

Los Angeles County Probation COVID-19 Weekly Update

June 4, 2021

Efforts to address the medically fragile population in detention facilities

The Probation Department currently does not have any youth with compromised immune systems or other medical conditions placing them at higher risk for COVID-19 infection. As of June 3, 2021, Juvenile Court Health Services (JCHS) has identified 20 youth in care with underlying medical conditions which might exacerbate the impact of such infection. There are 17 youth in the juvenile halls and 3 in camp. If infection were to occur JCHS and the Probation Department will be working together on individualized plans to address their care.

Efforts to further reduce population in adult and juvenile detention facilities while balancing public safety

The Probation Department's juvenile detention population has declined during the COVID-19 pandemic. On March 2, 2020, the total juvenile detention population was 840.

On June 3, 2021, the total population was 387. The population for the two juvenile halls was 253 and the population for the five camps was 134. The California Department of Corrections and Rehabilitation (CDCR) continued to schedule early releases from California prisons to the Probation Department AB109 program. For the month of May 2021, there were 47 early releases. Since April 2020, 3,253 individuals were released early from CDCR.

Efforts to provide resources to support those released from jails, and juvenile detention facilities to prevent homelessness

The Probation Department continues to make efforts to reduce the population in juvenile halls by releasing youth to parents, guardians, and suitable placements when appropriate. Youth are not released into the community without a place to live.

The Probation Department continues to partner with CDCR to receive early releases from California prisons to AB109 supervision in the communities. All homeless adult clients are provided with housing referrals. For the month of May 2021, of the 47 early releases from CDCR and 16 of them required referrals for housing.

Plans for quarantining and isolating youth in custody

The Probation Department continues to utilize the plans for quarantine and isolation in accordance with the Public Health Order to reduce the transmission of COVID-19. All isolations and quarantines in detention facilities continue to occur in partnership with JCHS personnel. Upon entry to probation facilities, all youth continue to be tested for COVID-19 and remain apart from the general population and living units under quarantine. As of June 3, 2021, 232 youth have tested positive for COVID-19. There were 119 youth who tested positive for COVID-19 upon admission and 113 youth who tested positive while in care. The youth in care were from the following facilities: 44 at BJNJH, 15 at CJH, 15 at Camp Joseph Paige (CJP), 14 at Dorothy Kirby Center (DKC), 9 at Camp Glenn Rockey (CGR), 7 at Camp Clifton Afflerbaugh (CBA), and 9 at Campus Vernon Kilpatrick (CVK).

As of June 3, 2021, there were no youth under quarantine in the juvenile halls or camps and one youth in juvenile hall that is in isolation due to a COVID-19 positive test.

Increased washing of hands, hygiene, additional cleaning supplies and custodial services

The Probation Department has continued to utilize the hygiene and cleaning plans outlined in the first weekly update. The Probation Department continues to receive additional supplies to assist with cleaning and enhanced safety measures. The field offices have safety plans in place that evolve to keep pace with local and state health orders.

Screening of youth, focus on healthy staffing in the detention facilities

The Probation Department continues to screen newly detained youth upon their arrival to juvenile hall. They are separated from other youth until negative COVID-19 results are received. Employees continue to be screened prior to their entrance into detention facilities. Youth who have tested positive remain in medical isolation and those youth who potentially have been exposed are quarantined and continue to be monitored by JCHS.

Additional information:

- As of June 3, 2021, there have been 4,486 youth that have tested for COVID-19 since testing was initiated on May 3, 2020.
- 2,590 youth tested positive upon admission to juvenile hall: 1,380 tested from juvenile hall's general population; and 516 tested from the camp population.

Information on Probation Employees' COVID-19 status

As of June 3, 2021, 797 Probation Department employees have tested positive for COVID-19. Of the 797 employees, 395 employees work in juvenile facilities and 402 work in field offices which includes 3 contract employees. There was one employee who tested positive for COVID-19 this past week. The employee is assigned to field operations.

The Probation Department continues monitoring to ensure employees are wearing masks, washing hands, and maintaining physical distancing.

In person visitation and virtual visitation continue to keep families connected and increase communication.

There were 156 in-person visits in the juvenile halls and camps this past weekend. Specifically, 108 visits occurred in the juvenile halls and 48 occurred in the camps.

Additional Information

As of June 3, 2021, there were 194 youth in Short Term Residential Treatment Programs (STRTP) and 21 youth with Resource Families. This past week, no youth tested positive for COVID-19 and no youth had to quarantine due to possible exposure to someone with COVID-19.

 SHARE

The Los Angeles County Probation Department is committed to rebuilding lives and providing for healthier and safer communities for all 10 million residents of Los Angeles County.
