HOPE Center - Assignment of a youth to the HOPE Center for stabilization purposes provides a temporary supervision alternative designed to minimize dangerous behaviors that compromised the safety and security of the youth and staff in the facility. HOPE Centers contain spaces where youth may "cool down" as well as single rooms to be used as a last resort for stabilization to preserve safety for everyone.

*HOPE Center formally operational at BJNJH on August 2017 ; Prior to August 2017, HOPE Center was used to conduct group activities/programming.

**HOPE Center at CJH operational September 2017; Prior to September 2017, HOPE Center was used to conduct group activities/programming.

***HOPE Center at LPJH operational July 2018; Prior to July 2018, HOPE Center was used to conduct group activities/programming.

^ Percentage Change and trend analysis for these time periods has limited statistical validity due to change in utilization during the reporting period - see above.
