2005-06 Adopted Budget

The 2005-06 Adopted Budget reflects negotiated increases in salaries and employee benefits, unavoidable cost increases primarily due to retirement and insurance costs, and other miscellaneous increases. These increased costs are partially offset by reductions in Services & Supplies and Other Charges, the use of child support reimbursements designated to enhance future collections and additional federal revenue.

2005-06 Adopted Budget

The 2005-06 Adopted Budget reflects an overall increase in net County cost (NCC) due to: (a) Board-approved increases in salary and employee benefit costs; (b) a projected increase in costs for Seriously Emotionally Disturbed assistance payments and Adoptions Assistance Programs assistance payments; (c) creation of the Special Programs budget to fund prevention services which have no other funding source or a very limited funding source; (d) expansion of medical hubs; and (e) implementation of Specialized Foster Care Mental Health Services. These cost increases are partially offset by: (a) an increase in Realignment revenue; (b) a projected decrease in Foster Care Assistance Payments; and (c) transfer of MacLaren NCC set aside to fund services consistent with the requirements of the Katie A. lawsuit to the Department of Children and Family Services' budget.

FUNCTION

ACTIVITY
Administration

The Department of Children and Family Services, with its community partners, will provide a comprehensive children protection system to ensure that children grow up safe, physically and emotionally healthy, educated, and in permanent homes. The system design will facilitate the following outcomes for children: (a) **Improved Permanence** – shortening the timelines for permanency for children removed from their families with a particular emphasis on reunification, kinship and adoption, including reductions in the emancipation population; (b) **Improved Safety** – significantly reducing the recurrence rate of abuse or neglect for children investigated, and reducing the rate of abuse in foster care; (c) **Reduced Reliance on Detention** – reducing reliance on removing children from their homes through expansion of alternative community-based strategies to help families.

CHILDREN AND FAMILY SERVICES ASSISTANCE

FUND

FUNCTION
Public Assistance

ACTIVITY
Aid Programs/Other Assistance

The Assistance budget unit consists of six components, which give direct assistance to recipients either in the form of cash payments or social services through contract agencies. They are subsidized by State and federal funds. Foster Care provides support to children who are placed in out-of-home care due to actual or potential abuse or neglect. Adoption Assistance provides aid to prospective adoptive parents to meet the additional expenses of special needs children. Seriously Emotionally Disturbed Children Program provides board and care costs for children who require services as part of an Individual Educational Plan. Child Abuse Prevention Program (authorized by AB 1733) assists public and private agencies in providing child abuse and neglect prevention and intervention programs to meet the needs of high-risk children. KinGAP provides assistance to relatives who assume guardianship for children and dependency is dismissed. Special Programs provides funding for services, for which little or no funding source is available, that would enable children to remain safely with their families or achieve timely permanency.

2005-06 Adopted Budget

The 2005-06 Adopted Budget reflects an appropriation decrease due to reductions in funding and Intrafund Transfer for the Community Services Block Grant, General Relief Opportunities for Work, Office of Traffic Safety, and Refugee Assistance programs. The Administrative responsibility for these programs was transferred to the Department of Public Social Services (DPSS) in fiscal year (FY) 2004-05. The budget also reflects reductions in federal funding for Workforce Investment Act (WIA) Employment and Training programs. These reductions are partially offset by an increase in federal Older American Act funding, and WIA National Emergency Grant funding, as well as one-time funding totaling \$2.6 million to LAHSA for homeless services.

2005-06 Adopted Budget

The 2005-06 Adopted Budget for the Department of Health Services reflects funding for ongoing costs for existing programs, revenue-offset program expansions, and increased staffing to support the Department's administrative infrastructure in order to achieve departmental priorities, including addressing unmet information technology needs and other operational needs at the County's hospitals and health facilities. The 2005-06 Adopted Budget is fully funded with available resources, including \$384.2 million from the designation.

The 2005-06 Adopted Budget also reflects the expiration of the 1115 Waiver Extension and the continued implementation of the Department's System Redesign Plan, approved by the Board of Supervisors in June 2002, except for the court-delayed proposals related to closure of Rancho Los Amigos National Rehabilitation Center and the phased-in reduction of 100 acute inpatient beds at LAC+USC Medical Center. On August 9, 2005, the Board approved a negotiated settlement to the lawsuits with the plaintiffs, and mid-year adjustments will be proposed to address the budgetary impact of the settlement provisions. Further, the 2005-06 Adopted Budget reflects the transition of the Antelope Valley Cluster from a separate Hospital Enterprise fund and consolidation with the San Fernando Valley Cluster Hospital Enterprise Fund to reflect the conversion of High Desert Hospital to a Multi-Service Ambulatory Care Center.

2005-06 Adopted Budget

The 2005-06 Adopted Budget reflects a net County Cost (NCC) increase of \$98,000, primarily attributable to increased funding for non-reimbursable salaries and employee benefits increases approved by the Board of Supervisors. The Adopted Budget also reflects a \$32.4 million increase in gross appropriation and deletion of 21.0 budgeted positions. The increase in gross appropriation is mainly attributable to negotiated increases in salaries and employee benefits, mostly offset by reimbursable funding, as well as reimbursable funding for building crafts projects to be performed by job order contractors. The increase also includes reimbursable funding for the purchase of equipment and software necessary for the operation of eCAPS Phase II for the Auditor-Controller. The reduction in budgeted positions mainly reflects reductions in overhead positions and deletion of vacant positions not supported by reimbursable activities, including continued contracting out of custodial services through attrition, partially offset by the transfer of the Office of Small Business from the Community Development Commission and the King Drew Medical Center Power Plant from the Department of Health Services.

MENTAL HEALTH-CONTINUED

2005-06 Adopted Budget

The 2005-06 Adopted Budget provides the minimum net County cost needed to meet State Maintenance of Effort (MOE) requirements. Continued funding of the MOE allows the Department to receive ongoing Sales Tax Realignment funding. The budget reflects a \$30.9 million net County cost increase which includes \$6.1 million in Vehicle License Fee-Realignment revenue and \$24.8 million in General Fund overmatch. The General Fund overmatch provides one-time bridge funding as the Department continues to work through its stakeholder process to identify a consensus approach to transform and restructure service delivery to address budgetary shortfalls, County Hospitals' psychiatric emergency services decompression efforts, and develop plans to meet the goals of the Mental Health Services Act (MHSA). The budget primarily includes changes for the following programs: 1) additional financial support to relieve the pressures on the County Hospitals' psychiatric emergency rooms and psychiatric inpatient services including additional funding to the Department of Health Services, additional acute inpatient, Institute for Mental Disease (IMD), and residential board and care beds, and expansion of outpatient urgent care mental health services; 2) increase in the State Early and Periodic Screening Diagnosis and Treatment Program; 3) enhanced specialized foster care mental health services to ensure that children referred to the Department of Children and Family Services (DCFS) have ready access to multidisciplinary assessment and mental health service; 4) increase in staffing for the Public Guardian Probate Conservatorship program to improve efficiency and effectiveness of the program's operations; and 5) initial State funding for the implementation of the Community Program Plan to develop a plan for the use of MHSA funding.

2005-06 Adopted Budget

The 2005-06 Adopted Budget reflects an increase of \$ 13.6 million primarily attributable to Board-approved increases in salaries and employee benefits; the addition of 35.0 positions for Juvenile Representation for newly mandated juvenile post-disposition services required by passage of Senate Bill 459 and Rule of the Court 1479; and 19.0 positions for Adult Felony and Misdemeanor Representation to handle caseload increases. The Adopted Budget also reflects the deletion of 6.0 support positions to offset an unfunded increase in retiree health care premiums and a projected increase in long-term disability costs; the elimination of 1.0 Paralegal position due to a reduction in grant funding; and the transfer of net County cost and deletion of 11.0 positions for the implementation of Phase I of the Shared Services Initiative. The Adopted Budget also includes one-time funding to replace outdated computers for attorney staff.

2005-06 Adopted Budget

The 2005-06 Adopted Budget reflects an overall decrease in net County cost primarily due to the elimination of one-time Performance Incentives – Net County Cost (PI-NCC) funding approved by the Board of Supervisors on April 20, 2004 and June 21, 2004, decreases in the CalWORKs Program, and increased Realignment revenue. The Adopted Budget also reflects an increase in available funding for: 1) Medi-Cal Administration to reduce caseload per worker; 2) an In-Home Supportive Services (IHSS) provider wage increase; 3) increased enrollment in the IHSS Provider Health Care Plan; 4) General Relief caseload growth; 5) the Los Angeles Homeless Services Authority (LASHA); and 6) PI-NCC to finance stakeholder’s recommendations approved by the Board on May 10, 2005.

2005-06 Adopted Budget

The 2005-06 Adopted Budget reflects current service level funding for all major Sheriff's Department programs, including: the continuation of Community Impact Teams (CIT) and Community Oriented Policing Services (COPS) in the unincorporated area; increased contract services to cities and the Metropolitan Transportation Authority; expansion of Air 5 Operations to seven-day-a-week service; and carryover of various Homeland Security and other grant programs. Also reflects implementation of the Title 15 Compliance Program and funding to control the spread of Methicilin-Resistent Staphylococcus (MRSA) in County jails. The Adopted Budget also reflects unavoidable increases in worker's compensation, long-term disability and retiree health and decrease in federal State Criminal Alien Assistance Program (SCAAP) reimbursement revenue.

ACTIVITY

The Trial Court Funding Act (TCFA) of 1997 (Assembly Bill 233, Chapter 850, Statutes of 1997) provides long-term fiscal relief to counties by capping the counties' contribution for court operations. The TCFA requires counties to make an annual Maintenance of Effort (MOE) payment to the State for support of trial courts and to continue to fund certain court-related expenditures such as indigent defense, collections enhancement, local judicial benefits, judicial and court support positions created prior to July 1, 1996, and court facilities (including building/grounds maintenance and alterations/improvements). Revenue from court fines and fees is used to partially finance the MOE obligation to the State and court-related expenditures.

2005-06 Adopted Budget

The 2005-06 Adopted Budget reflects a net County cost decrease of \$37,000 primarily due to the projected overall lower utilities expenditures for various court facilities within the County of Los Angeles. In accordance with the Trial Court Funding Act of 1997, the county will continue to be responsible for the associated utilities costs in the operations of the courts. The Adopted Budget also reflects an increase in natural gas costs, which is offset by reimbursable funding.

VEHICLE LICENSE FEES - REALIGNMENT

FUND
General

Vehicle License Fees Realignment revenues are derived from the County's share of Statewide motor vehicle license fees. These revenues are fully offset with appropriation in Health Services, Mental Health, and Public Social Services for various health and social service programs.

The equipment identified on this page reflects County equipment requirements to be financed through the Los Angeles County Capital Asset Leasing Corporation (LAC-CAL) in 2005-06. The County Board of Supervisors has not allocated, reserved or otherwise set aside any funds in the County's 2005-06 Proposed Budget to purchase the equipment identified above.

It is officially the intention of the County Board of Supervisors that the acquisition of such equipment be initially funded through the issuance of Bond Anticipation Notes (BANs) or another short-term financing mechanism. The BANs will be issued by LAC-CAL and purchased as an investment by the County Treasury Pool in an amount sufficient to acquire and deliver the identified equipment. Any such costs, which are initially funded by BANs, will be properly capitalized under general federal income tax principles.

Further, the Board of Supervisors expects the outstanding BANs to be redeemed and the County Treasury Pool to be reimbursed, through the issuance of taxable or tax-exempt, intermediate-term lease revenue bonds, certificates of participation, or through a lease with a third-party lessor. The amounts specified above represent the maximum principal amounts of such intermediate-term obligations to be issued for the specified equipment.

These official intentions of the Board of Supervisors with respect to the LAC-CAL Equipment Program have been specified in accordance with U.S. Treasury Regulation 1.150-2.

2005-06 Adopted Budget

The 2005-06 Adopted Budget reflects an overall decrease primarily resulting from a decrease in grant – funded activities associated with Transportation Systems Management projects and a decrease in appropriation for contingencies, offset in part by increases in requirements for the Arroyo Seco Bikeway project and unincorporated County road projects.

PUBLIC WORKS - SOLID WASTE MANAGEMENT

FUND
Solid Waste Management

FUNCTION
Health and Sanitation

ACTIVITY
Sanitation

This fund was established by the Board of Supervisors on September 15, 1991 to comply with the mandates of the California Integrated Waste Management Act of 1989 (Assembly Bill 939). This Act required Los Angeles County and each city in the County to prepare, adopt, and implement their own waste diversion program in order to achieve the Act's waste reduction mandate. The Act also requires the Department to prepare the Countywide Integrated Waste Management Summary Plan and the Countywide Siting Element for all 88 cities within the County. Fund requirements are primarily financed by landfill tipping fees and the imposition of a per-parcel service charge on real property in the unincorporated areas.

PUBLIC WORKS-INTERNAL SERVICE FUND--SCHEDULE 10--CONTINUED

2005-06 Adopted Budget

The Internal Service Fund is designed to simplify billings for services provided between the multiple funds that finance the Public Works operations. This fund allows for salaries and employee benefits, material and supplies, and equipment charges for Public Works to be paid through the fund and the appropriate amounts recovered from each special fund.

The 2005-06 Adopted Budget reflects an overall increase primarily due to increases in salaries and employee benefits, offset by decreased requirements for services and supplies and fixed asset equipment. This budget also reflects an increase for services rendered to other County departments and designations of \$6,538,000 for future fixed asset equipment and \$300,000 for major software upgrades.

HEALTH CARE SELF--INSURANCE FUND

This fund was established by the Board of Supervisors on September 15, 1992, and became effective January 1, 1993. The fund provides non-represented employees with a self-funded health plan that offers a variety of health care options.

COMMUNITY DEVELOPMENT COMMISSION FUND-CONTINUED

2005-06 Adopted Budget

This fund consists primarily of appropriation and Federal revenue, including Housing and Community Development Act funds, required for the Commission's expenses related to housing, redevelopment and community revitalization. The Fiscal Year 2005-2006 budget request decreased by 5.5% or \$5.98 million in comparison to the Fiscal Year 2004-2005 approved budget. The other Federal revenue decreased by 17.3% or \$16.9 million and related Services and Supplies expenses due primarily to the reduction of Block Grant revenue as a result of higher fiscal year 2004-2005 expenditure rate of prior year funds. The board of supervisors approved 2004-2005 mid-year projects for the City of San Fernando Swimming Pool in the amount of \$3.0 million, Rehab of six public housing sites in the amount of \$6.2 million, and Bell Gardens Park improvement in the amount of \$5 million. The miscellaneous revenue increased by 20.8% or 1.96 million mainly due to the fact that CDC has to establish indebtedness to receive tax increment revenues for the project area. This is a compliance issue and is consistent with redevelopment laws.

At the CAO's request, a new category was created to identify revenues from other governmental agencies. For this reason the Other Governmental Agencies category increased by 100%, including funding from Cities, the County, the State, and other Government Agencies. The main funding source for this category include \$2.2 million for Independent Living, \$4.7 million in Lennox, and \$2.1 million of new funds for the East Los Angeles Child Care Center.

Please note the FY2004-2005 Actuals are pre-audit numbers and are subject to change.

HOUSING AUTHORITY FUND-CONTINUED

2005-06 Adopted Budget

This consists of appropriation and Federal revenue primarily received from Housing and Urban Development to fund Housing Authority expenses related to Conventional Housing, Modernization and Rental Subsidy Programs. The 2005-06 Budget decreased by 1.2% or \$3.37 million in comparison to the 2004-05 Adjusted Budget. This minimal change is primarily due to the continued success of the Section 8 Voucher Program that reflects an increase of 1.5% or \$3.5 million in Federal Revenue and related Services and Supplies expenses for Landlord Payments. In addition, Miscellaneous Revenue was reduced by 27.7% or \$7.55 million primarily due to the completion of and cancellation of various Industry Projects.

At the CAO's request, a new category was created to identify revenues from other governmental agencies. For this reason, the Other Governmental Agencies category increased by 100%, including funding from Cities, the County, the States and other Government Agencies.

Landscape Maintenance Districts

Landscape Maintenance Districts are established pursuant to the provisions of the Improvement Act of 1911, Streets and Highways Section 500 et seq. These Districts are specifically designed to create a tax entity in perpetuity for the purpose of maintaining landscape road medians, parkways, greenbelts, and other areas specifically designated in the formation of the District. Funding for these Districts is through ad valorem taxes.

Landscaping and Lighting Act Districts

The Landscaping and Lighting Act Districts are formed pursuant to the provisions of the Landscaping and Lighting Act of 1972 of Part 2 of Division 15 of the Streets and Highways Code of the State of California. These Districts provide for maintenance of landscaped areas and other open space areas designated within the boundary of the Districts for which maintenance easements have been granted to the County. Benefiting properties pay an assessment through their property taxes to maintain and service the landscaping and appurtenant improvements within these Districts.

2005-06 Adopted Budget

The 2005-06 Adopted Budget maintains district operations and provides funding for: 1) operation, maintenance, repair, and rehabilitation of Flood Control facilities; 2) water quality improvement projects associated with National Pollutant Discharge Elimination System permits and Total Maximum Daily Load requirements; 3) the construction phase of the Headquarters Hazard Mitigation Grant Capital Project; 4) the second-year property tax shift required by the Local Government Agreement in which local governments agreed to contribute \$1.3 billion for two years to assist the State with its ongoing structural budget deficit; 5) emergency repair and rehabilitation of various runoff and regulation facilities damaged by the 2005 Winter Storms; and 6) the Dominguez Gap Wetlands/Deforest Park Project.

The 2005-06 Adopted Budget for the Flood Control Debt Service funds reflects a decrease primarily due to anticipated lower principal and interest requirements on the outstanding debt.

AND LLAD-STREET LIGHTING SUMMARY

FUND
Various

Lighting Districts are established pursuant to the Streets and Highways Code, Highway Lighting District Act of 1909 and 1911, for the installation and maintenance of street lighting systems. Street Lighting Assessment Districts are formed under the provisions of the Landscaping and Lighting Act of 1972, Part 2, Division 15, of the Streets and Highways Code. The purpose of these districts is to levy an assessment on each lot or parcel based on benefits to be received from the existing street lighting improvements. This appropriation provides for the operation, maintenance, and repair of street lighting in various districts throughout Los Angeles County.

REGIONAL PARK AND OPEN SPACE DISTRICT SUMMARY

FUND
Various

This District was established as a result of voters' approval of the Safe Neighborhood Parks Proposition on November 3, 1992, under the provisions of the Landscape and Lighting District Act of 1972 and Section 5506.9 of the Public Resources Code. The District provides for park, recreation and open space capital projects in unincorporated and incorporated areas of Los Angeles County, and is financed with special assessments. On November 5, 1996, the voters approved a second Safe Neighborhood Parks Proposition. This second Proposition levied an additional assessment within the District, amended the method of the assessment, and authorized expenditure of District revenues for any authorized purpose of the District.

FINAL COUNTY BUDGET
REFERENCE SCHEDULES TO
THE BUDGETARY FINANCIAL STATEMENTS
IN THE COMPREHENSIVE ANNUAL FINANCIAL REPORT
FISCAL YEAR ENDED JUNE 30, 2005

In addition to the Final County Budget, the County also prepares a Comprehensive Annual Financial Report (CAFR), which contains financial statements that have been prepared in accordance with generally accepted accounting principles. Included in the CAFR are budgetary financial statements which have been prepared for certain governmental fund types. Because of the large number of individual funds and budget units, the CAFR financial statements are presented on an aggregated basis to combine funds, also known as fund groups, which are similar in nature.

These reference schedules identify the name of the individual fund or budget unit that makes up the detail for each CAFR fund group at the expenditure level by function. The reference schedule columns are defined below.

- 2005-2006 Final Budget Page Reference column represents the detailed budgeted schedules for each fund or budget unit as shown in the 2005-2006 Final County Budget Book.
- Adopted Budget column represents the original budget adopted by the County Board of Supervisors as shown in the 2004-2005 Final County Budget Book.
- Adjusted Budget column represents the final fiscal year 2004-2005 budget as shown in the 2005-2006 Final County Budget Book.
- Actual on the Budgetary Basis column represents the actual expenditures, including encumbrances, and the actual revenue as shown in the 2005-2006 Final County Budget Book.

The information is presented to demonstrate the budgetary control for each individual fund or budget unit within the fund group for each Statement/Schedule of Revenue, Expenditures, and Changes in Fund Balances - Budget and Actual on a Budgetary Basis as shown in the CAFR.
