LA County Department of Probation: 1/22/25 4PM Update

Per County officials, the Hurst Fire near the Barry J. Nidorf Secure Youth Treatment Facility is fully contained, with no new evacuation orders issued.

As of Jan. 22, the Palisades Fire is currently 22% contained. Camp Kilpatrick remains outside the Fire Evacuation Warning Area, and no additional orders have been issued. No injuries were reported at any time.

For information on containment efforts, please visit [the Los Angeles Fire Department](#) or the [CalFire](#) websites.

Due to the expected high winds, the Office of Emergency Management remains in contact with Camp Paige, Camp Afflerbaugh, Camp Rockey, Barry J. Nidorf, and Campus Kilpatrick. All facilities are reporting zero issues.

Weekday school and daily programming fully resumed last week and are expected to continue without any issues in the coming week. Visiting hours at all facilities took place last week and will proceed as scheduled this coming weekend unless otherwise informed.

The Los Angeles County Probation Department remains in close communication with its Department Operations Center, Emergency Management, local authorities, neighboring agencies, and community partners to prioritize the safety of our staff and the youth in our care.

To our families, staff, partners community members and colleagues who have experienced loss, we extend our heartfelt condolences. We stand with you and offer our support during this difficult time. For available resources, including recovery center locations, please visit [Recovery.lacounty.gov](#).

The Los Angeles County Probation Department will share updates, as necessary.
