PUBLIC COMMENT PROCESS

1. Written Public Comment - You may submit written public comment by informing us by email

Please send an email to JJCC-Admin@probation.lacounty.gov with:

- The name you would like to be addressed by
- The Agenda Item(s) you will be addressing

2. Live Public Comment - You may submit a request to make live comment by informing us by email

Please send an email to JJCC-Admin@probation.lacounty.gov with:

- The name you would like to be addressed by
- The item number(s) you will be addressing
- If you are in the meeting as an Attendee, please provide the name you listed
- If you are not in the meeting as an Attendee, please provide the phone number you would like a JJCPA administrative staff member to contact you so you can be brought into the meeting to make your live public comment

Rebuild Lives and Provide for Healthier and Safer Communities

Written comments will be distributed to the JJCC members and made part of the official record of the meeting. Live telephone comments will be held prior to JJCC voting on each agenda item.

**JUVENILE JUSTICE COORDINATING COUNCIL (JJCC)
NOTICE AND MEETING AGENDA**

Wednesday, January 19, 2022 2:00 p.m. – 4:00 p.m.

Live Virtual Meeting

<https://lacountyprobation.webex.com/lacountyprobation/j.php?MTID=me9b6f782134fbf647ab39163bfcf3871>

The meetings of the Juvenile Justice Coordinating Council (JJCC) are open to the public. Members of the public may address the JJCC on any agenda item or on its item of interest, which are within the subject matter jurisdiction of the JJCC by submitting a written request to the Probation Department prior to the item being called.

- I. Call to Order and Roll Call of JJCC Voting Members**
- II. Welcome and Introductions**
- III. Approval of the JJCC Draft Meeting Minutes, November 2, 2021**
- IV. Approval of JJCC Draft Meeting Minutes, December 3, 2021**
- V. Unfinished Business**
- VI. New Business**
 - a. Resolution to Appoint Fiscal Year 2023-2024 Juvenile Justice Coordinating Council - Comprehensive Multi-Agency Juvenile Justice Plan and Juvenile Justice Crime Prevention Act Spending Allocation Ad-Hoc Subcommittee
 - b. Motion to Adopt Orders of the Day
 - i. All amendments to be presented in writing to the Chair prior to consideration by the JJCC
 - ii. Limit to one three-minute speech per person per motion
 - iii. Proponent of a motion to speak first, then alternate between speakers for and against the motion
 - c. FY 2022-2023 JJCPA Funding Allocations Recommended by the CMJJP Ad-Hoc Subcommittee. *[one-page handout]*
- 1. Fund LAC CEO's Office LAC SEED School (Board-Directed MTA Partnership) in Amount of \$1,000,000.00 in Support of Primary Prevention**

Recommend: Funding for SEED School of Los Angeles County, the state's first public boarding high school, in accordance with the Board of Supervisor's motion. The SEED School will focus on serving the most at-risk and resilient students from South LA and elsewhere in the County to prepare them

for careers and college pathways in the transportation and infrastructure industry by teaching them transferrable industry skills. The 147,000 square foot campus will include 170 dorm rooms, 20 staff apartments, 20 classrooms, an art studio, science labs, a maker space lab, administration space, conference rooms, a gymnasium, a dining hall, outdoor recreation space, courtyards and a rooftop garden.

2. Fund LAC Executive Office of the Board in the Amount of \$260,000.00 for the LAC Youth Commission in Support of Primary Prevention.

Recommend: Funding for LAC Youth Commission, a countywide Youth Advisory Body, created by Board of Supervisors motion on February 4, 2020. Providing young people with access to and influence on decisions that affect their lives. This includes making recommendations to the Board of Supervisors and County Departments regarding policies, budgetary processes, programs and practices.

3. Fund LAC Probation in the Amount of \$385,915.00 for JJCPA Evaluator (RAND) in Support of JJCPA Evaluation and Infrastructure.

Recommend: Funding for contracted JJCPA evaluation services consistent with the CMJJP.

4. Fund LAC Dept. of Arts and Culture in the amount of \$2,799,375.00.00 for Youth Development through the Arts in Support of Primary Prevention.

Recommend: Funding to sustain arts-based, healing-centered youth development for vulnerable young people across Los Angeles County. Consolidating Arts and Culture's 2021-22 total allocation, aiming to reduce the population of incarcerated youth by increasing individual resiliency, family cohesion, and community vibrancy through healing-centered, arts-based experiences for youth in both institutions and community settings.

5. Fund LAC Beaches and Harbors in the amount of \$200,000.00 for Water Awareness Training Education Recreation (WATER) in Support of Focused Prevention/Early Intervention.

Recommend: Funding for the WATER program to teach ocean safety, provide sailing camps to youth in underserved communities and to expand the WATER Program to serve youth in the Probation system who are in most need of opportunities for positive social and recreational enrichment. Activities include CPR and first aid instruction, recreation water activities such as kayaking, sailing, surfing, rip currents, beach activities and exposure to potential career opportunities with LAC Lifeguard.

6. Fund California State University, Los Angeles (CSULA) in the amount of \$123,361.80 for Youth Development Framework in Support of Primary Prevention.

Recommend: Funding for Activating Intentional Youth Development Approach (AIYDA) to continue to scale the wellbeing of at-risk, (at-promise) and probation youth across L.A. County by boosting the network's capacity to deliver best practice youth development programming through a strategical roll out of multi-tiered professional staff development including, but not limited to, Family to Family (F2F) workshops, on-site consultations, and online learning communities. Enhanced staff competence and confidence to develop and deliver best practice youth development programming will yield preventative and protective assets in youth that foray optimized life quality.

7. Not Fund City of Los Angeles Promise to Progress in Support of Primary Prevention.

Recommend: Not funding due to carryover balance from prior JJCPA funding allocations that also matched the request for funding. Prior JJCPA adopted funding allocation will provide funding regarding the Promise to Progress program that addresses the disproportionate number of minority

youth incarceration rates stemming from a lack of a high school education, resulting in poverty and unemployment among these youth. Participants will receive education and training that leads to sustained employment, stablehousing, knowledge of personal finance and self-confidence.

8. Fund City of Los Angeles in the amount of \$241,600.00 for Gang Reduction and Youth Development (GRYD) in Support of Intervention.

Recommend: Funding to support community-based organizations to provide youth and family juvenile reentry model services in the City of LA GRYD Zones as well as healing circles led by intervention workers/navigators with lived experience. This work will be pursuant to the GRYD – Probation Reentry Partnership MOU.

9. Fund City of Los Angeles Housing Authority in the amount of \$528,793.00 for Housing Opportunities for Mentoring and Education (HOME) in Support of Primary Prevention.

Recommend: Funding to place-based violence prevention and intervention program for at-promise and juvenile justice involved youth and their families. Housing-based tutoring, mentoring and enrichment activities will be provided at four (4) public housing sites to prevent delinquency and increase academic performance among the participants. The indicators will be improved attendance and academic performance, improved family functioning, and positive youth decision making and behavioral change.

10. Fund City of Los Angeles Recreation and Parks in the amount of \$504,430.00 for Clean and Safe Spaces (CLASS) Parks Teen Program in Support of Primary Prevention.

Recommend: Funding for CLASS Parks Teen Program, which is based on a youth development model addressing teen concerns, including isolation, substance abuse, educational struggles, gang involvement, and criminal activity, as systems of crumbling youth development infrastructure. CLASS operates 37 youth development sites and three times a year runs a new track of Youth Employment Internships Program (YEIP), providing hundreds of teens with pragmatic life skills (e.g., Money management, professional etiquette, resume composition, job skills, communication and tolerance) valuable for facilitating a youth's transition into life after high school.

11. Fund City of Paramount (formerly City of Hawaiian Gardens) in the amount of \$62,520.00 for Youth Activities League (YAL) in Support of Primary Prevention.

Recommend: Funding for YAL's After-School Programming includes academic tutoring, fitness coach and life coach for youth. The program emphasizes education, promotes resiliency and connects youth and families with available resources.

12. Fund LAC Public Library in the Amount of \$1,000,000.00 for Probation Involved and At-Promise Youth in Support of Intervention.

Recommend: Funding for LAC Public Library program's mobile tutoring services to create community-based opportunities at various locations for youth to receive academic support, tutoring, remedial assistance to encourage literacy and to enhance core academic competencies, and to create incentivized book clubs and hold public speaking trainings.

13. Fund LAC Dept. of Mental Health in the amount of \$496,722.00 for Multi-Systemic Therapy (MST) in Support of Focused Prevention/Early Intervention.

Recommend: Funding for MST, an evidence-based and researched service for high-risk youth. Outcomes include a high number of youth living at home, remaining in school, or working, and avoiding future juvenile arrests. Funds for three MST teams operated by community-based providers.

14. Fund LAC Dept. of Mental Health in the amount of \$104,450.00 for Multi-Systemic Therapy

(MST) Training and Consultation in Support of Focused Prevention/Early Intervention.

Recommend: Funding for the necessary licensure and training which is required to deliver MST services. This ensures that MST is delivered by well-trained staff with high adherence to the MST treatment model, thus ensuring the excellent outcomes associated with MST.

15. Fund LAC Dept. of Mental Health in the amount of \$4,231,111.00 for Mental Health Screening and Assessment and Treatment in (MHSAT) Support of Intervention.

Recommend: Funding for LAC DMH MHSAT programming seven days a week and identifies symptoms associated with mental health issues in two juvenile halls, five probation camps, one camp assessment center, and the Dorothy Kirby Center. Staff screen, assess, provide treatment, and respond to crises.

16. Fund LAC Dept. of Mental Health in the amount of \$1,142,103.00 for Community in Schools Initiative - Multi-Systemic Therapy, (LACOE) in Support of Primary Prevention.

Recommend: Funding to provide MST for (15) high schools in Los Angeles County, referrals provided by LACOE. The primary goals of MST are to decrease youth criminal behavior and out-of-home placements. The model is based on empirical data and evidence-based interventions that target specific behaviors with individualized behavioral interventions.

17. Not Fund LAC Probation for the Early Intervention and Diversion Programs (EIDP) in Support of Intervention.

Recommend: Not funding due to the carryover balance from prior JJCPA funding allocations. The prior funding will support the nine DMH contracted CBOs, who provide services across the Supervisorial Districts/Clusters. Most of the youth are eligible for Early and Periodic Screening, Diagnostic, and Treatment Services. Funds are utilized for the match and services for indigent youth and families who do not otherwise qualify for DMHsupport.

18. Fund LAC Office of Youth Diversion and Development (YDD) in the amount of \$7,573,591.52 for Diversion Programs and Services in Support of Focused Prevention/Early Intervention.

Recommend: Funding to advance a youth development infrastructure in LAC and implement an evidence-informed model of pre-booking youth diversion that empowers community-based organizations as the providers of individualized care coordination in lieu of arrest with the goal of equitably reducing young people's involvement with the justice system.

19. Fund LAC Dept. of Public Health in the Amount of \$275,000.00 for Substance Abuse Prevention and Control (SAPC) – Client Engagement and Navigation System (CENS) in Support of Intervention.

Recommend: Funding to provide CENS, which is designed to engage and connect youth at-risk who meet medical necessity for SUD treatment services upon returning to the general community through a warm hand off approach. CENS Navigators (registered or certified SUD Counselors) will conduct SUD screening for each youth. They will identify the appropriate DPH-SAPC contracted SUD treatment provider and assist clients with scheduling appointments for a comprehensive SUD assessment or transition of treatment services, as well as follow up with the client to ensure they were able to access treatment.

20. Fund LAC Dept. of Public Health in the Amount of \$200,000.00 for Positive Youth Development Evaluation (PYDE) Focused Prevention/Early Intervention. Recommend: Funding for DPH to implement a second phase of PYDE. DPH's Office of Violence Prevention (OVP) will

contract with an evaluator to assess program components and common and unique impact indicators across up to ten JJCPA funded youth development programs. PYDE will build on previous evaluations and add programs working with institutionalized youth and engaging justice and system involved youth voices in developing a framework for positive youth development.

21. Fund LAC Dept. of Public Health Office of Violence Prevention in the amount of \$500,000.00 for Capacity Building for Violence Intervention Agencies in Support of Primary Prevention.

Recommend: Funding for DPH Office of Violence Prevention (OVP) to implement a third phase of Capacity Building Training and Technical Assistance (TTA) for grassroots organizations as part of the Trauma Prevention Initiative (TPI). Early Implementation Strategic Plan, adopted by the Board of Supervisors on September 29, 2020, expanding effective (TPI) strategies to additional communities throughout the county as part of OVP core infrastructure, and development of a Countywide Crisis Response System in collaboration with County partners.

22. Fund LAC Dept. of Public Health in the Amount of \$200,000.00 for Youth Substance Abuse in Support of Intervention.

Recommend: Funding to cover the cost of treatment services for juvenile-justice involved youth. While Drug Medi-Cal (DMC) is the primary payor, this funding support from agency partners including Probation continue to pay for Substance Abuse Disorder (SUD) services for some clients who are ineligible or not covered for DMC.

23. Not Fund LAC Dept. of Public Health for Youth Enhancement Services (YES) in Support of Intervention.

Recommend: Not funding due to carryover balance from prior JJCPA funding allocations. Support services (i.e., Outreach and Engagement Services, Positive Youth Development Programs, and Transportation Services) promote youth engagement and SUD treatment retention rates and "holistically address a youth's SUD related problems, surround youth with opportunities to succeed, and prevent more severe problems in adulthood" in alignment with the California Department of Health Care Services' (DHCS) current version of the Youth Treatment Guidelines.

24. Fund LAC District Attorney in the Amount of \$1,129,571.00 for Youth Diversion / Restorative Enhanced Diversion for Youth (REDY) in Support of Primary Prevention.

Recommend: Funding the new diversion and restorative justice interventions for youth ages 12-17 who may face prosecution. LADA is developing a diversion and restorative justice unit to refer youth and families more broadly to the Youth Diversion and Development (YDD) division of the Office of Diversion and Reentry. The primary duties of the diversion unit will be to: track and maintain data relating to youth referred to YDD for the newly created Restorative Enhanced Diversion for Youth (REDY) program that focuses on diverting more serious felony and misdemeanor sexual battery cases; assist with assessing immediate needs of eligible youth; and liaise with YDD and service providers to effectively support youth's development and avoid justice system involvement.

25. Fund LAC Development Authority in the Amount of \$566,318.00 for Housing Opportunities for Mentoring and Education (HOME) in Support of Primary Prevention.

Recommend: Funding to implement a place-based violence prevention and intervention program for at-risk, (at-promise) and juvenile justice system involved youth at four public housing communities to support diversion practices, mitigate law enforcement contact, and provide a comprehensive approach to preventing delinquency.

26. Fund LAC Office of Education in the Amount of \$1,550,000.00 Community-Based Safe Passages in Support of Focused Prevention/Early Intervention.

Recommend: Funding for community-based Safe Passages programming using a minimum of two part-time Community Ambassadors per site. Engage residents and members of the community, including youth to assist Community Ambassadors in fostering safe routes and safe zones and provide gang prevention and intervention activities at the school site(s), including but not limited to, school and class presentations, as well as individual and group counseling.

27. Fund LAC Parks and Recreation in the Amount of \$104,000.00 for Safe Passages for Our SPOT Teen After-School Programs in Support of Primary Prevention.

Recommend: Funding to provide for community-based recreation health equity programs and services. Safe Passages will incorporate a youth led peer approach that utilizes trained gang interventionists and ambassadors to implement peace keeping among gang impacted neighborhoods to ensure safety to and from parks, and during park activities. The curriculum engages youth at-promise in the park programming, and when needed, provides crisis intervention services.

28. Fund LAC Parks and Recreation in the Amount of \$990,000.00 for Parks After Dark (PAD) in Support of Primary Prevention.

Recommend: Funding for programs to promote healthy activities, curb violence and gang-related crimes through youth and community engagement and wellness programs. PAD will transform 33 PAD parks into Winter Wonderlands with snow. The events will provide youth and their families a place to spend their winter break and an opportunity to bond with each other and build relationships with their communities while participating in fun and free activities.

29. Fund LAC Park and Recreation in the Amount of \$504,430.00 for After School Enrichment and Supervision Youth Programs & Our SPOT in Support of Primary Prevention.

Recommend: Funding for the positive development of at-risk young people who attend programs in LAC Parks consistent with prior FY funding levels. Continue supporting After School Program Services serving at-risk, foster care, and probation youth. The program includes a unique curriculum specifically designed for teens growing up in urban communities that is both developmentally and culturally relevant.

30. Fund LAC Public Defender in the amount of \$1,390,000.00 for Client Assessment Recommendation and Evaluation (CARE) in Support of Focused Prevention/Early Intervention.

Recommend: Funding for CARE program's three Mental Health Clinical Supervisors, twelve Psychiatric Social Workers and twelve Resource Attorneys, who work with holistic in-house social workers and entitlements attorneys, to secure more appropriate outcomes for approximately 15% of justice-involved youth with mental disabilities, learning disabilities, and histories of trauma.

31. Fund LAC Superior Court in the Amount of \$1,241,928.00 for Special Needs Court-Juvenile Mental Health Court in Support of Intervention.

Recommend: Funding for an interdisciplinary team which consists of a UCLA consulting child psychiatrist and psychologist, judge, prosecutor and defense counsel, specifically trained probation officers, psychiatric social worker and education advocate. The team approach is used to provide appropriate, comprehensive and multimodal rehabilitation plans that facilitate healthy trajectories for justice-involved youth with mental health disorders and developmental disabilities and to support them to function as productive members of the community.

32. (There is no number 32 on the JJCPA FY 2022-23 Funding Recommendation Spreadsheet as a duplicate program was removed)

33. Fund LAC Workforce Development, Aging & Community Services (WDACS) in the Amount of \$500,000.00 for Vocational Training at Camps in Support of Intervention.

Recommend: Funding to provide approximately 120 youth with pre-apprenticeships and/or vocational training, inclusive of theory and knowledge, to receive an industry recognized certificate. This program aims to provide highly motivated justice detained youth with a work-based learning assignment related to the training program. The vocational training cohorts will link youth in Camps to their local America's Job Center of California (AJCC) upon release to continue services and to help the youth gain permanent unsubsidized employment related to their training program and certificate achieved.

34. Fund LAC Workforce Development, Aging & Community Services (WDACS) in the Amount of \$1,000,000.00 for Internships with LAC Animal Control, Parks & Rec, & Public Library in Support of Intervention.

Recommend: Funding for a partnership with local County Departments (Parks, Library and/or Animal Control) through WDACS as a summer strategy to provide an incentive and rewards for probation youth. Moreover, this initiative would serve as an opportunity for youth to interact with prosocial adults in their communities while learning a skill. Lastly, as a summer strategy, it provides resources for youth to purchase school clothes and supplies for the upcoming school year. As a strategy for the emerging adult with High School diploma, population will be introduced to the world of work which will serve as a foundation for future career/post-secondary decisions.

35. Fund Los Angeles Unified School District in the Amount of \$817,274.00 for Diversion Coordination of Services Program in Support of Primary Prevention.

Recommend: Funding for LAUSD diversion programming for middle school students who formerly would have been WIC 236 eligible and students who are home on probation (i.e., WIC 827 notice sent to the Superintendent). Through Pupil Services and Attendance Counselors (PSA), programming will divert middle school students from initial contact with the juvenile justice system using approaches that are evidence-based, culturally relevant, trauma-informed, and developmentally appropriate. For those who have already had contact with law enforcement, the goal is to prevent recidivism and divert students from further arrests and/or petitions filed.

36. Fund LAC Probation in the Amount of \$4,000,000.00 for School Based Supervision in Support of Intervention.

Recommend: Funding for School-Based Supervision Program to support the primary priority and protective factor for youth, which is school/education. The School-Based Program consists of Deputy Probation Officers (DPOs) assigned to high school sites providing services that include assessment, case management, educational advocacy, mediation (youth, family and school), mentoring, attendance/academic and family support and engagement. The primary objective of these services is to increase the opportunity for the youth to achieve academic success, and to empower and support parents to become the primary charge agent for their children.

37. Not Fund LAC Probation in the Amount of \$335,000.00 for Conflict Resolution in Institutions in Support of Intervention.

Recommend: Not funding Conflict Resolution programming as it is provided through CBOs, using mediation and restorative justice to address trauma caused by violence. Helping youth practice

empathy, and boosting social and emotional competence, is part of positive youth development, one of the guiding principles of the CMJJP. Youth will also build positive relationships with staff resulting in community engagement and restoration, which is another tenant of positive youth development.

38. Fund LAC Probation in the Amount of \$200,000.00 for Economic Stability for Youth Reentering the Community from the Halls or Camps (Family Housing Pilot – Total 3 Years) in Support of Intervention

Recommend: Funding for Family Housing Pilot to provide youth and family with referrals to community-based organization(s) to provide systems navigation, peer support, and auxiliary funds (rental assistance, clothing, bed, etc.) to stabilize the family to reunify youth.

39. Fund LAC Probation in the Amount of \$600,000.00 for In-Home Services to Prevent Detention (via CBOs) in Support of Intervention.

Recommend: Funding for CBOs to provide in-home services to youth who come to the attention of Probation through potential Juvenile Hall detention and their families. This program provides intensive family-centered, home-based family support services to these youth, ages 10-18, and their families across Los Angeles County serving all five Supervisorial Districts. Services focus on preventing ongoing escalation of criminal and delinquent behavior at the time of detention and promote school success.

40. Fund LAC Probation in the Amount of \$479,628.00 for Contract Auditing and Monitoring in Support of JJCPA Evaluation and Infrastructure.

Recommend: Funding for contract auditing and monitoring services consistent with prior FY funding level.

41. Fund LAC Probation in the Amount of \$228,500.00 for Contracts and Fiscal in Support of JJCPA Evaluation and Infrastructure.

Recommend: Funding for contracts and fiscal services consistent with prior FY funding level.

42. Fund LAC Probation in the Amount of \$137,500.00 for Administrative Overhead in Support of JJCPA Evaluation and Infrastructure.

Recommend: Funding for administrative overhead costs consistent with JJCPA allowable maximum.

43. Fund LAC Probation in the Amount of \$3,200.00 for JJCC Meeting Expenses (Admin. Overhead) in Support of JJCPA Evaluation and Infrastructure.

Recommend: Funding for costs associated with JJCC meetings. Note: this funding does not increase administrative overhead funding beyond JJCPA allowable maximum.

44. Fund Public Private Partnership - JJCPA Fiscal Intermediary Services in the amount of \$5,800,000.00 for Youth Development (Public Private Partnership) in Support of Primary Prevention (Grant Making).

Recommend: Funding for Public Private Partnership in support of positive youth development programming/grantmaking across Los Angeles County. The program model shall identify and disburse grants to community-based organizations to strengthen youth outcomes through direct services for youth ages 11-18.

45. Fund Public Private Partnership – Capacity Building in the Amount of \$1,500,000.00 for Community-Based Organizations (CBO) Capacity Building (Public/Private Partnership) in Support of Capacity Building of CBOs.

Recommend: Funding to address the gaps present in CBOs working to advance youth development through a wide range of interventions that are also tackling complex systemic issues, often with few resources to build their own capacity to do this work. Funds provide a capacity-building program focused specifically on developing organizational core competencies for youth development organizations, such as leadership development, data tracking & evaluation, financial management, fundraising, and program refinement, through a racial equity lens.

VII. Other Matters/Public Comments

VIII. Adjournment

Upcoming Events

**Juvenile Justice Coordinating Council - Community
Advisory Committee (JJCC-CAC) Meeting
Thursday, February 17, 2022
2:00 - 4:00 p.m.
Live Virtual Meeting**
