**REPORT BACK ON MOVING FORWARD ON THE EQUITABLE IMPLEMENTATION OF THE AMERICAN RESCUE PLAN AND THE AMERICAN RESCUE PLAN ACT EXPEDITED CONTRACTING (ITEM NO. 25, AGENDA OF SEPTEMBER 15, 2021, AND ITEM NO. 12, AGENDA OF NOVEMBER 30, 2021)**

On September 15, 2021, the Board of Supervisors (Board) adopted a motion directing the Chief Executive Officer, in collaboration with County Counsel, to provide bimonthly reports on the implementation of the equity formula and principles in the American Rescue Plan (ARP) contracting process and to include updates on the public dashboard and website that ensure implementation information is available to the public. A follow-up motion adopted by the Board on November 30, 2021, directed the Chief Executive Office to submit quarterly reports on the status of contracts executed for programs approved in the ARP Spending Plan, as well as any subsequent new or amended ARP Spending Plans.

Attachment I provides an update on the above-noted directives since the previously submitted Board memo dated November 18, 2022, including progress made on the implementation of ARP projects and efforts to ensure that equity-based investments reach the communities most impacted by the COVID-19 pandemic. This report covers:

"To Enrich Lives Through Effective And Caring Service"

Each Supervisor  
April 12, 2023  
Page 2

- The status of Request for Statements of Qualification (RFSQs) for contracted services using ARP funding;
- Ongoing efforts to promote ARP-funded grants, contracts, and services. These include an ethnic media briefing on January 26, 2023. Copies of the promotional flyer and presentation are included in Attachment II;
- New online resources to increase public awareness of ARP-related activities and information;
- A recent collaboration with the Equitable Recovery Initiative to brief ARP-funded departments on its activities;
- ARP project status, budget, and contracting updates, including updates on launch dates, encumbrances and expenditures for approved projects, financial recovery efforts, and contracting activities. ARP budget reallocations by department and program are provided in Attachment III. A list of external partner agreements, inclusive of service contracts and purchase orders, is in Attachment IV; and
- Plans for an evaluation process.

Reporting on the following two motions, *Moving Forward on the Equitable Implementation of the American Rescue Plan* and *The American Rescue Plan Act Expedited Contracting* will now take place on a quarterly basis. The next Board report is scheduled for May 15, 2023.

## **Report on the Equitable Implementation of the American Rescue Plan and Expedited Contracting**

On September 15, 2021, the Board of Supervisors (Board) adopted a motion directing the Chief Executive Officer, in collaboration with County Counsel, to provide bimonthly reports on the implementation of the equity formula and principles in the American Rescue Plan (ARP) contracting process and to include updates on the public dashboard and website that ensure implementation information is available to the public. A follow-up motion adopted by the Board on November 30, 2021, directed the Chief Executive Office to submit quarterly reports on the status of contracts executed for programs approved in the ARP Spending Plan, as well as any subsequent new or amended ARP Spending Plans.

This report provides an update on the above-noted directives since the previously submitted Board memo dated November 18, 2022, including progress made on the implementation of ARP projects and efforts to ensure that equity-based investments reach the communities most impacted by the COVID-19 pandemic. The report covers:

- The status of Request for Statements of Qualification (RFSQs) for contracted services using ARP funding;
- Ongoing efforts to promote ARP-funded grants, contracts, and services;
- New online resources to increase public awareness of ARP-related activities and information;
- A recent collaboration with the Equitable Recovery Initiative and ARP Contracting;
- ARP project status, budget, and contracting updates, including updates on launch dates, encumbrances and expenditures for approved projects, financial recovery efforts, and contracting activities; and
- Plans for an evaluation process.

### RFSQ Update

The RFSQ for the ARP Support Services Master Agreement released on April 29, 2022 remains open and continuous to ensure vendors have the opportunity to qualify as a contractor under the Master Agreement. Information about this funding opportunity remains posted on the ARP Recovery website: <https://ceo.lacounty.gov/recovery/contract-opportunities>.

As of January 13, 2023, 57 applications have been received and reviewed with 27 vendors deemed qualified to provide services. All agreements with vendors have been executed and CEO is finalizing the resources to guide departments with utilizing the Master Agreement.

### Promotion of ARP-funded Grants, Contracts, and Services

To support the promotion of other ARP-funded opportunities, County departments continue to work with CEO Countywide Communications to reach a countywide audience, leverage internal networks, and social media platforms to reach out and notify eligible participants of grants, contracts, and services. Recent efforts include:

- The launch of Department of Economic Opportunity's (DEO) newsletter designed to update stakeholders on its ARP activities and available resources. The biweekly newsletter currently has 155,000 subscribers;
- Regular posts on ARP-related news to CEO Countywide Communications' social media accounts. Posts have generated more than 170,000 impressions and over 2,000 engagements; and
- News media coverage of the Childcare Provider Recovery Grant opportunity by *LAist* and *Santa Clarita Valley News* on November 15, 2022.

To expand outreach activities to more diverse and non-geographic communities, CEO Countywide Communications, the CEO Anti-Racism, Diversity, and Inclusion (ARDI) Initiative, DEO, and the Department of Arts and Culture hosted an ethnic media briefing on January 26, 2023. Its purpose was to promote ARP-funded grants, contracts, and services among limited English proficient communities. Interpretation was offered through six language lines, including Spanish, Korean, Mandarin, Armenian, Vietnamese, and Tagalog. There were 166 participants who attended the event with 86 of attendees calling through the language lines. As a result of the briefing:

- Univision and Telemundo television stations featured interviews highlighting County efforts;
- Spectrum News 1 featured an online article about the Regional COVID Funds for Small businesses and Nonprofit organizations; and
- The *LA Sentinel* shared social graphics from the event's toolkit.

A copy of the promotional flyer and the briefing presentation are included in Attachment II.

## ARP Public Portal

ARDI collaborated with the Internal Services Department to launch the ARP Public Portal (Public Portal) and ARP Services Navigator to increase public awareness of available ARP-funded resources and related activities. The Public Portal includes an updated ARP dashboard that provides statistics on several aspect of the ARP initiative on the homepage, including:

- The number of ARP projects; the total allocation and funds expended;
- Fund allocations by spending pillar; expenditures by service category; target and actual investments by need tiers determined by the COVID-19 Vulnerability and Recovery Index; and
- The number of projects serving target populations (e.g., people experiencing homelessness and small businesses).

The Public Portal page also has a search function allowing users to look up specific ARP projects for more detailed information. The search function connects to the ARP Projects webpage, which can filter the project list by spending and expenditure categories. Each project is hyperlinked to detailed information, including how to apply for any applicable funding opportunities. Please see Figures 1-3 for visual representations of the Public Portal's online functions. Future changes will include individual project pages that will feature indicator and metric data to report on program outcomes and performance. As directed by the Board, this data will include, but not be limited to, the number of residents, families and/or businesses served, jobs created, and grants provided, and other measurable outputs and outcomes achieved. The Public Portal can be accessed at:

<https://arptracking.ceo.lacounty.gov/Public>.

## ARP Act Service Navigator

The ARP Services Navigator geolocates both ARP-funded and other County services within a 2-mile radius of a given address. In addition to the ARP-funded projects, the tool includes approximately 30 different service categories across existing County services on the map, from parks and health clinics to job training resources. For each of these service categories, the Service Navigator shows the number of available services in the area.

A description with more detailed program information is included for each service. An exciting new component of the tool also allows users to suggest updates to existing service locations and new community assets for inclusion. See Figures 4-5 for visual representations of the ARP Service Navigator. It can be accessed at:

<https://experience.arcgis.com/experience/7eb655e6b42d44cca87b99b6de7c356d>.

Figure 4: ARPA Service Navigator Main Page

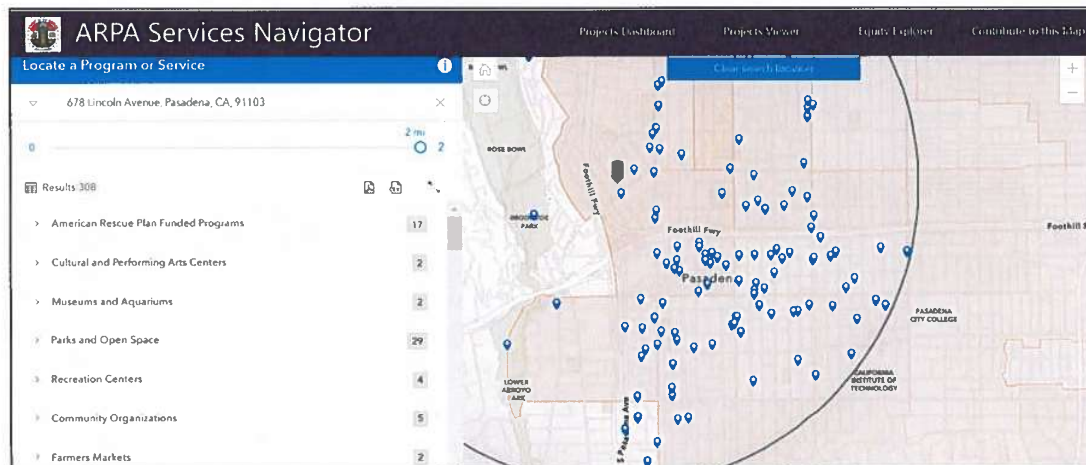

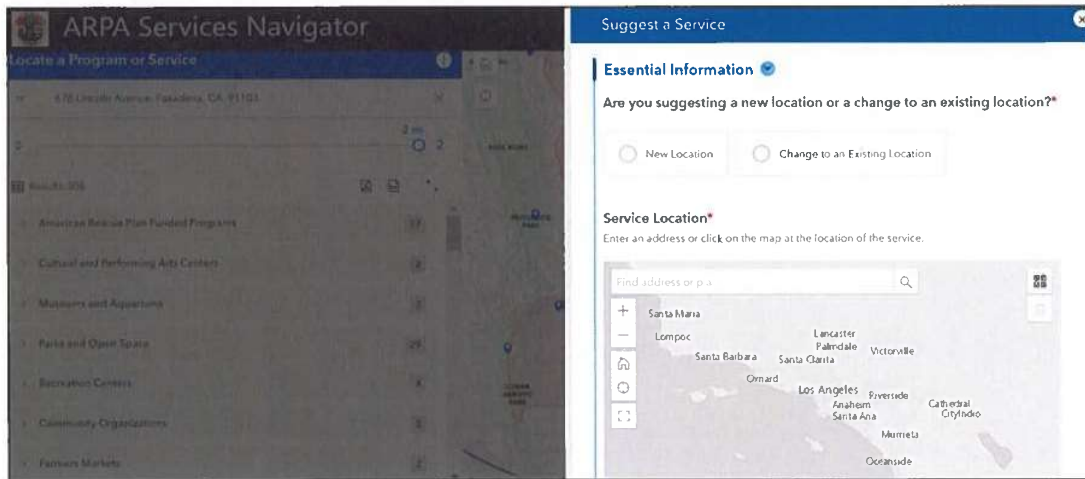

Figure 5: ARP Service Navigator “Contribute to this Map” Function

### Equitable Recovery Initiative Briefing

On December 13, 2022, ARDI facilitated a briefing for ARP-funded departments on the Equitable Recovery Initiative (ERI). ERI is a California Community Foundation-funded partnership among the Center for Nonprofit Management, BDO FMA, and Center for Strategic Partnerships to assist organizations in accessing, applying for, and managing current and upcoming ARP funding opportunities and contracts. The session provided an overview of ERI and the most common barriers faced by small- and medium-sized organizations when pursuing and managing ARP-funded projects and other County contracts. ERI shared the most frequently asked questions about working with the County and the types of technical assistance most requested by local organizations. County staff also provided ERI with general feedback on needed capacity and common pitfalls when pursuing and managing contracts to share with their clients. More than 100 County staff attended, and participants left with a greater understanding of potential barriers experienced by funding applicants and tips on how to mitigate some of the identified challenges.

This session was one of many partnerships between the County and ERI to ensure greater access to contracting opportunities, which is of major importance. Contracting not only expands the County’s ability to offer direct services – oftentimes in more culturally, linguistically, and community-imbedded ways – but it also acts as another vehicle for community investment by providing economic opportunities to local businesses and organizations.

## ARP Project Status and ARP Contracting Updates

As of March 13, 2023, five of the eight newly funded projects in the ARP Phase Two Spending Plan are approved for project launch. One project is in the design phase and two projects are currently under ARDI review. See Table 1 below for a breakdown of each project's design status. ARDI is also working with all the Phase One and Two funded projects to refine their proposed indicators and outcomes to facilitate the evaluation process and required reporting to the U.S. Treasury.

*Table 1: ARP Project Design Status*

<b>Project</b>	<b>Status</b>
Accelerate Efforts to Crush the Digital Divide	Under Review
Community Navigators	Under Review
Community Testing	Approved for Launch
County Land Bank	Approved for Launch
Guaranteed Income for At-Risk Expectant and Parenting Mothers	Approved for Launch
Recreation Programming at County Parks	Approved for Launch
Services for People Experiencing Homelessness in Very High Fire Hazard Severity Zones	In Design and Development
Sustained Public Health Response and Supports for COVID-19	Approved for Launch

ARDI continues to track project launch dates and budget encumbrances and expenditures for all funded projects. As of March 8, 2023, 65 projects have launched, and 12 projects are expected to launch by April 2023; the remaining projects will launch later this year. Funding amounts encumbered and/or expended across these projects continue to vary depending on their level of implementation. As of March 8, 2023, nearly 41 percent of funds for all projects were encumbered with more than 9 percent of the funds expended.

To ensure ARP allocations are maximized and responsive to emergent needs, the Board of Supervisors delegated authority to the Chief Executive Office to reallocate funding between approved projects. Reallocations are initiated by

department request or directed by the Board. As of March 13, 2023, eight Board-approved projects reallocated a total of \$71,037,670 to other initiatives following the adoption of the ARP Phase Two Spending Plan.<sup>1</sup> Reallocations that took place prior to Board approval of tranche 2 funds were already reported and reflected in the latest spending plan. A table detailing these new budget reallocations is provided in Attachment III. As of February 8, 2023, 11 departments reportedly have or are in the process of awarding a total of 170 agreements with external partners, inclusive of service contracts and purchase orders. Awarded agreements total a reported \$389,690,017.<sup>2</sup> A list of ARP-funded agreements is provided in Attachment IV.

### ARP Evaluation Process

In anticipation of the next report for the U.S. Treasury due June 2023, ARDI is designing an ARP project reporting and evaluation process. This process will include an assessment of all funded projects and assist individual departments with their evaluation plans. Technical advisors who previously worked with departments on their project designs will also support departments throughout the evaluation process.

The Chief Executive Officer will submit the next Board update on these two motions, *Moving Forward on the Equitable Implementation of the American Rescue Plan* and *The American Rescue Plan Act Expedited Contracting*, by May 15, 2023.

---

<sup>1</sup> This data does not include projects that were completely transitioned to another department.

<sup>2</sup> Of the 150 funded agreements with external partners, 14 do not yet report an allocation amount.

# Equitable Implementation of ARP in Los Angeles County

CREATING AN LA COUNTY  
WHERE WE ALL THRIVE

## CEO.

### What is the American Rescue Plan (ARP)?

The ARP Act of 2021 created the Coronavirus State and Local Fiscal Recovery Funds (SLFRF) program to deliver much needed aid. The key objectives for SLFRF are to:

Support urgent COVID-19 response efforts to decrease spread of virus and bring pandemic under control

Replace lost revenue for local governments to strengthen support for vital public services and help retain jobs

Support an equitable recovery by providing immediate economic stability for households and businesses

Address systemic public health and economic challenges that have contributed to the inequal impact of the pandemic

## How is LA County Working to Recover Better Than Before?

Equitable Implementation of the American Rescue Plan Act in Los Angeles County

### LA County is investing in many programs to help:

Promote fairness by supporting communities that have faced longstanding disadvantages

Provide services for communities that suffered the most due to COVID-19

Ensure resources are in place to allow us to protect communities from COVID and serve everyone in need far into the future

## What is LA County Doing to Help You Recover?

Delivering services that offer food, housing, job training, education and family support to people in need.

Offering grants to businesses and other organizations so they can keep serving their communities.

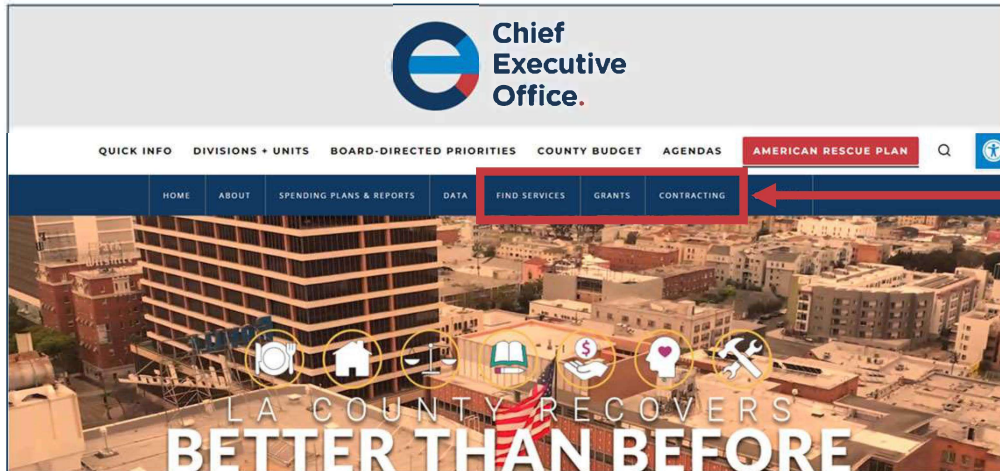

Providing easier ways to contract and partner with the County to help deliver important programs and services.
