P R E F A C E

In accordance with the provisions of Section 29000 to 29144, inclusive, of the Government Code, the Board of Supervisors herewith presents to the taxpayers of Los Angeles County, the COUNTY BUDGET for the fiscal year beginning July 1, 2004, and ending June 30, 2005, as adopted by a resolution of this Board on June 21, 2004 and subsequently adjusted on September 28, 2004.

This Budget has been compiled in accordance with statutory provisions and shows the amounts that have been appropriated for the General Fund, Special Revenue Funds, Proprietary Funds and Special Districts under the control of the Board of Supervisors.

Also included are statements exhibiting estimates of the revenues, including property taxes, that are expected to accrue during this fiscal period and the source thereof, and the available fund balances that are to be applied in the financing of this Budget.

As a matter of general information to the public, and in response to requests for such information, there has been added to each department budget an explanatory note giving a brief synopsis of the work performed by the department or the purpose for which the appropriation was made. To those who desire more specific information with respect to the various functions, it is suggested that your communication be addressed to the head of the department.

Respectfully submitted,

BOARD OF SUPERVISORS
LOS ANGELES COUNTY

ANIMAL CARE & CONTROL

FUND
General

FUNCTION
Public Protection

ACTIVITY
Other Protection

Animal Care and Control, operating under State law and County ordinance, provides for rabies vaccination, the licensing of dogs and cats, and the public safety-related removal and impoundment of domestic animals and livestock in the unincorporated areas of the County and in contract cities. Dangerous animal control, animal sheltering, animal placement, lost animal recovery, and public education programs also are provided. In addition, the Department operates six animal shelters which have veterinary medical clinics as part of their operations. Departmental costs are offset by revenue from pet licenses, contract city income, plus fees, fines and penalties collected for animals in the shelters.

2004-05 Adopted Budget

The 2004-05 Adopted Budget reflects a net County cost decrease primarily attributable to the elimination of one-time funding for the assessment, planning, and implementation of the federally mandated Health Insurance Portability and Accountability Act (HIPAA) requirements and the transfer of funding for the County HIPAA Privacy Officer position from the CIO to the Auditor-Controller. The Adopted Budget also reflects a carryover of unexpended FY 2003-04 funding for information security and funding for Board-approved increases in salaries and employee benefits.

2004-05 Adopted Budget

The 2004-05 Adopted Budget reflects negotiated increases in salaries and employee benefits, unavoidable cost increases primarily due to retirement costs, and increases in retiree health insurance, workers' compensation, and billing rates charged by other County departments providing services. These increased costs are partially offset by the reduction of 111.0 budgeted positions, elimination of funding for fixed assets, and the use of Health Incentive Funds. In addition, the Adopted Budget reflects increased costs for the ARS computer system which also serves Orange and San Diego counties, the transfer of child support reimbursement collections to further enhance child support collections, as well as the elimination of net County cost due to a delay in payment of the federal automation penalty from FY 2004-05 to FY 2005-06.

2004-05 Adopted Budget

The 2004-05 Adopted Budget reflects an overall increase in net County cost due to Board-approved increases in salary and employee benefit costs, partially offset by an increase in Realignment revenue and a projected decrease in foster care caseloads.

ACTIVITY
Administration

The Department of Children and Family Services, with its community partners, will provide a comprehensive children protection system to ensure that children grow up safe, physically and emotionally healthy, educated, and in permanent homes. The system design will facilitate the following outcomes for children: (a) increase the number of children who are able to remain safely in their homes; (b) reduce the rate of recidivism of abuse or neglect once a child has entered the child protection system; and (c) reduce the timelines to permanency.

Aid Programs/Other Assistance

The Assistance budget unit consists of four components, which give direct assistance to recipients either in the form of cash payments or social services through contract agencies. They are subsidized by State and federal funds. Foster Care provides support to children who are placed in out-of-home care due to actual or potential abuse or neglect. Adoption Assistance aids prospective adoptive parents in meeting the additional expenses of special needs children. Seriously Emotionally Disturbed Children Program provides for children who require services as part of an Individualized Educational Plan. Child Abuse Prevention Program (authorized by AB 1733) assists public and private agencies in providing child abuse and neglect prevention and intervention programs to meet the needs of high-risk children.

2004-05 Adopted Budget

The 2004-05 Adopted Budget reflects a net decrease in appropriation due to a reduction in one-time funding totaling $2.5 million to the Los Angeles Homeless Services Authority (LAHSA) for the cost of operating County homeless shelters year-round and reductions in federal funding from Refugee Assistance programs. The reductions are partially offset by increases in Older American Act and Employment and Training federal funding, and one-time funding totaling $0.5 million to LAHSA for the cost of operating Winter Shelters. The budget also reflects reductions in Intrafund Transfers from the Department of Public Social Services for the Domestic Violence California Work Opportunities and Responsibility to Kids and General Relief Opportunities for Work programs.

2004-05 Adopted Budget

The 2004-05 Adopted Budget reflects funding of Board-approved increases in salaries and employee benefits including one Board-approved reclassification. Offsetting these increases are reductions in services and supplies and increases in revenue and intrafrud transfers. The Adopted Budget also reflects funding from the Community Development Commission to address real estate fraud, funding for a Public Information Officer, and the elimination of one-time funds for the Self-Help Legal Access Center (SHLAC) in Pomona.

Counsel

The Office of the County Counsel provides timely and effective ethical legal representation, advice and counsel to the Board of Supervisors, County departments, special districts and other public agencies, as mandated and authorized by the County Charter and State statutes.

The Office provides a broad range of services directed at promoting the objectives of the County, while protecting the County from loss and risk. Those services include advising on the law as it applies to County operations; drafting legal documents; and representing the County in civil actions, dependency court cases, and in financial funding issues.

County Counsel also assists in presenting the County's position in the State Legislature and before State and federal regulatory agencies and administrative hearing boards.

2004-05 Adopted Budget

The 2004-05 Adopted Budget reflects a net County cost increase of $5.0 million primarily due to a $5.8 million Board-approved increase in salaries and employee benefits including retirement debt service and $2.1 million in one-time carryover of 2003-04 departmental savings to fund installation of ergonomic workstations, partially offset by a $6.0 million increase in public safety sales tax receipts. The Adopted Budget also includes an increase of 25.0 grant-funded positions for the Juvenile Offender Intervention Network (JOIN), Victim Witness Assistance, and State Restitution Rebate programs, and an increase of 5.0 positions due to an increase in reimbursable services requested by the Department of Public Social Services and additional revenue from the Real Estate Fraud Prosecution Trust Fund and Productivity Investment Fund for Digital Archiving. The increase in positions is partially offset by the deletion of 23.0 positions due to a decrease in reimbursable services requested by the Child Support Services Department and the realignment of budgeted positions to reflect actual staffing patterns.

2004-05 Adopted Budget

The 2004-05 Adopted Budget reflects the anticipated cost increases for the majority of the employee benefits and the seventh year of a multi-year plan to reduce the General Fund’s reliance on the Los Angeles County Employee Retirement Association’s (LACERA) excess surplus earnings. Further, the budget continues the Board-approved utilization of the LACERA excess earnings to partially offset a portion of the retiree health insurance.

2004-05 Adopted Budget

The 2004-05 Adopted Budget reflects the continued implementation of the Department's System Redesign Plan, approved by the Board of Supervisors in June 2002, except for the court-delayed proposals related to closure of Rancho Los Amigos National Rehabilitation Center and the phased-in reduction of 100 acute inpatient beds at LAC+USC Medical Center.

The 2004-05 Adopted Budget also reflects proposals for increased staffing to support the Department's administrative infrastructure and to facilitate achievement of System Redesign restructuring initiatives. These proposals primarily address department-wide unmet information technology needs, enhance patient care-related activities, and improve materials management, contract monitoring, and human resources operations. Further, the 2004-05 Adopted Budget includes additional resources to support move/transition and information systems activities related to the LAC+USC Medical Center Replacement Facility Project, scheduled for completion in 2007. The 2004-05 Adopted Budget is fully funded with available resources, including $115.9 million from the designation.

2004-05 Adopted Budget

The 2004-05 Adopted Budget reflects a net County cost (NCC) increase of $136,000, primarily attributable to increased funding for non-reimbursable salaries and employee benefits increases approved by the Board, partially offset by a countywide cost allocation plan adjustment. The Adopted Budget also reflects a $9.3 million increase in gross appropriation and deletion of 22.0 budgeted positions. The increase in gross appropriation is mainly attributable to negotiated increases in salaries and employee benefits mostly offset by reimbursable funding. The increase also includes reimbursable funding for the purchase of equipment and software necessary for the operation of the eCAPS application. The reduction in budgeted positions mainly reflects increased contracting out of custodial services through attrition, reductions in administrative services, telecommunications services, and project management.

In 1983, the Board of Supervisors approved the formation of the nonprofit Los Angeles County Capital Asset Leasing Corporation (LAC-CAL) to issue tax-exempt bonds to finance the purchase of certain equipment on behalf of the County. The funds to repay the bonds are obtained from lease payments made by County departments for use of the equipment. This central LAC-CAL/Acquisition budget unit provides for the County's lease payments to the Corporation and reflects the payment of insurance premiums and the receipt of revenues derived from interest earnings or excess reserve funds.

2004-05 Adopted Budget

The 2004-05 Adopted Budget provides the minimum net County cost needed to meet State Maintenance of Effort (MOE) requirements. Continued funding of the MOE allows the Department to receive ongoing Sales Tax Realignment funding. The budget reflects a $9.7 million net County cost increase resulting from an increase in Vehicle License Fee-Realignment revenue. The budget primarily addresses program changes necessary to reduce the reliance on one-time funding sources, resolve structural shortfalls, and financially stabilize the Department, as follows: 1) reduction in funding for the purchase of State Hospital and Institute for Mental Disease beds, linked to enhanced efforts to serve clients in the appropriate least restrictive setting; 2) reduction in funding for medication for uninsured clients with a focus on benefits establishment and medication protocols; 3) reduction in General Mental Health Day Treatment Services to support an increase in Self-Help/Consumer Run Support Services which are essential for supporting the transition of people receiving services from institutional settings to less restrictive, more community-based settings; 4) reduction in administrative support and operating costs; 5) increase in staffing to provide adequate mental health services in the Juvenile Halls; and 6) increase in State Early and Periodic Screening Diagnosis and Treatment Program funding for contracted mental health services to eligible children.

ACTIVITY
Other General

The Nondepartmental Special Accounts (NDSA) budget provides for special General Fund expenditures and revenues, which are not directly related to any single County department and, if included in any department's budget, would distort the true operating costs of that budget. The appropriation reflects charges for services of countywide benefit and for special contracts that are not related to a single department's main mission. Also, included are interest expense and earnings associated with the Treasury Management Program.

2004-05 Adopted Budget

The 2004-05 Adopted Budget for PFU reflects a total of $112.2 million. Following is a detailed description of each expenditure category:

Reflects $0.6 million for unanticipated operational costs associated with newly constructed or refurbished park facilities; $10.1 million for Probation Department's Department of Justice Implementation Plan; $0.5 million for Probation's management audit; $1.7 million to backfill the loss of Local Law Enforcement Block Grant funds for Twin Towers Jail Facility costs in Fiscal Year (FY) 2005-06; and $10.0 million for the Sheriff's Department medical services bureau staffing.

Also reflects $3.4 million for the Department of Children and Family Services (DCFS) to augment the assistance budget in the event of caseload increases; $8.5 million in net County cost (NCC) formerly funding operation of the MacLaren Children's Center (MCC) which has been set aside in PFU pending identification by DCFS of programs to be provided to the types of youth previously served at MCC.

The PFU budget also includes $2.0 million for fingerprinting departmental employees directly interfacing with children; $2.0 million for the Infoline/2-1-1 phone system; $2.5 million for the Department of Community and Senior Services' homeless shelters; $40.0 million for initial planning and design of an interoperable replacement Fire/Sheriff communications system; $3.6 million unallocated appropriation available for ongoing use; $14.0 million to enhance the Electronic Countywide Accounting and Purchasing System (eCAPS) with a human resources and budget platform; $3.3 million carried over from FY 2003-04 for eCAPS; $2.0 million for Auditor-Controller program enhancements; and $7.8 million carryover funding for projects providing services to California Work Opportunities and Responsibility to Kids (CalWORKs) participants and/or needy families as approved by the Board of Supervisors.

2004-05 Adopted Budget

The 2004-05 Adopted Budget reflects an increase of $4.6 million primarily attributable to Board-approved increases in salaries and employee benefits, increases in insurance claims costs and the addition 1.0 legal office support assistant position for the new Michael D. Antonovich Antelope Valley Courthouse. Also reflects the addition of 10.0 support staff positions fully funded by a reduction in contract service costs. The Adopted Budget also reflects the elimination of 6.0 attorney positions due to workload reductions in the Rampart Investigation section and reductions in various grant-funded programs.

2004-05 Adopted Budget

The 2004-05 Adopted Budget reflects an overall decrease primarily due to a reduction in available funding for projects providing services to CalWORKs participants and/or needy families, an increase in federal participation for the In-Home Supportive Services (IHSS) Program, and increased State Sales Tax Realignment revenue. These decreases were partially offset by caseload growth in IHSS, increased eligibility for the IHSS Provider Health Care Plan, an IHSS provider wage increase and a CalWORKs cost of living increase.

ACTIVITY
Aid Programs

An appropriation to provide temporary assistance to children and families to meet basic needs (shelter, food and clothing) in times of crisis. While providing time-limited assistance, the program establishes work requirements and provides a broad spectrum of welfare-to-work services designed to help remove barriers to employment and help families become economically self-sufficient. The program is administered by the County and supported by federal, State and County funds.

FUND
General

FUNCTION
General

ACTIVITY
Other General

Under authority of the State law, the County can require developers to install larger size sewerlines than immediately required to serve the property being improved. The subdivider, individual or Improvement District, is reimbursed by the County a proportionate share of the cost incurred for the additional size or length of such lines. The County, in turn, recovers its cost in future years as charges are made to other property owners for the subsequent use of the enlarged facilities.

2004-05 Adopted Budget

The 2004-05 Adopted Budget reflects a net County cost (NCC) decrease primarily due to an adjustment in rent charges, a reduction in security level requirements, and a reduction in anticipated Judgments and Damages expenditures, partially offset by funding for Board approved increases in salaries and employee benefits.

The Adopted Budget includes resources necessary to conduct the November 2004 Presidential Election as well as mandated Recorder and County Clerk activities, reflects $15.0 million in one-time Help America Vote Act (HAVA) funding for future enhancements to the InkaVote system, and funds the re-engineering of the Real Property Documents Recording System to enhance customer service and maximize the efficiency of operations. The Adopted Budget also reflects the addition of 95.0 permanent Recorder positions, the conversion of 27.0 long-term temporary positions to permanent positions that primarily address Recorder workload, and the funding of 15.0 ordinance temporary election positions, primarily offset by the deletion of 30.0 temporary positions and additional Recorder revenue.

2004-05 Adopted Budget

The 2004-05 Adopted Budget reflects current service level funding for all major Sheriff's Department programs, including: the continuation of Community Impact Teams (CIT) and Community Oriented Policing Services (COPS) in the unincorporated area; increased contract services to cities and the Metropolitan Transportation Authority; expansion of Air 5 Operations to seven-day-a-week service; and carryover of various Homeland Security and other grant programs. Also reflects implementation of the Title 15 Compliance Program and funding to control the spread of Methicilin-Resistent Staphylococcus (MRSA) in County jails. The Adopted Budget also reflects unavoidable increases in worker's compensation, long-term disability and retiree health and decrease in federal State Criminal Alien Assistance Program (SCAAP) reimbursement revenue.

FUNCTION

ACTIVITY
Judicial

The Trial Court Funding Act (TCFA) of 1997 (Assembly Bill 233, Chapter 850, Statutes of 1997) provides long-term fiscal relief to counties by capping the counties' contribution for court operations. The TCFA requires counties to make an annual Maintenance of Effort (MOE) payment to the State for support of trial courts and to continue to fund certain court-related expenditures such as indigent defense, collections enhancement, local judicial benefits, and court facilities (including building/grounds maintenance and alterations/improvements) for judicial and court support positions created prior to July 1, 1996. Revenue from court fines and fees is used to partially finance the MOE obligation to the State and court-related expenditures.

2004-05 Adopted Budget

The 2004-05 Adopted Budget reflects a net County cost decrease of $38,000 primarily due to the projected overall lower utilities expenditures for various court facilities within the County of Los Angeles. In accordance with the Trial Court Funding Act of 1997, the County will continue to be responsible for the associated utilities costs in the operations of the courts.

VEHICLE LICENSE FEES - REALIGNMENT

FUND
General

Vehicle License Fees Realignment revenues are derived from the County's share of Statewide motor vehicle license fees. These revenues are fully offset with appropriation in Health Services, Mental Health, and Public Social Services for various health and social service programs.

The equipment identified on this page reflects County equipment requirements to be financed through the Los Angeles County Capital Asset Leasing Corporation (LAC-CAL) in 2004-05. The County Board of Supervisors has not allocated, reserved or otherwise set aside any funds in the County's 2004-05 Final Budget to purchase the equipment identified above.

It is officially the intention of the County Board of Supervisors that the acquisition of such equipment be initially funded through the issuance of Bond Anticipation Notes (BANs) or another short-term financing mechanism. The BANs will be issued by LAC-CAL and purchased as an investment by the County Treasury Pool in an amount sufficient to acquire and deliver the identified equipment. Any such costs, which are initially funded by BANs, will be properly capitalized under general federal income tax principles.

Further, the Board of Supervisors expects the outstanding BANs to be redeemed and the County Treasury Pool to be reimbursed, through the issuance of taxable or tax-exempt, intermediate-term lease revenue bonds, certificates of participation, or through a lease with a third-party lessor. The amounts specified above represent the maximum principal amounts of such intermediate-term obligations to be issued for the specified equipment.

These official intentions of the Board of Supervisors with respect to the LAC-CAL Equipment Program have been specified in accordance with U.S. Treasury Regulation 1.150-2.

The Hospital Services Account was established for revenues associated with Senate Bill 612 (Emergency Medical Services) and Assembly Bill 75 (Tobacco Tax). Revenues from fines and penalties collected from the courts (SB 612) and surtaxes on tobacco products (AB 75) are used to reimburse eligible hospitals, including the three County trauma hospitals, for uncompensated emergency medical services provided to indigents. AB 75 also allows reimbursements for obstetric and pediatric services. The Department of Health Services' overhead allocable to these programs is disbursed from this fund to Health Services Administration.

PUBLIC WORKS - SOLID WASTE MANAGEMENT

FUND
Solid Waste Management

FUNCTION
Health and Sanitation

ACTIVITY
Sanitation

The Solid Waste Management Fund was established by the Board of Supervisors on September 15, 1991 to comply with the mandates of the California Integrated Waste Management Act of 1989 (AB 939). This Act required Los Angeles County and each city in the County to prepare, adopt, and implement separate Source Reduction, Recycling, and Household Hazardous Waste Programs. The Department of Public Works prepares the Countywide Integrated Waste Management Summary Plan and the Countywide Siting Element for the entire County, including all 88 cities as also required by the Act, and acts as the service provider for the unincorporated areas for composting and public education programs. This budget is financed by landfill tipping fees and the imposition of a per-parcel service charge on real property in the unincorporated areas.

FUNCTION	ACTIVITY
Public Protection	Other Protection

This fund, established in 1988 in accordance with Section 76102 of the Government Code, provides for the operation and maintenance of the Automated Fingerprint Identification System. Funding is provided from an assessment of fifty cents on every ten dollars or fraction thereof for fines, penalties, or forfeitures levied and collected by the courts for criminal offenses. On September 30, 1997, the legislature added section 9250.19 to the California Vehicle Code which was subsequently approved by the Board of Supervisors on January 9, 1998, to impose an additional fee of one dollar to be paid to the Department of Motor Vehicles and passed through to the County at the time of vehicle registration, renewal, which enables the County to procure hardware and software, or upgrade the Livescan technology.

2004-05 Adopted Budget

The 2004-05 Adopted Budget reflects an increase primarily due to: 1) Board-approved increases in salaries and employee benefits, partially offset by a reduction in salary savings; and 2) increases in costs for services rendered by other County departments, equipment maintenance, and various information technology services.

HEALTH CARE SELF--INSURANCE FUND

This fund was established by the Board of Supervisors on September 15, 1992, and became effective January 1, 1993. The fund provides non-represented employees with a self-funded health plan that offers a variety of health care options.

2004-05 Adopted Budget

The 2004-05 Adopted Budget reflects a reduction in available funding to operate and maintain airport facilities.

The Transit Operations Fund was created in 1979 to finance the operations of various bus transit projects and transit assistance programs throughout Los Angeles County. This fund finances the Edmund D. Edelman Children's Court Shuttle; the East Los Angeles Shuttle; the Los Nietos Community Shuttle; the Beach Bus Program; the special events transportation requests from all Supervisorial Districts; the Bus Pass Subsidy Program; the Non-Advertising Bus Shelter Program; the operation and maintenance of park-and-ride lots; and the Department of Public Social Services' Ticket and Token Subsidy Program of General Relief clients.

2004-05 Adopted Budget

This fund consists of appropriation and federal revenue, including Housing and Community Development Act funds, required for the Commission's expenses related to housing, redevelopment and community revitalization. The Fiscal Year 2004-05 adopted budget decreased by 5.76% in comparison to the 2003-04 adjusted budget. The change is primarily due to the Board of Supervisors approving several 2003-04 mid-year projects in the amount of $6,172,600. Those projects included $3,781,100 for Harmony Creek Senior Housing in Unincorporated Hacienda Heights, $650,000 for the East Los Angeles Family Resource Center, $341,500 for the Coffee Bean Tea Leaf, and $1,400,000 for the Union Pacific Park. There was also a decrease of $129,600 for the Bell Shelter projects due to project completion. The state projects are all completed with the exception of Harmony Creek which has budget authority in the adopted 2004-05 budget. The 2004-05 adopted budget increased by $262,000 from the 2003-04 adopted budget primarily due to increased usage of float loans.

Please note, the figures above reflect the preliminary 2004-05 budget, not the adopted 2004-05 budget.

*The Fiscal Year 2002-03 actuals have been revised to exclude the auditor and accounting adjustments and adjust category expenditures to reflect correct activities. The Fiscal Year 2003-04 acturals are preliminary figures excluding the auditor and accounting adjustments that are not anticipated to be finalized until November.

The Community Development Commission separately prepares an Annual Budget Book for the Community Development Fund and Housing Authority Fund which is adopted by their Board of Commissioners on a fiscal-year basis. Additional information may be obtained from the Commission at 2 Coral Circle, Monterey Park, California 91755.

2004-05 Adopted Budget

This fund consists of appropriation and federal revenue primarily received from Housing and Urban Development to fund Housing Authority expenses related to Conventional Housing, Modernization and Rental Subsidy Programs. The 2004-05 budget decreased by 1% in comparison to the 2003-04 adjusted budget. The minimal change is primarily due to the adjustment of the 2003-04 budget mid-year to reflect the Section 8 Voucher's Program 100% lease up and unanticipated influx of Section 8 Voucher holders from other jurisdictions. The Board of Supervisors approved an additional $32,000,000 in mid-year 2003-04 to ensure the budget authority existed to properly administer the change in the program. In addition, the Board of Supervisors approved two 2003-04 mid-year projects including an automated telephone system project and information technology project in the amount of $143,827 and $275,821 respectively.

Please note, the figures above reflect the preliminary 2004-05 budget, not the adopted 2004-05 budget.

*The Fiscal Year 2002-03 actuals have been revised to exclude the auditor and accounting adjustments and adjust category expenditures to reflect correct activities. The Fiscal Year 2003-04 actuals are preliminary figures excluding the auditor and accounting adjustments that are not anticipated to be finalized until November.

The Community Development Commission separately prepares an Annual Budget Book for the Community Development Fund and Housing Authority Fund which is adopted by their Board of Commissioners on a fiscal-year basis. Additional information may be obtained from the Commission at 2 Coral Circle, Monterey Park, California 91755.

FIRE SUMMARY

FUND
Various

The Los Angeles County Fire Department is governed by the Board of Supervisors and fulfills all County Charter duties and responsibilities of the Forester and Fire Warden. The Department is organized as a fire protection district under provisions of the California Health and Safety Code and provides fire protection and pre-hospital emergency medical service in unincorporated areas of the County and in 57 incorporated cities. The Department is responsible for suppression of all fires, management of hazardous materials incidents, ocean lifeguard services, fire prevention activity and response to all requests for pre-hospital emergency medical treatment within its jurisdiction. Mutual aid and automatic aid programs with other agencies enhance the use of existing resources.

LANDSCAPE MAINTENANCE AND LLAD-LANDSCAPE MAINTENANCE DISTRICTS SUMMARY

FUND
Various

Landscape Maintenance Districts

Landscape Maintenance Districts are established pursuant to the provisions of the Improvement Act of 1911, Streets and Highways Section 500 et seq. These Districts are specifically designed to create a tax entity in perpetuity for the purpose of maintaining landscape road medians, parkways, greenbelts, and other areas specifically designated in the formation of the District. Funding for these Districts is through ad valorem taxes.

Landscaping and Lighting Act Districts

The Landscaping and Lighting Act Districts are formed pursuant to the provisions of the Landscaping and Lighting Act of 1972 of Part 2 of Division 15 of the Streets and Highways Code of the State of California. These Districts provide for maintenance of landscaped areas and other open space areas designated within the boundary of the Districts for which maintenance easements have been granted to the County. Benefiting properties pay an assessment through their property taxes to maintain and service the landscaping and appurtenant improvements within these Districts.

2004-05 Adopted Budget

The 2004-05 Adopted Budget provides for the routine administration and management of the drainage system and the anticipated activity in the various Bridge and Major Thoroughfare Construction Fee Districts (BMTCFD). The funding increases in designations and contingencies will be held for future development. This budget also reflects the anticipated closeout of the Parkway/Calabasas BMTCFD.

PUBLIC WORKS-FLOOD CONTROL DISTRICT

FUND
Various

The Flood Control District was established under the legal authority of the Los Angeles County Flood Control Act (Chapter 755, Statutes of 1915) to provide for the control and conservation of flood, storm, and other waste waters; to conserve such waters for beneficial and useful purposes; and to protect from damage the harbors, waterways, public highways and property located within the District from such flood and storm waters. The District constructs, operates and maintains flood control channels, dams, debris basins, spreading grounds, storm drains, drainage improvements, drainage systems, and other flood control facilities and cooperates with Federal, State and Local agencies in developing a comprehensive flood control system for Los Angeles County.

2004-05 Adopted Budget

The 2004-05 Adopted Budget reflects funding for: 1) the channel cleanup contracts for Total Maximum Daily Load development; 2) the construction phase of projects for implementation for Total Maximum Daily Load Discharge; and 3) the construction phase of projects for the Headquarters Hazard Mitigation Grant Capital Project. The Budget also reflects funding adjustments to offset property tax reductions as a result of the State funding shortage.

The 2004-05 Adopted Budget for the Flood Control Debt Service funds reflects a decrease primarily due to anticipated lower principal and interest requirements on the outstanding debt.

2004-05 Adopted Budget

The 2004-05 Adopted Budget reflects a reduction in designations held for future disposal contract cost increases and to offset property tax reductions as a result of the State funding shortage. This budget also reflects the detachment of the City of Bell Gardens from the Belvedere Garbage Disposal District.

Lighting Districts are established pursuant to the Streets and Highways Code, Highway Lighting District Act of 1909 and 1911, for the installation and maintenance of street lighting systems. Street Lighting Assessment Districts are formed under the provisions of the Landscaping and Lighting Act of 1972, Part 2, Division 15, of the Streets and Highways Code. The purpose of these districts is to levy an assessment on each lot or parcel based on benefits to be received from the existing street lighting improvements. This appropriation provides for the operation, maintenance, and repair of street lighting in various districts throughout Los Angeles County.

2004-05 Adopted Budget

The 2004-05 Adopted Budget reflects lower benefit assessment revenues available to finance street lighting operations. The budget also reflects funding adjustments to offset property tax reductions as a result of the State funding shortage.

FUND
Various

The Sewer Maintenance Districts provide for the construction and/or upgrade of sewer systems and plants and the operations, maintenance, and repair of sanitary sewers, treatment plants, and related appurtenances for two sewer maintenance districts, one accumulative capital outlay fund, and nine tax zones.

The 2004-05 Adopted Budget reflects an increase for the Consolidated Sewer Maintenance District and its Accumulated Capital Outlay Fund, and an increase in assessments primarily to fund the Trancas Treatment Plant Rehabilitation project.

RECREATION AND PARK DISTRICTS & LLAD SUMMARY

FUND
Various

These districts are administered by the Parks and Recreation Department. Recreation and Park Districts are special tax Districts which receive ad valorem property taxes. These Districts were formed under the provisions of Section 5780 et seq. of the Public Resources Code to make landscape improvements and provide for their continued maintenance.

REGIONAL PARK AND OPEN SPACE DISTRICT SUMMARY

FUND
Various

This District was established as a result of voters' approval of the Safe Neighborhood Parks Proposition on November 3, 1992, under the provisions of the Landscape and Lighting District Act of 1972 and Section 5506.9 of the Public Resources Code. The District provides for park, recreation and open space capital projects in unincorporated and incorporated areas of Los Angeles County, and is financed with special assessments. On November 5, 1996, the voters approved a second Safe Neighborhood Parks Proposition. This second Proposition levied an additional assessment within the District, amended the method of the assessment, and authorized expenditure of District revenues for any authorized purpose of the District.

FINAL COUNTY BUDGET
REFERENCE SCHEDULES TO
THE BUDGETARY FINANCIAL STATEMENTS
IN THE COMPREHENSIVE ANNUAL FINANCIAL REPORT
FISCAL YEAR ENDED JUNE 30, 2004

In addition to the Final County Budget, the County also prepares a Comprehensive Annual Financial Report (CAFR), which contains financial statements that have been prepared in accordance with generally accepted accounting principles. Included in the CAFR are budgetary financial statements which have been prepared for certain governmental fund types. Because of the large number of individual funds and budget units, the CAFR financial statements are presented on an aggregated basis to combine funds, also known as fund groups, which are similar in nature.

These reference schedules identify the name of the individual fund or budget unit that makes up the detail for each CAFR fund group at the expenditure level by function. The reference schedule columns are defined below.

- 2004-2005 Final Budget Page Reference column represents the detailed budgeted schedules for each fund or budget unit as shown in the 2004-2005 Final County Budget Book.
- Adopted Budget column represents the original budget adopted by the County Board of Supervisors as shown in the 2003-2004 Final County Budget Book.
- Adjusted Budget column represents the final fiscal year 2003-2004 budget as shown in the 2004-2005 Final County Budget Book.
- Actual on the Budgetary Basis column represents the actual expenditures, including encumbrances, and the actual revenue as shown in the 2004-2005 Final County Budget Book.

The information is presented to demonstrate the budgetary control for each individual fund or budget unit within the fund group for each Statement/Schedule of Revenue, Expenditures, and Changes in Fund Balances - Budget and Actual on a Budgetary Basis as shown in the CAFR.
