Footnotes:

ECRHA and the Leadership Table are Brown Act bodies created by the Board of Supervisors on August 8, 2023, to advise the Board on aligning homelessness responses and resources

The creation of goals was mandated by Measure A, but the adopted goals and metrics are not restricted to Measure A-funded efforts and are meant to guide and measure the collective efforts of all homeless programs and funding in the Los Angeles region, whether those efforts are funded by Measure A or another funding source.
