## **NARRATIVE:**

Bruce Miller has an extensive adult criminal history that began at the age of 18. His convictions include: transport/sell controlled substance, receiving stolen property, forgery, controlled substance possession, false identification to peace officer, possession for sale controlled substance, controlled substance use/under the influence, dangerous weapons, and battery. He has served multiple state prison terms, the longest being a seven year prison term for transport/sell controlled substance. Miller was released from state prison to the supervision of the Los Angeles County Probation Department on 10/04/2012. Under the Governor's Public Safety Realignment Act of 2011, better known as Assembly Bill 109 (AB 109) the responsibility of lower-level offenders was shifted from the State to Los Angeles County. He subsequently failed to report to his probation officer and an arrest warrant was issued in September 2013 after he absconded from post release community supervision (PRCS). Miller qualified to be released to the supervision of probation, under AB 109, because his current commitment offense for transport/sell controlled substance is defined as non-serious and non-violent under the California penal code. His criminal history, and current failure to comply with the terms of release make him a most wanted. If you know his whereabouts please contact...
