including all the sales of inmate hobby craft, vending machines, telephone commissions, and interest on deposited funds. The 2011-12 Recommended Budget provides for the continuation of existing inmate welfare programs and maintenance of custody facilities.

Sheriff - Narcotics Enforcement Special Fund 2.94

This fund was established in 1984 in accordance with Section 11489 of the California Health and Safety Code. It provides for the distribution of assets forfeited in connection with violation of laws governing controlled substances. The 2011-12 Recommended Budget reflects a decrease in projected revenue and fund balance.

Sheriff - Processing Fee Fund 2.95

Section 26746 of the California Government Code provides that a processing fee shall be assessed for each disbursement of money collected under a writ of attachment, execution, possession, or sale. Proceeds are used to offset the Sheriff's cost replacement and maintenance of vehicles and equipment, and civil process operations. The 2011-12 Recommended Budget reflects funding for ongoing maintenance needs.

Sheriff - Special Training Fund 2.96

This fund was established by Board order in 1996 to fund law enforcement training programs. Revenue is received from law enforcement training provided to other jurisdictions. The 2011-12 Recommended Budget reflects ongoing funding for services and supplies and capital asset requirements for training.

Sheriff - Vehicle Theft Prevention Program Fund 2.97

Section 9250.14 of the California Vehicle Code provides for a fee of $1.00 to be paid at the time of registration or renewal of registration of every vehicle registered to an address within the County of Los Angeles. Fees collected under this code section must be expended to fund programs to deter, investigate, and prosecute vehicle theft crimes. The 2011-12 Recommended Budget reflects funding for the continuation of this program.

Small Claims Advisor Program Fund 2.98

Pursuant to Section 116.230 of the Code of Civil Procedures, a portion of the fee imposed on Small Claims Court filings is deposited in this fund to finance the Small Claims Advisor Program, which will be operated by the new Consumer Affairs Branch within the Department of Community and Senior Services. As part of the 2011-12 Recommended Budget, the Department of Consumer Affairs is being consolidated within the Department of Community and Senior Services. The 2011-12 Recommended Budget reflects continued financing of the Small Claims Advisor Program.

Fire Department/Fire Department A.C.O. Fund.....3.3, 3.5

The Hazardous Waste Special Fund was established in 1988 to accumulate the proceeds from fines collected for violation of hazardous waste laws. In accordance with the California Health and Safety Code, Section 25192(a)(3), the use of these funds is restricted to hazardous waste enforcement activities. The 2011-12 Recommended Budget reflects a decrease in appropriation and financing sources to fund the ongoing enforcement of hazardous waste laws.

Parks and Recreation - Landscape Maintenance Districts and LLAD Summary 3.6

These districts are administered by the Department of Parks and Recreation. Landscape Maintenance Districts and Landscaping and Lighting Act Districts (LLAD) provide maintenance for landscaping on road medians, parkways, greenbelts, and other open space areas designated within the boundaries of the districts, for which maintenance easements have been granted to the County and for which property owners pay a benefit assessment. The 2011-12 Recommended Budget reflects a slight decrease in appropriation and financing sources due to a decrease in revenue from interest earned.

Parks and Recreation - Recreation and Park Districts and LLAD Summary..... 3.7

These districts are administered by the Department of Parks and Recreation. Recreation and Park Districts are special tax districts which receive ad valorem property taxes. These districts were formed under the provisions of Section 5780 et seq. of the Public Resources Code to make landscape improvements and provide for their continued maintenance. The 2011-12 Recommended Budget reflects a decrease in appropriation and financing sources to fund development and maintenance of parkway panels, median strips, slopes, and open space areas.

Public Works - Flood Control District 3.8

This budget is administered by the Department of Public Works. For additional information, please refer to the Public Works section in Volume I.

Public Works - Garbage Disposal Districts Summary 3.10

The Garbage Disposal Districts (GDD) provides garbage and disposal services within specified unincorporated areas of Los Angeles County. Funding is provided through the garbage collection and disposal service fee levied upon real properties in each of the GDD and a limited amount of ad valorem property taxes for six of the seven GDD. The 2011-12 Recommended Budget reflects a $2.1 million increase primarily due to increased alley cleanup and expanded bulky item pickup services contract costs for the Athens/Woodcrest/Olivita district. The increase also provides for additional designations set aside to minimize future fee increases to the residents in the GDD.

Public Works - Other Special Districts Summary..... 3.11

Other Special Districts include the Antelope Valley Drainage Fee District, Drainage Special Assessment Areas, and Bridge and Major Thoroughfare Construction Fee Districts. These districts provide a variety of services including: the construction, maintenance, and operation of flood control facilities; the construction of highway and bridge infrastructure; and the maintenance and operation services for drainage benefit assessment areas. The 2011-12 Recommended Budget reflects continued funding for services provided by each special district.

Public Works - Sewer Maintenance Districts Summary 3.12

This budget provides for the operation, construction, and/or upgrades of sewer systems for two sewer maintenance districts, one accumulative capital outlay fund, and nine tax zones. The primary source of revenue is the sewer service charge imposed on parcels of real property. The 2011-12 Recommended Budget reflects a $4.2 million decrease primarily attributable to revenue reductions in the Consolidated Sewer Maintenance District (SMD) Fund due to the withdrawal of cities, such as Lancaster in fiscal year (FY) 2008-09, Palmdale in FY 2009 10, and La Puente in FY 2010-11; and a decrease in designations in the Consolidated SMD ACO Fund to finance capital infrastructure improvements such as the Calabasas Force Main Sanitary Sewer Construction, the Pratritti Pump Station Renovation, and the Sewer Rehabilitation projects.

Public Works - Street Lighting Districts/LLAD Summary 3.13

This budget provides for the operation, maintenance, and repair of street lighting in various districts throughout Los Angeles County. Funding is provided through property tax and benefit assessment collections. The 2011-12 Recommended Budget reflects a $3.7 million decrease primarily due to a decrease in fund balance resulting from the establishment of designations for infrastructure improvements, including improvements to upgrade overhead-wired street lights on wood and steel poles to concrete poles, and the realignment of revenues to more accurately reflect actual collections.

Regional Park and Open Space District Summary 3.14

On November 3, 1992, Los Angeles voters approved the Safe Neighborhood Parks Proposition, which established the Regional Park and Open Space District to fund the acquisition and development of park, recreation, and open space resources in the unincorporated and incorporated areas of the County through the collection of a benefit assessment on property. Subsequently, on November 5, 1996, the voters approved a second Safe Neighborhood Parks Proposition, which levied an additional assessment within the District, amended the method of the assessment, and authorized expenditure of excess District revenues for any authorized purpose of the District. In March 2007, the District issued Refunding Revenue Bonds Series 2007A, which was available for delivery on July 5, 2007, to refund the then outstanding 1997 Revenue Bonds, which allowed more assessments to be utilized for authorized purposes of the District. The 2011-12 Recommended Budget reflects funding for both County and other public agency park and beach capital projects, financed through the benefit assessment.

Other Proprietary Funds

Other Proprietary Funds

Other Proprietary Funds (Enterprise and Internal Service Funds) account for those governmental activities that are similar to those found in the private sector.

Internal Service Funds account for the financing, on a cost-reimbursement basis, of goods or services provided by one department or agency to other departments or agencies of the County or other governmental units.

Enterprise Funds account for operations providing goods or services to the general public that are recovered primarily through user charges.

Health Care Self-Insurance Fund 4.2

This fund was established by the Board of Supervisors on September 15, 1992, which became effective on January 1, 1993, to provide non-represented employees with self-funded health plans that offer a variety of health care options. The 2011-12 Recommended Budget reflects a decrease in financing uses primarily due to a decrease in fund balance that is partially offset with projected increases in health insurance premiums.

Public Works - Aviation Enterprise Fund 4.3

This fund provides for the operation, maintenance, and repair of airport grounds, facilities, and equipment as well as the initiation and management of airport facility leases. This fund also provides for development and financing of County airport planning studies and improvement projects. The main sources of revenue for this fund are payments from the airport management contractor and fuel and oil sales. The 2011-12 Recommended Budget reflects a $1.6 million increase primarily due to increases in the operations, maintenance, and repair activities at all five County airports. This budget also reflects an operating transfer out to the Aviation Capital Project Fund to finance the El Monte Airport Terminal Building Loan.

Public Works - Internal Service Fund 4.4

This budget is administered by the Department of Public Works. For additional information, please refer to the Public Works section in Volume I.

Public Works - Transit Operations Fund 4.6

The Transit Operations Fund was created in 1979 to finance the operations of various public transit projects and transit assistance programs throughout Los Angeles County. Transit services funded by this budget include Dial-A-Ride services; fixed route transit services such as the Acton/Agua Dulce Shuttle, the Edmund D. Edelman Children's Court Shuttle, the East Los Angeles (El Sol) Shuttle, the Willowbrook Shuttle, the King Medical Center Shuttle, the South Whittier (Sunshine) Shuttle, the Los Nietos Shuttle, the Avocado Heights/Bassett/West Valinda Shuttle, and the East Valinda Shuttle; recreational services such as the Summer Beach Bus and the Ford Theater Shuttle; special events transportation; bus stop amenities including construction or installation and maintenance of shelters and trash receptacles; and the operation and maintenance of four park-and-ride lots. The main sources of revenue are sales tax and State/federal grant funds. The 2011-12 Recommended Budget reflects a $5.5 million decrease primarily attributable to a decrease in fund balance due to higher costs associated with the delay of the Union Pacific Railroad Security Fencing project and studies completed for new or expanded services in multiple unincorporated areas throughout the County; and decreases in projected sales tax and interest revenues and MTA grant funding.

Public Works - Waterworks Districts Summary 4.7

This fund provides funding for the construction, operation, and maintenance of the five operating Waterworks Districts and the Marina del Rey Water System. The 2011-12 Recommended Budget reflects a $5.9 million decrease primarily due to a decrease in fund balance resulting from insufficient on-going operating revenue in support of on-going operating expenses. These districts are scheduled for rate increases in the near future to address this issue.

The Community Development Commission is responsible for the County's housing and community development programs and services, including distribution of the Urban County Community Block Grant funds, administration of County redevelopment projects and management of a variety of housing programs.

Services are funded through federal grant allocations and program income. These services include low- and moderate-income housing development and rehabilitation in unincorporated areas of the County and participating cities; community revitalization and loan assistance for small businesses; maintenance, management, and security of conventional public housing; and subsidies for privately owned rental units (Section 8) in unincorporated areas and cities.

Consistent with past practices, the Community Development Commission is submitting its detailed budget recommendations to the Board of Supervisors under separate cover. The final County budget will be updated to reflect the revised final estimates contained in the Community Development Commission's detailed submission.

Community Development Commission Fund. 5.2

This fund consists primarily of appropriation and federal revenue, including Housing and Community Development Act funds required for the Commission's expenses related to housing, redevelopment and community revitalization. The 2011-12 Recommended Budget reflects a $0.6 million increase primarily due to increased activity in construction projects completed on behalf of the County, offset by decreases in the Lennox Sound Attenuation program, expenditures on the Willowbrook South Health Center, and the completion of Community Development Block Grant-R Homeless projects.

Housing Authority Fund 5.3

This fund consists of appropriation and federal revenue primarily received from the Department of Housing and Urban Development (HUD) to fund Housing Authority expenses related to Conventional Housing, Modernization and Section 8 Rental Subsidy programs. The 2011-12 Recommended Budget reflects a $5.1 million increase primarily due to federal subventions as a result of increased expenses for rental payments to landlords, and increased activity in the City of Industry program.

The County Board of Supervisors (Board) has not allocated, reserved or otherwise set aside any funds in the County's 2011-12 Recommended Budget to purchase the equipment identified above.

It is officially the intention of the Board that the acquisition of such equipment be initially funded through the issuance of Bond Anticipation Notes (BANs) or another short-term financing mechanism. The BANs will be issued by LAC-CAL and purchased as an investment by the County Treasury Pool in an amount sufficient to acquire and deliver the identified equipment. Any such costs, which are initially funded by BANs, will be properly capitalized under general federal income tax principles.

Further, the Board expects the outstanding BANs to be redeemed and the County Treasury Pool to be reimbursed, through the issuance of taxable or tax-exempt, intermediate-term lease revenue bonds, certificates of participation, or through a lease with a third-party lessor. The amounts specified above represent the maximum principal amounts of such intermediate-term obligations to be issued for the specified equipment.

These official intentions of the Board with respect to the LAC-CAL Equipment Program have been specified in accordance with U.S. Treasury Regulation 1.150-2.

REGIONAL PARK & OPEN SPACE DISTRICT SUMMARY

FUND
VARIOUS

This District was established as a result of voters' approval of the Safe Neighborhood Parks Proposition on November 3, 1992, under the provisions of the Landscape and Lighting District Act of 1972 and Section 5506.9 of the Public Resources Code. The District provides for park, recreation and open space capital projects in unincorporated and incorporated areas of Los Angeles County, and is financed with special assessments. On November 5, 1996, the voters approved a second Safe Neighborhood Parks Proposition. This second Proposition levied an additional assessment within the District, amended the method of the assessment, and authorized expenditure of District revenues for any authorized purpose of the District.
