Subject: **COMPREHENSIVE EDUCATIONAL REFORM IMPLEMENTATION IN  
JUVENILE HALLS AND CAMPS – FOURTH REPORT**

Pursuant to your Board's October 14, 2008 motion, this is our fourth progress report covering October 2009 through June 2010 activity. Attached is a summary of the current implementation status of the 35 recommendations. The implementation status has been reviewed by the Probation Department's Quality Assurance Services Bureau and the Los Angeles County Office of Education's Internal Audits and Analysis Division. Estimated target dates for completion of those recommendations that are not yet completed will be included in our next quarterly report. This will provide for the various working groups to develop specific action plans and estimated completion dates.

## **IMPLEMENTATION STATUS OF RECOMMENDATIONS**

As reflected in the attached chart, of the 35 recommendations:

- 9 (26%) have been fully implemented;
- 24 (68%) are underway or partially implemented; and
- 2 (6%) have not yet been implemented.

The Comprehensive Education Reform Committee remains committed to education reform implementation. A key to successful education reform implementation will be the recruitment of an individual to function as Probation's Director of School Services that will include ongoing collaboration with LACOE and six other key school districts to implement the education reform recommendations. Fortunately, after a series of

interviews, the Department has recently selected a candidate to fill this position. Probation anticipates being able to hire the individual within the next few weeks, pending a successful outcome of the required background investigation.

As indicated below, key stakeholders continue to meet, or will need to reconvene, regarding the implementation of the 35 recommendations:

- **Education Reform Steering Committee:** This Committee was recently reestablished to provide the Comprehensive Educational Reform Committee with policy and strategic guidance to education reform implementation.
- **Comprehensive Educational Reform Committee:** This Committee as established by the Board continues to meet monthly to provide overall guidance and feedback on implementation strategies and plans.
- **Education Reform Operations Committee:** This Committee meets to review the Probation-LACOE operational issues relative to education reform implementation.
- **Probation-LACOE Work Groups:** Several ad hoc groups were previously assigned to work on Juvenile Court Schools (JCS) assessments and curriculum, career technical education (CTE), camp-to-community transition protocols, parent training video production, and future electronic data exchange (EDE) of academic data from LACOE's student data systems to the Department's Probation Case Management System (PCMS). These working groups will need to formally reconvene on a periodic basis.
- **Academic Advisory Committee:** An expert panel of eight local academic advisors that have expertise and experience in delinquency, dependency, gangs, mental health, special education, and other children and family issues has been established to (a) review the MOU report card results with Probation and LACOE management and (b) advise the Department on development/revision and implementation of educational outcomes and performance indicators to be tracked and reported via the Department's Digital Dashboard System. The panel held several meetings last year. We will need to seek the Committee's assistance and reconvening on a periodic basis.

### **Fully Implemented Key Recommendations**

The following is a recap of key recommendations that have been fully implemented since the October 14, 2008 Board-approved motion.

- All youth entering the camp system are provided a comprehensive assessment by Camp Headquarters deputies at the Comprehensive Assessment Unit, currently located at Barry J. Nidorf Juvenile Hall. Youth who appear to be eligible for

placement at Camp Onizuka are referred to Youthful Offender Block Grant (YOBG) deputies for an enhanced assessment where the process includes a second face-to-face interview followed by a Multi-Disciplinary Team (MDT) meeting. Consequently, MDT meetings are held for youth that are YOBG-program eligible at Camp Onizuka. In addition, youth with an open mental health chart are also eligible for an MDT to determine camp placement with parental involvement. (The MDT team consists of members representing Mental Health, LACOE, Probation and parents or guardians.)  
***(Relates to Recommendation #2)***

- LACOE has an adequate number of school psychologists to perform psychoeducational assessments of youth with suspected special education needs in a timely manner. In addition, LACOE has provided a Senior Programs Specialist to work with Probation and the Department of Mental Health in the Camps Assessment Unit. ***(Relates to Recommendation #9)***
- Redesign the JCS curriculum to capitalize on integrated use of instructional minutes. Deliver the instructional program in a comprehensive, coordinated, collaborative way to more effectively use the school day as well as after school/weekend hours. Redesign the JCS curriculum to capitalize on integrated use of instructional minutes. Deliver the instructional program in a comprehensive, coordinated, collaborative way to more effectively use the school day as well as after school/weekend hours. ***(Relates to Recommendation #19)***
- On June 24, 2010, LACOE and Probation signed a revised MOU. Corresponding performance indicators were updated to reflect the drafted changes made to the MOU. ***(Recommendation #35)***

### **Partially Implemented Key Recommendations**

The following is a recap of key recommendations that have been partially implemented since the October 14, 2008 Board-approved motion.

- Probation has selected a candidate to fill the Senior Probation Director (Director of School Services) position and anticipates hiring the individual by August 1, 2010, pending a successful background clearance. ***(Relates to Recommendation #1)***
- The first DVD and handout for Helping Education LA Parents Series is in the finalization process. The Learning Rights Law Center provided the speakers and expertise to create the Special Education DVD. Appropriation authority of approximately \$125,000 is needed to proceed with the remaining 18 videos -- this is pending the development of a revised proposed expenditure plan associated with the \$2.1 million in ongoing funding in the Provisional Financing Uses Budget appropriated for education reform, as well as a Cluster Agenda Review meeting. ***(Relates to Recommendation #3)***

- Timely determinations of the holders of educational rights needs to occur. This is part of the court report and verified by the judicial officer at the hearing. Revised Court documents will have a space for the name of the holder of educational rights identified on the first page. **(Relates to Recommendation #4)**
- The identification and assignment of qualified and appropriate surrogates or educational representatives, when necessary, to serve in place of the absent parent as advocates for youth in juvenile halls and camps needs to occur. Judge Donna Groman is overseeing the recruitment, training, and assignment of a pool of volunteers -- as holders of educational rights for delinquent youth -- who are available to advocate for a youth who has no parent available or capable of advocating for the youth's special education needs. Ten volunteers have been trained and cleared; seven are in the application/live scan process. Recruitment and training is scheduled for July 28, 2010. **(Relates to Recommendation #5)**
- Probation has conducted training classes for Challenger Memorial Youth Center camp staff covering this topic. Training of staff at other camps is contingent on available resources. **(Relates to Recommendation #6)**
- The electronic data exchange (EDE) process/system which was implemented between LACOE and the Los Angeles Unified School District among other school districts needs to be replicated within the County and the juvenile halls and camps to ensure timely transfer of school records to and from juvenile camps and schools in the community. A committee consisting of Probation and LACOE personnel are working together to connect the computer systems for electronic data exchange to track and support case management even when the minor is released from detention and returned to the field. **(Relates to Recommendation #15)**
- A Charter school establishment is awaiting legal resolution and/or waiver of the 50 percent teacher approval and parental choice requirements. In addition, a "charter look-alike" pilot school is being designed at Camps Scott/Scudder. A design committee is underway. **(Relates to Recommendation #22)**
- Access to the four instructional pathways leading either to a high school diploma, a GED certificate, a vocational education certificate, and/or college preparation needs to be provided to students. The Camps Assessment Unit provides educational feedback in the form of eligibility data. LACOE is facilitating the Los Angeles Unified School District's Diploma Plus program.

In addition, at this time, Challenger Memorial Youth Center, and Camps Afflerbaugh, Miller and Scott have been identified to implement the Career Technical Education in the Building Trades Curriculum. There are 20 construction trade areas in this

curriculum (i.e., blueprint reading, cabinet making, communications, concrete, drywall, electrical, estimation, finish carpentry, green construction, hand tools, HVAC, masonry, painting, plumbing, power tools, roof framing, surveying and site planning, tile setting, wall framing, and weatherization). A draft Probation-LACOE contract is being finalized that will enable LACOE to purchase the curriculum from the vendor and provide the instruction during that school day. The proposed contract will need to be presented to the Board for approval. ***(Relates to Recommendations #18 and #28)***

- School-Based Probation Supervision, Camp Community Transitional Program and Community Detention Program deputies have undergone 4 hours of Educational Rights Training to address Special Education needs and how to advocate for minors that currently have or may be in need of an Individual Education Program. This training is ongoing to capture new or transitioning staff. ***(Relates to Recommendations #25)***

### **Not Yet Implemented Recommendations**

As reflected in the Attachment, there are some recommendations that have not yet been fully implemented due to a lack of resources and/or other competing priorities. As soon as fiscally and operationally feasible, these recommendations will get underway.

### **Priorities Over the Next Six Months**

The Los Angeles County Office of Education and Probation remain committed to education reform and have identified the following recommendations to have a priority focus over the next six months:

- Probation has selected a candidate to fill the Senior Probation Director position who will function as the Department's Director of School Services. Hiring is pending the required background clearance.
- Developing a revised proposed expenditure plan associated with the \$2.1 million in ongoing funding in the Provisional Financing Uses Budget appropriated for education reform, as well as presentation of the information at a Cluster Agenda Review meeting.
- Implementing a career technical/vocational educational program at Camps Onizuka and Miller pending the necessary funding appropriation.
- Designing a "charter look-alike" pilot school at Camps Scott/Scudder.
- Development of a few additional parent training DVD modules, pending the

necessary funding appropriation.

- Enabling a more effective use of Probation's use of the Digital Dashboard System as it currently has limited data related to recidivism and public safety issues.

Our next report will cover July through September 2010 activity and will be submitted to your Board in October 2010.

Please contact us if you have any questions or if additional information is necessary, or your staff may contact Jitahadi Imara, Deputy Director, Juvenile Institutions Services, Probation, at (562) 940-2560, or Gerald Riley, Assistant Superintendent for Educational Programs, LACOE, at (562) 803-8301.

**STATUS OF COMPREHENSIVE EDUCATIONAL REFORM RECOMMENDATIONS (AS OF JUNE 30, 2010))**

No.	Report Section / Recommendation	Responsibility	Status
<b>I. Educational Responsibilities</b>			
1	Recruit and hire a Director of School Services to serve as a senior staff advisor to the Chief Probation Officer on education matters and to serve as the Department's chief liaison in working with LACOE management and staff in implementing comprehensive educational reform in the juvenile halls and camps.	Probation	<b>Partially Implemented</b> The Department has selected a candidate to fill this position. Pending background clearance.
2	Implement the use of multi-disciplinary teams to conduct comprehensive assessments of youth with the participation of the Juvenile Court; parents, other caregivers, or surrogates; educational service providers; and Probation.	Probation/ JCHS/DMH/ LACOE	<b>Fully implemented</b> All youth entering the camp system are provided a comprehensive assessment by Camp Headquarters deputies at the Comprehensive Assessment Unit, currently located at Barry J. Nidorf Juvenile Hall. Youth who appear to be eligible for placement at Camp Onizuka are referred to Youthful Offender Block Grant (YOBG) deputies for an enhanced assessment where the process includes a second face-to-face interview followed by a Multi-Disciplinary Team (MDT) meeting. Consequently, MDT meetings are held for youth that are YOBG-program eligible at Camp Onizuka. In addition, youth with an open mental health chart are also eligible for an MDT to determine camp placement with parental involvement. (The MDT team consists of members representing Mental Health, LACOE, Probation and parents or guardians.)
3	Ensure parent or caregiver involvement throughout the process of a youth's adjudication, school enrollment, assessment, detainment, and release, because such involvement is critical in ensuring the healthy development of youth. Develop strategies to increase parent involvement, and educate and train parents about the juvenile system, educational rights, and processes. Provide parents or surrogates with the necessary support, tools, and training, regarding (a) the judicial process, the legal and educational rights of their child and (b) involvement in assessment, case planning, and transitional planning to better enable them to carry out their responsibilities.	Probation/ LACOE/ Library/DCFS/ CBOs	<b>Partially Implemented</b> The first DVD and handout for Helping Education LA Parents Series is in the finalization process. The Learning Rights Law Center provided the speakers and expertise to create the Special Education DVD. Appropriation authority of approximately \$125,000 is needed to proceed with the remaining 18 videos; this is pending the development of a revised proposed expenditure plan associated with the \$2.1 million in ongoing funding in the Provisional Financing Uses Budget appropriated for education reform, as well as a Cluster Agenda Review meeting.
4	Work with judicial officers and educational service providers to ensure timely determinations of the holders of educational rights.	Probation	<b>Partially Implemented</b> This is part of the court report and verified by the judicial officer at the hearing. The impending revised court documents will have a space for the name of the holder of educational rights identified on the first page.
5	Work with judicial officers to identify and assign qualified and appropriate surrogates or educational representatives, when necessary, to serve in place of the absent parent as advocates for youth in juvenile halls and camps.	Probation	<b>Partially Implemented</b> Judge Donna Groman is overseeing the recruitment, training, and assignment of a pool of volunteers -- as holders of educational rights for delinquent youth -- who are available to advocate for a youth who has no parent available or capable of advocating for the youth's special education needs. Ten volunteers have been trained and cleared; seven are in the application/live scan process. Recruitment and training is scheduled for July 28, 2010.
6	Train probation officers to serve as advocates for youth throughout their detainment and as they transition back to the community.	Probation	<b>Partially Implemented</b> Probation has conducted training classes for Challenger Memorial Youth Center camp staff covering this topic. Training of staff at other camps is contingent on available resources.
7	Develop, implement, and continuously improve performance measurement systems to establish accountability for all participants in the educational system for youth in juvenile halls and camps. Establish a Research Advisory Committee that includes representatives from LACOE and Probation to advise both departments on improving the educational performance measurement system over time.	Probation/ LACOE/ Acad. Adv. Committee	<b>Partially Implemented</b> The Academic Advisory Committee developed a student satisfaction survey which was piloted at Camp Miller in August 2009. Will work on the results, recommendations and application for the remaining camps.

<b>II. Educational Assessment and Case Planning</b>			
8	Work with the Juvenile Court to ensure timely and comprehensive assessments of the criminogenic, educational, health, and mental health needs of youth in juvenile halls and camps as well as strength-based assessments of their interests and abilities. Utilize the educational checklists in the Bench Book for Education Issues in Dependency and Delinquency Courts to help do so. Revise the content of initial court reports on youth in juvenile camps to focus on assessment results and the integrated case plans, so that judicial officers have specific needs and objectives on which to base their camp orders.	Probation/ DMH/LACOE	<b>Partially Implemented</b> Camp assessment MDT/case planning protocols complete and presented to Juvenile Court on Oct. 20, 2009.
9	Provide additional educational psychologists (either employees and/or contractors) for the Camp Assessment Unit to conduct psychoeducational assessments of youth with suspected special education needs in a very timely manner.	LACOE	<b>Fully implemented</b> LACOE has an adequate number of school psychologists to perform these assessments. LACOE has provided a Senior Programs Specialist to work with Probation and the Department of Mental Health in the Camps Assessment Unit.
10	Work with the Juvenile Court to ensure timely development of an integrated case plan – including an individual learning plan for educational services – that is customized to address each student’s needs and responsivity issues. Revise the content of final court reports on youth in juvenile camps to focus on aftercare case plans and transition back to the community, so that judicial officers have specific needs and objectives on which to base the camp-to-community transition programs (CCTP) portion of their camp orders.	Probation/ DMH/LACOE	<b>Fully implemented</b> Camp assessment MDT/case planning protocols were completed and presented to the Juvenile Court on October 20, 2009.
11	Integrate the camp-to-community transition programs of the Probation Department and LACOE (Assembly Bill 825), and prepare and train all staff including DMH and educational service providers to produce “meaningful” transitional plans that include: (a) strength-based assessments of youth educational and employment needs; (b) identification of needed community linkages and/or employment resources; (c) admission and/or re-enrollment into an appropriate educational pathway; (d) use of a “family conferencing” model; and (e) safe and positive community and living arrangements.	Probation/ DMH/LACOE	<b>Partially Implemented</b> Camp Holton/Smith pilot is complete, with LACOE and LAUSD staff trained.
12	Establish a comprehensive assessment center in which Probation, DMH and LACOE staff or contractors (a) conduct comprehensive assessments of criminogenic, educational, health, mental health, and parenting needs of youth ordered to camp and (b) develop initial case plans – including ILPs or IEPs for educational services – that are customized to address student needs and responsivity issues.	Probation/ DMH/ LACOE	<b>Fully implemented</b> At Probation’s Camp Headquarters Camps Assessment Unit (CAU), all youth receiving court-ordered camp placement are assessed by Probation, DMH, and LACOE for criminal histories, Mental Health counseling and medication concerns, and educational needs such as Individual Education Plans or Individual Learning Plans. The CAU, currently at Barry J. Nidorf Juvenile Hall, meets the description of an established assessment center.
13	Develop process and assign responsibility for shadowing, mentoring, counseling, and tracking youth during and after their stays in juvenile halls and camps.	Probation/CBOs	<b>Partially Implemented</b> Effective Case Management (ECM) training of Probation Staff as ECM trainers in Nov. – Dec. 2009 to train Pro. Staff.
14	Utilize the new Dashboard Reporting System and Quality Assurances Services (QAS) staff and processes to help ensure that all youth in juvenile halls and camps receive (a) appropriate assessments of their criminogenic, health, mental health, and educational needs; (b) integrated case plans in a timely manner; and (c) treatment, education, and supervision services identified in their respective case plans.	Probation	<b>Partially Implemented</b> The Digital Dashboard System currently has limited data related to recidivism and public safety issues. Additional work is necessary to enable a more effective use of the System.
15	Replicate the electronic data exchange (EDE) process/system which was recently implemented between LACOE and LAUSD, among other school districts within the County and the juvenile halls and camps to ensure timely transfer of school records both to and from juvenile camps and schools in the community. Explore expansion of the system to include tracking of educational performance after youth return from juvenile halls and camps to community schools to determine whether EBP treatment and educational services are successful over the long run.	Probation/ LACOE/Academic Adv. Committee	<b>Partially Implemented</b> A committee consisting of Probation and LACOE management, LACOE and Probation Information Systems experts, Camp, Placement and Camp Community Transition Program experts, are working together to connect the computer systems for electronic data exchange, to track and support case management even when the minor is released from detention and returned to the field.

16	Contract with educational consultants to help probation officers in the area offices assist youth receive services (including special education), ensure immediate enrollment upon release from camp, provide immediate assistance for suspended or expelled youth, and provide related training to area office staff.	Probation/CEO	<b>Fully implemented</b> This function is being performed by LACOE using Title I Transition Counselor, with LACOE seeking more Title I Transition Counselors.
17	Develop and implement a process for the Camp Assessment Unit to provide feedback to LACOE and applicable school districts regarding the results of comprehensive assessments of youth detained in juvenile hall or ordered to camp, so such organizations can reexamine and improve their own processes for assessing the health, mental health and educational needs (including specific learning disabilities and other special education needs) of their students.	Probation/ LACOE	<b>Partially Implemented</b> Students within the attendance boundaries of Los Angeles, Long Beach, Pomona and Pasadena School Districts receive program notifications. Probation's comprehensive assessment data is available to LACOE to assess the health, mental health and educational needs of each student.
<b>III. Instructional Program, Delivery and Materials</b>			
18	Provide all students with access to four instructional pathways leading either to a high school diploma, a GED certificate, a vocational education certificate, and/or college preparation.	LACOE	<b>Partially Implemented</b> The Camps Assessment Unit provides educational feedback in the form of eligibility data. LACOE is facilitating the Los Angeles Unified School District's Diploma Plus program. In addition, please refer to the status to Recommendation #28 regarding the vocational educational program pathway.
19	Redesign the JCS curriculum to capitalize on integrated use of instructional minutes. Deliver the instructional program in a comprehensive, coordinated, collaborative way to more effectively use the school day as well as after school/weekend hours.	LACOE/ Probation	<b>Fully implemented</b> LACOE has decided to move to a standards-based curriculum and pacing guide in the four core subjects (English Language Arts, Math, Science and Social Science). This will enable students to receive a continuity of curriculum, whether they are moving from one JCS facility to another, or if they are transitioning upon release from the camps to the Community Day Schools within the Division of Alternative Education. In addition, a standards-based curriculum ensures that all students are receiving an education aligned with State content standards and is comparable to that, if they were attending their traditional high school. The status of the 9 and 10 and 11 and 12 camp reorganization has remained at the two original pilot camps (Gonzalez and Munz). Staff development activities/training and the coaching for classroom teachers will continue for the 2010 and 2011 school year.
20	Implement a plan to coordinate camp curriculum, the use of instructional materials and resources so that youth transferring from site to site do not miss instruction and are able to experience continuity to their instructional program. Reduce the amount of student instructional time lost due to interruptions, missing class, arriving late, or being removed from class due to behavior problems and attending medical, dental, and court appointments; and other reasons as determined by Probation.	Probation/ LACOE	<b>Not yet implemented</b>
21	Train teachers in developing and delivering thematic, collaborative, project- and problem-based, experiential types of lessons.	LACOE	<b>Fully implemented</b> The English Language Arts curriculum addresses part of the need for more intense character education by having the readings arranged by character-based themes. In addition, JCS implemented an intensive reading intervention program. Struggling readers are assigned classes with a reading specialist teacher. A reading specialist coach was hired to assist principals and teachers in the implementation of the reading program.

22	Develop budget proposals to pilot several new instructional delivery models in the juvenile halls and camps as well as in the community, specifically: <ul style="list-style-type: none"> <li>Establishing pilot charter schools at two camps – one dependent charter school for girls and one independent charter school for boys.</li> <li>Partnering with neighborhood public schools to create a place for youth returning from juvenile camps to continue in a consistent instructional environment.</li> <li>Partnering with one or more of the e of the 40 WorkSource/One-Stop Centers throughout Los Angeles County to provide CTE/VE in conjunction with academic and pre-apprenticeship programs in camps and apprenticeships and/or jobs in the community.</li> </ul>	Probation/ CEO/LACOE	<b>Partially Implemented</b> A Charter school establishment is awaiting legal resolution and/or waiver of the 50% teacher approval and parental choice requirements. In addition, a "charter look-alike" pilot school is being designed at Camps Scott/Scudder. A design committee is underway.
<b>IV. Special Education</b>			
23	Ensure that the educational service providers are providing a full continuum of services and placements (i.e., resource specialists, special day classes, etc.) required under State law and based on an Individual Educational Program, regardless of whether or not youth attended a public school before they were detained, ordered to camp, or released into the community. For pupils who require a non-public school placement, the Juvenile Court should be made aware of that and take it into account in sentencing the youth.	LACOE	<b>Partially Implemented</b> Resource Specialist Services in all camps, Special Day Classes in seven camps, with plans to expand to all camps.
24	Ensure that educational service providers are appropriately supporting special education students with behavioral problems by (a) conducting functional analysis assessments as required by law and (b) developing positive behavioral intervention plans consistent with the Hughes Bill. Emphasize the importance of keeping these youth in their high schools (rather than referring them out) and having counseling conference between school officials and parents/caregivers (rather than through probation officers) wherever possible.	LACOE	<b>Partially Implemented</b> Special Education students are supported with an IEP which includes Functional Analysis Assessments as needed and Behavioral Intervention Plans as appropriate. Camp Transition Counselors are in conference with the student's counselors at the receiving high schools.
25	Train probation officers both in camps and the community on special education and how to advocate for youth with IEPs, where necessary, so educational service providers can improve matching special education students with appropriate services before they enter juvenile halls and camps and when they transition back to the community.	Probation/ CBOs	<b>Partially Implemented</b> School-Based Probation Supervision, Camp Community Transitional Program and Community Detention Program deputies have undergone 4 hours of Educational Rights Training to address Special Education needs and how to advocate for minors that currently have or may be in need of an Individual Education Programs. This training is ongoing to capture new or transitioning staff.
<b>V. Programming for After School Hours and Weekends</b>			
26	Restructure camp and classroom schedules so there is more time for (a) individual program treatment; (b) homework, tutoring, and educational enrichment; and (c) other activities (aligned with youths' individual case plans) before or after class and on weekends.	Probation/ LACOE	<b>Partially Implemented</b> Camp staff will give time on the daily schedule, for the minors to complete assigned homework studies.
<b>VI. Educational Facilities, Classroom Space, Staffing and Funding</b>			
27	Maximize utilization of existing dedicated classroom space, including space currently being used for LACOE storage, as appropriate. Assess specific needs for additional classroom space by site and develop an implementation plan.	Probation/ LACOE/CEO	<b>Partially Implemented</b> LACOE has completed facility surveys for each of the three juvenile halls. Probation has provided sufficient classroom and administrative office space for the three juvenile halls in compliance with Paragraph 50 of the Settlement Agreement with the United States Department of Justice pertaining to the juvenile halls. LACOE is working with Probation on a similar facility survey for the Challenger Memorial Youth Center for necessary space accommodations.

28	Utilize CEO/DPW report on camp reconfiguration to identify opportunities for establishing vocational education shops in juvenile camps; develop budget proposals to develop such space.	Probation/ LACOE / CEO	<b>Partially Implemented</b> At this time, CMYC, and Camps Afflerbaugh, Miller and Scott have been identified to implement the Career Technical Education in the Building Trades Curriculum. There are 20 construction trade areas in this curriculum (i.e., blueprint reading, cabinet making, communications, concrete, drywall, electrical, estimation, finish carpentry, green construction, hand tools, HVAC, masonry, painting, plumbing, power tools, roof framing, surveying and site planning, tile setting, wall framing, and weatherization). A draft Probation-LACOE contract is being finalized that will enable LACOE to purchase the curriculum from the vendor and provide the instruction during that school day. The proposed contract will need to be presented to the Board for approval.
29	Establish standards for the quantity and quality of instructional materials, equipment and technology in each classroom. Establish a capital budget to fund implementation over a three-year period.	LACOE	<b>Partially Implemented</b> LACOE uses Board of Education-adopted text books and instructional materials in compliance with State standards. The development of a capital budget is pending.
30	Develop an educational staffing plan to ensure that there are adequate numbers of teaching, special education, assessment, counseling, and psychologist staff to meet the needs of youth in the juvenile halls and camps.	LACOE	<b>Fully implemented</b> In accordance with the Board of Supervisors 9/22 motion on SSC report, LACOE has fully implemented staffing plan.
31	Develop and implement a training plan to ensure that all LACOE instructional staff are appropriately trained in evidence-based practices (EBP) principles and staff skills, such as Core Correctional Practices and Motivational Interviewing.	Probation/ LACOE	<b>Not yet implemented</b>
32	Develop a three-year financial plan of revenues and expenditures for educational services in the juvenile halls and camps. Ensure adequate funding levels to support LACOE's implementation of the three-year plan.	LACOE	<b>Partially Implemented</b> LACOE and Probation are collaborating to establish a model for projecting enrollment at school sites to determine an annual expenditure plan to support educational programs.
33	Seek State legislation to revamp the current JCS funding model, which is based on average daily attendance (ADA), to one that (a) is based on a residential service delivery model, (b) reflects the locations of the juvenile halls and camps throughout the County, and (c) fully funds educational services, particularly special education services, that students are legally entitled to receive.	LACOE/ Probation	<b>Partially Implemented</b> SB 698 approved by Senate Education Committee and lobbying efforts continue for inclusion in State Budget.
<b>VII. Quality Assurance and Program Evaluation</b>			
34	Utilize the four (4) educational outcomes and eight (8) educational performance indicators proposed by the Probation Department for approval by the Board of Supervisors as the starting point for evaluating educational programs and contracts with educational service providers (not teachers). Expect these indicators to change over time based on lessons learned, and actively seek advice from the best researchers in Los Angeles County and beyond to help "grow" the performance measurement system quickly.	Probation/ LACOE/ Academic Adv. Committee	<b>Partially Implemented</b> The four educational outcomes are being implemented at all sites, and the eight educational performance indicators are being implemented at selected sites. The MOU report card report will continue to be submitted to the Board on a quarterly basis.
35	Amend the Probation Department's memorandum of understanding with LACOE and any existing and future contracts with educational service providers to require monthly or quarterly reporting of the prescribed educational outcomes and performance indicators.	Probation / LACOE	<b>Fully implemented</b> On June 24, 2010, LACOE and Probation signed a revised MOU. Corresponding performance indicators were updated and agreed upon to reflect the drafted changes made to the MOU.
