QUARTERLY REPORT BACK ON VERBAL REPORT TO THE BOARD OF SUPERVISORS ON POLICY RECOMMENDATIONS TO CURTAIL STREET RACING IN LOS ANGELES COUNTY (ITEM NO. 11, AGENDA OF NOVEMBER 6, 2024)

On November 6, 2024, the Board of Supervisors (Board) adopted a motion directing the Chief Executive Officer, the directors of the Department of Public Works (DPW) and Department of Youth Development (DYD), County Counsel, Sheriff Department (LASD), and other relevant departments to give a verbal presentation during the December 3, 2024, Board meeting and report back quarterly thereafter on a strategic plan to curtail street racing, and the status of law enforcement's collaboration to address illegal street racing and takeovers. This is the second quarterly report addressing these directives.

Street Takeover Reduction Action Plan

A Street Takeover Reduction workgroup (Workgroup) made up of representatives from the Chief Executive Office, DPW, DYD, LASD, County Counsel, Department of Public Health, District Attorney, Department of Regional Planning, Public Defender, Los Angeles Police Department, California Highway Patrol, Civilian Oversight Commission, Los Angeles City Attorney, Street Racing Kills (SRK), Streets Are For Everyone (SAFE), Brotherhood of Street Racers, Project Street Legal, and a few resident advocates developed an Action Plan for reducing illegal street takeovers across Los Angeles County (County) and implementation is now underway (Attachment I).

Action Plan Progress

Progress made across the Action Plan's five Goal Areas include:

Goal 1: Increase Youth Outreach, Education, and Prevention Planning

- Implementing community and school-based prevention programs for youth:
 - SRK held a workshop sponsored by Supervisor Hahn for hundreds of South Bay KeyClub members at Lomita Kiwanis Hall;
 - DPH and SRK held workshops in schools in the South Los Angeles area for 70 participants of which 42 completed a post-session survey;
 - DYD and SRK completed six community workshops and 23 school-based workshops;
 - 447 participants completed post-workshop surveys that largely showed positive results; and
 - Largest impacts reported were learning about the loss of life, injury, destruction of property, and criminal consequences occurring as a result of illegal street takeovers.

Goal 2: Install Infrastructure and Technological Solutions

- Installing centerline extensions and deterrents in several identified high-impact intersections:
 - DPW completed installations at the Compton Avenue and Atlantic Boulevard intersection in April 2025; and
 - DPW is scheduled to enhance deterrents at the intersection of Avalon Boulevard and East 135th Street this month.

Goal 3: Expand Enforcement Options

- Expanded the Regional Taskforce partnership across additional County law enforcement agencies and updated the Memorandum of Understanding (MOU); ten law enforcement agencies have signed the updated MOU;
- Reviewing proposed County Code of Ordinances Chapter 13.46 draft changes as directed by the Board on April 15, 2025;
- Finalizing a 5-signature letter to be sent to social media platform companies as directed by the Board on April 15, 2025; and
- Developing internal policies for issuing and processing administrative fee citations, based on lessons learned from other jurisdictions.

Goal 4: Engage in Community and Communication Strategies

- DYD is working with SRK and Cause Communications, to develop news coverage about the dangers of street racing that includes testimony from young people involved in these types of events;

- SAFE held the 9th Annual High School Film and Poster Competition where 1,000 students learned about road safety and street racing issues, and created videos on the impacts of reckless driving and street racing; and
- The winning videos will be shown on YouTube and local news stations, where they are anticipated to reach more than 10 million viewers.

Goal 5: Identify Safe and Legal Alternatives

- Ruled out Terminal Island and Victoria Golf Course as potential options;
- Discussing potential pop-up event options with Pomona Fairgrounds, SoFi Stadium, and Carson City; and
- Engaging potential sponsors to support the creation of the “Slyd District Racing League” for legal takeover competitions.

Current Data

Available data from LASD on illegal street takeovers occurring between January and March 2025 is also attached (Attachment II). As shown below, the number of illegal street takeovers occurring in Supervisorial Districts 1 and 4 each went down from the previous quarter by 4 and 11, respectively, and the number occurring in Supervisorial District 2 decreased significantly by 165 (a 56% drop). While these data are positive, it is too early to tell if the change is due to any of our efforts or simply circumstantial fluctuations (e.g., weather-related, seasonal, economical, uncertainty of the times, aftermath of the recent wildfires, etc.).

Supervisorial District	Oct – Dec 2024	Jan – Mar 2025	Change
1	4	0	(4)
2	297	132	(165)
3	0	0	--
4	67	56	(11)
5	0	0	--

At the Board’s request, future reports will include data distinguishing whether street takeover incidents occurred in unincorporated areas or in contract cities. On February 7, 2025, LASD implemented a new radio code (511), specifically for tracking street takeover incidents that will enhance data accuracy. It is anticipated that these data will be available starting next quarter.

The Workgroup will continue to track data on the strategies implemented and their effect on the overall street takeover data, and modify and adapt the Action Plan’s objectives, as needed. New approaches will be incorporated into the Action Plan, as well as the Workgroup continues to explore and study efforts occurring in other jurisdictions and other emerging promising practices.
