2. Briefly describe recommended corrective actions:
(Include each corrective action, due date, responsible party, and any disciplinary actions if appropriate)

Traffic Collision Investigation

This incident was investigated by an officer from the California Highway Patrol.

The collision investigation concluded the Deputy Sheriff caused the collision by driving at an unsafe speed, in violation of California Vehicle Code section - 22350 (**Exhibit A**).

Administrative Investigation

This incident was investigated by representatives at Narcotics Bureau to determine if any administrative misconduct occurred before, during, or after this incident. The results of the investigation were presented for Department executive adjudication.

Executive evaluation of this incident determined no violations of Department policy.

On October 14, 2020, the Deputy Sheriff attended driver's training. Since this incident, he has not been involved in any additional traffic collisions.

The Deputy Sheriff involved in this incident attended training pertaining to the circumstances surrounding this incident.

Traffic Collision Assessment and Review

As a result of this collision, an assessment of employee-involved traffic collisions was conducted from January 1, 2018, to December 31, 2022. The audit revealed the following:

Calendar Year	Preventable Collisions	Non-Preventable Collisions
2018	6	12
2019	5	10
2020	8	21
2021	6	16
2022	6	10

The number of preventable traffic collisions over the past five years was not excessive based on the amount of driving conducted by personnel assigned to Narcotics Bureau.

However, in an attempt to improve employee safety and reduce the Department's liability exposure, Narcotics Bureau continues to schedule personnel to the four and eight-hour driver training course facilitated by the Los Angeles County Sheriff's Department Emergency Vehicle Operations Center.
