

Los Angeles County Employment Verification Contacts

Each County Department handles their own employment verification. You can contact the respective department directly, using the contact information below. If you have an Employee Pay Statement, look for “Home Department” or “Pay Location” on the top of the statement, and find the code that corresponds.

Note: If you do not know which department the employee works for and you do not have a pay stub, please contact the employee for clarification; there is not a centralized line that handles all County employees.
