

**Los Angeles County Probation
COVID-19 Weekly Update**

March 26, 2021

Efforts to address the medically fragile population in detention facilities

The Probation Department currently does not have any youth with compromised immune systems or other medical conditions placing them at higher risk for COVID-19 infection. As of March 25, 2021, Juvenile Court Health Services (JCHS) has identified 15 youth in care with underlying medical conditions which might exacerbate the impact of such infection. There are 11 youth in the juvenile halls and 4 in camp. If infection were to occur JCHS and the Probation Department will be working together on individualized plans to address their care.

Efforts to further reduce population in juvenile detention facilities, and adult while balancing public safety

The Probation Department's juvenile detention population has declined during the COVID-19 pandemic. On March 2, 2020, the total juvenile detention population was 840.

On March 25, 2021, the total population was 394. The population for the two juvenile halls was 244 and the population for the five camps was 150. This past week had the lowest population since reporting on the department's efforts to prevent the transmission of COVID-19.

The California Department of Corrections and Rehabilitation (CDCR) continued to schedule early releases from California prisons to the Probation Department AB109 program. There have been 22 early releases in March (as of March 15, 2021). Since April 2020, 2,956 people have been released from CDCR.

Efforts to provide resources to support those released from jails, and juvenile detention facilities to prevent homelessness

The Probation Department continues to reduce the number of children in detention by releasing youth to parents, guardians, and suitable placements when appropriate. Youth are not released into the community without a place to live.

The Probation Department continues to partner with CDCR to receive early releases from California prisons to AB109 supervision in the communities. All homeless adult clients are provided with housing referrals. In the month of February, the AB109 program received 4 CDCR releases that required referrals for housing.

Plans for quarantining and isolating youth in custody

The Probation Department continues to utilize the plans for quarantine and isolation in accordance with the Public Health Order to reduce the transmission of COVID-19. All isolations and quarantines in detention facilities continue to occur in partnership with JCHS personnel. Upon entry to probation facilities, all youth continue to be tested for COVID-19 and remain apart from the general population and living units under quarantine.

As of March 25, 2021, 225 youth have tested positive for COVID-19. There were 112 youth who tested positive for COVID-19 at admission and 113 youth who tested positive while in care. The 113 youth were from the following facilities: 44 at BJNJH, 15 at CJH, 15 at Camp Joseph Paige (CJP), 14 at Dorothy Kirby Center (DKC), 9 at Camp Glenn Rockey (CGR), 7 at Camp Clifton Afflerbaugh (CBA), and 9 at Campus Vernon Kilpatrick (CVK).

As of March 25, 2021, there were no youth in quarantine due to possible exposure to COVID-19; this is the second week that no youth had to be quarantined. The number of youth who were under medical observation dropped considerably, from 10 youth to 4 youth: 2 at CJH and 2 at BJNJH. Youth residing in quarantine living units do not interact with youth in non-quarantine living units.

All juvenile hall living units and camps under quarantine have full programming. Youth under quarantine continue to have access to virtual visiting and an increase in telephone communication with families. The youth in quarantine continue to participate in programming with their living unit, with limits set to avoid interaction with the non-quarantined youth. The youth under quarantine in juvenile halls have individual laptops for virtual remote learning services, provided by the Los Angeles County Department of Education (LACOE).

The quarantined youth in camp continue to have programming and activities. The camps under quarantine remain closed to newly admitted youth who have been given camp dispositions from juvenile court. Quarantined units are precautionary measures that have been placed due to a possible COVID-19 exposure and the youth are monitored to identify illness if present.

Increased washing of hands, hygiene, additional cleaning supplies and custodial services

The Probation Department has continued to utilize the hygiene and cleaning plans outlined in the first weekly update. The Probation Department continues to receive

additional supplies to assist with cleaning and enhanced safety measures. The field offices have safety plans in place that evolve to keep pace with local and state health orders.

Screening of youth, focus on healthy staffing in the detention facilities

The Probation Department continues to screen newly detained youth upon their arrival to juvenile hall. They are separated from other youth until negative COVID-19 results are received. Employees continue to be screened prior to their entrance into detention facilities. Youth who have tested positive remain in medical isolation and those youth who potentially have been exposed are quarantined and continue to be monitored by JCHS.

Additional information:

- As of March 25, 2021, there have been 3,942 youth that have tested for COVID-19 since testing was initiated on May 3, 2020.
- There have been 2,149 youth tested upon admission in juvenile halls; 1,277 tested from juvenile hall's general population; and 516 tested from the camp population.

Information on Probation Employees' COVID-19 status'

As of March 25, 2021, 778 Probation Department employees have tested positive for COVID-19. This is an increase of one additional positive report since last week's report. Of the 778 employees, 387 employees work in juvenile facilities and 391 work in field offices, which includes 3 contract employees.

The Probation Department continues monitoring to ensure employees are wearing masks, washing hands, and maintaining physical distancing.

In-person visitation and virtual visitation continue to keep families connected and increase communication

There were 124 in-person visits in the juvenile halls and camps this past weekend, the same amount as the previous weekend. Specifically, 93 visits occurred in the juvenile halls and 31 in the camps.

Additional Information

As of March 25, 2021, there were 241 youth in Short Term Residential Treatment Programs (STRTP) and 21 youth with Resource Families. This is the second week in which there were no youth who had to quarantine for possible exposure to someone with COVID-19, and no youth who tested positive for COVID-19.
