TOTAL UNMET NEEDS		\$ 15,772	\$ (317)	\$ 127	\$ 15,962	46.0

Tiering Definitions

TIER 1: Critical Unmet Needs

Requests where, if unfunded in the upcoming budget year, a department would be prevented from meeting mandatory obligations imposed by settlement, contract, audit finding, new legislation, Board mandate, or imminently cause a health or safety risk.

Detailed justification for critical unmet needs must be included in a department's budget requests submission.

TIER 2: Priority Unmet Needs

Requests where, if unfunded in the upcoming budget year, a department would be prevented from establishing, maintaining or enhancing programs and services having a close nexus to the department's statutory obligation(s) and/or core mission.

Detailed justification for priority unmet needs must be included in a department's budget requests submission.

TIER 3: Other Unmet Needs

Requests that do not meet the criteria in either category above. Other Unmet Needs include requests that are not characterized by urgency but are included to establish a record of the request (whether submitted with or without justification) or to signal a current intent to submit the request in one of the two prior categories in a future budget phase. Requests in this category are not limited to requests funded by NCC.

Documentation for these requests does not need to be included in a department's budget requests submission.

Budget Challenge/Pressure	Source	Impact Summary
• SHIFT IN CRIMINAL JUSTICE LANDSCAPE, including legislation and local policies will have a profound impact on Public Defender service delivery.	External	The new District Attorney (DA) is expected to significantly impact Public Defender operations and the local criminal legal system. The DA plans to file charges previously declined, reinstate capital litigation, and apply sentencing enhancements, increasing Public Defender workload and criminal liability for its clients. These changes will lead to a rise in felony filings, Special Circumstances cases, and reclassification of certain offenses as felonies, thus placing a higher workload burden on the department. Also, Proposition 36 rolled back portions of voter-approved Proposition 47 (2014) by making it easier to charge people facing certain drug charges with felonies. The new law will increase felony filings, incarceration rates, and demand on Public Defender resources. The Legislative Analyst’s Office estimates that the increased prison population resulting from Proposition 36 will cost the state tens to hundreds of millions of dollars annually.
• INCREASE IN HOMICIDE FILINGS has increased the volume of highly complex cases requiring the most experienced attorneys to handle these cases.	External	Los Angeles County has seen a rise in homicide cases over the past decade, with a 72% increase in 2023 and 58% in 2022 compared to the median. These cases are among the most complex, often carrying capital punishment eligibility and requiring specialized and experienced felony trial attorneys.
• LOW LEGAL SUPPORT STAFF TO ATTORNEY RATIOS creates added workload for attorneys.	Internal	A low legal support staff, such as paralegals and social workers, to attorney ratio reduces attorney time available for direct client engagement, ultimately impacting attorney workloads and the quality and effectiveness of legal representation.
• LOSS OF STATE FUNDING will require the elimination or downsizing of critical services.	External	State funding from the California Budget Act of 2021 (SB 129) for Public Defender offices will run out in FY 2025-26. These funds supported post-conviction relief services, helping reduce or commute prison sentences for thousands in Los Angeles County. The program has led to family reunification, community restoration, and financial savings for the County, state, and taxpayers.
• POST-PANDEMIC LABOR MARKET has created persistent hiring and retention challenges.	External	Since 2020, the competition for attorney talent has intensified, with turnover rates outpacing hiring efforts. Factors contributing to this trend include internal County competition and external market pressures, complexities of the job, and the high cost of living of Los Angeles.
